

# Montgomery County Fire and Rescue Service

## **FIRE CHIEF'S GENERAL ORDER**

**NUMBER: 07-10**

**May 16, 2007**

**TO:** All MCFRS Personnel  
**FROM:** Fire Chief Thomas W. Carr, Jr.   
**SUBJECT:** Staffing the 1+1 ALS Transport Units

The Montgomery County Fire Rescue Service delivers emergency medical services in a tiered model of Basic Life Support and Advanced Life Support. To best facilitate patient care and maintain a balance of skills, the ALS transport units operating in the 1+1 service delivery area will be staffed with one EMT-Basic (EMT-B), and one Montgomery County-credentialed ALS provider.

The BLS provider will check and document the mechanical and exterior inventory of the unit. The ALS provider will check and document the interior inventory of the unit. Both providers will focus on patient care, documentation, and all activities that are required to maintain unit readiness.
