

ANNUAL INFORMATION STATEMENT IN CONNECTION WITH BONDS AND OTHER OBLIGATIONS

This Annual Information Statement (“AIS”), dated January 15, 2020 is prepared by Montgomery County, Maryland (“the County”), to provide, as of this date, certain general information concerning the County and its operations. The format of the AIS has been revised from prior years to be more condensed and provide additional website links to information on the County and its operations. Included is information on 1) County Officials, 2) Statistical Highlights, 3) County Organization and Services, 4) Demographic and Economic Information, and 5) Selected Budget and Financial Information.

The information presented in this AIS document is based on the most recent available information unless otherwise specified. This information was obtained from the County and other sources which are believed to be reliable. The information and expressions of opinion herein are subject to change without notice, and the publication of this Statement shall not, under any circumstances create any implication that there is no change in the affairs of the County or in any other information contained herein, since the date hereof. The distribution of this AIS document by the County does not in any way imply that the County has obligated itself to update the information herein.

The presentation of information is intended to show recent historical information and is not intended to indicate future or continuing trends in the financial position or operations of the County. No representation is made that past experiences, as might be shown by such financial and other information, will necessarily continue or be repeated in the future. Any statements in this document involving matters of opinion or estimates, whether or not expressly so stated, are set forth as such and are not representations of fact, and no representation is made that any of the estimates will be realized.

This AIS document should be read together with the County’s FY19 Comprehensive Annual Financial Report (CAFR), the FY19 Popular Annual Financial Report (PAFR) and the FY19 Debt Service Booklet which are located at the following links:

- FY19 Comprehensive Annual Financial Report (CAFR)
https://www.montgomerycountymd.gov/finance/resources/files/data/financial/cafr/FY2019_CAFR.PDF
- FY19 Popular Annual Financial Report (PAFR)

STATISTICAL HIGHLIGHTS

Debt as of June 30, 2019

General Obligation Bonds and BANs Outstanding (Net Direct Debt)	\$3,689,425,000
Total Assessed Value	\$193,106,471,801
Ratio of Net Direct Debt to Assessed Value	1.91%
Direct Debt (incl. Revenue Bonds)	\$3,873,884,000
Direct Debt to Assessed Value	2.01%
Net Direct & Overlapping Debt	\$3,809,978,431
Ratio of Net Direct & Overlapping Debt to Assessed Value	1.97%

Budgets

Approved FY20 Operating Budget	\$5.8 billion
FY19-24 Approved Amended Capital Improvements Program	\$4.4 billion
FY21-26 Recommended Capital Improvements Program	\$4.2 billion

FY19 Major Revenues and June 30, 2019 Fund Balances

Total General Fund Revenues	\$3.4 billion
Income Tax	\$1.5 billion
Property Tax (General Fund)	\$1.3 billion
Transfer and Recordation Tax (General Fund portion)	\$168.2 million
Other Taxes	\$273.4 million
Revenue Stabilization Fund Balance (RSF)	\$341.5 million
General Fund Balance (includes RSF)	\$558.8 million

Demographics

Population 2018	1,052,567
Households 2018	368,334
Median Age 2018	39.2 years old
Montgomery County Public School K-12 Projected FY20 Enrollment	164,296

Employment

Private Sector 2018	380,741
Public Sector 2018	90,608
Unemployment Rate 2018	3.2%
Personal Income 2018	\$94.4 billion
Per Capita Income 2018	\$89,690
Average Household Income 2018	\$256,300

General Obligation Bond Ratings 2019

Moody's Investors Service, Inc.	Aaa
S&P Global Ratings	AAA
Fitch Ratings	AAA

COUNTY ORGANIZATION AND SERVICES

Montgomery County Maryland (County) is a charter government under the constitution and general laws of the State of Maryland (State). The Charter provides for separate legislative and executive branches with legislative responsibility vested in an elected nine-member County Council and executive responsibility vested in an elected County Executive.

The Executive Branch implements and enforces Montgomery County's laws and provides executive direction to the government. There are over 30 executive branch departments and agencies that help to deliver services to county residents. The County provides its residents with services in areas of general government, public safety, public works and transportation, health and human services, education, culture and recreation, community development and housing and the environment.

