

OFFICIAL STATEMENT DATED APRIL 7, 2010

NEW ISSUE – BOOK-ENTRY ONLY

Fitch Ratings: AA+
Moody's Investors Service: Aa1
Standard and Poor's: AA+
(See "Ratings")

In the opinion of Special Counsel, assuming compliance with certain covenants, the interest portion of the Purchase Installments to be made by the County as Purchaser under the Conditional Purchase Agreement and to be received by the Holders of the Certificates is excludable from gross income for Federal income tax purposes under existing statutes, regulations and decision, and under existing law the interest portion of such Purchase Installments is exempt from income taxation by the State of Maryland. No opinion is expressed as to estate or inheritance taxes, or any other Maryland taxes not levied or assessed directly on the interest on the Certificates. See "TAX MATTERS" herein. The interest portion of the Purchase Installments, for federal income tax purposes, is not includable in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment and is not taken into account in determining "adjusted current earnings" for purposes of computing the alternative minimum tax on corporations; however, interest on the Purchase Installments will be subject to the branch profits tax imposed on foreign corporations engaged in a trade or business in the United States of America.

\$23,000,000

MONTGOMERY COUNTY, MARYLAND
CERTIFICATES OF PARTICIPATION
(Public Transportation Equipment Acquisition)
Series 2010

Evidencing Proportionate Interests in a Conditional Purchase Agreement

Dated: Date of Initial Delivery

Due: As shown on inside front cover

The Certificates are being issued to finance the acquisition of certain equipment (the "Equipment") to be used in the public transportation program of Montgomery County, Maryland (the "County"). The Certificates represent proportionate interests in a Conditional Purchase Agreement (the "Conditional Purchase Agreement") between the County, as purchaser (the "Purchaser"), and U.S. Bank National Association as seller (the "Seller"), and are payable solely from and secured by (i) Purchase Installments payable by the County as Purchaser under the Purchase Agreement and (ii) amounts realized pursuant to the exercise of certain remedies under the Conditional Purchase Agreement upon the occurrence of certain defaults by the Purchaser thereunder.

The Certificates are issued pursuant to a Certificates of Participation Trust Agreement (the "Trust Agreement") between the County and U.S. Bank National Association, as trustee (the "Trustee"), pursuant to which the County and the Seller have agreed to assign to the Trustee for the benefit of the Certificate Holders all of the Purchaser's and Seller's rights under the Conditional Purchase Agreement, including the Purchase Installments made by the Purchaser and all amounts on deposit in certain funds and accounts established under the Trust Agreement.

Interest on the Certificates is payable on May 1 and November 1, commencing November 1, 2010. The Certificates will be issued in registered form in denominations of \$5,000 or any integral multiple thereof. The principal and redemption price of the Certificates are payable at the principal corporate trust office of the Trustee. Interest is payable by check mailed to the registered owners in whose names the Certificates are registered at the close of business on the fifteenth calendar day of the month preceding each Interest Payment Date; Holders of \$100,000 or more in aggregate principal amount of Certificates may arrange for interest to be paid by wire. See "THE CERTIFICATES – General Provisions" herein.

The Certificates are not subject to optional redemption prior to their respective maturities. The Certificates are subject to mandatory redemption. See "THE CERTIFICATES – Redemption Provisions" herein.

FOR MATURITY SCHEDULE SEE INSIDE COVER

THE PRINCIPAL OR REDEMPTION PRICE OF AND THE INTEREST ON THE CERTIFICATES SHALL BE PAYABLE SOLELY FROM THE PURCHASE INSTALLMENTS AND OTHER FUNDS PLEDGED FOR THE PAYMENT THEREOF UNDER THE TRUST AGREEMENT. ALL AMOUNTS PAYABLE BY THE COUNTY, AS PURCHASER UNDER THE CONDITIONAL PURCHASE AGREEMENT, INCLUDING THE PURCHASE INSTALLMENTS, ARE SUBJECT IN EACH YEAR TO APPROPRIATION BY THE MONTGOMERY COUNTY COUNCIL. THE MONTGOMERY COUNTY COUNCIL IS UNDER NO OBLIGATION TO MAKE ANY APPROPRIATION WITH RESPECT TO THE CONDITIONAL PURCHASE AGREEMENT. THE CONDITIONAL PURCHASE AGREEMENT IS NOT A GENERAL OBLIGATION OF THE COUNTY AND SHALL NEVER CONSTITUTE AN INDEBTEDNESS OF THE COUNTY WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION OR A CHARGE AGAINST THE GENERAL CREDIT OR TAXING POWERS OF THE COUNTY.

The Certificates are offered when, as and if issued pursuant to the Trust Agreement and subject to the approval of legality by McKennon Shelton & Henn LLP, Special Counsel, and to certain other conditions. It is expected that Certificates in definitive form will be available for delivery through the facilities of The Depository Trust Company in New York, New York, on or about April 22, 2010.

MONTGOMERY COUNTY, MARYLAND
CERTIFICATES OF PARTICIPATION
(Public Transportation Equipment Acquisition)
Series 2010

Evidencing Proportionate Interests in a Conditional Purchase Agreement

INTRODUCTION

The purpose of this Official Statement, which includes the attached Appendices, is to provide certain information concerning the sale and delivery of the Montgomery County, Maryland Certificates of Participation (Public Transportation Equipment Acquisition), Series 2010 (the "Certificates") in the aggregate principal amount of \$23,000,000.

The Certificates represent proportionate interests in a Conditional Purchase Agreement (the "Conditional Purchase Agreement") entered into by and between Montgomery County, Maryland (the "County"), as purchaser (the "Purchaser"), and U.S. Bank National Association, as trustee under the Trust Agreement (defined herein), as seller (the "Seller") for the acquisition of certain equipment used in the public transportation program of the County (the "Equipment"). The Conditional Purchase Agreement requires the County, as Purchaser, to make periodic purchase installments (the "Purchase Installments") in amounts sufficient to pay the scheduled debt service on the Certificates until the Purchaser shall pay the entire price necessary to acquire the Equipment (the "Purchase Price"), which Purchase Price shall be equal to the amount necessary to pay the principal of and interest on all outstanding Certificates. The ability of the County, as Purchaser, to pay the Purchase Installments due under the Conditional Purchase Agreement depends upon the appropriation each year by the Montgomery County Council (the "County Council") of sufficient funds for such purpose.

The County will grant the Seller a first-priority security interest in and to the Equipment. Upon the expiration of the term of the Conditional Purchase Agreement, all interest to the Equipment will be transferred to the County.

The Certificates will be issued pursuant to a Certificate of Participation Trust Agreement dated as of April 1, 2010 (the "Trust Agreement"), between the County and U.S. Bank National Association, as trustee (the "Trustee"). The County and the Seller have assigned to the Trustee, for the benefit of the Holders of the Certificates, all of their respective rights under the Conditional Purchase Agreement, including the Seller's right to receive the Purchase Installments and the Seller's right to enforce payment of the Purchase Installments when due.

ESTIMATED SOURCES AND USES OF FUNDS

The proceeds of the Certificates and available investment earnings are expected to be applied as follows:

Sources of Funds:

Par Amount.....	\$23,000,000.00
Reoffering Premium	<u>1,483,683.50</u>
Total Sources of Funds:	<u>\$24,483,683.50</u>

Uses of Funds:

Acquisition of the Equipment.....	\$24,236,921.88
Underwriter's Discount	<u>246,761.62</u>
Total Uses of Funds:	<u>\$24,483,683.50</u>

SECURITY AND SOURCES OF PAYMENT FOR THE CERTIFICATES

General

The Certificates are payable as to principal, redemption price and interest solely from Purchase Installments to be paid by the County, as Purchaser pursuant to the Conditional Purchase Agreement, moneys attributable to the sale, leasing or other disposition of the Equipment by the Trustee upon the occurrence of certain defaults by the Purchaser under the Conditional Purchase Agreement and amounts from time to time on deposit in certain funds and accounts established by the Trust Agreement. Pursuant to the Trust Agreement, the County and the Seller have assigned to the Trustee all of their respective rights under the Conditional Purchase Agreement, and all amounts on deposit from time to time in such funds and accounts for the benefit of the Holders of the Certificates. See Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT" herein.

ALL AMOUNTS PAYABLE BY THE COUNTY, AS PURCHASER UNDER THE CONDITIONAL PURCHASE AGREEMENT, INCLUDING THE PURCHASE INSTALLMENTS, ARE SUBJECT IN EACH YEAR TO APPROPRIATION BY THE COUNTY COUNCIL. IT IS THE INTENTION OF THE COUNTY THAT THE AMOUNTS PAYABLE UNDER THE CONDITIONAL PURCHASE AGREEMENT, INCLUDING THE PURCHASE INSTALLMENTS, WILL BE MADE FROM THE COUNTY'S DEBT SERVICE FUND.

THE COUNTY COUNCIL IS UNDER NO OBLIGATION TO MAKE ANY APPROPRIATION WITH RESPECT TO THE CONDITIONAL PURCHASE AGREEMENT. THE CONDITIONAL PURCHASE AGREEMENT IS NOT A GENERAL OBLIGATION OF THE COUNTY AND DOES NOT CONSTITUTE AN INDEBTEDNESS OF THE COUNTY WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION OR A CHARGE AGAINST THE GENERAL CREDIT OR TAXING POWERS OF THE COUNTY.

THE CONDITIONAL PURCHASE AGREEMENT MAY BE TERMINATED UPON THE OCCURRENCE OF NONAPPROPRIATION OR AN EVENT OF DEFAULT. IN SUCH EVENT, ALL PAYMENT OBLIGATIONS UNDER THE CONDITIONAL PURCHASE AGREEMENT WILL TERMINATE, AND THE CERTIFICATES AND THE INTEREST THEREON WILL BE PAYABLE ONLY FROM MONEYS, IF ANY, HELD BY THE TRUSTEE UNDER THE TRUST AGREEMENT AND ANY MONEYS MADE AVAILABLE FROM THE SALE OR LEASE OR OTHER DISPOSITION OF THE EQUIPMENT. THERE IS NO ASSURANCE THAT SUCH MONEYS WILL BE SUFFICIENT FOR THE PAYMENT OF THE CERTIFICATES OR THE INTEREST THEREON UPON THE OCCURRENCE OF NONAPPROPRIATION OR AN EVENT OF DEFAULT UNDER THE CONDITIONAL PURCHASE AGREEMENT.

Conditional Purchase Agreement

The County, as Purchaser, and the Trustee, as Seller, have entered into the Conditional Purchase Agreement with respect to the Equipment for a term which begins as of April 1, 2010 and shall remain in effect until the County has paid the purchase price to Seller, unless terminated earlier in accordance with the Conditional Purchase Agreement. The Purchase Installments due under the Conditional Purchase Agreement are sufficient to pay the scheduled debt service on the Certificates and the fees and expenses of the Trustee. The Purchaser is also obligated under the Conditional Purchase Agreement to pay all expenses associated with the operation and maintenance of the Equipment, including repairs, insurance and taxes, if any. The Purchase Installments are payable semi-annually on November 1 and May 1 of each year so long as any of the Certificates are outstanding and will be paid directly to the Trustee.

The ability of the County to pay the Purchase Installments is subject to the annual appropriation of sufficient funds for such purpose by the County Council. See "The County -- Budgetary Procedure." The County may terminate the Conditional Purchase Agreement at the end of the last fiscal year or earlier date for which an appropriation is available if sufficient funds are not appropriated for any fiscal year. The County Executive has covenanted in the Conditional Purchase Agreement, to the extent permitted by law and subject to applicable public policy, to use his best efforts to obtain the authorization and appropriation of such funds, including, without limitation, the recommendation for inclusion of such funds in the budget of the County to be submitted to the County Council and a request for adequate funds to meet its obligations under the Conditional Purchase Agreement in full in its next fiscal year budget. The County has also covenanted to apply funds that are appropriated for the Equipment to the payment of its obligations under the Conditional Purchase Agreement.

The County has agreed, to the extent permitted by law and subject to applicable public policy, not to terminate the Conditional Purchase Agreement if sufficient funds are appropriated to it for a particular fiscal year which are available for the payment of Purchase Installments due in that fiscal year or the acquisition, retention and/or operation of any portion of the Equipment. See Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE CONDITIONAL PURCHASE AGREEMENT."

If the County fails to pay Purchase Installments, the Trustee has the right to seek certain remedies under the Conditional Purchase Agreement, including the termination of the Conditional Purchase Agreement, the termination of the title and interests of the Purchaser in the Equipment and the sale or lease of the Equipment. It may not be possible to sell or lease the Equipment for an amount that, together with other amounts available for such purpose under the Trust Agreement, will be sufficient to pay the aggregate principal amount of the Certificates plus accrued interest thereon.

The County is required under the Conditional Purchase Agreement to insure the Equipment against damage and destruction. Net insurance proceeds, as well as condemnation awards, must be applied to the repair or replacement of the Equipment or to the redemption of all or a portion of the Certificates. See "THE CERTIFICATES -- Redemption Provisions -- Mandatory Extraordinary Redemption" and Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE CONDITIONAL PURCHASE AGREEMENT" herein.

Security Interest

The payment of Purchase Installments by the County is secured by a first-priority security interest in and to the Equipment, for the benefit of the Holders of Certificates. At the end of the term of the Conditional Purchase Agreement all interest in and to the Equipment will be transferred to the County. If (i) the County fails to pay any Purchase Installment when due, (ii) the County fails to appropriate moneys required to make the timely payment of the Purchase Installments, or (iii) certain events of default under the Trust Agreement or the Conditional Purchase Agreement occur, the Seller may, among other things, repossess and sell, lease, sublease or otherwise dispose of the Equipment. The revenues and proceeds from the disposition of the Equipment after repossession shall be applied to the cost of the repossession and the payment of the amounts due on the Certificates. The County is not liable for the payment of any deficiency if the amount realized upon repossession and disposition is less than the amount due on the Certificates. See Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE CONDITIONAL PURCHASE AGREEMENT" herein.

Insurance Coverage

The County has covenanted under the Conditional Purchase Agreement to maintain insurance coverage for the Equipment during the term of the Conditional Purchase Agreement. The County intends to provide such insurance through its Self-Insurance Program. See the information under the heading “Risk Management” in Notes to Basic Financial Statements for the Year Ended June 30, 2009 attached hereto in Appendix A.

THE EQUIPMENT

The Equipment consists of the acquisition of 64 replacement buses for the County’s Ride-On bus fleet, in accordance with the Division of Transit Services’ bus replacement plan. The purchase includes 30 hybrid vehicles and 34 diesel vehicles. The buses have the following design and performance benefits:

- Stainless Steel Chassis for Strength and Corrosion Resistance
- Non-corrosive Aluminum Body Structure
- Integrated Side Impact Barriers to Protect Passengers
- Improved ADA Accessibility
- Multiplex Electronic System

THE CERTIFICATES

General Provisions

The Certificates will be dated the date of delivery, and will be issued in the principal amounts, maturing (subject to the redemption provisions set forth herein) and bearing interest as set forth on the inside front cover hereof.

The Certificates will be executed and delivered in full registered form, without coupons, in denominations of \$5,000 each or any integral multiple thereof. Interest will be payable on the Certificates on each May 1 and November 1 (each, an “Interest Payment Date”), beginning November 1, 2010. Interest paid on November 1, 2010 will accrue from the date of delivery. The principal or redemption price of the Certificates is payable at the corporate trust office of the Trustee. Interest will be payable by check mailed by the Trustee to the registered Holders of Certificates as their names and addresses appear in the registration books maintained by the Trustee as of (i) the fifteenth calendar day of the month next preceding each Interest Payment Date or (ii) in the case of the payment of any defaulted interest, the tenth (10th) day before such payment. At the request of a Holder of Certificates in the aggregate principal amount of at least \$100,000, such payments may be made by wire transfer in accordance with written instructions filed by such Holder with the Trustee. Interest on the Certificates shall be calculated on the basis of a year consisting of 360 days divided into twelve 30-day months.

Book-Entry Only System

The information contained in the following paragraphs of this subsection “Book-Entry Only System” has been extracted from a schedule prepared by the Depository Trust Company (“DTC”) entitled “SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY ONLY ISSUANCE.” The County makes no representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

DTC will act as securities depository for the Certificates (the “Certificates”). The Certificates will be issued as fully-registered certificates registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Certificate will be issued for each annual maturity of the Certificates, each in the aggregate principal amount of such annual maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of

the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Certificates under the DTC system must be made by or through Direct Participants, which will receive a credit for the Certificates on DTC’s records. The ownership interest of each actual purchaser of each Certificate (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Certificates are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Certificates, except in the event that use of the book-entry system for the Certificates is discontinued.

To facilitate subsequent transfers, all Certificates deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Certificates with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Certificates; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Certificates are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Certificates may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Certificates, such as redemptions, tenders, defaults, and proposed amendments to the Certificate documents. For example, Beneficial Owners of Certificates may wish to ascertain that the nominee holding the Certificates for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Certificates within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Certificates unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the County as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Certificates will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Certificates at any time by giving reasonable notice to County or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the County believes to be reliable, but the County takes no responsibility for the accuracy thereof.

Redemption Provisions

Optional Redemption

The Certificates are not subject to optional redemption prior to their respective maturities.

Mandatory Extraordinary Redemption

The Certificates are subject to mandatory redemption in whole or in part at any time at par plus accrued interest (i) if the Equipment is damaged or destroyed, from insurance not required to repair, restore or modify the Equipment after such damage, destruction or (ii) if the Equipment is damaged, destroyed or condemned, and the insurance or condemnation proceeds are insufficient to repair or modify the Equipment and the Purchaser elects not to use its own funds for such purpose, from insurance proceeds and amounts then payable by Purchaser as prepayment of the entire Purchase Price.

Selection of Certificates to be Redeemed

If fewer than all of the Certificates are called for redemption, the Trustee shall redeem the Certificates in the order of maturity directed by the County and by lot in such manner as the Trustee shall determine within any maturity; provided, however, that the portion of any Certificate to be redeemed shall be in the principal amount of \$5,000 or any integral multiple thereof and, in selecting Certificates for redemption, the Trustee shall treat each Certificate as representing that number of Certificates that is obtained by dividing the principal amount of such Certificate by \$5,000.

Notice of Redemption

The Trustee will mail notice of redemption, by first class mail, not less than 30 days and not more than 60 days before the date of redemption to the registered Holders of the Certificates of the maturity or maturities to be redeemed at their addresses shown on the registration books maintained by the Trustee. Notice having been given and sufficient moneys having been delivered to the Trustee, interest will cease to accrue on the Certificates to be redeemed on and after the redemption date. Any notice of redemption may indicate that such redemption is conditioned upon the deposit of sufficient moneys to effect such redemption on the redemption date. The failure by the Trustee to mail a notice of redemption, or any defect with respect to any particular Certificate shall not affect the validity of the Proceedings for the redemption of the Certificates.

Additional Certificates

The Purchase Price may, with the consent of the County, including additional approving action by the County Council, if necessary, be increased if additional funds are necessary to complete the acquisition of the Equipment. Upon such an increase, the Trustee will issue a like principal amount of additional parity certificates of participation (the "Additional Certificates"). See Appendix B - "SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT -- ADDITIONAL CERTIFICATES" herein.

DEBT SERVICE REQUIREMENTS OF THE CERTIFICATES

The following tables sets forth for each calendar year the amount required for the payment of principal due on the Certificates on May 1 and for the payment of interest on such Certificates on May 1 and November 1 and the total debt service requirements of the Certificates.

<u>Date</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service Requirement</u>
2010	\$ -	\$ 419,028.75	\$ 419,028.75
2011	2,985,000	768,300.00	3,753,300.00
2012	3,060,000	692,550.00	3,752,550.00
2013	3,155,000	599,325.00	3,754,325.00
2014	3,250,000	487,000.00	3,737,000.00
2015	3,380,000	354,400.00	3,734,400.00
2016	3,515,000	216,500.00	3,731,500.00
2017	3,655,000	73,100.00	3,728,100.00

THE COUNTY

Montgomery County, Maryland is a body politic and corporate and a political subdivision of the State of Maryland. For more information respecting the County, see Appendix A – "Information about the County as of January 15, 2010."

TAX MATTERS

Maryland Income Taxation

In the opinion of Special Counsel to the County, under existing law, the interest portion of the Purchase Installments to be made by the County as Purchaser under the Conditional Purchase Agreement and to be received by the Holders of the Certificates is exempt from income taxation by the State of Maryland. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the interest on the Certificates. Interest on the Certificates may be subject to state or local income taxes in jurisdictions other than the State of Maryland under applicable state or local tax laws. Purchasers of the Certificates should consult their own tax advisors with respect to the taxable status of the Certificates in jurisdictions other than Maryland.

Federal Income Taxation

In the opinion of Special Counsel to the County, assuming compliance with certain covenants described herein, the interest portion of the Purchase Installments to be made by the County as Purchaser under the Conditional Purchase Agreement and to be received by the Holders of the Certificates will be excludable from gross income for federal income tax purposes under existing statutes, regulations, and decisions.

