## PUBLIC COMMENTS FORM – MCDOT Welcomes your Feedback!

Public input is the key to an effective planning process, as it allows MCDOT to understand the concerns of the community. We encourage you to complete the form below. Your comments will become part of the project files and may be included and/or summarized in public documents. Due to the high volume of comments we receive, MCDOT regrets that responses will not be provided to all comments, but we assure you that all comments will be read and evaluated.

### Comments:

*someone will get injured if there is not a flashing light - reflective stripes or any other improved crossing installed for Bicyclists & Car traffic on Beech!*

*Check on the heavy traffic flow on Beech-Ave -*

E-mail mike.bopf@gmail.com

## Comments:

~~A few mo~~ The landscaping plan includes no native plants at all. Natives are adapted to this area, require less water and attract native insects and wildlife. Please consider ~~o~~ changing to native plants.

A bicycle repair station would be a very welcome addition.

Also, please try to keep to plans for a water fountain. That would be a huge ~~asset~~ asset and well worth the expense.