Detailed information on Executive Branch departments, County Agencies, and Legislative Branches, including an Organizational Chart, is located on the County's website at the following link:
<https://montgomerycountymd.gov/government/aboutCountyGovernment.html>

(Rest of this page intentionally left blank)

DEMOGRAPHIC AND ECONOMIC INFORMATION

The population of the County, according to the American Community Survey was 1,052,567 for calendar year 2018. The County's total personal income reached \$94.4 billion in 2018 with per capita income of \$89,690, according to Bureau of Economic Analysis, U.S. Department of Commerce. Residential households of 368,334 were reported for 2018 with an average household income of \$256,300. The median age for County residents for 2018 was 39.2 years old.

The County's economic structure reveals a diversified economy with a strong service sector. According to Maryland Department of Labor, Licensing and Regulation, the private sector employed 380,741 in 2018, approximately 80% of total workforce. Montgomery County is home to over 18 federal facilities including the National Institutes of Health, the National Institute of Standards and Technologies, and the Food and Drug Administration. Total employment of 90,608 was reported in the public sector in 2018. The unemployment rate was reported at 3.2% for 2018, according to Bureau of Labor Statistics, U.S. Department of Labor.

Montgomery County continues to be a global magnet for creative companies, technologies and people. The County is home to 22 of the 25 largest bioscience employers in the D.C. area and in 2019 had 41 companies on the Inc. Magazine 5000 Fast-Growing Companies list. The County is committed to promoting new investment in the County including its Central Business Districts in Silver Spring, Wheaton, Bethesda, and Friendship Heights which are centers for major business activities and medium- to high-density residential development in close proximity to existing Metrorail stations. Three Development Districts (Kingsview Village Center, West Germantown and White Flint) were created to allow the County to provide financing, refinancing for development and redevelopment in the areas. The County also has 14 Census Tracts that have been designated as Opportunity Zones, providing additional opportunities to attract investment and development.

The County also fosters creative and strong partnerships with academia, the federal research community, and various levels of government to pursue innovative projects. Furthermore, it engages in public-private partnership projects to revitalize the County's town centers and provide for strategic redevelopment opportunities throughout the County.

The County provides additional support to existing and prospective businesses, including assistance with permit expediting and targeted programs and services to assist small businesses navigate the County's processes. To support these efforts, Montgomery County Government offers eight separate Economic Development Fund (EDF) incentive programs to support business attraction and retention projects. Established in 1995, the EDF provides financial assistance to private employers who will either retain jobs in the County or create new jobs through the expansion of current businesses or relocation of its businesses to the County. Businesses seeking to either establish a presence or expand facilities in the County may qualify for assistance in one of the eight EDF programs. For more information about the EDF, please visit the website:

https://www.montgomerycountymd.gov/BONDS/economic_development.html

As the economic development organization for the County, Montgomery County Economic Development Corporation (MCEDC) is responsible for business attraction and business retention efforts in the County, marketing the County internationally as a great business location, and providing support for entrepreneurs. It also facilitates international business opportunities for County companies and proactively attracts foreign direct investments to the County.

Existing and prospective new businesses also receive an array of professional assistance from MCEDC, including site selection (information on a variety of available office, research & development, and industrial space in the County), provision of socioeconomic statistics and other data, training, recruitment and employment assistance through WorkSource Montgomery, and other targeted services to meet the needs of small and minority-owned businesses. For more information about the MCEDC, please visit the website: www.thinkmoco.com

More detailed demographic and economic information can also be found in the County's PAFR as well as in the State of Maryland's Basic Economic Facts about Montgomery County through the following link: <https://commerce.maryland.gov/Documents/ResearchDocument/MontgomeryBef.pdf>

SELECTED BUDGET AND FINANCIAL INFORMATION

Legal Framework for Budgeting

As required by the County Charter, the County Executive submits to the County Council, not later than January 15, a comprehensive six-year Capital Improvements Program (CIP) in each even numbered year, and a Capital Budget each year. In addition, the County Executive, not later than March 15 of each year, submits an annual Operating Budget and six-year Public Services Program (PSP), and Fiscal Policy program.

The CIP includes a statement of the objectives of capital programs and the relationship of capital programs to the County's long-range development plans; recommends capital projects and a construction schedule; and provides an estimate of costs, a statement of anticipated revenue sources, and an estimate of the impact of the program on County revenues and the operating budget. The CIP, to the extent authorized by law, includes all capital projects and programs of all agencies for which the County sets tax rates or approves budgets or programs.

