Garrett County
Harford County
Howard County
Kent County
Montgomery County
Prince George's County
Queen Anne's County
Somerset County
St. Mary's County
Talbot County
Washington County
Wicomico County
Worcester County

1. Maryland's new smoke alarm law requires the replacement of all **BATTERY-ONLY** operated smoke alarms with units powered by sealed-in, 10-year long-life batteries.
2. All smoke alarms have expiration dates. Both hard-wired and battery-operated smoke alarms need to be replaced every ten years. If your smoke alarm has not been replaced since 2006, it's time!
3. Location, location, location – smoke alarms are required to be located outside each sleeping area and on every level of your home including basements (finished or unfinished).
4. For homes constructed since 1994, smoke alarms have been required inside all sleeping rooms. For maximum protection, fire officials recommend installing smoke alarms in sleeping rooms regardless of the year of construction.
5. Homeowners have until January 1, 2018 to comply with the new law. Any resident requiring information or assistance can call 3-1-1.
