Westfield Report: Emily Brophy, Westfield Manager, updated members on a Safety Task Force in which Westfield is partnering with various community groups to review security and safety suggestions as related to the shopping mall and the surrounding area. Next meeting is tentatively set for May 22 where they hope to come up with more specific goals. Member discussion followed including input by guests. William Moore asked Emily about the status of negotiations for Community groups to use the Westfield South building during Redevelopment. It was his understanding that Westfield had backed out of a deal to provide space. Emily stated that she had not heard this and would look into it.

Wheaton Re-Development Report: Marcelo Cortez, Capital Projects Manager, MCDOT, reiterated that they are still on track for a June 5th start date for construction. Three tiebacks are still under negotiation and they hope to get agreements soon as other options will impede traffic. They also went to United Therapeutics to view their geothermal system. This is our first time doing it and we still have some questions but we feel confident about the process stated Mr. Cortez. He then took questions from members. Some concerns that were brought up included:

Cost escalation due to tieback negotiations

A motion was made and passed to not conduct a Walking Tour this year.

B. A&E Discussion-Wheaton Arts Parade

For this discussion, Dan Thompson recused himself from any decision making discussion and simply answered questions the members asked. Ali Oliver-Krueger noted the expense of police support for the parade that Dan Thompson had stated was \$5000. Ali recommended that WUDAC ask for County support. After further discussion it was agreed that the A&E Committee will draft a letter for consideration at our May meeting