The Fiscal Policy program shows projections of revenues and expenditures for all functions, recommends revenue and expenditure policies for the program, and analyzes the impact of tax and expenditure patterns on public programs and the economy of the County.

As part of the six-year CIP and PSP programs, the County Executive includes the proposed capital and operating budgets containing recommended levels of expenditures and sources of revenue for the ensuing fiscal year. In addition, a summary is submitted containing an analysis of the fiscal implications for the County of all available budgets of all agencies for which the County Council sets tax rates, makes levies, and approves programs or budgets. These other agencies include the Montgomery County Public Schools (MCPS), Montgomery College (the College), the Maryland-National Capital Park and Planning Commission (M-NCPPC, a bi-county agency), the Housing Opportunities Commission of Montgomery County (HOC), the Montgomery County Revenue Authority, the Washington Suburban Sanitary Commission (WSSC, a bi-county agency), the Washington Suburban Transit Commission (a bi-county agency), and the 19 independent Fire and Rescue Corporations.

The County Council must hold public hearings on the proposed budgets and six-year programs commencing not earlier than 21 days following their receipt. The County Council may add to, delete from, increase or decrease any appropriation item in the operating or capital budget. The Council also approves the budget, as amended, and appropriates the funds not later than June 1 of the year in which it is submitted. By June 30 of each year the County Council approves the tax levies deemed necessary to finance the budgets for the ensuing fiscal year beginning July 1. Pursuant to a Charter amendment adopted in the November 2008 general election, the County Council may not levy an ad valorem tax on real property to finance the budgets that will produce total revenue that exceeds the total revenue produced by the tax on real property in the preceding fiscal year plus a percentage of the previous year's real property tax revenues that equals an increase in the Consumer Price Index unless approved by the affirmative vote of all nine Council members. This limit does not apply to revenue from 1) newly constructed property, 2) newly rezoned property, 3) property that, because of a change in State law, is assessed differently than it was assessed in the previous tax year, 4) property that has undergone a change in use, and 5) any development district tax used to fund capital improvement projects.

On May 23, 2019, the County Council approved the FY20 operating budget comprising the County Government, MCPS, the College, and M-NCPPC aggregating \$5.8 billion. This budgetary level represents an increase of 3.2 percent over the adopted budget for FY19.

The County Council approved the FY20 Capital Budget and FY19-24 Amended CIP for the County government and the required agencies, except for WSSC, aggregating \$4.4 billion for the FY19-24 program. The Council approved a CIP for WSSC totaling \$1.5 billion for FY20-25. WSSC is governed by State Law and is the only agency for which the County Council adopts an annual CIP.

On January 15, 2020, the County Executive recommended a FY21-26 CIP of \$4.2 billion for County government and agencies excluding WSSC and \$1.7 billion for WSSC.

Details on the County's Operating and CIP programs can be found in the Office of Management and Budget section of the County's website at <https://www.montgomerycountymd.gov/omb/>

Reporting Entity

Montgomery County seeks to continually maintain best practices in its financial reporting operation. As required by accounting principles generally accepted in the United States of America (GAAP), the County's financial statements present the primary government and component units for which the primary government is considered financially accountable. The reporting entity includes the fiscal activities of Montgomery County Government, as the primary government, and MCPS, the College, Montgomery County Revenue Authority, HOC, and the Bethesda Urban Partnership, Inc., as component units. Not included within the reporting entity are the Montgomery County portion of M-NCPPC, WSSC, Washington Suburban Transit Commission, Washington Metropolitan Area Transit Authority, Metropolitan Washington Council of Governments, and the Northeast Maryland Waste Disposal Authority. These entities are considered joint ventures and disclosure of the County's participation in these joint ventures is presented as a footnote to the County's financial statements included in its Basic Financial Statements.

General Fund Revenues, Expenditures and Balances

Total revenues for the General Fund totaled \$3.4 billion for FY19. The largest revenue sources were income taxes (\$1.5 billion), property tax (\$1.3 billion) and transfer and recordation taxes (\$168.2 million - General Fund portion). Other tax revenue sources – consisting of fuel/energy, telephone, hotel/motel and other taxes totaled \$273.4 million in FY19. General fund expenditures in FY19 approximated \$3.1 billion and the year-end General Fund Balance was \$558.8 million (including the Revenue Stabilization Fund).