Under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Certificates, including restrictions that must be

complied with throughout the term of the Certificates in order that the interest thereon be excludable from gross income. These include the following: (i) a requirement that certain earnings received from the investment of the proceeds of the Certificates be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made); (ii) other requirements applicable to the investment of the proceeds of the Certificates; and (iii) other requirements applicable to the use of the proceeds of the Certificates and the facilities financed with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Certificates in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the Certificates and to take such other actions as may be required to maintain the excludability from gross income for federal income tax purposes of interest on the Certificates.

Interest on the Certificates is not included in the alternative minimum taxable income of individuals, corporations, or other taxpayers as an enumerated item of tax preference or other specific adjustment and is not taken into account in determining “adjusted current earnings” for purposes of computing alternative minimum tax on corporations. However, interest income on the Certificates will be subject to the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States of America.

Certain Other Federal Tax Consequences

There are other federal tax consequences of ownership of obligations such as the Certificates under certain circumstances, including the following: (i) deductions are disallowed for certain expenses of taxpayers allocable to interest on tax-exempt obligations, as well as interest on indebtedness incurred or continued to purchase or carry tax-exempt obligations and interest expense of financial institutions allocable to tax-exempt interest, subject to adjustments for certain Certificates issued in 2009 and 2010; (ii) for property and casualty insurance companies, the amount of the deduction for losses incurred must be reduced by 15% of the sum of tax-exempt interest income and the deductible portion of dividends received by such companies; (iii) interest income that is exempt from tax must be taken into account for the purpose of determining whether, and what amount of, Social Security or railroad retirement benefits are includable in gross income for federal income tax purposes; and (iv) for S corporations having Subchapter C earnings and profits, the receipt of certain levels of passive investment income, which includes interest on tax-exempt obligations such as the Certificates, can result in the imposition of tax on such passive investment income and, in some cases, loss of S corporation status.

Tax Accounting Treatment of Discount Certificates

Certain maturities of the Certificates may be issued at an initial public offering price which is less than the amount payable on such Certificates at maturity (the “Discount Certificates”). The difference between the initial offering price (including accrued interest) at which a substantial amount of the Discount Certificates of each maturity was sold and the principal amount of such Discount Certificates payable at maturity constitutes original issue discount. In the case of any holder of Discount Certificates, the amount of such original issue discount which is treated as having accrued with respect to such Discount Certificates is added to the original cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, early redemption or repayment at maturity). For federal income tax purposes (i) any holder of a Discount Certificate will recognize gain or loss upon the disposition of such security (including sale, early redemption or payment at maturity) in an amount equal to the difference between (a) the amount received upon such disposition and (b) the sum of (1) the holder's original cost basis in such Discount Certificate, and (2) the amount of original issue discount attributable to the period during which the holder held such Discount Certificate, and (ii) the amount of the basis adjustment described in clause (i)(b)(2) will not be included in the gross income of the holder.

Original issue discount on Discount Certificates will be attributed to permissible compounding periods during the life of any Discount Certificates in accordance with a constant rate of interest accrual method. The yield to maturity of the Discount Certificates of each maturity is determined using permissible compounding periods. In general, the length of a permissible compounding period cannot exceed the length of the interval between debt service payments on the Discount Certificates and must begin or end on the date of such payments. Such yield then is used to determine an amount of accrued interest for each permissible compounding period. For this purpose, interest is treated as compounding periodically at the end of each applicable compounding period. The amount of original issue discount which is treated as having accrued in respect of a Discount Certificate for any particular compounding period is equal to the excess of (i) the product of (a) the yield for the Discount Certificate (adjusted as

necessary for an initial short period) divided by the number of compounding periods in a year multiplied by (b) the amount that would be the tax basis of such Discount Certificate at the beginning of such period if held by an original purchaser who purchased at the initial public offering price, over (ii) the amount actually payable as interest on such Discount Certificate during such period. For purposes of the preceding sentence the tax basis of a Discount Certificate, if held by an original purchaser, can be determined by adding to the initial public offering price of such Discount Certificate the original issue discount that is treated as having accrued during all prior compounding periods. If a Discount Certificate is sold or otherwise disposed of between compounding dates, then interest which would have accrued for that compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Holders of Discount Certificates should note that, under the tax regulations, the yield and maturity of a Discount Certificate is determined without regard to commercially reasonable sinking fund payments, and any original issue discount remaining unaccrued at the time that a Discount Certificate is redeemed in advance of stated maturity will be treated as taxable gain. Moreover, tax regulations prescribe special conventions for determining the yield and maturity of certain debt instruments that provide for alternative payment schedules applicable upon the occurrence of certain contingencies.

The foregoing summarizes certain federal income tax consequences of original issue discount with respect to the Discount Certificates but does not purport to deal with all aspects of federal income taxation that may be relevant to particular investors or circumstances, including those set out above. Prospective purchasers of Discount Certificates should consider possible state and local income, excise or franchise tax consequences arising from original issue discount on Discount Certificates. In addition, prospective corporate purchasers should consider possible federal tax consequences arising from original issue discount on such Discount Certificates under the branch profits tax. The amount of original issue discount considered to have accrued may be reportable in the year of accrual for state and local tax purposes or for purposes of the branch profits tax without a corresponding receipt of cash with which to pay any tax liability attributable to such discount. Purchasers with questions concerning the detailed tax consequences of transactions in the Discount Certificates should consult their tax advisors.

The prices or yields furnished by the successful bidder for the Certificates as shown on the inside cover of this Official Statement may not reflect the initial issue prices for the purposes of determining the original issue discount for federal income tax purposes.

Purchase, Sale and Retirement of Certificates

Except as noted below in the case of market discount, the sale or other disposition of a Certificate will normally result in capital gain or loss to its holder. A holder's initial tax basis in a Certificate will be its cost. Upon the sale or retirement of a Certificate, for federal income tax purposes, a holder will recognize capital gain or loss upon the disposition of such security (including sale, early redemption or payment at maturity) in an amount equal to the difference between (a) the amount received upon such disposition and (b) the tax basis in such Certificate, determined by adding to the original cost basis in such Certificate the amount of original issue discount that is treated as having accrued as described below under "TAX MATTERS – Tax Accounting Treatment of Discount Certificates." Such gain or loss will be a long-term capital gain or loss if at the time of the sale or retirement the Certificate has been held for more than one year. Present law taxes both long and short-term capital gains of corporations at the rates applicable to ordinary income. For noncorporate taxpayers, however, net capital gains will be taxed at a maximum rate of 15%, while short-term capital gains and other ordinary income will be taxed at a maximum rate of 35%. Net capital gains are the excess of net long-term capital gains (gains on capital assets held for more than one year) over net short-term capital losses. Because of the limitation on itemized deductions and the deduction for personal exemptions applicable to higher income taxpayers, the effective rate of tax may be higher in certain circumstances. The operation of sunset, effective date and similar timing provisions in current law would result in a change in the tax rates in certain future time periods.

Market Discount

If a holder acquires a Certificate after its original issuance at a discount below its principal amount (or in the case of a Certificate issued at an original issue discount, at a price that produces a yield to maturity higher than the yield to maturity at which such certificate was first issued), the holder will be deemed to have acquired the Certificate at "market discount," unless the amount of market discount is *de minimis*, as described in the following

paragraph. If a holder that acquires a Certificate with market discount subsequently realizes a gain upon the disposition of the Certificate, such gain shall be treated as taxable interest income to the extent such gain does not exceed the accrued market discount attributable to the period during which the holder held such Certificate, and any gain realized in excess of such market discount will be treated as capital gain. Potential purchasers should consult their tax advisors as to the proper method of accruing market discount.

In the case of a Certificate not issued at an original issue discount, market discount will be *de minimis* if the excess of the Certificate's stated redemption price at maturity over the holder's cost of acquiring the Certificate is less than 0.25% of the stated redemption price at maturity multiplied by the number of complete years between the date the holder acquires the Certificate and its maturity date. In the case of a Certificate issued with original issue discount, market discount will be *de minimis* if the excess of the Certificate's revised issue price over the holder's cost of acquiring the Certificate is less than 0.25% of the revised issue price multiplied by the number of complete years between the date the holder acquires the Certificate and its stated maturity date. For this purpose, a Certificate's "revised issue price" is the sum of (i) its original issue price and (ii) the aggregate amount of original issue discount that is treated as having accrued with respect to the Certificate during the period between its original issue date and the date of acquisition by the holder.

Amortizable Certificate Premium

A Certificate will be considered to have been purchased at a premium if, and to the extent that, the holder's tax basis in the Certificate exceeds the amount payable at maturity (or, in the case of a Certificate callable prior to maturity, the amount payable on the earlier call date. Under tax regulations applicable to the Certificates, the amount of the premium would be determined with reference to the amount payable on that call date (including for this purpose the maturity date) which produces the lowest yield to maturity on the Certificates. The holder will be required to reduce his tax basis in the Certificate for purposes of determining gain or loss upon disposition of the Certificate by the amount of amortizable certificate premium that accrues, determined in the manner prescribed in the regulations. Generally, no deduction (or other tax benefit) is allocable in respect of any amount of amortizable certificate premium on the Certificates.

The foregoing is only a general summary of certain provisions of the Code as enacted and in effect on the date hereof and does not discuss all aspects of federal income taxation that may be relevant to a particular holder of Certificates in light of such holder's particular circumstances and income tax situation. Each holder of Certificates should consult such holder's tax advisor as to the specific tax consequences to such holder of the ownership and disposition of the Certificates, including the application of State, local, foreign and other tax laws.

See Appendix C hereto for the proposed form of opinion of Special Counsel.

LEGAL MATTERS

McKennon Shelton & Henn LLP, Baltimore, Maryland is acting as Special Counsel to the County in connection with the issuance of the Certificates. Delivery of the Certificates is conditioned upon delivery by Special Counsel of an unqualified opinion substantially in the form set forth in Appendix C of this Official Statement.

Certain legal matters will be passed on for the Purchaser by the County Attorney of Montgomery County, Maryland.

CONTINUING DISCLOSURE UNDERTAKING

In order to enable participating underwriters, as defined in Rule 15c2-12 of the Securities and Exchange Commission ("Rule 15c2-12") to comply with the requirements of paragraph (b)(5) of Rule 15c2-12, the County will execute and deliver a continuing disclosure agreement (the "Continuing Disclosure Agreement") on or before the date of issuance and delivery of the Certificates, the form of which is attached to this Official Statement as Appendix D. Potential purchasers of the Certificates should note that the definition of Reportable Events in Appendix D is intended to completely restate the events specified in Rule 15c2-12. It is noted that certain Reportable Events are expected to have no applicability to the Certificates, such as the possibility of unscheduled draws on debt service reserves and matters affecting collateral for the Certificates.

The County has not failed to comply with any prior continuing disclosure undertaking made pursuant to Rule 15c2-12.

LEGALITY OF THE CERTIFICATES

The authorization, sale, issuance and delivery of the Certificates will be subject to legal approval by McKennon Shelton & Henn LLP, Special Counsel, and a copy of their unqualified approving legal opinion with respect to the Certificates will be delivered upon request, without charge, to the successful bidders for the Certificates. The opinions are expected to be substantially in the form of the draft opinion attached to this Official Statement as Appendix C.

LITIGATION

The County is currently processing numerous claims for damages and is also a defendant in a number of lawsuits which are expected to be paid, when applicable, through its self-insurance program. Management and legal counsel believe that the self-insurance program is adequately funded to cover such claims and lawsuits to be paid out of the program. In addition to those suits in which claims for liability are adequately covered by insurance, the County is a defendant in various suits involving tort claims, violations of civil rights, breach of contract, inverse condemnation, and other suits and actions arising in the normal course of business. In the opinion of the County Attorney, the possible liability of the County in the resolution of these cases will not exceed \$1,200,000, and it appears that, of this amount, the County will probably not incur any liability. However, in any event, none of such claims and suits will materially affect the County's ability to perform its obligations to the holders of its Certificates.

RATINGS

Fitch Ratings, Moody's Investors Service, Inc., and Standard & Poor's Rating Group have given the Certificates the respective ratings indicated on the cover page of this Official Statement. A rating reflects only the view of the rating organization and explanations of the significance of such rating may be obtained from the rating agency furnishing the same. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating agency if, in the judgment of such rating agency, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Certificates.

INDEPENDENT PUBLIC ACCOUNTANTS

The audited basic financial statements of the County included in Appendix A to this Official Statement have been audited by Clifton Gunderson, LLP (Clifton Gunderson), independent public accountants, as indicated in their report with respect thereto. In that report, Clifton Gunderson states that with respect to certain of the County's component units, its opinion is based on the reports of other independent public accountants. The report of Clifton Gunderson also contains an explanatory paragraph which states that Clifton Gunderson did not audit certain identified supplementary information and expressed no opinion thereon. Such audited basic financial statements have been included in reliance upon the qualification of said firm to issue said report.

CERTIFICATE OF COUNTY OFFICIALS

The Chief Administrative Officer and the Director of Finance of the County will furnish a certificate to the successful bidder for the Certificates to the effect that, to the best of their knowledge and belief, this Official Statement, as of the date of sale and the date of delivery of the Certificates, is true and correct in all material respects and does not contain an untrue statement of a material fact or omit to state a material fact, required to be stated or necessary to be stated, to make such statements, in the light of the circumstances under which they were made, not misleading.

INFORMATION IN OFFICIAL STATEMENT

All quotations, summaries and explanations in this Official Statement of State and County laws and the Montgomery County Charter do not purport to be complete and reference is made to pertinent provisions of the same for complete statements. Any estimates or opinions herein, whether or not expressly so stated, are intended as such and not as representations of fact. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the County since the date as of which such information is stated or the date hereof. This Official Statement shall not be construed as part of any contract between the County and the purchasers or holders of its Certificates. The County has been advised by McKennon Shelton & Henn LLP, Special Counsel, in connection with legal statements contained in this Official Statement; however, Special Counsel has not passed upon or assumed responsibility for the accuracy of the statistical data, financial statements and economic data contained herein.

Any questions regarding this Official Statement or the Certificates should be directed to Ms. Jennifer E. Barrett, Director, Department of Finance, Montgomery County, Maryland, 101 Monroe Street, 15th floor, Rockville, Maryland 20850, Telephone: (240) 777-8860.

SELECTED DEBT AND FINANCIAL INFORMATION

Supplemental Information Dated April 5, 2010

The information (including Tables 1 through 7) presented on the following pages has been updated to provide current information on Montgomery County's financial position. Subsequent to the December 31, 2009 date of the accompanying Schedule of General Fund Revenues, Expenditures, & Transfers In (Out) and the General Fund Schedule of Budgetary Fund Balance to GAAP Fund Balance Reconciliation (Tables 6 and 7, respectively) and to the March 31, 2010 date of the Preliminary Official Statement, the County's actual income tax collections were \$24.5 million lower than projected, and lower than the amounts included in the accompanying Table 6. The County is in the process of taking additional actions to offset such revenue shortfalls, and anticipates ending FY10 with a General Fund balance consistent with the amounts presented in the accompanying Table 7.

For more information on the County, and a complete overview of the County's debt, please see Appendix A, "INFORMATION ABOUT THE COUNTY AS OF JANUARY 15, 2010."

Table 1
Statement of Direct and Overlapping Debt
As of December 31, 2009
and Including Proposed Short-Term BANs

Direct Debt:		
General Obligation Bonds Outstanding	\$1,756,479,285	
General Obligation Variable Rate Demand Obligations	100,000,000	
Short-Term BANs/Commercial Paper Outstanding	185,000,000	
Proposed Short-Term BANs/Commercial Paper	240,000,000	
Revenue Bonds Outstanding	<u>92,517,500</u>	
Total Direct Debt		\$2,373,996,785
Overlapping Debt (as of June 30, 2009):		
Gross Debt:		
Washington Suburban Sanitary Commission		
Applicable to Montgomery County	885,925,181	
Housing Opportunities Commission	720,703,667	
Montgomery County Revenue Authority	99,517,578	
Maryland-National Capital Park and Planning Commission		
Applicable to Montgomery County	42,153,188	
Kingsview Village Center Development District	2,075,000	
West Germantown Development District	15,060,000	
Towns, Cities and Villages within Montgomery County	<u>47,851,848</u>	
Total Overlapping Debt		<u>1,813,286,462</u>
Total Direct and Overlapping Debt		4,187,283,247
Less Self-Supporting Debt:		
County Government Revenue Bonds	92,517,500	
Washington Suburban Sanitary Commission		
Applicable to Montgomery County (as of June 30, 2009)	885,925,181	
Housing Opportunities Commission (as of June 30, 2009)	720,703,667	
Montgomery County Revenue Authority (as of June 30, 2009)	99,517,578	
Maryland-National Capital Park and Planning Commission		
Applicable to Montgomery County (as of June 30, 2009)	<u>4,522,821</u>	
Total Self-Supporting Debt		<u>(1,803,186,747)</u>
Net Direct and Overlapping Debt		<u>\$2,384,096,500</u>
Ratio of Debt to June 30, 2009 Assessed Valuation of (100% Assessment):		\$162,053,662,492
Direct Debt		1.46%
Net Direct Debt *		1.41%
Direct and Overlapping Debt		2.58%
Net Direct and Overlapping Debt		1.47%
Ratio of Debt to June 30, 2009 Market Value of:		\$167,959,062,589
Direct Debt		1.41%
Net Direct Debt *		1.36%
Direct and Overlapping Debt		2.49%
Net Direct and Overlapping Debt		1.42%

*Net Direct Debt of \$2,281,479,285 is derived by subtracting direct self-supporting debt, which consists only of County Government Revenue Bonds, from Total Direct Debt.

Table 2
Statement of Legal Debt Margin
As of December 31, 2009
and Including Proposed Short-Term BANs

June 30, 2009 Assessed Valuation – Real Property	\$158,133,491,472

MONTGOMERY COUNTY – HISTORY AND GOVERNMENT

Location

Montgomery County is located adjacent to the nation's capital, Washington, D.C., and includes 496 square miles of land area. The topography is rolling with small hills. Elevations range from 52 feet above sea level at the junction of the Potomac River and the District Line, to 850 feet in the northern portion of the County near Damascus. Bordering the County are Howard County to the northeast, Prince George's County to the southeast, Frederick County to the northwest, the District of Columbia to the south, and Virginia to the southwest.

History

Montgomery County was established by the State Convention in 1776, and from its establishment until 1948, the Montgomery County Government functioned under the County Commission system. In 1948, the voters adopted a charter giving the County home rule and a council-manager form of government. In 1968, the voters approved a new charter providing for separate legislative and executive branches of government, with the legislative power vested in an elected County Council and executive power in an elected County Executive. The new charter became fully implemented with the election of the County Executive and the County Council in November 1970.

Government

The County Council is comprised of nine members, four of whom are elected by the qualified voters of the entire County. Each of the five other members of the Council must, at the time of their election, reside in a different one of five Councilmanic districts of the County and each of these five members shall be nominated and elected by the qualified voters in their respective districts. Populations of the Councilmanic districts are substantially equal.

The County Executive, who must be a qualified voter of the County for the five years preceding his or her election and who may not be less than thirty years of age, is elected by the qualified voters of the entire County at the same time as the Council. Both the County Executive and the County Council members serve a four-year term.

County Officials

County Executive – Isiah Leggett

Isiah Leggett was elected Montgomery County's sixth County Executive on November 7, 2006, and sworn in on December 4, 2006. Mr. Leggett served as an infantry captain in the United States Army in Vietnam, earning the Bronze Star, Vietnam Service, and Vietnam Campaign medals. He worked as a legislative assistant on small business issues for Congressman Parren Mitchell of Baltimore and as a staff attorney for the Department of the Navy. In 1977, Mr. Leggett was selected as a White House Fellow in the Carter Administration. He worked as a member of the Montgomery County Human Rights Commission from 1979 to 1986 and was its chair from 1983 to 1986.

Mr. Leggett served as an at-large member of the Montgomery County Council for 16 years beginning in 1986. He won four terms and was elected Council President three times by his colleagues. He chaired the Council's Transportation and Environment Committee and served on the Education Committee. After leaving the Council in 2002, Mr. Leggett chaired the Maryland State Democratic Party for two years and continued his work as a Professor of Law at Howard University, where he taught since 1975. He served as the law school's assistant dean from 1979 to 1986.

A native of Alexandria, Louisiana, Mr. Leggett earned a Bachelor of Arts degree from Southern University in Baton Rouge, Louisiana, a Master of Arts degree and a law degree from Howard University, and a Master of Laws degree from George Washington University.

President, County Council – Nancy Floreen

Nancy Floreen was elected to her second term on the County Council on November 7, 2006, and was recently elected Council President by her colleagues. She chairs the Council's Transportation, Infrastructure, Energy and Environment Committee and is also a member of the Planning, Housing and Economic Development Committee.

