

2015 MONTGOMERY COUNTY RACK INSTALLATION

INSTALLATION INFORMATION

- Pedestrian and ADA thoroughfare should be considered in rack placement.
- Bicycle racks cannot block entrances or exits to buildings.
- For specific bicycle parking requirements (updated Oct 30, 2014), refer to Chapter 59 Montgomery County Zoning Ordinance, Article 59-6, Section 6.2.4 (C)
- For bicycle parking design standards, refer to Chapter 59 Montgomery County Zoning Ordinance, Article 59-6, Section 6.2.6.
- A specialized security bolt should be utilized to prevent tampering and provide stability.
- Bike racks should be installed on a stable concrete or asphalt surface.

INSTALLATION GRAPHIC

Below is a graphic depicting the Association of Pedestrian and Bicycle Professionals (ABPB) recommended dimensions for bicycle rack areas
