

# Remember to Check ID's

**Establishments need to be diligent in Checking ID's.  
Don't serve alcohol to anyone under the age of 21.  
It's unsafe, illegal and irresponsible.**

- Use a ID checking calendar to help your staff read ID's.
- Never accept an expired ID.
- Develop a policy for safe alcohol consumption. Write out the steps that servers are to take when they encounter an intoxicated individual and have them sign it.
- Alert your staff to ask for a second ID or deny the sale if they have any doubt the purchaser may be under 21 years old.