Ms. Floreen is vice chair for Transit of the National Association of Counties Transportation Steering Committee, and previously chaired the Metropolitan Washington Council of Governments' Climate Change Steering Committee and its Air Quality Committee. She also serves on the Maryland Department of Environment's Air Quality Control Advisory Council. Ms. Floreen is on the boards of directors of the Jewish Council on Aging, Habitat for Humanity and the Strathmore Hall Foundation.

Chief Administrative Officer – Timothy L. Firestine

Timothy L. Firestine was appointed Chief Administrative Officer on November 30, 2006 and confirmed on December 12, 2006. Prior to his appointment as CAO, Mr. Firestine was the County's Director of Finance for 15 years. He previously served in various management positions in the County's Office of Management and Budget. Before coming to the County, Mr. Firestine was the Budget Officer for the Allegheny County, Pennsylvania, Controller's Office.

Mr. Firestine received his Bachelor of Arts in Political Science from Albright College in Reading, Pennsylvania and his Master of Public Administration from the University of Pittsburgh. He is currently a member of the Executive Board of the National Government Finance Officers Association and, in the past, served as vice chair of its Committee on Debt Management. He is also a member of the District of Columbia Water and Sewer Authority, where he currently serves as Vice Chair. In the past, Mr. Firestine also served as President of the Maryland Government Finance Officers Association, President of the Board of Trustees for Suburban Hospital Health Care System, Inc., in Bethesda, Maryland, and President of the Board of Investment Trustees for the Employee Retirement System for Montgomery County. Mr. Firestine was an adjunct professor at the University of Maryland, Graduate School of Public Policy, where he taught Public Finance.

Director of Finance – Jennifer E. Barrett

Jennifer E. Barrett was appointed Director, Department of Finance on January 8, 2007 and confirmed on January 30, 2007. Prior to her appointment, Ms. Barrett served as the Finance Department's Chief Operating Officer for four years.

From 1982 to 2002, she served in various management positions in the County's Department of Finance and Office of Management and Budget.

Ms. Barrett received her Bachelor of Science Degree from the University of Maryland, and her Master of Business Administration from Hood College. She is a member of the Board of Investment Trustees for the Employees' Retirement System of Montgomery County, and Chairperson of the Montgomery County Conference Center Management Committee. Ms. Barrett is also a member of the Government Finance Officers Association and serves on GFOA's Committee on Governmental Debt Management, and is President of the Maryland Government Finance Officers Association.

Director, Office of Management and Budget – Joseph F. Beach

Joseph F. Beach was appointed Director of the Office of Management and Budget on April 24, 2007 and confirmed on May 8, 2007. Prior to his appointment, he served in a variety of senior level positions with Montgomery County Government including as Assistant Chief Administrative Officer, Operating Budget Coordinator, and Senior Budget Analyst. Mr. Beach's service for the County included extensive work in the areas of collective bargaining, criminal justice, multi-year budgeting, and contract review.

Mr. Beach holds a Bachelor of Arts from the University of Michigan, a Master of Arts Degree from the George Washington University in Public Affairs, and a Juris Doctorate degree from the University of Baltimore. Mr. Beach was admitted to the State Bar of Maryland in December 1995. He serves on the Board of Investment Trustees for the Employees' Retirement System of Montgomery County and the Board of Directors for the Strathmore Hall Arts Foundation.

County Attorney – Leon Rodriguez

Leon Rodriguez was appointed County Attorney in April 2007 and confirmed on May 1, 2007. From May 2001 until his appointment, he was a shareholder in the Washington, D.C., office of Ober, Kaler, Grimes & Shriver, where he was a litigator specializing in white collar criminal defense and health care law. For 13 years prior to entering private practice, Mr. Rodriguez was a federal and state prosecutor in various jurisdictions. From 1997 to 2001, he was an Assistant U.S. Attorney in Pittsburgh, Pennsylvania, serving as the First Assistant U.S. Attorney from 1999-2001, and as the Chief of the White Collar Crimes Section from 1998-1999.

From 1994 to 1997, Mr. Rodriguez served as a trial attorney in the Criminal Section of the U.S. Department of Justice, Civil Rights Division, where he handled a variety of civil rights criminal matters involving involuntary servitude, hate violence and law enforcement misconduct. Prior to joining the Justice Department, Mr. Rodriguez was an Assistant District Attorney in Brooklyn, New York. Mr. Rodriguez received a Bachelor of Arts degree in History from Brown University in 1984 and his law degree from Boston College Law School in 1988.

DEBT SUMMARY

Overview

The County Government, four of its agencies, and municipalities are authorized by State law and/or County Charter to issue debt to finance capital projects. Consistent with County fiscal policy, the County issues debt to finance a major portion of the construction of long-lived additions or improvements to the County's publicly-owned infrastructure. The County's budget and fiscal plan for these improvements is known as the Capital Improvements Program (CIP). Bonds are repaid to bondholders with a series of principal and interest payments over a period of years, known as debt service. In this manner, the initial high cost of capital improvements is absorbed over time and assigned to current and future citizens benefiting from the facilities. Due to various Federal, State, and local tax policies, interest rates are lower than in the private sector.

In addition to the issuance of general obligation or revenue bonds, the County initially finances the cost of long-term capital assets with short-term paper known as Bond Anticipation Notes (BANs)/Commercial Paper, which the County intends to retire with the proceeds of long-term bonds. Additionally, the County from time to time enters into other long-term obligations, such as long-term loans, which are classified as long-term notes payable.

The various components of the County's debt described above are categorized as either direct or overlapping. Direct debt is the total bonded debt of the County, and constitutes the direct obligations of the County that impact its taxpayers. Components of Montgomery County direct debt are its general obligation bonds, BANs/commercial paper, long-term notes payable, and revenue bonds issued by the County.

Overlapping debt includes all borrowings of other County agencies, incorporated municipalities, and special taxing or development districts, which may impact those County tax- or rate-payers who are residents of those municipalities or special districts. More broadly, overlapping debt can help reveal the degree to which the total economy is being asked to support long-term fixed commitments for governmental facilities.

Certain direct and overlapping debt is additionally classified as Self-Supporting Debt. Such obligations are issued for projects that produce sufficient revenues to retire the debt. The bonds are not supported by the taxing power of the governmental entity issuing them.

The County's Net Direct and Overlapping Debt is derived by subtracting Direct Self-Supporting Debt from the Total Direct and Overlapping Debt.

A summary statement of direct and overlapping debt for Montgomery County is provided in Table 1 on the following page. For additional discussion of particular elements of the County's debt, see the sections that follow.

(The remainder of this page has been left blank intentionally.)

Table 1
Statement of Direct and Overlapping Debt
As of June 30, 2009

Direct Debt:		
General Obligation Bonds Outstanding	\$1,496,561,371	
General Obligation Variable Rate Demand Obligations	100,000,000	
Short-Term BANs/Commercial Paper Outstanding	300,000,000	
Revenue Bonds Outstanding	<u>94,030,000</u>	
Total Direct Debt		\$1,990,591,371
Overlapping Debt:		
Gross Debt:		
Washington Suburban Sanitary Commission		
Applicable to Montgomery County	885,925,181	
Housing Opportunities Commission	720,703,667	
Montgomery County Revenue Authority	99,517,578	
Maryland-National Capital Park and Planning Commission		
Applicable to Montgomery County	42,153,188	
Kingsview Village Center Development District	2,075,000	
West Germantown Development District	15,060,000	
Towns, Cities and Villages within Montgomery County	<u>47,851,848</u>	
Total Overlapping Debt		<u>1,813,286,462</u>
Total Direct and Overlapping Debt		3,803,877,833
Less Self-Supporting Debt:		
County Government Revenue Bonds	94,030,000	
Washington Suburban Sanitary Commission		
Applicable to Montgomery County	885,925,181	
Housing Opportunities Commission	720,703,667	
Montgomery County Revenue Authority	99,517,578	
Maryland-National Capital Park and Planning Commission		
Applicable to Montgomery County	<u>4,522,821</u>	
Total Self-Supporting Debt		<u>(1,804,699,247)</u>
Net Direct and Overlapping Debt		<u>\$1,999,178,586</u>
Ratio of Debt to June 30, 2009 Assessed Valuation of (100% Assessment):		\$162,053,662,492
Direct Debt		1.23%
Net Direct Debt *		1.17%
Direct and Overlapping Debt		2.35%
Net Direct and Overlapping Debt		1.23%
Ratio of Debt to June 30, 2009 Market Value of:		\$167,959,062,589
Direct Debt		1.19%
Net Direct Debt *		1.13%
Direct and Overlapping Debt		2.26%
Net Direct and Overlapping Debt		1.19%

*Net Direct Debt of \$1,896,561,371 is derived by subtracting direct self-supporting debt, which consists only of County Government Revenue Bonds, from Total Direct Debt.

Debt Affordability

Once committed, debt service represents a major continuing claim on County resources that must be kept to affordable levels within the annual operating requirements of the County in order to avoid excessive pressures on operating budgets. To assure such affordable levels, the County's general obligation debt is subject to the following tests: 1) the self-imposed, but Charter-required, spending affordability guidelines and 2) the State Law-mandated Legal Debt Limit.

The County Council annually adopts spending affordability guidelines for the capital budget. The guidelines provide for the total amount of general obligation debt issued by the County and by the Maryland-National Capital Park and Planning Commission that may be planned for expenditure in the subsequent two fiscal years and for the six-year Capital Improvements Program. Consideration of the guidelines is based on a number of economic and financial factors or criteria for debt affordability. These criteria are described in the County's Fiscal Policy and provide a foundation for judgments about the County's capacity to issue debt and its ability to retire the debt over time.

The Annotated Code of Maryland, Article 25A, Section 5(P), authorizes borrowing of funds and issuance of bonds up to a maximum of the sum of six percent of the assessed valuation of all real property and 15 percent of the assessed valuation of all personal property within the County. Article 25A, Section 5(P) provides that obligations having a maturity not in excess of 12 months shall not be subject to, or be included in, computing the County's legal debt limitation. However, the County includes its BANs/commercial paper in such calculation because it intends to repay such notes with the proceeds of long-term debt to be issued in the near future. The results of the County's legal debt limit computation are displayed in Table 2 below.

Table 2
Statement of Legal Debt Margin
As of June 30, 2009

June 30, 2009 Assessed Valuation – Real Property	\$158,133,491,472
Debt Limit (% of Assessed Valuation)	6%

Legal Debt Margin	<u>\$8,179,473,766</u>
Net Direct Debt as a Percentage of Assessed Valuation	<u>1.17%</u>

Direct Debt

General Obligation Bonds

County general obligation bonds are secured by the full faith, credit and taxing powers of the County. Bonds are normally issued in serial maturities from one to 20 years, with five percent of the principal retired each year. This practice produces equal annual payments of principal over the life of the bond issue and declining annual payments of interest on the outstanding bonds. The Charter limits the term of any bond to 30 years.

Over the past three decades the composition of County general obligation debt has changed. As more general County bonding was shifted towards schools and roads, a related shift occurred away from general County facilities, parks, and mass transit. In addition, in recent years general obligation debt has not been issued to finance parking lot district or solid waste projects. Such projects are financed with revenue bonds or current revenues.

The General Obligation Bonded Debt Ratios displayed below measure the burden of the County's net direct debt, which consists primarily of general obligation bonds and outstanding BANs/commercial paper, and debt service payments on such. As with the calculation of the Legal Debt Limit, the County includes its BANs/commercial paper in these ratio calculations because it intends to repay such notes with the proceeds of general obligation debt to be issued in the near future. The ratios are as follows: 1) net direct debt as a percentage of full (market) value of taxable property; 2) debt service on outstanding general obligation bonds as a percentage of General Fund expenditures and transfers out; 3) net direct debt per capita; 4) net direct debt per capita as a percentage of per capita income; and 5) rate of replacement of general obligation bond principal (payout ratio) in ten years. The results of these indicators are displayed in Table 3 below.

Table 3
General Obligation Bonded Debt Ratios
2000 – 2009

In addition to the above noted authority, the County has authority under the provisions of section 56-13 of the Montgomery County Code 1994, as amended, to issue County bonds, within statutory debt limits, to finance approved urban renewal projects.

Current Revenue Substitution for General Obligation Bonds (PAYGO)

The County follows a practice of budgeting significant current revenue substitution for general obligation bonds over the six-year Capital Improvements Program. This “pay-as-you-go” approach to funding debt-eligible capital improvement projects, known as PAYGO, helps manage the County’s debt burden and retain funding flexibility. The significant amounts of PAYGO substitutions over the past 13 years, and planned for substitution over the five years beginning FY10, are displayed below.

Table 7
PAYGO Substitutions
(Actual FY97-09, Budgeted FY10-14)

<u>Fiscal Year</u>	<u>PAYGO Amount</u>	<u>Fiscal Year</u>	<u>PAYGO Amount</u>
1997	\$ 3,925,000	2006	\$ 11,737,000
1998	13,000,000	2007	27,500,000

2005	7,275,000	2014	32,500,000

Short-Term Bond Anticipation Notes/Commercial Paper

The County utilizes Bond Anticipation Notes (BANs)/commercial paper for short-term capital financing of capital expenditures with the expectation that the principal amount will be refinanced with the proceeds of long-term general obligation bonds. Interest costs incurred are usually at lower rates than with long-term financing. The County has BANs/commercial paper authorized, issued, and outstanding as financing sources for capital construction and improvements. BANs/commercial paper are issued at varying maturities to a maximum of 270 days, under a note program that matures on June 30, 2022. The County reissues the notes upon maturity until they are refinanced with long-term bonds. Changes in BANs/commercial paper during the period July 1, 2008 through June 30, 2009 are presented in Table 8 below.

Table 8
Bond Anticipation Notes Outstanding
As of June 30, 2009

<u>Issue</u>	<u>Balance</u> <u>July 1, 2008</u>	<u>BANs Issued</u>	<u>BANs Retired</u>	<u>Balance</u> <u>June 30, 2009</u>

Revenue Bonds

County revenue bonds are authorized by the County to finance specific projects such as parking garages and solid waste facilities, with debt service to be paid from pledged revenues received in connection with the projects. Proceeds from revenue bonds may be applied only to the costs of projects for which they are authorized. They are considered separate from general obligation debt and do not constitute a pledge of the full faith and credit or unlimited taxing power of the County.

County revenue bonds are used in the Bethesda Parking District, supported by parking fees and fines, together with parking district property taxes. County revenue bonds were also issued for County Solid Waste Management facilities, supported with the revenues of the Solid Waste Disposal System. During FY09, revenue bonds were issued for liquor control facilities and transportation projects, supported by revenues generated by the Department of Liquor Control. County revenue bond indebtedness by issue is presented in Table 9. Annual debt service payments for the County's revenue bond debt are displayed in Table 10. Table 11 sets forth the amount of revenue bonds authorized to be issued by the County as of June 30, 2009.

Total Revenue Bonds			<u>\$299,098,000</u>	<u>\$150,083,000</u>

- Resolution was originally passed in July 2008 and amended in February 2009.

Overlapping Debt

In addition to the direct debt described above, certain portions of the debt of other governmental entities in the County are payable in whole or in part by the taxpayers of the County. The debt includes general obligation bonds, revenue bonds, mortgages payable, notes payable, BANs/commercial paper, certificates of participation, and bank loans.

Washington Suburban Sanitary Commission

The Washington Suburban Sanitary Commission (WSSC) issues general construction bonds to finance construction of small diameter water distribution and sewage collection lines, and required support facilities in Montgomery and Prince George's Counties. Generally, these are considered general obligation bonds because they are payable from unlimited ad valorem taxes upon all the assessable property in the WSSC district. They are actually paid through assessments on properties being provided service and are considered to be overlapping debt rather than direct debt of the County. WSSC Water Supply and Sewage Disposal Bonds, which finance major system improvements, including large diameter water distribution and sewage collection lines, are paid from non-tax sources including user charges collected through water and sewer rates, which also cover all system operating costs. They are backed by unlimited ad valorem taxes upon all the assessable property within the WSSC district in addition to mandated rates, fees, and charges sufficient to cover debt service. Pursuant to Section 4-101 of Article 29 of the Annotated Code of Maryland (2003 Replacement Volume and 2006 Cumulative Supplement), the County must guarantee payment of principal and interest on WSSC bonds, unless the WSSC waives such guarantee requirement in accordance with Section 4-103 of Article 29. WSSC has waived such guarantee requirement with respect to each outstanding bond issue.

Housing Opportunities Commission

The Montgomery County Housing Opportunities Commission (HOC) issues revenue bonds for its Multi-Family Mortgage Purchase Program and its Single-Family Mortgage Purchase Program which are paid through mortgages and rents. A portion of this revenue bond debt is guaranteed by Montgomery County pursuant to Section 2-103 of Article 44A of the Annotated Code of Maryland. The County may by local law provide its full faith and credit as guarantee of bonds issued by HOC in principal amount not exceeding \$50,000,000. Section 20-32 of the Montgomery County Code provides the method by which the County implemented the guarantee.

Montgomery County Revenue Authority

The Montgomery County Revenue Authority (MCRA) has authority to issue revenue bonds and to otherwise finance projects through notes and mortgages with land and improvements serving as collateral. These are paid through revenues of MCRA's several enterprises, which include golf courses and the Montgomery County Airpark. The County also uses MCRA as a conduit for alternative capital project funding arrangements. These include financing for several County aquatic facilities and the Montgomery County Conference Center. For these projects, the MCRA issues the bonds and the debt service is paid through revenues from long-term lease agreements with the County. See "County Facility Lease Obligations" below.

MCRA is one of several conduit issuers for the County. These conduit issuers issue bonds on the County's behalf and loan the proceeds to the County. Table 12 below displays the principal amounts owed to these conduit issuers as of June 30, 2009.

(The remainder of this page has been left blank intentionally.)

Table 12
Principal Amounts Due to Conduit Issuers
As of June 30, 2009

<u>Issuer</u>	<u>Purpose</u>	<u>Amount Due</u>
Maryland Economic Development Corp.	Parking Garages	\$ 36,890,000
Montgomery County Revenue Authority	Conference Center	11,770,000
	Human Services	
	Headquarters	4,115,000
	Swim Centers	19,145,000
Northeast Maryland Waste Disposal Authority	Solid Waste	
	Disposal System	<u>171,080,000</u>
TOTAL		\$ 243,000,000

Maryland-National Capital Park and Planning Commission

The Maryland-National Capital Park and Planning Commission (M-NCPPC) issues general obligation debt for the acquisition and development of local parks and certain special parks and advance land acquisition, with debt limited to that supportable within mandatory tax rates. The Commission also issues revenue bonds funded by its enterprise operations. Pursuant to Section 6-101 of Article 28 of the Annotated Code of Maryland (1997 Replacement Volume and 2000 Supplement), the County must guarantee payment of principal and interest on the debt of M-NCPPC that is not self-supporting.

Towns and Cities

The towns of Brookeville, Poolesville, and Garrett Park, and the cities of Rockville and Takoma Park are located wholly within Montgomery County and issued long-term obligations to fund various public amenities such as road and sewer improvements.

Special Taxing Districts

The County created three development districts: Kingsview Village Center, West Germantown, and Clarksburg Town Center. These development districts were created in accordance with Chapter 14 of the Montgomery County Code, the Montgomery County Development District Act enacted in 1994. The creation of these districts allows the County to provide financing, refinancing, or reimbursement for the cost of infrastructure improvements necessary for the development of land in areas of the County with high priority for new development or redevelopment.

Pursuant to Chapter 14, special taxes and/or special assessments may be levied to fund the costs of bonds or other obligations issued on behalf of the respective district. Any bond issued under Chapter 14 is not an indebtedness of the County within the meaning of Section 312 of the Charter. Additionally, any bond issued must not pledge the full faith and credit of the County, and must state that the full faith and credit is not pledged to pay its principal, interest, or premium, if any. Any bonds issued are not considered liabilities of the County and are not reported in the County's financial statements.

In December 1999, the County issued \$2.4 million in special obligation bonds for the Kingsview Village Center Development District. Special taxes and assessments were levied beginning in FY01 to repay this debt. In April 2002, the County issued two series of special obligation bonds for the West Germantown Development District. The County issued \$11.6 million of Senior Series 2002A bonds and \$4.3 million of Junior Series 2002B bonds to finance the construction of infrastructure in the development district. Special taxes and assessments were levied beginning in FY03 to repay this debt. Bonds have not yet been issued for the Clarksburg Town Center development district.

(The remainder of this page has been left blank intentionally.)

County Facility Lease Obligations

The County leases building and office facilities and other equipment under non-cancelable operating leases. Lease agreements typically provide for automatic termination on July 1 of any year in which funds to meet subsequent rental payments are not appropriated. Total costs for operating leases were approximately \$16,004,000 for FY09. Long-term leases with the Maryland Economic Development Corporation (MEDCO) and the Montgomery County Revenue Authority are subject to annual appropriations, but are related to the debt service on bonds that MEDCO and the Revenue Authority issued on the County's behalf.