Revenue Stabilization Fund

The Revenue Stabilization Fund (RSF) is used to account for the accumulation of resources at a targeted reserve level sufficient to address unexpected increases or decreases in revenues and expenditures. For financial reporting purposes this fund is included within the General Fund. For a statement showing the change in the RSF balance resulting in a fiscal year ended balance of \$341.5 million, see the FY19 CAFR – Note II (A).

For the General Fund Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance, see Exhibits A-3 and A-5 of the FY19 CAFR. Information on fund balance classifications is presented in Note 1- Summary of Significant Accounting Policies.

Property Tax Assessable Base

The County levies real and personal property taxes on all taxable property within its boundaries. The real property is valued at market value and assessed on a triennial basis by the State of Maryland Department of Assessments and Taxation (SDAT) with an assessment at the end of the three-year cycle at a percent of market value. In FY19, the total combined taxable assessment base for real property and personal property was reported at \$193.1 billion.

(Rest of this page intentionally left blank)

Debt Summary

The County Government, four of its agencies (Montgomery County Revenue Authority, M-NCPPC, WSSC, and HOC, and municipalities are authorized by State law and/or County Charter to issue debt to finance capital projects. Consistent with County fiscal policy, the County issues debt to finance a major portion of the construction of long-lived additions or improvements to the County's publicly owned infrastructure. The County's budget and fiscal plan for these improvements is known as the CIP. Bonds are repaid to bondholders with a series of principal and interest payments over a period of years, known as debt service. In this manner, the initial high cost of capital improvements is absorbed over time and assigned to current and future citizens benefiting from the facilities. Due to various Federal, State, and local tax policies, interest rates are generally lower than in the private sector.

The County continues to maintain its status as a top-rated issuer of municipal securities, with the highest credit ratings possible for a local government. For its general obligation bonds, the County is a 'Triple AAA' rated County, and received ratings of Aaa from Moody's Investors Services, Inc., AAA from S&P Global Ratings, and AAA from Fitch Ratings. The County's general obligation bonds have been consistently awarded the highest credit rating from Moody's Investors Services, Inc. and S&P Global Ratings since 1973 and 1976, respectively, and from Fitch Ratings since 1991. Montgomery County is one of only 16 'Triple AAA' rated counties in the nation with a population greater than 900,000.

In addition to the issuance of general obligation or revenue bonds, the County initially finances the cost of long-term capital assets with short-term paper known as Bond Anticipation Notes (BANs)/Commercial Paper, which the County intends to retire with the proceeds of long-term bonds.

The various components of the County's debt described above are categorized as either direct or overlapping. Direct debt is the total bonded debt of the County and constitutes the direct obligations of the County that impact its taxpayers. Components of Montgomery County direct debt include its general obligation bonds, BANs/commercial paper, and revenue bonds issued by the County.

Overlapping debt includes all borrowings of other County agencies, incorporated municipalities, and special taxing or development districts, which may impact those County tax- or ratepayers who are residents of those municipalities or special districts. More broadly, overlapping debt illustrates the degree to which the total economy is being asked to support long-term fixed commitments for governmental facilities.

Certain direct and overlapping debt is additionally classified as Self-Supporting Debt. Such obligations are issued for projects that produce sufficient revenues to retire debt. The bonds are not supported by the taxing power of the governmental entity issuing them. The County's Net Direct and Overlapping Debt is derived by subtracting Direct Self-Supporting Debt from the Total Direct and Overlapping Debt. As of June 30, 2019, Direct Debt, Net Direct and Overlapping Debt, and General Obligation Bonds and BANs outstanding approximated \$3.9 billion, \$3.8 billion and \$3.7 billion respectively. A detailed statement is displayed in the General Obligation Consolidated Public Improvement Bonds of 2019 Series A Official Statement at the following link:

https://www.montgomerycountymd.gov/BONDS/Resources/Files/2019_MontgomeryCounty_Bonds_OS.pdf

Additionally, the County from time to time enters into other long-term obligations including, variable rate demand obligations, lease revenue bonds, capital leases, certificates of participation, taxable limited obligation certificates, special obligation bonds, other long-term notes and master equipment leases.

Debt Affordability

Once committed, debt service represents a major continuing claim on County resources that must be kept to affordable levels within the annual operating requirements of the County in order to avoid excessive pressure on operating budgets. To assure such affordable levels, the County's general obligation debt is subject to the following tests: 1) the self-imposed, but Charter-required, spending affordability guidelines, and 2) the State Law-mandated Legal Debt Limit.

