

AGENDA ITEM #5H
May 14, 2015
Action

MEMORANDUM

May 12, 2015

TO: County Council

FROM: ^{GO} Glenn Orlin, Deputy Council Administrator

SUBJECT: **Action**—supplemental appropriation to the FY15 Operating Budget, Department of Transportation - \$16,260,598 and Department of General Services - \$8,535,266 for snow removal/wind and rain storm clean-up (source: General Fund);

T&E Committee (and Council staff) recommendation (3-0): Approve the supplemental appropriation as proposed by the Executive (see ©3-4).

* * *

On April 24, 2015 the County Executive requested approval of a supplemental appropriation request of \$24,795,864 for snow removal and storm cleanup: \$16,260,598 for the Department of Transportation (DOT) and \$8,535,266 for the Department of General Services (DGS). The Executive's transmittal memo is on ©1-2, and a draft resolution approving this request is on ©3-4. A public hearing was held on May 5; there were no speakers.

There were a total of 27 snow or storm events through mid-May. A few of these "events" were mobilizations in advance of forecasted storms that did not materialize, generating overtime costs. However, an early mobilization is necessary to have a prompt response to a storm which does materialize. A summary of the 27 events is on ©5.

The total cost for responding to snow and storms, through the time leading up to this request, was \$32,912,572, about \$5 million less than last year. The Executive is prospectively asking for \$1,050,000 more for events that may occur through the end of June. The FY15 snow removal and storm cleanup budget for DOT is \$3,281,718. (DGS's budget does not have a program budget for snow and storm events.) The FY15 budget for the Snow Removal and Storm Cleanup Nondepartmental Account—to which DOT and DGS can charge—is \$5,884,990. Therefore, his appropriation request nets out to \$24,795,864. This request is the third largest supplemental appropriation request since the turn of the century, less only than for the Snowmageddon year, FY10, and last year (©6).

A breakdown of DOT's costs are on ©7. DOT's snow removal contractual costs are just under \$8.2 million; the contract payments are detailed on ©8-12. DOT also has paid for two contracts totaling \$200,000 for wind and rain storm cleanup (©13). A breakdown of DGS's costs are on ©14. DGS's contractual costs are just over \$7.8 million; the contract payments are detailed on ©15.

OFFICE OF THE COUNTY EXECUTIVE
ROCKVILLE, MARYLAND 20850

Isiah Leggett
County Executive

MEMORANDUM

April 24, 2015

RECEIVED
MONTGOMERY COUNTY
COUNCIL

2015 APR 24 PM 12:39

TO: George Leventhal, President, County Council

FROM: Isiah Leggett, County Executive 

SUBJECT: Supplemental Appropriation #15-379 to the FY15 Operating Budget
Montgomery County Government
Snow Removal/Wind and Rain Storm Cleanup
Department of Transportation - \$16,260,598
Department of General Services - \$8,535,266

I am recommending a supplemental appropriation to the FY15 Operating Budget for the Department of Transportation in the amount of \$16,260,598 and the Department of General Services in the amount of \$8,535,266 for snow removal and wind and rain storm cleanup. This appropriation will fund snow removal and wind and rain storm clean up expenditures incurred during FY15.

This increase is needed because expenditures for snow removal and storm cleanup exceed the FY15 appropriation of \$9,166,708 (\$3,281,718 in the Department of Transportation and \$5,884,990 in the Storm Removal Non-Departmental Account). After review of actual expenses related to staff overtime, contractual services, and materials usage a supplemental appropriation is requested.

During the winter of 2014-2015, Montgomery County experienced 27 snow/ice events with total accumulation of approximately 46.6 inches. While some of the events did not result in plowing, both County and contractual personnel were required to report and/or be on standby and equipment was ready and made available based on weather forecasts. The total cost associated with snow removal operations was \$32,046,945, of which \$8,628,344 was budgeted.

Wind and rain storm cleanup expenditures to date are \$865,627, of which \$538,364 was budgeted.

①

George Leventhal
April 24, 2015
Page 2

In addition to expenditures incurred to date, this supplemental appropriation provides \$1,050,000 to cover anticipated wind and rain storm cleanup costs through the end of the fiscal year. Damage from wind and rain storms is unpredictable, with most of the cleanup historically required from April through September.

	Current Appropriation	Expected Cost	Supplemental Request
DOT/NDA	\$9,166,708	\$25,427,306	\$16,260,598
DGS	<u>\$0</u>	<u>\$8,535,266</u>	<u>\$8,535,266</u>
	\$9,166,708	\$33,962,572	\$24,795,864

I recommend that the County Council approve this supplemental appropriation in the amount of \$24,795,864 and specify the source of funds as General Fund Undesignated Reserves.

I appreciate your prompt consideration of this action.