Following is a listing of significant lease agreements for FY10:

<u>Payee</u>	<u>Location</u>	<u>Use</u>	<u>Total Rent For FY10</u>

Halcyon Associates	8641-63 Grovemont Circle, Gaithersburg	Police/Fire & Rescue	297,354

Other Operating Payment Agreements

Lease Revenue Bonds – Metrorail Garage Projects

The County entered into a Trust Agreement dated June 1, 2002 with Wachovia Bank, N.A. related to the issuance of \$37,880,000 in Lease Revenue Bonds to finance the costs of parking structures and related facilities at the Shady Grove Metrorail Station and the Grosvenor Metrorail Station in Montgomery County. The County leased the garages to the Washington Metropolitan Area Transit Authority (“WMATA”), an interstate compact agency and instrumentality of the District of Columbia, the State of Maryland and the Commonwealth of Virginia.

Pursuant to the Trust Agreement, and a First Supplemental Trust Agreement dated September 1, 2004, additional bonds in the amount of \$4,745,000 were issued by the County on September 28, 2004 to complete construction of the Shady Grove and Grosvenor parking structures and related facilities. The final maturity of the Series 2002 and Series 2004 bonds is in 2024.

The Bonds are limited obligations of the County payable solely from and secured by a pledge of (1) the revenues and receipts to be derived from the lease of the garages to WMATA and (2) certain funds and accounts established pursuant to the Trust Agreement, including a debt service reserve. The County covenanted to budget, appropriate and pay to the Trustee for deposit in the debt service reserve, at any time in any fiscal year when the amount to the credit thereof is less than required by the Trust Agreement, an amount equal to the deficiency; however, the obligation of the County to make any such payment in any fiscal year is contingent upon the appropriation for such fiscal year by the Montgomery County Council of funds from which such payment can be made. The obligation of the County under the agreement does not constitute a pledge of the full faith and credit or of the taxing powers of the County.

Certificates of Participation – Equipment Acquisition Program

The County entered into a conditional purchase agreement dated October 1, 2007 with U.S. Bank National Association for the purpose of borrowing \$33,580,000 to acquire equipment for use in the County’s fire and rescue program. The County’s obligation to make purchase installments under the agreement in any fiscal year is contingent upon the County Council making an appropriation for such purpose in such year. In the event that the Council does not appropriate moneys to make such purchase installments, the County is required to return the equipment to the seller without any additional financial liability. The obligation of the County under the agreement does not constitute a pledge of the full faith and credit or of the taxing powers of the County. The certificates of participation mature on October 1, 2017.

(The remainder of this page has been left blank intentionally.)

GENERAL FINANCIAL POLICIES

Reporting Entity

The County reporting entity is determined by criteria set forth in promulgations of the Governmental Accounting Standards Board. The reporting entity includes the fiscal activities of Montgomery County Government, as the primary government, and Montgomery County Public Schools (MCPS), Montgomery Community College ("the College"), Montgomery County Revenue Authority, the Housing Opportunities Commission of Montgomery County, and the Bethesda Urban Partnership, Inc., as component units. Not included within the reporting entity are the Montgomery County portion of Maryland-National Capital Park and Planning Commission, Washington Suburban Sanitary Commission, Washington Suburban Transit Commission, Washington Metropolitan Area Transit Authority, Metropolitan Washington Council of Governments, and the Northeast Maryland Waste Disposal Authority. These entities are considered joint ventures and disclosure of the County's participation in these joint ventures is presented as a footnote to the County's financial statements included in its Basic Financial Statements (refer to Appendix A for statements as of June 30, 2009).

Basis of Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance/net assets, revenues, and expenditures/expenses, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Montgomery County received the Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association of the United States and Canada (GFOA) for its Comprehensive Annual Financial Report (CAFR) more times than any other county in the nation. Since 1951, the County received the award 39 times and in 37 consecutive years since 1972. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. The report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The County believes the FY09 CAFR continues to meet the Certificate of Achievement Programs requirements and submitted it to the GFOA to determine its eligibility for another certificate.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and certain fiduciary fund (pension and other employee benefit trusts, investment trust, and private-purpose trusts) financial statements. The agency funds also use the accrual basis of accounting to recognize assets and liabilities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year in which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Capital assets and related depreciation are also recorded in these statements.

Governmental fund (i.e., General, Debt Service, Capital Projects, Special Revenue, and Permanent) financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment has matured and is due. Similarly, expenditures related to claims and judgments, and compensated absences, are recorded only to the extent that they are expected to be liquidated with expendable available financial resources. Also, capital assets and related depreciation and long-term liabilities are not recorded in these statements.

Proprietary funds, which consist of enterprise funds and internal service funds, are used to account for operations that are financed and operated in a manner similar to private business enterprises in which costs are recovered primarily through user charges. Proprietary fund financial statements, like the government-wide financial statements, provide both long-term and short-term financial information. The fund financial statements provide more detail and additional information, such as cash flows, for the County's enterprise funds. The County has three major enterprise funds – liquor control, solid waste activities, and parking lot districts – and two nonmajor funds. The internal service funds, which are presented in a single, aggregated column in the proprietary fund financial statements, are used to account for the provision of liability and property insurance coverage, employee health benefits, motor pool services, and central duplicating services, to County departments on a cost reimbursement basis. Although both the fund and government-wide financial statements provide a long-term and short-term focus, reconciliations between these two sets of statements are still required. This is due to the fact that the excess income/loss for the internal service funds has been redistributed to the customers, including business-type activities; such reconciliations are reflected on the bottom of the proprietary fund financial statements.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The County's fiduciary funds consist of pension and other employee benefit trusts, an investment trust, private purpose trusts, and agency funds.

Basis of Budgeting

At the direction of the County Executive, the Office of Management and Budget has begun, and over the course of the next year will complete, the implementation of Results-Based Budgeting. Results-Based Budgeting ensures that resource allocation is based on County priority objectives to make government more responsive, that programs and initiatives are operating effectively and efficiently, and that tax dollars are spent wisely through the use of performance data as a primary basis for review and analysis of budgetary requests.

When fully implemented, Results-Based Budgeting will (1) rely on historical and projected performance data and other reliable and relevant evidentiary data to justify budget allocations through the demonstration of performance results; (2) document the "return on investment" expected from budget expenditures by assessing the impact of those expenditures on the customers of County services ("customer results"), the quality of life in Montgomery County, and the Montgomery County Results; (3) enhance opportunities for cross departmental/agency coordination and resource allocation decisions, since the corresponding impact of resource changes on performance can be evaluated in a timely and objective manner; (4) use data systematically and transparently to drive the decision-making processes by which finite resources are allocated to achieve both customer results and the Montgomery County Results; (5) provide a better basis for decision making and administration of annual budgets, including additional investments or budgetary reductions, since these decisions would be based on alignment with priority objectives and performance data. This includes changes of the use of base funding if such changes will improve results, as opposed to limiting such decisions to only new or incremental funding; (6) routinely seek improvements to productivity and no-cost or low-cost solutions to problems; and (7) be used for the annual budget development and review process, as well as any mid-year decisions.

Legal Framework for Budgeting

As required by the County Charter, the County Executive submits to the County Council, not later than January 15, a comprehensive six-year Capital Improvements Program (CIP) in each even numbered year, and a Capital Budget each year. In addition, the County Executive, not later than March 15 of each year, submits an annual Operating Budget, a six-year Public Services Program (PSP), and Fiscal Policy.

The Capital Improvements Program includes a statement of the objectives of capital programs and the relationships of capital programs to the County's long-range development plans; recommends capital projects and a construction schedule; and provides an estimate of costs, a statement of anticipated revenue sources, and an estimate of the impact of the program on County revenues and the operating budget. The Capital Improvements Program, to the extent

authorized by law, includes all capital projects and programs of all agencies for which the County sets tax rates or approves budgets or programs.

The fiscal program shows projections of revenues and expenditures for all functions, recommends revenue and expenditure policies for the program, and analyzes the impact of tax and expenditure patterns on public programs and the economy of the County.

As part of the six-year CIP and PSP programs, the County Executive includes the proposed capital and operating budgets containing recommended levels of expenditures and sources of revenue for the ensuing fiscal year. In addition, a summary is submitted containing an analysis of the fiscal implications for the County of all available budgets of all agencies for which the County Council sets tax rates, makes levies, and approves programs or budgets. These other agencies include the Montgomery County Public Schools, Montgomery College, the Maryland-National Capital Park and Planning Commission, the Housing Opportunities Commission of Montgomery County, the Montgomery County Revenue Authority, the Washington Suburban Sanitary Commission (a bi-county agency), the Washington Suburban Transit Commission (a bi-county agency), and the 19 independent Fire and Rescue Corporations.

The County Council must hold public hearings on the proposed budgets and six-year programs commencing not earlier than 21 days following their receipt. The County Council may add to, delete from, increase or decrease any appropriation item in the operating or capital budget. The Council also approves the budget, as amended, and appropriates the funds not later than June 1 of the year in which it is submitted. By June 30th of each year the County Council makes the tax levies deemed necessary to finance the budgets for the ensuing fiscal year beginning July 1. Pursuant to a Charter amendment adopted in the November 2008 general election, the County Council may not levy an ad valorem tax on real property to finance the budgets that will produce total revenue that exceeds the total revenue produced by the tax on real property in the preceding fiscal year plus a percentage of the previous year's real property tax revenues that equals any increase in the Consumer Price Index unless approved by the affirmative vote of all nine Council members. This limit does not apply to revenue from 1) newly constructed property, 2) newly rezoned property, 3) property that, because of a change in State law, is assessed differently than it was assessed in the previous tax year, 4) property that has undergone a change in use, and 5) any development district tax used to fund capital improvement projects.

The Charter requires that County capital improvement projects which are estimated to cost in excess of an amount established by law, or which the County Council determines to possess unusual characteristics or to be of sufficient public importance, must be individually authorized by local law, which would be subject to referendum upon timely petition of five percent of the County's registered voters. The cost criterion for projects in the FY10 Capital Budget and the Amended FY09-14 CIP is \$13.6 million. The Charter also requires approval of the aggregate operating budget by the affirmative vote of six Council members, as opposed to a simple majority, when it exceeds the budget for the preceding year by a percentage which is greater than the percentage increase in the Consumer Price Index for all urban consumers for the Washington-Baltimore combined metropolitan statistical area (CMSA) for the 12 months preceding December 1 of each year, as published by the U.S. Department of Labor. In addition, a Charter amendment adopted at the November 1990 general election requires the County Council to annually adopt spending affordability guidelines for the capital and operating budgets, including guidelines for the aggregate capital and operating budgets. Any aggregate capital budget or aggregate operating budget that exceeds the guidelines then in effect requires the affirmative vote of seven of the nine council members for approval.

ANNUAL BUDGETS

Operating Budget and Tax Rates

On May 21, 2009 the County Council approved the FY10 operating budget comprising the County Government, MCPS, the College, and M-NCPPC aggregating \$4.474 billion. This budgetary level represents an increase of 3 percent over the adopted budget for FY09.

The FY10 operating budget provides the greatest share (52.5 percent) of total tax supported resources to Montgomery County Public Schools, including funding to preserve key academic initiatives and maintain class sizes. Funds for Montgomery College include funding to complete the expansion of the Takoma Park/Silver Spring campus with the opening of the Performing Arts Center and a new parking garage while maintaining support for students at all campuses of the College. In addition, affordable housing, public safety and criminal justice, health and human services, and public works are funded for important improvements in FY10.

The approved FY10 budget provided for an undesignated surplus of \$64.2 million in the General Fund and \$76.2 million across all tax supported funds. For FY10, the estimated effective real property tax rate for the County increases to \$0.904 per \$100 of assessed valuation compared to the actual effective real property tax rate of \$0.903 per \$100 of assessed valuation in FY09.

Capital Budget/Capital Improvements Program

The County Council approved the FY10 Capital Budget and FY09-14 Amended Capital Improvements Program (CIP) for the County government and the required agencies, except for WSSC, aggregating \$3.740 billion for FY09-14. This amended program provided for County bond funding aggregating \$1.840 billion over the FY09-14 amended six-year period. The Council approved a Capital Improvements Program for WSSC totaling \$980.9 million for FY10-15. (WSSC is governed by State Law and is the only agency for which the County Council adopts an annual CIP).

SELECTED FINANCIAL INFORMATION

General Fund

Summary Financial Results

Montgomery County concluded the fiscal year ending June 30, 2009, with an unreserved undesignated balance for the General Fund of \$28.9 million. The County's governmental funds reported combined ending fund balances of \$423.7 million, a decrease of \$158.9 million over the prior year's ending fund balances. The Revenue Stabilization Fund (RSF), including related investment income, was \$119.6 million at the close of FY08. Following the mandatory contribution requirement, half of actual General Fund receipts from the (i) income tax, (ii) transfer tax, (iii) recordation tax, and (iv) investment income above the budget estimate must be transferred to the RSF. Since actual revenues fell below estimated revenues in FY09, there was no mandatory contribution made to the RSF. Therefore, the amount in the fund remained \$119.6 million at the end of FY09.

General Fund Revenues

Actual revenues for the General Fund totaled \$2,700.9 million and were 3.2 percent below the budget estimate for the fiscal year but 4.5 percent above actual revenues for FY08. The three largest contributors to the variance in dollars between the budget estimate and actual revenues were the income tax (\$33.7 million below the budget estimate), followed by the recordation tax (\$25.6 million below the budget), and finally, the real property transfer tax (\$16.1 million below the estimate). Revenues from consumption/excise taxes which include fuel/energy, telephone, hotel/motel, and admissions taxes, were \$179.2 million in FY09. That amount was \$6.5 million or 3.5 percent below the budget estimate. Investment income was approximately \$3.9 million below the budget estimate. Licenses and permits (2.2%) and charges for services (3.4%) came in above budget estimates. Intergovernmental revenues were 10.4 percent below the budget estimate. Such a decrease was attributed to State reimbursements which came in 13.6 percent below the budget estimate, and other intergovernmental revenue which were 8.8 percent below the budget estimate. Federal reimbursements, which represent only 20.4 percent of total intergovernmental revenues, came in 4.0 percent above the budget estimate.

Major Sources of General Fund Revenue

Income Tax

The largest revenue source for the General Fund is the County income tax. Revenues from the income tax were \$1,291.7 million and represented 50.8 percent of actual tax revenues and 47.8 percent of total actual revenues in FY09. Income tax receipts became the majority source of tax revenues in the General Fund when it surpassed the property tax in size in FY99. The dramatic shift in the reliance on the income tax as a major source of revenue can be attributed to two factors: the expansion of the employment base in the County and growth in capital gains. With a Standard & Poor's 500 index decreasing 38.5 percent in calendar year (CY) 2008 after increasing 3.5 percent in CY2007, 13.6 percent in CY2006, 3 percent in CY2005, and 9 percent in CY2004 and an average annual growth rate of 1.4 percent in the County's resident employment during the CY2003-CY2006 period, income tax revenues increased 10.4 percent in FY04, 8.2 percent in FY05, 11 percent in FY06, 21.1 percent in FY07, and 2.1 percent in FY08. However, with a decline in the growth in resident employment in CY2007 (0.1%) and in CY2008 (0.4%) coupled with the dramatic decline in the S&P 500 index in CY2008, there was no increase in FY09.

Property Tax

Property tax collections in the General Fund amounted to \$962.3 million in FY09, which were \$2.8 million (0.3%) below the budget estimate, but 20.8 percent above actual revenues in FY08. Actual property taxes, excluding penalties and interest and other items, were \$960.9 million in FY09, an increase of 20.9 percent over last year. Collections from penalties and interest were \$1.4 million, a 25.6 percent decrease compared to FY08. The reason for the modest decrease in property tax revenues compared to the budget estimate is attributed to the decline in personal property taxable assessments. The dramatic increase in property tax collections for the General Fund was also attributed to actions by the County to limit the amount of increase in real property taxes to the rate of inflation as required by the Charter Limit. Such actions by the County included an income tax offset of \$579 per owner-occupied residence, compared to the \$613 for the prior fiscal year, and an increase in the General Fund tax rate from \$0.627 to \$0.661 per \$100 of assessed value.

The taxable assessments for real property increased 11.1 percent from FY08 to FY09. This was the fourth largest increase in over 18 years. New construction, which added \$1.4 billion to the base in FY09, was 4.6 percent lower than in FY08. The real estate market, particularly the annual double-digit price increases during fiscal years (FY02-FY06), fueled the dramatic increase in the reassessment rate from 21.8 percent to 65 percent for Cycle Two reassessments of the County's real property with the three-year phase in starting in Levy Year (LY) 2005, that preceded an increase in the rate from 36.3 percent to 63.3 percent for Cycle Three reassessments in LY06, but declined from 51.8 percent to 43.4 percent for Cycle One in LY07 indicating a significant deceleration in the growth of average sales prices during FY07 and FY08. With the average sales price for an existing home declining 15.8 percent in FY09, the reassessment rate for Group Two declined from 65 percent for LY05 to 16.2 percent for LY08. The homestead tax credit limits annual increases in homeowners' taxable assessments to 10 percent per year although other taxable assessments such as commercial and investment residential properties are not limited by this credit. While there were dramatic increases in the reassessment rates, which added over \$16.7 billion to the assessable base in FY09, such increases were potentially offset by the homestead tax credit, which excluded an additional \$2.3 billion from the real property taxable base in FY09.

Assessments of personal property increased 2.8 percent in FY99, 3.2 percent in FY00, 5.1 percent in FY01, 3 percent in FY02, 0.6 percent in FY03, but declined 6.2 percent in FY04 primarily due to weaknesses in all three categories: individual, public utility, and corporate. There was no rebound in the subsequent years as illustrated by a 1.5 percent decline in FY05, and another 1.8 percent decline in FY06. The declines in FY05 and FY06 were attributed to adjustments to individual personal property undertaken by the Maryland Department of Assessments and Taxation. Due to a rebound in personal property for public utilities, assessments increased 3.1 percent in FY07 and 0.5 percent in FY08. However, because of declines in individual and corporate personal property and public utility tax assessments, total personal property assessments declined 1.3 percent in FY09. For the past four fiscal years (FY06-FY09), taxable assessments for personal property averaged \$3.918 billion ranging from a low of \$3.832 billion in FY06 to a high of \$3.971 billion in FY08. Despite the weaker trend in personal property since FY04, the total taxable assessment grew 9.6 percent in FY05, 11.9 percent in FY06, 13.4 percent in FY07, 12.8 percent in FY08, and 10.8 percent in FY09.

Transfer and Recordation Taxes

The third major category in the County is the combination of real property transfer and recordation taxes. The combined tax receipts from these sources in FY09 were \$107.2 million (excluding recordation tax revenues earmarked for CIP funding of school construction and transfer tax revenues from condominium conversions). That amount was 28 percent below the budget estimate and 20.6 percent below actual revenues in FY08. The FY09 decline in collections from transfer and recordation taxes was the third consecutive decrease, which represented a decline of \$134.5 million over the three-year period. The drop in average sales price for existing homes (15.8%) during FY09 was the major factor in the decline. The total amount collected from these taxes increased from \$93 million in FY99 to a peak of \$241.7 million in FY06, before declining to \$107.2 million in FY09, the lowest amount since the increase in the recordation tax rate beginning in FY03 (from \$4.40 to \$6.90 per \$1,000 of the value of the contract excluding the first \$50,000 exempted from taxation for residential properties).

General Fund revenues from the transfer tax experienced a decline of 19.4 percent in FY09 compared to a 22.4 percent decline in the recordation tax collection. The cause of the decrease was attributable to a dramatic reduction in average sales prices in FY09 (15.8%), revenues from the residential sector were \$56.1 million, a decrease of 18.6 percent over FY08, the third consecutive decrease since FY06. The number of residential transfers declined 3.8% to approximately 12,600, the lowest level in over 19 years and reflecting the drop in housing sales during the first eight months of FY09.

The commercial market was weaker in FY09 compared to the residential sector, with revenues decreasing 24.1 percent from \$10.1 million to \$7.5 million. The number of transfers (112) in FY09 was 53.5 percent below the number in FY08, the lowest number in over 19 years.

Other Taxes

The remaining tax sources, consisting of fuel/energy, telephone, hotel/motel, and admissions and amusement taxes, totaled \$179.2 million and were approximately \$6.5 million, or 3.5 percent, below the budget estimate. Revenues from the telephone tax were 0.2 percent above the budget estimate. That modest increase was attributed to increases in the use of cellular telephones, which represented 66.1 percent of total revenues, and offset the decline in landlines. The remaining consumption/excise taxes were below budget estimates. Revenues from the hotel/motel industry of \$16.8 million in FY09 were 15.3 percent below the budget estimate. The fuel/energy tax was up 9.3 percent compared to FY08 reflecting the higher tax rates on fuel oil, electricity, and natural gas, but 2.5 percent below the budget estimate, which was attributed to a mild winter and therefore a decline in revenues from fuel oil (10.5%). The decrease in the admissions tax (8.1%) from the budget estimate was attributed to the decline in tax receipts from two of the largest sources of revenues which represent nearly 50 percent of total revenues, arcades (0.9%), and golf activities (20.4%).

