Montgomery County Alcohol Beverage Services (ABS)
iStore Online Ordering System
Definition of Status Types on the Track Orders / Order Details screen

1. **Supply Eligible:** Product has been successfully booked and accepted in the system (visible for special-order products only)

2. **External Req Open:** ABS Purchasing is preparing a purchase order (visible for special-order products only)

3. **PO Open:** ABS Purchasing has sent the purchase order to the supplier/vendor for fulfillment (visible for special-order products only)

4. **Awaiting Shipping:**

   a. For special-order products, this indicates that the product has been received in the ABS warehouse

   b. For stock products, this will be the status (whether the product is in the warehouse or not) until the item is shipped

5. **Released to Warehouse:** The first stage of picking is complete; product has been assigned to a delivery route

6. **Staged/Pick Confirmed:** The second stage of picking is complete; product has been scanned and is in the staging area to be loaded on the truck

7. **Shipped:** Product is on the truck for delivery, or has been delivered, but not yet invoiced

8. **Closed:** Product has been delivered and invoiced by ABS

9. **Cancelled:** Product order has been cancelled (note: a cancellation reason will display next to this status)
