

LIST OF POTENTIAL ROADS FOR ADOPTION

Updated Monthly - Effective 8/26/2013

Thank you for your interest in the Adopt A Road (AAR) Program. Below is a list of roads that the Community Outreach office has recognized as being good candidates for adoption. Due to the large amount of inventory (roads) within Montgomery County there may be additional road segments not yet identified. If a road you want is not listed, please contact us to discuss. It could be that your road is located within a municipality and therefore owned by the City it resides (Rockville, Gaithersburg, Takoma Park, etc.) or is already being maintained by an Urban District or HOA. Also, roads that contain a route number are owned by the Maryland State Highway Administration making it eligible for the Adopt A Highway program, call 301-948-2477 or 301-513-7300 for more information.

Even though this list is updated often, there may be a road below that it is already adopted, so please provide a second choice, should your first choice not be available. These roads were identified through the Maryland's Master Roadway Plan and are classified as either Business, Residential Primary, Arterial, Major Highway or Rustic Road.

This program allows citizens and businesses of the County to participate in a community activity by keeping roads litter free. Currently, there are over 360 participants in the program who have agreed to not only maintain their road but also report their cleanings at least six times a year (equivalent of every other month). In exchange for their participation a sign bearing the name of the organization or individual was installed for their recognition (signs are by request). *Note: if a complaint is submitted by a resident or neighborhood association regarding the installation of a sign, there is a chance it will be taken down.*

When left uncollected, litter and debris is washed into the storm drains, and ultimately into the watersheds that feed into our water system. Since the County has no funded litter collection program, the AAR program is a valuable tool in helping to minimize this litter and keep our roads and streams environmentally healthy. THANK YOU!

For questions or an application contact the Community Outreach Office