Investment Income

In the General Fund, investment income decreased from \$8.9 million in FY08 to \$0.6 million and was 87.1 percent below the budget estimate. The dramatic decrease in FY09 was the result of a significant accommodative policy of the Federal Open Market Committee (FOMC) of the Federal Reserve that reduced interest rates beginning in September 2007. From that time to December 2008, the FOMC decreased the target interest rate for federal funds from 5.25 percent to a range of between 0.00 and 0.25 percent, a decline of 500-525 basis points. The justification for such a decrease was the significant global credit crisis that began in August 2007. Because of this 500+-basis-point decrease over the fifteen-month period, short-term or money market rates decreased as well, hence the average yield on cash equity for the County decreased from 5.21 percent in FY07 to 1.71 percent in FY09. Total pooled investment income on a budgetary basis, which includes all funds and outside participants excluding unrealized gains or losses, was \$11.9 million or 72.5 percent below FY08. With the decrease in investment income coupled with a lesser rate of increase in spending, the average daily portfolio balance decreased from \$971.4 million in FY08 to \$695.7 million in FY09.

General Fund Expenditures and Transfers

Expenditure savings in FY09 amounted to \$26.9 million. Savings occurred predominantly in departmental expenditures (\$22.5 million) compared to non-departmental expenditures (\$4.4 million). Even though all departmental and most non-departmental units recognized some savings this year, the majority of the savings occurred in lower than projected operating costs for Health and Human Services (\$8.2 million), and Police (\$5.6 million).

County law requires that half of General Fund receipts from the income tax, transfer and recordation taxes, and investment income above the budget estimate must be transferred to the Revenue Stabilization Fund. Because of lower than expected receipts, there were no mandatory contributions to the Revenue Stabilization Fund in FY09.

Revenue Stabilization Fund

The State of Maryland enacted legislation in 1992 authorizing political subdivisions in Maryland to establish “rainy day” or reserve funds to accommodate future funding shortfalls. Pursuant to this State law, the County established a Revenue Stabilization Fund effective July 1, 1994.

The Revenue Stabilization Fund (the “Fund”) supplements the reserve or operating margin the County annually sets aside. The County’s Charter, Section 310, sets a five percent annual limit on General Fund surplus. The State law authorizing counties to set up rainy day funds expressly prevails over any contrary County charter provision. Revenues in the Fund are allowed to go as high as 10 percent of the aggregate revenue from certain sources in the preceding three fiscal years. The Revenue Stabilization Fund provides a mechanism to level out the revenue stream and adjusts for year-to-year fluctuations beyond a certain baseline level. County law requires that 50 percent of the growth above the average of the six preceding fiscal years in certain taxes (income, property transfer, recordation, but not the property tax) and General Fund investment income be set aside in a restricted fund. Also, 50 percent of the annual revenue from these sources in excess of the Council’s original projection in the budget resolution goes to the Fund.

The Council, acting on the Executive’s recommendation, may release up to half the balance in the Fund only if certain recessionary economic conditions occur. Two of the following three conditions must be met: 1) the Director of Finance estimates that total General Fund revenues will fall more than 2 percent below the original projected revenues; 2) resident employment in the County has declined for six consecutive months compared to the same period in the previous year; and 3) a local index of leading economic indicators has declined for three consecutive months. Amounts released from the Fund can only be used for appropriations that have become unfunded.

As the result of lower than estimated income tax revenues, transfer and recordation tax revenues and investment income, there were no mandatory contributions to the Revenue Stabilization Fund at the end of FY09. There was no mandatory transfer in FY08, but a mandatory transfer of \$11.9 million made to the Fund at the end of FY07. With earned interest, the Revenue Stabilization Fund reached its maximum allowable size of \$119.6 million at the close of

FY07 and has remained at that level through FY09. Since the Fund reached more than half of its maximum size, according to the County law that established the Fund, interest earned from the fund must be transferred to PAYGO. The interest transfer in FY09 was \$2.0 million. The table below indicates mandatory and discretionary transfers made to the fund since its inception in 1997.

Table 15
Revenue Stabilization Fund
Transfers In and Fund Balance

<u>Fiscal</u> <u>Year</u>	<u>Transfers</u> <u>(millions)</u>	<u>Fund</u> <u>Balance</u> <u>(millions)</u>
2009	\$ --	\$ 119.6
2008	--	119.6
2007	11.9	119.6
2006	6.6	107.8
2005	5.2	101.2

2001	8.9	79.5
2000	8.4	70.6
1999	5.5	62.2
1998	21.4	56.8
1997	18.7	29.4

Note: Fund Balances include transfers in and investment income.

Enterprise Funds

The county has three major enterprise funds – liquor control, solid waste activities, and parking lot districts – which are accounted for and operated in a manner similar to private business enterprises. The results of operations for Fiscal Years 2005 – 2009 are shown in the table below.

(The remainder of this page has been left blank intentionally.)

Table 16

Self-Insurance Funds

On July 1, 1978, County Code Section 20-37 was enacted to establish the Montgomery County Self-Insurance Program. The County self-insures such exposures as workers' compensation, commercial general liability, automobile liability, professional/public official liability, certain property, and other selected risks which require mitigation.

An Inter-Agency Insurance Panel comprised of the County and member agencies, and chaired by the County's Finance Director, provides overall direction, formulates insurance policy, reviews claims, and evaluates the effectiveness of the loss control program. Claims against the agencies are handled under a contract with a third party claims administrator. Legal services are provided by the Office of the County Attorney.

The County Finance Department, Division of Risk Management operates the Self-Insurance Program for the County and other participating agencies: MCPS, Montgomery College, M-NCPPC, various independent fire Corporations, City of Rockville, Montgomery County Revenue Authority, Housing Opportunities Commission of Montgomery County, Rockville Housing Enterprises, Town of Somerset, Villages of Martin's Additions, Drummond, and Friendship Heights, and the Bethesda Urban Partnership. The City of Takoma Park and the City of Gaithersburg also participate for workers' compensation coverage only.

In addition to the self-insured coverage, Risk Management coordinates the purchase of commercial insurance for such coverage as All Risk Property Insurance, Boiler and Machinery, Public Official and Employee Bonds, Electronic Data Processing, Fiduciary Liability, and others. Beginning March 15, 2007, Commercial Excess Liability insurance was purchased, and is effective through June 30, 2010. It is expected this coverage will be maintained, but is dependent on market conditions and price at the time of the policy renewal.

A summary of FY09 operations of the program is outlined below:

	(<u>\$000's</u>)
Revenues:	
Contributions from participating agencies	\$32,062
Interest on investments	1,737
Recovered losses	514
Other income	<u>251</u>
Total Revenues	<u>34,564</u>
Expenses:	
Claims expense	36,548
Claims administration, loss control, external insurance, and other administrative expenses	<u>11,567</u>
Total Expenses	<u>48,115</u>
Net loss	(13,551)
Retained earnings, July 1, 2008	<u>14,322</u>
Equity balance, June 30, 2009	<u>\$771</u>

By State law effective July 1, 1987, local government employees are protected by the Local Government Tort Claims Act. Under this legislation, the liability of the employees of local governments for common law torts, such as negligence, is limited to \$200,000 for an individual claim, and \$500,000 for all claims arising from one occurrence. This act, combined with the law limiting the public school system's liability to \$100,000, significantly decreases the exposure of the program to large losses.

The County is also self-insured for unemployment benefits and maintains a minimum premium funding arrangement for employee health insurance. The FY09 operations for these two elements of the insurance program are not reflected above.

County Employee Retirement Plans

Employees' Retirement System

The Employees' Retirement System (System) is a cost-sharing multiple-employer defined benefit pension plan established in 1965. Nine other agencies and political subdivisions elected to participate, including the: Montgomery County Revenue Authority, Housing Opportunities Commission of Montgomery County, independent fire/rescue corporations, Town of Chevy Chase, Strathmore Hall Foundation, Inc., Washington Suburban Transit Commission, Montgomery County Employees Federal Credit Union, and certain employees of the State Department of Assessments and Taxation and the District Court of Maryland. The System is closed to employees hired on or after October 1, 1994, except public safety bargaining unit employees. All covered full-time employees of the County and participating agencies must become members of the System as a condition of employment. The System is a contributory plan with employees contributing a percentage of their base annual salary depending on their group classification which also determines retirement eligibility. The payroll for employees covered by the System for the years ended June 30, 2009 and 2008 was approximately \$376.9 million and \$372.2 million, respectively. The total payroll for Montgomery County Government in FY09 and FY08 was \$706.5 million and \$669.4 million, respectively.

Deferred Retirement Option Plans (DROP), established in FY00, allow any employee who is a member of a specified membership group or bargaining unit, and who meets certain eligibility requirements, to elect to "retire" but continue to work for a specified time period, during which pension payments are deferred. When the member's participation in the DROP ends, the member must stop working for the County, draw a pension benefit based on the member's credited service and earnings as of the date that the member began to participate in the DROP, and receive the value of the DROP payoff. At June 30, 2009 there were 68 participants in the DROP.

The Board of Investment Trustees is responsible for managing the investment programs of the Montgomery County Employee Retirement Plans. The System's assets are invested in a diversified portfolio of equities, bonds, real estate and other investment vehicles to control the extent of downside risk to which the System is exposed while maximizing the potential for long term increases in the value of assets.

Participants:			
Active	5,294	5,060	5,012
Retired	5,495	5,811	5,831

Retirement Savings Plan

The Retirement Savings Plan (RSP) is a cost-sharing multiple-employer defined contribution plan established in 1994. All non-public safety and certain public safety employees not represented by a collective bargaining agreement and hired on or after October 1, 1994 are covered by the Plan. All covered full-time employees of the County and participating agencies must become members of the RSP as a condition of employment. All covered career part-time employees of the County and participating agencies may become members on an individual basis.

The County Code authorizes the Board to establish a diversified slate of mutual and commingled investment funds from which participants may select. As of June 30, 2009, the defined contribution plan had 5,829 participants with net assets totaling \$129.7 million. As of June 30, 2008, the plan had 5,536 participants and assets of \$128.5 million.

Deferred Compensation Plan

Employees of the County may participate in the Montgomery County Deferred Compensation Plan (DCP), which was established pursuant to Section 457 of the Internal Revenue Code of 1986, as amended. The County Code authorizes the Board to establish a diversified slate of mutual and commingled investment funds from which participants may select. Under the DCP, contributions are sent to the provider for the different types of investments as selected by participants. Legislation enacted in December 2004 allows the County to sponsor one or more additional deferred compensation plans for employees covered by a collective bargaining agreement. At June 30, 2009 there were 3,894 participants in the County's DCP with \$202.3 million in net assets.

Additional information on the County's retirement plans is available in Appendix A, "Notes to Financial Statements" Note IV-F, Pension Plan Obligations; or the Comprehensive Annual Financial Report prepared by the Board of Investment Trustees for the Montgomery County Employee Retirement Plans.

Other Post Employment Benefits

The Governmental Accounting Standards Board (GASB) issued Statement No. 45, *Accounting and Financial Reporting for Employers for Postemployment Benefits Other than Pensions* (GASB 45), which addresses how state and local governments should account for and report their costs and obligations related to other post employment benefits (OPEB). GASB 45 generally requires that employers account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Annual OPEB costs for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due. The County implemented GASB 45 as required in FY08.

In January 2009, the County obtained actuarial valuation information addressing the extent of the County's liability to its retirees for OPEB as of July 1, 2008. The OPEB report is subject to a number of actuarial and economic assumptions; these assumptions were generally similar to the assumptions used in evaluating the County's pension fund liabilities.

Based on the assumptions and qualifications stated therein, the OPEB report concluded that, assuming full prefunding, the FY10 annual required contribution (ARC) for the County and its tax supported agencies is \$255 million, and the related actuarial accrued liability (AAL) is \$2.7 billion. In May 2008, the County Council passed resolution number 16-555, calling for an eight-year phase-in to the ARC. Consistent with this approach and based on the current economic situation, the County appropriated \$15.3 million in its FY10 operating budget for the tax-supported agencies. This is in addition to the \$40.6 million and \$38.6 million appropriated and funded in FY09 and FY08, respectively.

Property Tax Information

The County levies real and personal property taxes on all taxable property within its boundaries. Annual payments of taxes are due in full on July 1 and become delinquent on the following October 1. Semi-annual payments are the standard in Maryland for residential property owners only, with the semi-annual payments becoming delinquent after September 30 and December 31. Tax sales to recover delinquent real property taxes are held on the second Monday in June in the fiscal year that taxes are due and payable. Legal action may be taken to enforce payment of both real and personal property taxes.

Property Tax Assessments

The assessment of all real and tangible personal property for purposes of property taxation by State and local governmental units is the responsibility of the State Department of Assessments and Taxation (SDAT). Assessment rolls are maintained in each county seat and in Baltimore City. Real property is valued at market value (full cash value) and assessed in each year at a percentage of market value. One-third of the real property base is reassessed every three years. An increase in full cash value arising from such reassessment is phased in over the ensuing three tax years in equal annual amounts. A decline in assessed valuation becomes fully effective in the first year.

Because of growth in new construction of over \$1.5 billion per year between FY04-FY09, and improved valuation of properties, the total property taxable base increased at an average annual rate of 11.7 percent over the last six years, measured through FY09. Due to a slight decline in business investment in personal property from FY04 to FY06 attributed to an adjustment by the SDAT to assessments of individual personal property, the personal property base decreased at an average annual rate of only 0.2 percent during six fiscal years (FY04-FY09). Therefore, personal property remained essentially constant through the FY04-FY09 period. Because of the dramatic growth in the real property assessable base attributed to real estate price appreciation from the exceptionally strong housing market, the real property assessed values increased at an average annual rate of 12.1 percent during the six-year period.

2004	89,263,005,267	3,963,801,610	93,226,806,877	7.61	91.35

Sources: Montgomery County Department of Finance, Comprehensive Annual Financial Reports.

Tax-exempt properties are excluded from the above figures. In FY09, such exemptions for real property owned by Federal, State, County, and other governmental units, and certain non-profit organizations totaled \$16.8 billion on June 8, 2008, based on data from the State Department of Assessments and Taxation. Tax-exempt real property constitutes 8.5 percent of the total assessable base. The SDAT grants exemptions from property taxes, pursuant to State law. The ratio of total assessed value to total full market value is based on studies conducted by the SDAT.

Impact Tax

Significant development is occurring throughout Montgomery County, placing great demands on the County to provide for transportation improvements, public schools and other public facilities. Effective March 1, 2004, and pursuant to Articles VII and XII of Chapter 52 of the Montgomery County Code (“Development Impact Tax for Transportation Improvements,” and “Development Impact Tax for Public School Improvements,” respectively), nearly all new residential development within Montgomery County is required to pay impact taxes. These impact taxes are a means of transferring a share of the costs of additional transportation improvements and additional classrooms in public schools to the new development that is primarily responsible for creating these needs. The tax is imposed prior to the issuance of a building permit.

The original impact tax law was enacted in 1990, was applied for transportation improvements only, and affected two outlying geographic areas of the County: Germantown, in the northern section of the County, and an eastern section of the County. The law was amended in 2001 to add another northern section of the County (Clarksburg), and again in 2002 to extend the impact tax for transportation improvements to the remainder of the County. Amendments in 2004 added the schools impact tax, and 2007 amendments (effective during FY08) substantially increased tax rates.

The following table illustrates impact tax collections over the last 13 years.

(The remainder of this page has been left blank intentionally.)

DEMOGRAPHICS

Population

The population of the County, according to the 2000 Census, was 878,683, an increase of 15.7 percent since the 1990 Census. The Maryland-National Capital Park and Planning Commission (M-NCPPC) population estimate shows 966,000 for the County by July 1, 2010.

Employment

The County's economic structure reveals a diversified economy with a strong service sector. The total private sector (trade, information services, financial activities, professional services, education and health, and hospitality) employed 82.4 percent of the total workforce in 2008, the latest available annual data. The following tables present the County's employment by industrial sector.

(The remainder of this page has been left blank intentionally.)

Federal Government Employment

The County is home to 23 Federal agencies in which nearly 69,000 civilians are employed, including a significant number of non-Federal employees working as consultants or researchers. The National Institutes of Health in Bethesda (part of the Department of Health and Human Services) is one of the nation's centers of medical research. The following is a partial list of Federal agencies in the County and their estimated employment in 2008.

Department of Health and Human Services	39,979
National Institutes of Health	
Food and Drug Administration	
Other	
Department of Defense	14,709
Naval Medical Command	
National Geospatial Intelligence Agency	
Walter Reed Army Medical Center/Institute of Research	
Naval Surface Warfare Center	
Army Laboratory Center	
Other	
Department of Commerce	8,749
National Oceanic & Atmospheric Administration	
National Institute of Standards & Technology	
Nuclear Regulatory Commission	2,972
Department of Energy	2,070
Consumer Product Safety Commission	338

Source: M-NCPPC Montgomery County Department of Park and Planning, Research and Technology Center (2008 data).

Private Sector Employment

There are several thousand private sector employers in Montgomery County. Below is a listing of some of the County's largest employers.

<u>Name of Firm</u>	<u>Est. No. of Employees</u>
Lockheed Martin	7,000
Adventist Healthcare*	6,911
Marriott International, Inc. (Headquarters)	3,957
Giant Food Corporation	3,816
Holy Cross Hospital	3,200
International Business Machines (IBM)	2,750
Clark Enterprises	2,450
Government Employees Insurance Company (GEICO)	2,243
Westat, Inc.	2,000
Discovery Communications, Inc.	1,669
Chevy Chase Bank (Headquarters)	1,600
MedImmune/Astra Zeneca	1,500
Suburban Hospital	1,400
Hughes Communications, Inc.	1,310
B.F. Saul Co.	1,301
Montgomery General Hospital	1,273
GXS, Inc.	1,100

*Includes Shady Grove and Washington Adventist Hospitals

Note: The employee numbers listed are best estimates taken during the Spring of 2009 from various sources, including first-hand research by the County's Department of Economic Development, and Dun & Bradstreet's online database.

(The remainder of this page has been left blank intentionally.)

Personal Income

Actual personal income of County residents reached \$63.6 billion in calendar year 2007 and is estimated to total approximately \$65.3 billion in 2008 and \$67.1 billion in 2009. Income in 2007 experienced a growth rate of 6.9 percent, greater than the nation's growth rate of 5.6 percent, and higher than the State's rate at 6.2 percent. By contrast, growth in 2008 is estimated to increase 2.7 percent then accelerate to 2.8 percent in 2009, which is well below the eight-year (2000-2007) annual average growth rate of 5.5 percent. The decline in resident employment (2.8%) for the first nine months of 2009, the latest date for which data are available, compared to the same period in 2008 is the primary reason for the estimated deceleration in personal income growth.

The County, which accounts for just over 16.5 percent of the State's population, is expected to account for 24.9 percent of the State's total personal income in 2009, which is one percentage point above the previous nine year average of 23.9 percent.

Average Household and Per Capita Personal Income

The County's total personal income reached \$63.6 billion in calendar year 2007, up from a \$59.5 billion in 2006, and per capita income is expected to reach \$69,300 in 2009, up from \$67,525 in 2007. Average household income is expected to increase from \$178,867 in 2007 to approximately \$184,900 in 2009.

Notes: A major affluent suburban county is defined as a county in either a Metropolitan Statistical Area (MSA) or a Primary Metropolitan Statistical Area (PMSA) with a population of at least 200,000 where income levels are considerably higher than in the central city and other jurisdictions in the area. These counties are primarily suburban in nature; no city or town accounts for 40 percent or more of the total population.

ECONOMY

Agriculture

Agriculture in Montgomery County is a diverse industry that occupies about one-quarter of the County land area. The County's agriculture industry contributes over \$243 million to the local economy. Over \$84 million comes from the County's thriving equine industry, about \$126 million from horticulture, and \$33 million from traditional agriculture. There are more than 561 farms and 350 horticultural enterprises in the County. The majority of farms are family-run operations, most having been in the same family for several generations. The industry as a whole employs more than 10,000 residents.

Preservation of rural land for agricultural use is a high priority in the County. Farmland preservation efforts consist of a variety of strategic programs offered by the County and State. The County received a total of \$19.3 million in Rural Legacy Program grant awards.

Since its creation in 1980, the 93,000 acre Agricultural Reserve controlled farmland development in the County. There are approximately 70,000 acres of farmland in the Reserve, and another 20,000 acres within the Reserve are publicly owned (parkland) or previously developed land (rural villages). Currently, Montgomery County is ranked second nationally in acres of farmland protected through easements (70,832 acres), and has the highest percentage of land in farms preserved in the nation (94 percent).