Spending Affordability Guidelines

The County Council annually adopts Spending Affordability Guidelines (SAG) for the capital budget. The guidelines provide for the total amount of general obligation debt issued by the County and M-NCPPC that may be planned for expenditure in the subsequent two fiscal years and for the six-year CIP. Consideration of the guidelines is based on several economic and financial factors, or criteria for debt affordability. These criteria are described in the County's Fiscal Policy and provide a foundation for judgments about the County's capacity to issue debt and its ability to retire the debt over time.

More information on the County's Fiscal Policy program and Spending Affordability Guidelines can be found in the Fiscal Policy section of the Recommended FY21 Capital Budget and FY21-26 CIP publication, at <https://apps.montgomerycountymd.gov/BASISCAPITAL/Common/Chapter.aspx?ID=FP>

Legal Debt Limit

The Annotated Code of Maryland, Article 25A, Section 5(P), authorizes borrowing of funds and issuance of bonds up to a maximum of the sum of six percent of the assessed valuation of all real property and 15 percent of the assessed valuation of all personal property within the County. Local Government Article, Section 10-203 provides that obligations having a maturity not in excess of 12 months shall not be subject to, or be included in, computing the County's legal debt limitation. However, the County includes its BANs/commercial paper in such calculations because it intends to repay such notes with the proceeds of long-term debt to be issued in the near future. The 2019 legal debt limit is \$12.0 billion, and the legal debt margin is \$8.0 billion or 67% of the legal debt limit.

The County's legal debt limit computation is displayed in Table 20 of the FY19 CAFR.

For details on the County's debt including amortization schedules, see the following documents for which links have been provided above.

- The FY19 Debt Service Program Book
- The Consolidated Public Improvement Bonds of 2019 Series A Official Statement
- The FY19 CAFR including Notes to Financial Statements - Notes III-E3, III-F

(Rest of this page intentionally left blank)

Risk Management and Self Insurance Funds

The County self-insures such exposures as workers' compensation, commercial general liability, automobile liability, professional/public official liability, certain property, and other selected risks which require mitigation.

An Inter-Agency Insurance Panel comprised of the County and member agencies, and chaired by the County's Finance Director, provides overall direction, formulates insurance policy, reviews claims, and evaluates the effectiveness of the loss control program. Claims against the agencies are handled under a contract with a third-party claim administrator. Legal services are provided by the Office of the County Attorney.

The County Finance Department, Division of Risk Management operates the Self-Insurance Program for the County and other participating agencies: MCPS, the College, M-NCPPC, Montgomery County Revenue Authority, HOC, Rockville Housing Enterprises, Villages of Drummond and Friendship Heights, the Bethesda Urban Partnership, and the County's Fire and Rescue Services and the various independent fire corporations. The City of Gaithersburg, Town of Somerset, Chevy Chase Village and the Town of Garrett Park participate for workers' compensation coverage only.

In addition to the self-insured coverage, Risk Management coordinates the purchase of commercial insurance for such coverage as All Risk Property Insurance, Boiler and Machinery, Public Official and Employee Bonds, Fiduciary Liability, and others. Beginning March 15, 2007, Commercial Excess Liability insurance was purchased, and is effective through June 30, 2020.

The net position as of June 30, 2019 for the operations of the program was reported at (\$503,463). The County is also self-insured for unemployment benefits and maintains a minimum premium funding arrangement for employee health insurance. The FY19 operations for these two benefit programs are not reflected above.

For more information on the County's Risk Management Program, claims and self-insurance fund balances, see Section A) of Note IV, and Exhibits D-1 through D-4 of the FY19 CAFR at the following link:
https://www.montgomerycountymd.gov/finance/resources/files/data/financial/cafr/FY2019_CAFR.PDF

(Rest of this page intentionally left blank)

County Employee Retirement Plans

The Montgomery County Employee Retirement Plans (Plans) are offered to Montgomery County employees as well as participating agencies who meet the eligibility requirements to participate based on employment status and other factors. The County maintains a defined benefit plan, a defined contribution plan, a cash balance plan and a deferred compensation plan. The Board of Investment Trustees (the “Board”) is responsible for the investment management of the Plans’ assets. The Board consists of thirteen members appointed by the County Executive and confirmed by the County Council.

