When enough is enough: Know the signs of **Alcohol Poisoning**

COMMON SYMPTOMS OF ALCOHOL POISONING INCLUDE:

- Unconsciousness
- Vomiting
- Seizures
- Slow, irregular breathing
- Hypothermia (Cold and/or Clammy)

If you see anyone with the symptoms, **CALL 9-1-1 IMMEDIATELY!**

Stay with them until help arrives

**Drinking is not worth losing your best friend. Help your friends say “NO”
to drinking and help prevent alcohol poisoning**