In 1980, 60 percent of the farmland in the Agricultural Reserve was owned by speculators. Through farmland preservation programs this trend was significantly reduced as more farms are now owned and operated by farmers.

Farmers and landowners can choose from seven separate agricultural land preservation programs. Each of these programs places an easement on the property that prevents future commercial, residential or industrial development of the land. These programs include:

- Montgomery County Agricultural Easement Program (AEP)
- Maryland Agricultural Land Preservation Foundation (MALPF)
- Maryland Environmental Trust (MET), and other private trust organizations
- Montgomery County Transferable Development Rights Program (TDR)
- Montgomery County Rural Legacy Program (RLP)
- Montgomery County Legacy Open Space (LOS)
- Conservation Reserve Enhancement Program (CREP)

The Department of Economic Development-Agricultural Services Division supports retail and wholesale agricultural marketing programs, such as the County-sponsored farmer's markets and annual farm tour, and promotion of wholesale and cooperative marketing. The Division also provides programs and technical assistance for farmers; these initiatives include Fuel-Energy Tax Relief, Deer Donation Program, Weed Control Services, Agricultural Product and Farm Logo Program, and many more.

Federal Spending

Federal spending remains an important contributor to the Washington area's economy. According to a George Mason University study, total Federal spending accounts for nearly a third of the metropolitan Washington gross regional product. The success of the region's economy is closely linked to the Federal economy, and the Federal government remains, either directly as an employer or indirectly through Federal spending, the primary source of regional economic growth.

The importance of Federal spending in the Washington metropolitan region, and particularly in Montgomery County, is exhibited in the percent of total Federal spending targeted to the Washington MSA. While total Federal spending in Federal fiscal year (FFY) 2008 amounted to \$2,793 billion nationwide, the Washington MSA received

\$136.1 billion, a 4.9 percent share. Montgomery County received \$17.1 billion, a 0.6 percent share of the total Federal spending and 12.5 percent of the region's share. While growth in total Federal spending is robust for all categories, by far the strongest growth is in procurement. As the table below shows, this category grew 10.6 percent annually nationwide since 1999, 11.4 percent for the Washington MSA and 10 percent for the County. These data also show that Federal procurement spending in Montgomery County achieved significant gains in that period, closely tracking growth in the region as a whole. Approximately \$17.1 billion in total Federal spending in Montgomery County is estimated to represent approximately 26 percent of total personal income for the County as the Federal government boosts economic activity through salaries and wages, transfer payments, and purchases of goods and services with the County's private sector industries. Federal procurement for the County reached \$8 billion in FFY08, an increase of 21.2 percent, which, based on available data, was the highest level for the County to date and considerably higher than the Washington region (16.5%) and national (16.8%) growth rates.

New Construction

Between FY99 and FY02, the number of new construction projects increased each year at an average annual rate of 13 percent. At the same time, the value of new construction added to the real property tax base increased at an average rate of 9 percent per year. However, such increases in new construction were not sustained from FY02 to FY09. In fact, two entirely different patterns occurred. The total number of projects declined steadily at an annual average rate of 23.5 percent. Conversely, the value of new construction between FY02 and FY05 increased from \$1.5 billion in FY02 to nearly \$1.7 billion in FY05, an annual average increase of 3.4 percent. Since that time, the value of new construction declined from \$1.7 billion in FY05 to slightly more than \$1.4 billion in FY09, an average annual decrease of 4 percent. While each category within the tax base exhibited volatility from year to year, such volatility did not affect the growth in new construction between FY00-FY05. However, because of the decline in the construction of apartments and commercial/industrial properties beginning in FY06, the combined total non-inflation adjusted value of all new construction during those fiscal years were at their lowest levels since FY02.

Development Districts

In 1994, the County Council enacted the Development District Act, which allows the County to create development districts and to provide financing, refinancing, or reimbursement for the cost of infrastructure improvements necessary for the development of land in areas of the County of high priority for new development or redevelopment. Special assessments and/or special taxes may be levied to fund the issuance of bonds or other obligations created from the construction or acquisition of infrastructure improvements. The proceeds of development district bonds are used to fund certain road, park, and sewer infrastructure improvements supporting development within the districts.

As a result of a petition by property owners and the subsequent review and analysis of the feasibility of the proposed development district, the County Council, in January 1998, created the County's first development district, West Germantown. A second district, Kingsview Village Center, was created on July 28, 1998.

In separate actions in September 2000 and October 2001, the County Council approved resolutions initiating evaluation of three proposed new development districts located in Clarksburg: Clarksburg Town Center, Clarksburg Village and Clarksburg Skylark (currently marketed as Arora Hills). The Clarksburg Town Center development district was created on March 4, 2003. Bonds have not yet been issued for Town Center.

(The remainder of this page has been left blank intentionally.)

Economic Development Initiatives

In an effort to stimulate employment growth and new investment, the County initiates programs and promotes the strengths of each of its local employment centers.

Technology Corridors

The I-270 Technology Corridor is an internationally recognized life sciences and advanced technology center. It is home to over 1,000 biotechnology and advanced technology companies, including Human Genome Sciences, Lockheed Martin, MedImmune/Astra-Zeneca, IBM and Hughes Network Systems. The corridor continues to grow with over 20 million square feet of additional commercial and industrial development in the pipeline.

In June 2009, the JBG Companies received approval from the Montgomery County Planning Board to pursue a second phase of development at Fishers Place at Twinbrook Metro. It is part of an office park that has already delivered four office buildings to the Twinbrook area in Rockville. The first approved addition for Fishers Place at 12709 Twinbrook Parkway will be a four-story, 72,330 square foot, Class A office building built in two phases. The second and final office addition, at 5615 Fishers Lane, will include 111,000 square feet of office and a micro-retail space. Fishers Place will be part of JBG Companies' development projects under way near Twinbrook Metro. The company partnered with the Washington Metropolitan Area Transit Authority to transform 26 acres of Twinbrook Metro parking lots into 325,000 square feet of office space, 220,000 square feet of retail, 1,595 apartments and condominiums, and 15 percent of which will be affordable housing.

The U.S. Route 29 Corridor in eastern Montgomery County continues its steady transformation into the County's other major technology and business center, with more than 100 major employers. The \$900 million FDA Headquarters Consolidation project is underway, occupying 130 acres of the 660-acre Federal Research Center in White Oak. The new FDA campus will include over 2.1 million square feet of office, lab and support facilities. There are already over 4,500 FDA employees located on the campus, which will house up to 9,000 total employees by project completion in 2010.

Recognizing the economic importance of such a large Federal user like the FDA, the County is planning a new Science and Technology Center on a 115-acre site just northeast of the FDA campus. The East County Center for Science and Technology will feature 800,000 square feet of development, including laboratory and biotech manufacturing facilities, a technology business incubator, a higher education facility, a telecommuter facility, and several build-to-suit sites.

Adventist Healthcare is planning to build a 803,570 square foot hospital complex on a vacant 50-acre parcel in the White Oak/Calverton area. The new hospital facility will be built in two phases with four overlapping sub-phases. The first phase will involve construction of the even-story, 500,083 square foot main hospital building and an emergency room. A two-story, 60,888 square foot ambulatory care building will be connected with the main facility via an enclosed pedestrian bridge. With these primary facilities completed, Adventist Hospital will construct a ground-level helipad, two 100,000 square foot medical office buildings, a 9,264 square foot multi-denominational "Faith Center," and a lakefront "Healing Garden." A grand opening for the new facility is scheduled for 2013.

Central Business Districts

The County is committed to promoting new investment in its Central Business Districts (CBD). The County's four CBDs are Silver Spring, Wheaton, Bethesda, and Friendship Heights, and are served by the region's longest extensions of the Metrorail system. The CBDs are centers for major business activity and medium- to high-density residential development in close proximity to the Metro stations.

Downtown Silver Spring

Since 1998, the State and Montgomery County invested a total of over \$186 million in the redevelopment of downtown Silver Spring. Downtown Silver Spring transformed into a vibrant business, retail and entertainment hub with the American Film Institute (AFI) and Discovery Communications leading the way.

Through a public-private partnership with developer Foulger Pratt, the downtown Silver Spring project has over 500,000 square feet of retail, restaurant, and entertainment space, 228,931 square feet of office space, a hotel, a community facility, and two new parking garages. The first phase was completed in 2000, and features 100,000 square feet of retail space, including Whole Foods Market and Strosniders Hardware. In 2001, the project was expanded to include additional neighborhood serving retail and services.

Since 2004, an array of new restaurants and shops were added as new sections were completed, including Borders Books and Music, Red Lobster, Panera Bread, Austin Grill, Pier 1, Men's Wearhouse, Ann Taylor Loft, Starbucks, Washington Sports Club, and the Maryland Youth Ballet. The Majestic 20 movie theater with its 20 screens and 4,500 seats has, along with AFI, made downtown Silver Spring a significant entertainment destination. Each year the AFI Silver Theatre and Discovery Communications co-sponsor the Silverdocs international documentary film festival which attracts an estimated 20,000 people.

United Therapeutics, an innovative locally grown biotech company, completed construction on the second phase of its headquarters/research/laboratory campus in downtown Silver Spring. Construction is under way for a new Civic Building and Veterans Plaza, which will include an ice skating rink. The County's Silver Spring Regional Center will be based in this 42,000 square foot civic building. Round House Theater School will occupy the lower level. Through an innovative public-private partnership, a Fillmore concert hall operated by Live Nation, the largest producer of live concerts in the world, is slated to open in 2011, in the former JC Penney's building. Willco Companies is developing a 13-story, 190,000 square foot, Class A office building at the corner of Georgia Avenue and Colesville Road.

Elsewhere in the Silver Spring CBD, the Takoma Park/Silver Spring campus of Montgomery College is in the final stages of a \$96 million expansion that extended the campus into the heart of south Silver Spring. New buildings include the 98,000 square foot Health Sciences Center, a Student Life Center, and a Cultural Arts Center. In addition, the College renovated a 180,000 square foot former Giant bakery to house an expanded art department and art studies. The first three phases of the Montgomery College expansion (the new Health Sciences Center, the new Student Activity Center, and the Cafritz Art Center) are complete. Phase 4 involves the Cultural Arts Center, which is under construction at the southeast corner of Georgia Avenue and Burlington Avenue. It will include a 509-seat, two-level theater, a 125-seat studio theater, classrooms, meeting rooms, and faculty and staff offices, and various support facilities.

A new \$193.6 million Transit Center mixed-use development project, including retail, residential, hotel, and restaurants alongside an inter-modal transportation hub linking bus, rail, and other transportation services, is currently under construction. This expanded gateway to downtown Silver Spring is scheduled to be completed in 2011.

The 20,000 square foot Silver Spring Innovation Center, the second of five business incubators in the County's Innovation Network, opened in 2004, along with the State's new \$18.4 million District Courthouse. A new \$13.3 million fire station, which includes a satellite police station and the Silver Spring Urban District office, opened in 2006. Groundbreaking for the new 63,000 square foot Silver Spring Library is scheduled for the summer of 2010. The first phase of the work will relocate existing utilities that currently cross the site. The foundations and the building itself will start in the spring of 2011 and will complete in early 2013. The seven-story building will be multi-purpose, with the first two floors designed as an art center with a combination of functions such as classes, offices, and an art gallery. Floors 3, 4, and 5 will hold the library, and the 6th floor is set aside for County offices. The top floor will hold meeting rooms for the library.

In addition to being a destination for work, entertainment, and shopping, downtown Silver Spring is established as a place where people are attracted to live. More than 5,000 units of rental housing provide a solid residential base for downtown Silver Spring. Since its grand opening in November 2008, the Portico at Silver Spring Metro leased more than 82 percent of the building's 151 units. Currently, 2,990 residential units are in various stages of planning. Specifically, the Silver Spring Gateway (by JBG Group) will have 468 condominium units in two towers, plus 55,000 square feet of retail space. On 13th Street and King Street, RST Development will build 241 residential units at the Galaxy. Phase 1 of this project will include a five-story building, but also recreation and public use space which adds up to 25,816 square feet of space for the public. Phase 2 of this project involves building 46 residential units; 101 residential units or 42 percent of the Galaxy's total residential units will be available as moderately priced dwelling units. Bonifant Plaza is a nine-story building with 72 new rental apartments, of which 12.5 percent of the units will be devoted to affordable housing.

Wheaton

The Wheaton Central Business District (CBD) Sector Plan is currently being updated and is expected to be presented to the County Council for adoption by mid 2010. Wheaton is both an Enterprise Zone and an Arts & Entertainment District. The sector plan will promote new transit-oriented "smart growth" development in downtown Wheaton. Such development will enhance Wheaton's strong retail base, which includes a newly renovated regional shopping mall (Westfield Wheaton), and over 300 locally owned and operated small businesses, including more than 80 restaurants. By capitalizing on the "Wheaton Marketplace", improving it further by attracting more arts-related entities, and encouraging more mixed-use development, the County seeks to enhance the urban character of the area.

Bozzuto Development Corp. and the Housing Opportunities Commission completed Metro-Pointe, a mixed-use residential/retail project situated near the existing Wheaton Transit Station Kiss-and-Ride lot. The 173 residential units (30 percent affordable housing) are 90 percent leased. Also included in this project are two retail spaces, totaling 3,500 square feet. Centex Homes partnered with John Laing Homes to build 190 units at "Leesborough" on Georgia Avenue. Centex has 54 townhouses, 45 condominiums, and 6 single family homes. Despite the economic downturn, 40 townhouses and 43 condominiums including 15 moderately-priced dwelling units were sold. John Laing Homes has not begun construction of their 85 units.

Georgia Crossing is a 32,000 square foot multi-use project with street-level retail and mezzanine-level office space. The second phase of Georgia Crossing was completed in early 2009. In early 2010, the County and the Washington Metropolitan Area Transit Authority will issue a joint request for qualifications from private developers for a public-private partnership for the transit-oriented development of 10 publicly owned sites (a total of about 11.7 acres) in the Wheaton CBD. The County-owned, triangular site (bounded by Georgia Avenue, Viers Mill Road, and Reedie Drive) will be redeveloped via a public and private partnership to create Wheaton Town Square, which is being envisioned as a new arts and retail destination. Safeway will double its 23,000 square foot store while remaining at 11201 Georgia Avenue. The newly developed Safeway will be LEED-certified, and will include 57,500 square feet of retail, 140 underground parking spaces, 500 apartment units on top of the store, and additional 411 residential parking spaces.

Bethesda

Downtown Bethesda is one of the County's major urban business and entertainment centers, with nearly 200 restaurants along with the density of both high-rise office and residential buildings. Downtown Bethesda is a thriving, 24/7 destination offering residents, visitors and its workforce multi-cultural dining, live theater, cinema, unique shops and numerous special events and festivals. Bethesda has a workforce of over 42,000 and includes employees who work for some of the region's largest and most notable employers, including Chevy Chase Bank, Clark Construction Group, CoStar Group, and American Capital Strategies.

In the past several years, Bethesda opened Round House Theatre, Imagination Stage, and Bethesda Row Landmark Theatre as marquee entertainment organizations that highlight classical plays, children's theatre, and independent and

foreign films. The County also partnered with Nederlander World Wide to renovate the landmark Art Deco Bethesda Theater as a showcase venue for Broadway-caliber productions.

The Clarett Group is pursuing a 223,300 square foot new office and retail development at 4500 East West Highway. The nine-story Class A office building will feature 13,300 square feet of ground level retail, achieve a LEED silver certification, and dedicate 20 percent of the total space for public use. Safeway obtained approval from the Montgomery County Planning Board to demolish and rebuilding its store located at the corner of Bradley Boulevard and Arlington Road. The planned structure would replace the 1950's era, single-story, 25,568 square foot building with a modern, 43,097 square foot two-story building with elevated sales floor located above structured parking at and below the ground level. The store front will feature a revolving public art exhibit, orchestrated by the Bethesda Arts and Entertainment District.

Several new apartment buildings being planned are expected to add 1,497 new housing units in downtown Bethesda. Woodmont East is a large-scale, mixed use project that will feature one tower of office space and a second with 250 residential units and 9,000 square feet of retail. The JBG Companies received preliminary approvals from the Montgomery County Planning Board in May 2009 for this project. The United States Postal Service site at 7001 Arlington Road will be transformed into a four-story residential building with 105 residential units (14 affordable housing), approximately 7,000 square feet for a new USPS retail store, and 23,000 square feet of newly improved Bethesda Post Office. The Monty is a mixed-used project with 210 dwelling units (including 30 moderately priced dwelling units), and 7,700 square feet of retail space, 211 underground parking spaces, and public use space. Construction is expected to begin in early 2010 for the Edgemoor's 12 units of affordable housing on Hampden Lane near Arlington Road. The units will consist of an even split between one-bedroom rental apartments and studios. The site plan for Woodmont View was approved by the Montgomery County Planning Board in July 2009. The project calls for 46 two-bedroom condominium units, replacing the small office building on the corner of Battery Lane and Woodmont Avenue.

Friendship Heights

The Friendship Heights CBD is located at the Montgomery County-Washington, D.C. border with the Metrorail station at Wisconsin and Western Avenues at its center. Adjacent to the Friendship Heights CBD are multiple smaller jurisdictions and developments, including the Village of Friendship Heights special taxing district, the Town of Somerset, the Brookdale neighborhood, and the Somerset House complex.

The Friendship Heights area has the first top-tier luxury shopping center on the east coast outside of New York City. The Collection at Chevy Chase, part of the Chevy Chase Center mixed-used development, is a 112,000 square foot project facing Wisconsin Avenue developed and managed by The Chevy Chase Land Company of Montgomery County, Maryland. The Collection brought retailers such as Christian Dior, Jimmy Choo and Barney's New York Co-op to this area for the first time. Tiffany & Company, Georgette Klinger, and Cartier have been in Chevy Chase for many years and moved down the street to join Collection tenants such as Bulgari, Ralph Lauren, Gucci, Max Mara, and Louis Vuitton.

The second component of Chevy Chase Center is 100,000 square feet of neighborhood-oriented retail, anchored by Giant Food and Pharmacy, which was an original tenant of the Center when it was first developed in the 1950s. Other tenants include Clyde's Restaurant, Sushi Ko Restaurant, Lacoste, Potomac Pizza, Giffords Ice Cream, and many other familiar area and national retailers.

The third component of the project is the 200,000 square foot office tower, which was originally leased in its entirety by The Mills Corporation in 2006. Mills subsequently filed for bankruptcy and put the entire building on the market for sublease, and the space was immediately backfilled by such tenants as New Enterprise Associates, American Capital Strategies, Choice Hotels, Columbia Partners and The Travel Channel. Additional tenants moved into this building in 2009, including Arlington Capital Partners and Blackstreet Capital. DHR International is scheduled to move into the building in 2010.

The latest project in Friendship Heights is Wisconsin Place, a one million square foot mixed-used development on Wisconsin Avenue. Wisconsin Place consists of 305,000 square feet of retail (Bloomingdale's and Whole Foods are

the anchor tenants), 432 luxury apartments, 295,000 square feet of office space, a 20,500 square foot community center and a 1,765 space underground parking garage. Capital Source occupies 161,000 square feet in the office component of Wisconsin Place. Wisconsin Place accounts for a significant portion of the development allowed in Friendship Heights under the Friendship Heights Sector Plan. The Plan originally allowed for a total of over 1.4 million additional square feet of office and retail space, and an estimated 635 dwelling units on the former Hecht's and adjacent Geico properties. One of the first major projects constructed in this Plan was the Chase Tower, a 240,000 square foot retail and office building delivered in November 2001. This luxury Class A tower is now home to the corporate headquarters for Ritz Carlton. Other tenants include Capital Trust and the JBG Companies.

Marriott opened, in July 2009, a new Courtyard hotel in Chevy Chase. The 226 room hotel located at 5520 Wisconsin Avenue is two blocks north of the Friendship Heights Metro near the DC border. The building is designed to meet the Gold LEED standard set by the U.S. Green Building Council, using low-VOC materials, solar-powered trash compactor, a reflective roof, and HVAC systems that do not use ozone-depleting refrigerants. Moreover, 100 percent of its energy will be provided from wind power through the use of renewable energy credits by purchasing energy through an alternative provider.

In June 2009, Microsoft's new 134,000 square foot office opened in Friendship Heights. The Chevy Chase location houses a portion of Microsoft's U.S. Public Sector division, educational division and Health Solutions Group, which is focused on health IT products and services. The new facility will ultimately house some 500 new and relocated employees

Existing Office/R&D/Commercial Space

As of November 2009, Montgomery County has over 137 million square feet of commercial real estate space (office, flex, R&D, industrial, retail). The weighted direct vacancy rate for the County rose since November 2008 from 7.03 percent to 8.8 percent.

