- Arrive June 2018

Rescue Squad

- Bids from SVI or Rescue 1
- Follow Pierce design w/ small walk in
- No contract awarded

Technical Operations

- TechOps just completed a complete refurbishment of all APX > XE (Firefighter Style) Radios. This style radio in the fleet has all been completely rebuilt and recertified by Motorola.
- Chief Officers will soon be getting APX8000 All Band Radios. These will be in addition to the APX7000 that you already have and we will recall your older XTS (Yellow) radio
- Please make sure that Chief Officers with AEDs get to the recalibration/service sessions when they are scheduled. We will do this at least once, likely twice per year and we need to touch all devices.

- Station 25 Renovation
- New Stations
 - Sta. 39 – East Village
 - Sta. 23 – Pike District (White Flint/Pike and Rose)
 - Sta. 35 -- Clarksburg

Please encourage your officers to follow the escalation guides (located on quicklinks – Support Services Division tab)
