SUMMARY:

The Metropolitan Washington Council of Governments Fire Chiefs recommend that all fire-service based first responders in the National Capital Region complete Operations-level training in Weapons of Mass Destruction (WMD) response. This training is intended to be funded through the Urban Areas Security Initiative (UASI), a federal Homeland Security grant program.

Executive Regulation 21-06AM adds to the existing training requirements new provisions directing that all MCFRS personnel must complete National Capital Region Operations-level training in WMD response as federal funds become available. The initial MCFRS roll-out of this training applies to all Unit Officers at the ranks of Fire/Rescue/EMS Lieutenant and Captain. These personnel must complete the training within certain deadlines, contingent on available federal funding.

By October 1st of each year, the Fire Chief must review MCFRS' progress in meeting this training requirement, and report to the County Council on the training completed, and the amount of federal funding received and spent to date. The report must also indicate the remaining personnel to be trained, UASI funding available for this purpose, and the schedule for training the remaining personnel.