Adopted: _____

COUNTY COUNCIL
FOR MONTGOMERY COUNTY, MARYLAND

By: Council President at the Request of the County Executive

SUBJECT: Supplemental Appropriation #15-379 to the FY15 Operating Budget
Montgomery County Government
Department of Transportation
Supplemental for Snow Removal/Wind and Rain Storm Cleanup
Department of Transportation - \$16,260,598
Department of General Services - \$8,535,266

Background

1. Section 307 of the Montgomery County Charter provides that any supplemental appropriation shall be recommended by the County Executive who shall specify the source of funds to finance it. The Council shall hold a public hearing on each proposed supplemental appropriation after at least one week's notice. A supplemental appropriation that would comply with, avail the County of, or put into effect a grant or a Federal, State or County law or regulation, or one that is approved after January 1 of any fiscal year, requires an affirmative vote of five Councilmembers. A supplemental appropriation for any other purpose that is approved before January 1 of any fiscal year requires an affirmative vote of six Councilmembers. The Council may, in a single action, approve more than one supplemental appropriation. The Executive may disapprove or reduce a supplemental appropriation, and the Council may reapprove the appropriation, as if it were an item in the annual budget.
2. The County Executive has requested the following FY15 Operating Budget appropriation increases for the Department of Transportation:

	Personnel Services	Operating Expenses	Total	Source of Funds
Transportation	\$5,006,521	\$11,254,076	\$16,260,598	General Fund Undesignated Reserves
General Services	\$306,357	\$8,228,909	\$8,535,266	General Fund Undesignated Reserves

Supplemental Appropriation #15-379

Page Two

3. This increase is needed because expenditures for snow removal and storm cleanup exceed the FY15 appropriation of \$9,166,708 (\$3,281,718 in the Department of Transportation and \$5,884,990 in the Storm Removal Non-Departmental Account). After review of actual expenses related to staff overtime, contractual services, and materials usage a supplemental appropriation is requested.

During the winter of 2014-2015, Montgomery County experienced 27 snow/ice events with total accumulation of approximately 46.6 inches. While some of the events did not result in plowing, both County and contractual personnel were required to report and/or be on standby and equipment was ready and made available based on weather forecasts. The total cost associated with snow removal operations was \$32,046,945, of which \$8,628,344 was budgeted.

Wind and rain storm cleanup expenditures to date are \$865,627, of which \$538,364 was budgeted.

In addition to expenditures incurred to date, this supplemental appropriation provides \$1,050,000 to cover anticipated wind and rain storm cleanup costs through the end of the fiscal year. Damage from wind and rain storms is unpredictable, with most of the cleanup historically required from April through September.

4. The County Executive recommends a supplemental appropriation to the FY15 Operating Budget in the amount of \$24,795,864 for snow removal and wind and rain storm cleanup and specifies that the source of funds will be General Fund Undesignated Reserves.
5. Notice of public hearing was given, and a public hearing was held.

Action

The County Council for Montgomery County, Maryland, approves the following action:

A supplemental appropriation to the FY15 Operating Budget of the Department of Transportation is approved as follows:

	<u>Personnel Services</u>	<u>Operating Expenses</u>	<u>Total</u>	<u>Source of Funds</u>
Transportation	\$5,006,521	\$11,254,076	\$16,260,598	General Fund Undesignated Reserves
General Services	\$306,357	\$8,228,909	\$8,535,266	General Fund Undesignated Reserves

This is a correct copy of Council action.

Linda M. Lauer, Clerk of the Council

Average, FYs01-14	\$18,479,998	\$4,343,184	\$14,136,814	\$13,276,479	

Notes:

- (1) These figures were derived from the budget information included in the Council supplemental resolutions.
- (2) Total unbudgeted snow removal and storm cleanup costs were \$2,281,720 but only \$1,859,660 was needed for a supplemental because DPWT was able to identify \$422,060 in Lease savings related to the Juvenile Assessment Center.
- (3) The actual cost for snow removal and storm cleanup for FY02 was less than the amount budgeted and a supplemental was not necessary for this fiscal year. The budgeted amounts only includes highway services for FY02 and excludes facility expenditures.
- (4) Only \$8,311,770 was needed in the Council supplemental because through FY03 Savings plan and encumbrance liquidations the department identified \$3,947,030 in savings reducing the amount of the supplemental.
- (5) Wind and Rain Storm budget for FY04 was \$417,053, actual expenditures for this category was \$7,692,572 because of Hurricane Isabel in September of FY04. This amount was not included in the supplemental because it was covered in a FEMA reimbursement. Amount of FEMA reimbursement is unavailable at this time but the matter is being pursued.
- (6) Supplemental included \$978,790 which was a FY07 FEMA reimbursement.
- (7) Total amount of FY08 supplemental was \$9,700,470 which included costs of \$833,000 for underground storage tanks, \$408,000 for project civic access, and \$25,000 for safe routes to schools program in addition to snow/storm costs.
- (8) Actual costs were \$64,097,250 but the supplemental amount matched the set aside for snow costs. The remaining balance was covered with end of year transfers. FEMA reimbursements totalled \$11,221,941.
- (9) Supplemental amount included \$800,000 for prospective storm cleanup in May and June, 2013.
- (10) Supplemental amount included \$1,050,000 for prospective storm cleanup in June, 2014.
