

NOTICE OF PUBLIC HEARING
Greentree Road Sidewalk
(CIP #500506)

Pursuant to Section 49-53 of the Montgomery County Code (2004) as amended, a public hearing will be held before the County Executive (or his designee) at 3:00 p.m. on Wednesday, February 16, 2011, in the Lobby Level Auditorium of the Executive Office Building (EOB) located at 101 Monroe Street, Rockville, Maryland.

The purpose of this hearing is to consider a proposal to provide safe pedestrian travel along the north side of Greentree Road from 100 feet west of Old Georgetown Road to Fernwood Road, located in Bethesda, Maryland within the Seventh Election District by:

- Constructing a new concrete sidewalk, curb and gutter along the north side of Greentree Road from 100 feet west of Old Georgetown Road to Fernwood Road, located in Bethesda, Maryland, under Capital Improvement Project No. 500506 (Greentree Road Project). The sidewalk will be five feet wide and installed using pervious concrete for stormwater management. The new sidewalk will conform to ADA requirements. The total length of the sidewalk is 7,230 linear feet. Greentree Road is classified as a primary residential roadway and has a public right-of-way width that varies from 50 to 100 feet wide. The existing roadway varies from 25 to 35 feet wide. There will be a variable width green space located between the new sidewalk and new curb and gutter. Every effort will be made during construction to cause minimal disturbance within the public right-of-way and to the adjacent properties.
- Constructing a retaining wall 600 feet long to accommodate the sidewalk in the steep terrain section of the project site between Ridge Place and Drumaldry Drive.
- Constructing new storm drains to accommodate runoff from curb and gutters.
- Constructing traffic calming measures at select locations. The traffic calming measures include intersection bump outs, crosswalks, and pavement width reduction.