Most of Montgomery County's office space is located along two "Technology Corridors", the I-270 corridor and the Route 29 corridor. The I-270 corridor includes the Bethesda, Rockville, Gaithersburg, and Germantown markets and features over 77 million square feet of commercial space. Notable buildings along the I-270 corridor include the 700,000 square foot Chevy Chase Bank headquarters in Bethesda, and the 260,000 square foot Tower Building in Rockville. The Route 29 corridor connects Silver Spring to Burtonsville and includes over 14 million square feet of commercial space. Discovery Communications' 550,000 square foot corporate headquarters in downtown Silver Spring is the signature building in the corridor. Also featured along Route 29 is the Westech Business Park, which includes over three million square feet of office, R&D, light industrial, and retail development.

Office/Industrial Projects

Summary

Throughout 2009, Montgomery County continued to make significant progress developing two strategic Science and Technology Centers. Additionally, several private new office buildings and development projects were completed or started in 2009. Details on many of these projects appear below.

Public/Private Projects

East County Center for Science and Technology (ECCST)

The proposed 115-acre Site II development, also known as the East County Center for Science and Technology, is envisioned as a public-private partnership between the County and a yet-to-be selected private developer. The goal is to create a world-class life sciences, education and research campus that will be an economic engine in the eastern portion of the County, and complement nearby Federal agencies, including the consolidated FDA headquarters. Currently, the County is taking the property through the State's Voluntary Clean-Up Program, which will determine the type of environmental remediation that will need to occur prior to developing the site.

Montgomery College-Germantown Science and Technology Park

In early 2003, Montgomery College settled on the purchase of a 20-acre site adjacent to the College's Germantown campus. This property will be combined with 20 acres of existing undeveloped land on the campus to form a 40-acre site on which a one million square foot science and technology center will be constructed. The purchase of the 20-acre site was made possible by a total of \$6.1 million in funding appropriations to the College from the State and County. The preliminary plan for the science and technology center calls for primarily high technology research and development space, with a focus on the life sciences, which will complement the biotechnology programs and curriculum already offered at the Germantown campus. The plan also calls for facilities for incubator "graduates" as well as space for mature biotech and high technology companies. Once built out, the center could be home to nearly 4,000 employees.

Montgomery County Business Innovation Network

The Montgomery County Business Innovation Network is a program of business incubator facilities that has successfully assisted start-up technology and professional services companies to grow and expand in the County since the first facility, The Maryland Technology Development Center (MTDC), opened its doors in 1998. To date, nearly 115 companies graduated from the County's incubators. The County opened a second incubator in 2004, called the Silver Spring Innovation Center (SSIC). The SSIC is nearly fully leased to start-up information technology facilities. The success and demand for the incubator program spurred the County to develop three additional incubators since the opening of the SSIC. The Wheaton Business Innovation Center (WBIC) opened in 2006, and the Rockville Innovation Center (RIC) opened in 2007. The latest addition to the incubator program is the Germantown Innovation Center (GIC), which opened in October 2008 adjacent to the campus of Montgomery College – Germantown. In addition, the County's sixth business incubator will be incorporated into the East County Center for Science and Technology project described above.

Private Real Estate Projects Delivered in 2009

The Summit at Washingtonian I, 9711 Washingtonian Boulevard, Gaithersburg

This eight-story structure delivered in September 2009 features a sleek, modern design and includes a two-story, wood-paneled atrium lobby, nine-foot ceiling heights and a fitness facility. The building was awarded pre-certification under the LEED for Core & Shell rating system by the U.S. Green Building Council.

The Summit at Washingtonian I includes 193,199 square feet of Class A office space. The building is within walking distance of The Washingtonian Center, which includes a significant retail base of shops, restaurants, hotels and theaters. GXS has signed a lease for 83,737 square feet and will occupy parts of the fifth floor and all of floors six through eight.

Twinbrook Place, 12501 Ardenes Avenue, Rockville

Twinbrook Place was delivered in October 2009, and contains 140,562 square feet of Class A office space. This 7-story building is located immediately across the street from Twinbrook Metro Station and in close proximity to the U.S. Department of Health & Human Services, U.S. Pharmacopoeia, FDA, and NIH. The building is registered for LEED certification with the U.S. Green Building Council

Phase III, 520 Gaither Road, Gaithersburg

This 139,120 square foot Class A office building was delivered in June 2009. The building is registered with the U.S. Green Building Council and is seeking LEED certification. Phase III is close to I-270 and the Shady Grove Metro Station. A mix of office, residential and retail development is slated for the campus, which will also feature dining options and a fitness center, as well as 13 acres of dedicated forest land. The entire space is leased to BAE Systems.

Building E, 12505 Park Potomac Avenue, Potomac

This building is part of 50-acre mixed-use development located at the intersection of I-270 and Montrose Road in Potomac. Delivered in June 2009, Building E has 174,000 square feet of Class A office space. Its first tenants include Shulman, Rogers, Gandal, Pordy, and Ecker, P.A., Willis of Maryland, Inc., and Smislova, Kehnemui & Associates.

Wisconsin Place (Office), 5404 Wisconsin Avenue, Bethesda

Delivered in June 2009, Wisconsin Place consists of 295,000 square feet of Class A office space. This is part of a planned mixed-use development with over 1 million square feet of space. The mix is estimated at approximately 305,000 square feet of retail and approximately 285,000 square feet of office space, and 400,000 square feet of residential space. The first tenants at Wisconsin Place (Office) are Microsoft Corporation and Capital Source.

Commercial Project Started in 2009

Seventh-day Adventist World Headquarters, 12501 Old Columbia Pike, Silver Spring

The Seventh-day Adventist Church is expanding its world headquarters in Silver Spring. This 24,000 square foot Class B office building is scheduled to be delivered early 2010. This building is fully leased and Hope Channel is scheduled to occupy 3,000 square feet.

New Business Additions and Expansions

Montgomery County's Department of Economic Development worked with over 550 companies in 2009 that were interested in expanding in or relocating to the County. The companies that signed commitments to locate or expand in Montgomery County in 2009 are projected to retain and create over 8,900 jobs, lease or construct over 1.8 million square feet of office space, and generate over \$215 million in capital investment over the next three to five years. Some highlights of the Department's efforts in 2009 include:

International Baccalaureate Organization

Montgomery County attracted the Global Center for the Americas of the International Baccalaureate Organization (IBO). IBO is a non-profit education foundation based in Geneva, Switzerland and offers three programs of international education to students aged 3 to 19. IBO's programs are available through 2,511 IBO World Schools in 132 countries. IBO's Global Center for the Americas will assume the critical functions of IBO's offices in Canada and Argentina, consolidating IBO's entire operations in North and South America. IBO will place approximately 150 employees in full-time positions in the County within the next few years. IBO's Global Center for the Americas will occupy 40,000 square feet of space and the total number of its employees will grow to 300 by the end of 2020.

Microsoft Corporation

Microsoft Corporation opened its first location in Montgomery County at a new 134,000 square foot office in the heart of Chevy Chase in November 2009. The company's new Chevy Chase office houses a portion of its U.S. Public Sector and Health Solutions Group. The new facility will ultimately house some 500 new and relocated employees over the next few years.

Intrexon Corporation

Intrexon Corporation, a biotechnology company based in Blacksburg, Virginia, established an R&D facility in Montgomery County in September 2009. Its 18,000 square foot facility in Germantown employs 35 people. This facility will become the headquarters for Intrexon's Human Therapeutics Division.

RNL Biostar

RNL Biostar opened its new stem cell R&D and manufacturing facility in nearly 4,000 square feet at the Germantown Innovation Center in August 2009. The company plans to grow from six current employees to over 50 and occupy 20,000 square feet of commercial space within the next three years.

Aeras Global TB Vaccine Foundation

The Aeras Global TB Vaccine Foundation opened a state-of-the-art tuberculosis (TB) vaccine manufacturing facility in Rockville in May 2009. This facility is a BioSafety Level-2 facility, built to handle infectious agents. It has the capacity to fill 5,000 vials of vaccine per run and produce up to 200 million bulk doses on a new TB vaccine. This expansion project provided employment to over 130 people involved in the design and construction of the new manufacturing facility in a time of economic challenges.

Booz Allen Hamilton

Booz Allen Hamilton, a global strategy and technology consulting firm, announced that it will move into an additional 81,048 square feet of space at the Preserve at Tower Oaks in 2010. The company is already occupying 30,000 square feet of space at this location. This expanded facility will house 200 employees.

BAE Systems

BAE Systems announced that it will relocate its Silver Spring office to 140,000 square feet of space at King Farm in Rockville. This facility is part of the BAE Systems Support Solutions line of business. The 400 employees from this office provide engineering and other services primarily to the U.S. Navy. Montgomery County also houses BAE Systems Inc.'s headquarters at Research Boulevard in Rockville.

Retail Sales

Retail sales measured by sales tax data collected for the first nine months of 2009, declined in Maryland and Montgomery County based on adjusted data for the rate increase. Compared to the prior year, when retail sales in the County declined 4.1 percent, sales declined 7.5 percent during the first nine months of 2009 compared to the same period in 2008, showing the effect of the slowdown in housing sales (purchases of furniture and appliances declined 23.4 percent and purchases of building and industrial supplies were down 17.9 percent). Purchases of nondurable goods decreased 3.8 percent during the first nine months of 2009 compared to the same period in 2008. With consumer confidence during this nine-month period down 33.8 percent for the region compared to the same nine-month period in 2008, retail sales are traditionally one of the first indicators to reflect changes in consumer behavior.

Retail sales in Montgomery County reflect a slightly different spending pattern compared to the State. After retail sales in the County improved in the past few years, growing 6 percent (1999) and 7 percent (2000), with growth in 2000 reaching a six-year high, the growth rate declined to 3.8 percent in 2001, increased a modest 0.9 percent in 2002, grew 4 percent in 2003, and a robust 6.7 percent in 2004, then moderated to 5 percent in 2005 and moderated further to 3.5 percent in 2006, and a mere 0.1 percent in 2007. The slowdown in 2008 was attributed to decreases in furniture and appliances (18.5%) and building and industrial supplies (11.4%). Purchases of nondurable goods increased 0.7 percent and were attributed mainly to sales of food and beverage products and utilities and transportation.

Major Retail Centers

Montgomery County is served by four regional shopping malls. They are Lakeforest Mall in Gaithersburg, Westfield Shoppingtown Montgomery in Bethesda, Westfield Shoppingtown Wheaton in Silver Spring, and White Flint Mall in North Bethesda.

Lakeforest Mall, located along Maryland Route 355 and Montgomery Village Avenue near I-270, opened in 1978. This 1.1 million square foot mall features over 160 stores, including four major department stores: Macy's, JC Penney, Lord & Taylor, and Sears Roebuck & Co.

Westfield Shoppingtown Montgomery, formerly known as Montgomery Mall, opened in 1968, and covers 1.6 million square feet of space. It features Nordstrom, Macy's, Macy's Home Store, Sears Roebuck & Co., 190 other stores, three parking garages, and is served by a Montgomery County Transit Center.

Westfield Shoppingtown Wheaton, formerly known as Wheaton Plaza, is located adjacent to the Wheaton Metro Center at the intersection of Georgia Avenue and Veirs Mill Road in the Wheaton CBD. This was the County's first shopping mall (opened in 1960) and was enclosed and remodeled in 1987. JC Penney, Macy's, and Target anchor the mall, which includes 206 other stores.

White Flint Mall, which is located east of Rockville Pike in North Bethesda close to the White Flint Metro Station, opened in 1977 and features three enclosed levels, luxury department stores such as Lord & Taylor and Bloomingdale's, plus 94 other stores. The 900,672 square foot mall also features a five-auditorium cinema, an office center with professional space, numerous kiosks and specialty pushcarts and a Border's Bookstore.

COUNTY GOVERNMENT SERVICES

Human Resources

The County government employs approximately 8,525 full- and part-time employees. Approximately 6,560 employees are in bargaining unit positions and are represented by one of the three labor organizations that are certified under County law to bargain over the wages, fringe benefits, and working conditions of bargaining unit employees. The table below summarizes the current status of County labor agreements.

Table 35
County Bargaining Units

<u>Bargaining Unit</u>	<u>Number of Employees</u>	<u>Contract Expiration Date</u>
Service, Labor & Trades (MCGEO)	1,363	June 30, 2010
Office, Professional & Technical (MCGEO)	2,944	June 30, 2010
Police officers (FOP)	1,133	June 30, 2010
Firefighters/Rescuers (IAFF)	1,120	June 30, 2011

Public school teachers in the County are not County government employees, but are employed by the Montgomery County Board of Education (the "Board"). The Board employs approximately 20,953 full-time equivalent (FTE) employees. This number includes 81 non-represented employees and 20,872 employees in bargaining units. The Board bargains collectively with employees on matters concerning wages, hours and other conditions of employment. There are four bargaining units, which are comprised of teachers, professional/administrative, noncertified supervisors, and support/maintenance employees, as presented in the table below.

Table 36
Board of Education Bargaining Units

<u>Bargaining Unit</u>	<u>Number of FTE Employees</u>	<u>Contract Expiration Date</u>
Teachers (MCEA)	11,925	June 30, 2010
Professional/Administrative (MCAASP)	685	June 30, 2010
Noncertified Supervisors (MCBOA)	93	June 30, 2010
Support Services (SEIU Local 500)	8,169	June 30, 2010

Arts and Leisure

The County Department of Recreation provides a wide range of programs including: aquatics, camps, classes, youth and adult sports, summer fun centers, special events, teen, senior citizen and therapeutic programs. The Department operates 19 community centers that facilitate leisure activity, social interaction, family participation, and neighborhood civic involvement. Four regional centers ensure that a full range of administrative operations are available and convenient to the public. An additional 11 program sites serve select senior populations, offering adults aged 55 and above classes, sports and fitness, trips, neighborhood programs, and special programs for frail and isolated seniors. The Department of Recreation operates the Charles W. Gilchrist Center for Cultural Diversity, a unique facility that serves as a cultural and community focal point. The Department funds the Gaithersburg Senior Center and the Takoma Park Community Center through significant grants. It also provides specialized recreational programming for at-risk teens, and works cooperatively with the Montgomery County Public Schools to provide a wide range of recreation and leisure opportunities for middle school and high school students throughout the County.

There are seven large public outdoor swimming pools and four indoor aquatic complexes that provide for a variety of instructional, recreational, and competitive aquatic programs. The Germantown Indoor Aquatic Center, the newest of the four indoor aquatic complexes, opened in January 2006.

The Music Center at Strathmore was originally located in the historic Corby Mansion, which also housed the Strathmore Hall Foundation. The Center's original structure underwent a \$3 million addition and renovation, and is used for art shows and dramatic readings. Significant improvements were made at the Center with the construction of a multi-disciplinary education and performance center on a five-acre site adjacent to the Center. The new Music Center at Strathmore facility houses a full range of complementary arts education classes for children and adults. It combines studio, classroom, rehearsal, and performance space for students. The performance hall is capable of supporting large-scale (2,000-seat) musical presentations including major choral, orchestral, and popular entertainments.

As part of the Silver Spring Redevelopment project, the historic Silver Theatre, operated by the American Film Institute, was restored. Two additional theatres were constructed on the same site. Located on an adjacent site is the Round House Theatre School, which provides both theatrical and educational programs. Round House also operates a 400-seat theatre in Bethesda. Additional cultural opportunities are available at Montgomery College. The College operates a Summer Dinner Theatre and its Performing Arts Series features theatre, dance, and music performances.

Economic Development

Department of Economic Development

The economic development vision for Montgomery County is a globally competitive and highly diversified knowledge-based economy that provides for the retention and growth of existing companies, stimulates job creation, and enhances entrepreneurial opportunities.

To realize this vision, the Department of Economic Development (DED) provides services to retain and grow existing businesses, strategically attract new businesses to the County, grow small and minority-owned businesses, promote high technology development, attract foreign investments, preserve farmland, and enhance the viability of the agricultural industry. DED's responsibilities also include initiatives to foster creative and strong partnerships with academia, the federal research community, and various levels of government, and to engage in public-private partnership projects to revitalize the County's town centers and provide for strategic redevelopment opportunities. Moreover, DED is responsible for operating and expanding the County's business incubator program. DED also oversees the County's training and employment programs through its Division of Workforce Services, and tourism promotion programs operated by the Montgomery County Conference and Visitor's Bureau.

Economic Development Services and Programs

Existing and prospective new businesses receive an array of professional assistance from DED. This assistance can take the form of site searches (DED maintains an inventory listing of available office, R&D and industrial space in the County), direct financial assistance, socioeconomic statistics, permit expediting, training and employment assistance, and targeted programs and services to meet the unique needs of small and minority-owned businesses.

Economic Development Fund and Other Financial Incentives

Businesses seeking to either establish a presence or expand facilities in the County may qualify for assistance through the County's Economic Development Fund. Established in 1995, the Economic Development Fund provides assistance to private employers who will either retain jobs in the County, or create new jobs through the expansion of current businesses or location of new businesses to the County. The Economic Development Fund is administered by the County's Department of Finance.

As of November 16, 2009, 149 offers for grants and loans totaling \$23 million were accepted under the Economic Development Fund Grant and Loan Program. The economic impact of these transactions is estimated to include: over 28,000 jobs retained or gained, over \$1.13 billion in private investment, and an annual net revenue return of over \$34 million.

In addition to the original Economic Development Fund Grant and Loan Program, four other financial incentive programs were added. The Technology Growth Program (TGP) was developed to facilitate the growth of early-stage technology-based companies located or desiring to locate in the County. TGP is aimed at leveraging private sector financing and State Challenge and Enterprise Investment funds. Since the beginning of the TGP in 1999, 66 companies received funding for a total of \$3.63 million.

The Small Business Revolving Loan Program was created to help small business concerns in the County and to finance economic development projects that cannot be financed through traditional private and public sources. Since the beginning of this Program, 30 small businesses received loans totaling \$1.8 million. The Micro-enterprise Loan Program (MLP) was established in 2008 to provide access to capital to micro-enterprises which have encountered difficulty in obtaining financing from conventional sources. Through this program, four micro-enterprises received funding totaling \$54,500.

In FY 05, the Impact Assistance Program was created to help mitigate any adverse impacts small businesses might experience due to County initiated and funded development, redevelopment, or renovation projects. 27 companies received funding totaling \$477,521 from this program since its inception.

Economic Advisory Council (EAC)

This 29-member blue ribbon group advises the County government on important economic development policies, as well as on fiscal, budgetary, and management issues. Comprised of business and education representatives, the EAC helps filter the ideas or recommendations from various task forces and business groups to the County leadership. In addition to these duties, the EAC undertakes such assignments and programs as designated by the County Executive. This past year the EAC reviewed major County economic development initiatives such as the Smart Growth Initiatives and the Rapid Bus Transit and discussed the impediments to business growth.

Education

Montgomery County Public Schools (MCPS) is governed by an elected Board of Education comprised of eight members, including one student member. The Board, which was created by State law, appoints the Superintendent and all other employees. The system operates 200 elementary and secondary schools. The operating budget is \$2.201 billion for FY10, a 6.5 percent increase over the prior year, and the FY09-14 capital improvements budget is \$1.271 billion. The emphasis that County residents place on education is reflected in budgeted per pupil operating expenditures of \$14,294 in FY10, and in the high percentage of high school graduates who continue formal education. In FY10, projected enrollment is 140,500 students.

Finance

The Department of Finance is responsible for the financial administration of the County government, including accounting, debt and cash management, revenue collection, and risk management. The Controller's Division is responsible for the analysis, interpretation, and presentation of the County's financial position and results of operations through timely, accurate, and professional financial reports, and for timely and accurate payments to vendors for goods and services provided to the County. The Treasury Division is responsible for the collection of property taxes and for the processing of transfer and recordation taxes.

The County maintains an active and sophisticated cash and investment management program. The primary objectives of the program are the preservation of capital, providing liquidity to meet County financial obligations, and maximization of the investment yield on the County's short-term working capital.

Working capital is managed pursuant to the Annotated Code of Maryland, the County Code, and the County's short-term investment policy, as approved by the County Council. The average maturity of the working capital portfolio is generally less than six months.

At June 30, 2009, the County managed \$472.7 million in its pooled consolidated investment portfolio. During FY09 the County earned investment income of \$11.9 million, with an average rate of return of 1.71%.

Libraries

County public libraries offer free and equal access to services and resources to assist residents in finding ideas and information to sustain and enrich their lives. During FY09 total circulation was 11.84 million. Per capita circulation of 12.5 books is among the highest in Maryland and nationally.

The County library system provides an array of services to the community, including computers with Internet access; books on tapes and CDs; numerous special collections such as business, children's, and disability resource centers; and quiet study rooms and public meeting rooms.