Employee’s Retirement System – Defined Benefit Plan

The Employees’ Retirement System (the “System”) is a cost-sharing, multiple employer defined benefit pension plan established in 1965. Eight other agencies and political subdivisions have elected to participate. The System is closed to employees hired on or after October 1, 1994, except public safety bargaining unit employees and Guaranteed Retirement Income Plan (GRIP) participants. The System is a contributory plan with covered employees contributing a percentage of their base annual salary, depending on their group classification. The County and each other Participating Employer contribute the remaining amounts necessary to fund the System on an actuarial basis. As of June 30, 2019, the funded ratio was 98.7% and assets totaled \$4,316.6 million.

In FY09 the County established the GRIP, a cash balance plan that is part of the System. During FY10, eligible County employees who were members of the Retirement Savings Plan (the “RSP” described below) were granted the option to elect to participate in the GRIP and to transfer their RSP member account balance to the GRIP and cease being a member of the RSP.

As of June 30, 2019, 6,003 active members, 6,731 retirees and beneficiaries receiving benefits and 543 terminated plan members entitled to but not yet receiving benefits were participating in the System.

Deferred Retirement Option Plans (the “DROP”), established in FY00, allow any employee who is a member of a specified membership group or bargaining unit, and who meets certain eligibility requirements, to elect to retire but continue to work for the County for a specified time period, during which pension payments are deferred. When the member’s participation in the DROP ends, the member must stop working for the County, draw a pension based on the member’s credited service and earnings as of the date that the member began to participate in the DROP and receive the value of the DROP payoff. As of June 30, 2019, the balance of amounts held by the System pursuant to DROP was \$29.1 million.

Retirement Savings Plan – Defined Contribution Plan

The Retirement Savings Plan (RSP) is a cost-sharing, multiple employer defined contribution plan established in 1994. The RSP covers all non-public safety and certain public safety employees not represented by a collective bargaining agreement and hired on or after October 1, 1994 unless they elect to participate in the GRIP. Eligible employees covered by the Employees’ Retirement System may make an irrevocable decision to transfer to the RSP. As of June 30, 2019, 3,380 active members and 1,039 inactive plan members were participating in the RSP with total assets of \$489.4 million. The Board establishes for the RSP members a diversified slate of mutual and commingled investment funds from which participants may select their investment options.

The Deferred Compensation Plan (DCP) was established pursuant to Section 457 of the Internal Revenue Code of 1986, as amended. All County non-represented employees, those County represented employees who elected to participate and employees who were retired at the time of transfer, continue to participate in the DCP. As of June 30, 2019, the DCP had \$443.6 million in assets. The Board establishes for the DCP a diversified slate of mutual and commingled investment funds from which participants may select their investment options.

For additional information regarding the County employee retirement plans, see the County Employee Retirement Plans Comprehensive Annual Financial Report which can be found at:

http://www.montgomerycountymd.gov/mcerp/ers/ers_reports.html

Other Post-Employment Benefits (OPEB)

The County administers a cost-sharing multiple-employer defined benefit healthcare plan which provides post-employment benefits such as medical, life, dental, vision, and prescription coverage to retirees and eligible dependents. Effective July 1, 2011, County Council enacted legislation to change the name of the plan to the Consolidated Retiree Health Benefits Trust due to the addition of County-funded agency retiree benefits plans for Montgomery County Public Schools and Montgomery College. The County established a Board of Trustees (Board) for the Trust to be responsible for the investment management of the Trust's assets for the exclusive benefit of the members. The Board consists of nineteen members appointed by the County Executive and confirmed by the County Council.

The plan is a contributory plan in which the County and the plan members contribute, based on an actuarial valuation, certain amounts toward the current cost of healthcare benefits. As of June 30, 2019, the most recent actuarial valuation, plan membership consisted of 7,179 retirees and beneficiaries receiving benefits and 10,439 active plan members. During FY19, the County and other participating entities contributed \$77.2 million to the Trust toward prefunding future benefits. As of June 30, 2019, the plan had an actuarial accrued liability, of \$1,407.2 million and net position of \$553.7 million resulting in a funded ratio of 39.35%.

For additional information regarding the County's OPEB plans and Consolidated Retiree Health Benefits Trust, see the Actuarial Valuation and Financial Report which can be found at:

<https://www.montgomerycountymd.gov/crhbt/reports/reports.html>