Liquor Control

State legislation established a Liquor Control Board in Montgomery County on December 5, 1933, shortly after the end of nationwide prohibition, giving the Board monopoly power for the issuance of liquor, wine, and beer licenses in the County; the distribution of beverage alcohol at the wholesale level to County licensees; and the retail sale of liquor package goods for off-premise consumption. The Department of Liquor Control was created by Article 2B of the Annotated Code of Maryland, effective July 1, 1951. This newly-created Department assumed wholesale and retail control powers, and the Montgomery County Board of License Commissioners retained the authority to issue licenses for the retail sale of liquor, wine, and beer within the County. In 1997, the unification of Takoma Park gained Montgomery County four additional establishments, with one that is allowed to sell liquor package goods for off-premise consumption. On August 8, 2006, the Office of the Board of License Commissioners was reorganized into a new division of the Department of Liquor Control entitled, "Licensure, Regulation and Education". The Board remains an independent body.

The Department of Liquor Control's responsibilities include the operation of 25 County retail stores (one in a shopping center currently under construction) and a warehouse that distributes beverage alcohol to the County stores and to approximately 940 licensed establishments (including beer and wine stores, restaurants, country clubs, etc.); inspections of licensed premises, training and education programs and community partnering. The Department is a self-supporting business enterprise with all operating requirements included in the Department's annual budget. Income in excess of departmental needs is transferred to the County's General Fund to pay for general governmental services. In the last five fiscal years (FY05 through FY09) the Department transferred over \$115.9 million to the General Fund.

Parks

The Maryland-National Capital Park and Planning Commission administers 34,288 acres of parkland in the County. This includes 13 developed and three undeveloped regional and recreational parks, many consisting of over 200 acres, and featuring more than 640 acres of recreational lakes including Lake Frank, Lake Needwood, Little Seneca Lake and Pine Lake. Of the 409 parks in the Montgomery Parks system, 310 smaller park and open space areas serve as local and neighborhood parks. Additionally, Seneca Creek State Park is located in the heart of the County, and Patuxent River State Park is located along the County's northeastern border. The National Park Service provides additional park facilities including the C & O Canal National Historic Park, Great Falls National Park, and Glen Echo Park. Several municipalities within the County, including Rockville, Takoma Park, Kensington, Gaithersburg, Poolesville, and Washington Grove, among others, maintain local parks.

Public Safety

Fire and Rescue Service

The Montgomery County Fire and Rescue Service (MCFRS) is an all-hazard fire and rescue service. MCFRS is one of the largest combination career/volunteer fire and rescue departments in the nation. MCFRS manages all components of the County's fire suppression, Emergency Medical Services, Emergency Communications, apparatus management, Fire Code Enforcement, Fire/Explosive Investigations, Community Outreach, Wellness, Safety and Training, and administration. MCFRS is comprised of approximately 2,100 personnel, including 1,176 career uniformed employees, 129 civilian employees, over 800 call active volunteers and 19 Local Fire and Rescue Departments. MCFRS operates 35 fire and rescue stations and 13 satellite offices.

An extensive Capital Improvements Program (CIP) is in place to ensure that the MCFRS operates and maintains a sufficient complement of facilities to provide response capability and an appropriate level of readiness. In response to increasing calls for service and population growth, MCFRS is adding four additional stations to serve the Upcounty area: Germantown-Milestone, Germantown-Kingsview, Travilah, and Clarksburg. An interim fire station to serve the Clarksburg area was opened in November 2005. The Takoma Park Station will be rebuilt at its current location. Construction of the Germantown-Kingsview Station was completed in calendar year 2009. Construction of the Takoma Park and Germantown-Milestone stations will be complete in the spring of 2010. The existing station in Wheaton is scheduled to be replaced. Stations in Rockville, Cabin John, and Glen Echo are scheduled to be renovated; an addition to the Burtonsville Station is scheduled as well. The relocated Silver Spring Station was completed and became operational in early 2006. In addition, there are several on-going projects to replace and/or update major building systems (roof, HVAC, fire alarm, generators) at other fire/rescue facilities to ensure that these facilities are properly maintained and meet current standards.

Police Department

The Montgomery County Police Department (MCPD) is a highly-trained merit system force of 1,184 sworn officers and 650 civilian staff for a total complement of 1,834 personnel. MCPD operates over 34 facilities, including six district police stations, and is accredited by the Commission for the Accreditation of Law Enforcement Agencies (CALEA).

Renovations, replacements, and/or upgrades at several facilities are planned for the Department. There are approved projects for three of the six district stations, in the 1st, 3rd, and 6th police districts, to replace the existing stations. Other capital projects include a renovation and addition to the 5th District Police Station and the Outdoor Firearms Training Center. There is also an approved project to replace the current County Animal Shelter with a state-of-the-art facility to be located in Gaithersburg. In conjunction with the County Executive's Smart Growth Initiative, a new Public Safety Training Academy (PSTA) and a new Montgomery County Public Safety Headquarters, which incorporates a new 1st District Police Station within the Headquarters facility, are being planned to replace existing aging facilities. The Smart Growth Initiative is designed to achieve significant savings and cost avoidance in replacing the various aging facilities.

Correction and Rehabilitation

The Department of Correction and Rehabilitation (DOCR) personnel complement includes 552 approved positions in FY10 for Correctional Officers, program staff, and other professionals who provide progressive and comprehensive correctional services through a wide variety of detention and community supervision programs. The Department operates three facilities for incarceration and intensive community re-entry planning: the Montgomery County Detention Center (MCDC), the Montgomery County Correctional Facility (MCCF), and the Pre-Release Center (PRC). The Department also operates pretrial and diversion programs that supervise over 2,500 defendants in the community on a daily basis (as of early FY10). The Detention Center, located in Rockville, is a 200-bed, 72-hour holding facility for detainees who are subject to an initial court appearance, and handles all arrest booking, initial assessment of arrestees, maintenance of all inmate records, and release of all inmates. The District Court Commissioners who handle bail and bond hearings are also housed in this facility. The MCCF, a 1,029-bed facility located in Boyds (near

Clarksburg), houses and provides programs for adult men and women serving sentences up to 18 months or awaiting trial or sentencing. The PreRelease Center is run by the PreRelease and Reentry Services Division and focuses on work release for and re-entry for sentenced offenders in the latter segment of their sentence.

In FY09, the local inmate average daily population was approximately 164 at the Detention Center and 729 at the MCCF. A combined average population of approximately 19 Federal inmates was being held in these two facilities. The average total population at the Pre-Release Center was 129 residents with an additional 19 in the non-residential, prerelease home confinement program also managed by the PRC staff.

The County is currently engaged in the planning and design of a new Criminal Justice Complex (CJC) to replace the existing Detention Center, and to construct a dedicated DOCR training facility at the Montgomery County Correctional Facility in Clarksburg. A full array of programs will be located at the CJC relating to the central processing function, as well as serving as the site for the 24/7 District Court of Maryland, Health and Human Services Intake Screening, DOCR Pre-Trial Services, Assessment Section and next day court hearings, public defense operations, centralized property storage and prisoner release, and jail booking, screening and initial classification for those not released from the Central Processing Unit (CPU). The County is also engaged in planning and design for the renovation and addition of the kitchen and expansion of the dining area at the Pre-Release Center.

Solid Waste Management

The County maintains a comprehensive program to manage solid waste generated within the County. The elements of the program include an integrated system of methods and technologies, including source reduction, recycling, waste-to-energy, contractual out-of-County landfilling, maintenance of closed landfills, and a reserve permitted landfill within its borders.

The County continues to strive to meet its aggressive goal of achieving a source reduction and recycling rate of 50 percent. As of July 1, 2009, the program included County-provided separate curbside collection from 210,441 single-family households of yard trim, glass bottles and jars, metal and plastic containers, and all types of clean, unsoiled paper. Under a contract with the County, the Maryland Environmental Service (MES) constructed and operates two facilities for the processing and marketing of the materials. The first is a 42-acre composting facility located in the northwest part of the County which processes yard trimming materials collected in conjunction with a ban prohibiting disposal of yard waste. The second is a Materials Recovery Facility (MRF), located mid-County and capable of processing 100 tons of recyclable containers per eight-hour shift (current operations require only one shift). During FY09, the County collected \$2.6 million in MRF material sales revenue, plus \$1.1 million in other recycled metal sales revenue. To assure the processing and marketing of all County residential mixed paper collected, the County utilizes a long-term agreement with Office Paper Systems (OPS), which began in July 2002. The County also enacted mandatory multi-family and commercial recycling regulations, and conducts technical outreach and enforcement in this connection.

A large percentage of the County's non-recycled waste is accepted at the County's Shady Grove Transfer Station and transported by rail to the County's mass burn Resource Recovery Facility (RRF) adjacent to the Mirant Corporation power plant near Dickerson, Maryland. The RRF, with a permitted capacity of 657,000 tons per calendar year, is operated by Covanta Montgomery Inc., and began commercial operations in August 1995. The RRF generates electricity which is sold under a long term contract to Constellation Energy. In October 1997, the County began the export of RRF residue and non-processible waste under a long-term disposal contract utilizing committed capacity at a landfill outside the County. A new landfill, within the County (known as Site 2) and located approximately two miles from the RRF, was permitted (refuse disposal permit) with adequate capacity for the disposal of all ash, by-pass, and non-processible waste. Under a County Council resolution adopted in May 1996, the County will not develop the Site 2 landfill unless economic conditions or changes in law render out-of-County waste disposal infeasible. The Oaks Landfill discontinued accepting solid waste in October 1997, and all capping and closure activities are complete. The Solid Waste Enterprise Fund maintains restricted cash sufficient to complete 30-year post-closure requirements.

Transportation

The Department of Transportation ensures the safe and convenient movement of pedestrians and vehicles on County roads, operates the traffic system in a safe and efficient manner, and maintains the County's road system, bridges, storm drains, sidewalks, curbs, gutters, alleys, bikeways, streetlights, traffic signals, facilities and related equipment.

The Department's services include bridge maintenance, road resurfacing, roadway and related maintenance, snow removal and storm services, trail maintenance, tree maintenance, urban streetscaping, facility engineering, facility maintenance and operations, parking, street lighting, traffic planning, traffic and pedestrian safety, traffic signs and marking, traffic signals and the Advanced Transportation Management System, and transportation management and operations.

Ride-On Bus System

The County Ride-On bus system operates on 76 routes and is designed to complement the service provided by other transit operators in the County. All but two of those routes serve one or more of the 12 Metrorail Red Line or MARC Rail Stations in the County. In FY09, approximately 29.6 million passenger trips took place on the County system. The entire fleet consists of 375 buses owned and operated by the County which travel approximately 14 million miles per year.

Parking Districts

There are four parking lot districts in the major urbanized areas of the County. Prior to 1987, general obligation bonds were issued by the County to finance the construction of parking facilities in these areas. In 1987, the County began using parking revenue bonds. A special ad valorem tax is levied on certain commercial and residential property located within each district to pay debt used to finance parking facilities within the district, the maintenance and operation of such facilities, and capital construction projects within each district. Other significant sources of revenue used to finance the parking program are meter collections, fees from off-street lots and parking garages, and parking fines. The County issued parking revenue bonds in the amount of \$97.6 million for land acquisition, construction, repair and renovation of parking facilities. During FY09, the four districts collectively had in service 18 garages with approximately 17,026 parking spaces, 23 surface lots with 1,848 spaces, and 2,295 on-street metered spaces.

OTHER SERVICES

Transportation

Airports

The County is served by three major airports located within 35 miles of Rockville. These airports provide high levels of short, long, and international flight services.

Ronald Reagan Washington National Airport is located in Arlington County, Virginia, across the Potomac River from Washington, D.C. Reagan National is accessible to Montgomery County by Metrorail. In 2008, the airport served approximately 18 million passengers on commercial, general aviation and commuter flights, a 3.5 percent decrease from 2007.

Dulles International Airport is located in adjacent Fairfax/Loudoun counties in Virginia and offers commercial, general aviation and commuter service. Dulles served 23.9 million passengers in 2008, a 3.5 percent decrease from 2007. The 16-mile Dulles Access Highway provides two dedicated lanes in each direction and a direct connection to Interstate 66 and the Capital Beltway.

Baltimore-Washington International Thurgood Marshall Airport (BWI) is located in Anne Arundel County, Maryland. Approximately 20.5 million passengers used the airport in 2008, a decrease of 2.6 percent over 2007. As part of a recently completed five-year expansion program, BWI added a new terminal facility, parking garages, multiple

skywalks, and a new rental car facility.

Metrorail Transit System

Services of the Washington Metropolitan Area Transit Authority (Metro) are the backbone of the County transit system. Providing service to the County are 12 rapid rail stations with 13,368 parking spaces and additional service by 150 Metrobuses. With the opening of the final Metrorail station in the County (Glenmont) in July 1998, the system includes 18.4 miles of rail service operating in the County. Each weekday approximately 160,000 trips are made on Metrorail in Montgomery County.

Metrorail is a 106-mile regional network connecting Washington, D.C. with the expanding Maryland and Virginia suburbs. It includes 38.3 miles of rapid transit services in the District of Columbia, 38.3 miles in Maryland and 29.4 miles in Virginia.

Metrobus

Another significant element in the mass transit system is Metrobus, which carries 15 million passengers annually on major trunk lines such as East-West Highway, Georgia Avenue, Viers Mill Road, and Colesville Road. Approximately 150 Metrobuses operate on 39 routes in the County.

MARC Rail

The Maryland Mass Transit Administration operates MARC commuter rail service with 10 stations in the County. County residents make approximately 2,500 trips on MARC each weekday. There are also privately operated commuter bus services into Montgomery County from Hagerstown, Frederick, and Columbia, Maryland, subsidized by the Maryland Department of Transportation, connecting to Metrorail stations in the County.

Water and Sewer Service

Operation and maintenance of the public water and sewer systems in the County (exclusive of those for the City of Rockville and for the Town of Poolesville) are the responsibilities of a State-chartered agency, the Washington Suburban Sanitary Commission (WSSC) that serves both Montgomery and Prince George's Counties. WSSC operates under State law and is governed by a six-member Commission. The county executives of Montgomery County and Prince George's County each appoint three members, subject to confirmation by the respective county councils. The FY10 approved operating budget for WSSC totals \$590.5 million; the approved capital budget totals \$371.2 million.

The Potomac and Patuxent Rivers are WSSC's two major sources of raw water supply, with filtration plants located in Potomac and Laurel, respectively. WSSC has 14 billion gallons of water supply storage and an effective filtration capacity of 320 million gallons per day (MGD). The Jennings Randolph Reservoir near Bloomington on the North Branch Potomac River and Little Seneca Lake near Boyds on Little Seneca Creek can supplement flows to Potomac River water users, including WSSC and Rockville. These reservoirs can provide approximately 17 billion gallons of raw water, if needed during low flow periods. An approved expansion of the Patuxent Filtration Plant will increase normal capacity there from 56 MGD to 72 MGD, and emergency capacity from 72 MGD to 110 MGD.

Most of the sewage collected by WSSC's systems is conveyed for treatment at the Blue Plains Wastewater Treatment Plant ("Blue Plains") in Washington, D.C. Blue Plains, owned and operated by the District of Columbia Water and Sewer Authority (DC WASA), has a treatment capacity of 370 MGD, of which WSSC's allocated capacity totals approximately 170 MGD. The County maintains membership on the DC WASA Board. WSSC's Seneca Creek Wastewater Treatment Plant provides 20 MGD of treatment capacity in the Seneca basin, serving the communities of Gaithersburg, Germantown, and Clarksburg. An approved expansion will increase treatment at the Seneca Plant to its planned capacity of 26 MGD, with completion expected in 2013. WSSC also operates two smaller treatment plants in the County which serve the communities of Damascus and Hyattstown.

The City of Rockville operates its own water and wastewater system, which serves approximately 75 percent of the City's residential population. Rockville's Water Treatment Plant, located on Sandy Landing Road in Potomac, draws raw water from the Potomac River. The plant is currently rated at 8.0 MGD. Rockville has 12 MG of water supply storage in the following tanks: Hunting Hill, Carr Avenue and Talbott Street. Wastewater treatment for Rockville's sewerage system is provided at Blue Plains via WSSC's and DC WASA's transmission facilities. Rockville is allocated 9.31 MGD of treatment capacity of WSSC's 170 MGD capacity at Blue Plains. The approved FY10 Operating Budget for Rockville totals \$7.7 million for the water fund and \$6.7 million for the sewer fund. The approved FY09 Capital Budget for Rockville totals \$17.1 million for the water fund and \$5.6 million for the sewer fund.

Rockville initiated water supply systems upgrade and rehabilitation projects in FY09 that will improve fire flows, water quality, and water production. The Mayor and Council approved a financing plan to fund these programs through user rates, starting with a 25 percent increase in the rate for FY09 and an additional 25 percent rate increase for FY10. The City is also undertaking an aggressive preventative maintenance and pipe-lining plan for the sewage collection system that will help prevent blockages and overflows, identify and prioritize capital improvements, and reduce opportunities for infiltration and inflow of rain and ground water into the system. Rockville plans to invest \$7.9 million in capital projects for the wastewater collection system over the next five years.

The Town of Poolesville also operates its own water and wastewater systems, which serve the majority of the Town. Raw water for the Town's system is supplied by eleven groundwater wells, with an average daily demand of approximately 0.5 MGD. The Town has acquired withdrawal permits for up to 0.65 MGD on an annual daily average. An additional well, for redundancy, is slated to be constructed in 2010. A 500 thousand gallon elevated tank and a one million gallon standpipe serve as storage and fire protection. The Town expanded its wastewater treatment plant from 0.625 MGD to 0.75 MGD and also enhanced the level of treatment to meet the Biological Nutrient Removal limits of the State. A further upgrade to an Enhanced Nutrient Removal system is underway to satisfy new State standards. These upgrades are expected to be completed early in 2010. The Town's water and sewer operating budget in FY 2010 was just under \$1 million, while the planned CIP budget was \$315,000.

Utilities

Potomac Electric Power Company (PEPCO) serves the major portion of the County, with additional service from the Baltimore Gas and Electric Company (BGE), and Allegheny Power Company. Three natural gas transmission pipeline companies (Columbia Gas Transmission, Dominion Transmission, and Transcontinental Gas Pipeline Corporation) traverse the County, supplying it with Appalachian and Southwest natural gas. Washington Gas and Baltimore Gas and Electric distribute this natural gas. There are 35 companies that sell gas in the County, of which only eight serve residential customers, with only four seeking new customers as of November 2009.

In early 1999, the Maryland General Assembly enacted The Electric Customer Choice and Competition Act of 1999 that effectively deregulates the market for electric power generation. Under a companion act (Senate Bill 344 / House Bill 366), the General Assembly restructured the tax laws affecting the electric industry to ensure that Maryland companies are not put at a competitive disadvantage in relation to out-of-state electric generators. The tax law restructuring accounted for potential revenue losses at both the State and local level, and effectively mitigated any adverse tax impact to county and municipal governments.

PEPCO took advantage of the Customer Choice and Competition Act regarding the disposition of its generation assets by selling these assets in 2000 to the Mirant Corporation, which now runs the generating units in the Dickerson area of the County. PEPCO continues to own and operate its transmission and distribution system. Baltimore Gas and Electric restructured in 1996 under the name Constellation Energy Group (CEG), with BGE owning and operating the transmission and distribution system and various other CEG entities owning the generation assets. Potomac Edison, which does business as Allegheny Power, is the regulated transmission and distribution utility for Allegheny Energy Supply Company, LLC, which owns the company's generation assets. As of November 2009, there were 30 companies licensed as electricity suppliers to Montgomery County residents, but only three of them were actively seeking new customers.

Financial Institutions

The State of Maryland is home to 134 FDIC insured financial institutions, which in turn operate 1,842 branch banking locations with an estimated \$108 billion in deposits. Montgomery County houses 38 of these institutions and dominates the majority market share of these deposits with an estimated \$29 billion in deposits. The financial institutions in the County include 28 Federal and State chartered banks with 244 branch locations, and 10 Federal savings and loan banks with 84 branch locations; in total these offices represent 18 percent of the total branch locations within the State. In addition to these FDIC institutions, the County has 19 national credit unions with an estimated \$1.94 billion in share deposits and a membership base of over 282,900.

Healthcare

There are five accredited hospitals located within the County: Holy Cross Hospital in Silver Spring, Suburban Hospital in Bethesda, Washington Adventist Hospital in Takoma Park, Shady Grove Adventist Hospital, in Gaithersburg, and Montgomery General Hospital in Olney. A military hospital, Bethesda Naval Hospital, is located in the County and the National Institutes of Health in Bethesda operates one of the world's foremost centers of medical research. Accessible to the County are Frederick Memorial Hospital in Frederick County; Laurel Regional Hospital and Prince George's Hospital Center in Prince George's County; and various hospitals in the District of Columbia and Northern Virginia.

Higher Education

The 2005 Census Update Survey indicated that County residents, on average, are highly educated. The proportion of County residents 25 years old or over completing four or more years of college increased from 33.2 percent in 1970 to 63.6 percent in 2005. Advanced degrees are held by 35 percent of the adult population. High school graduates account for 92.2 percent of the County population aged 25 and over, above the 79.5 percent proportion in 1970, the 87.3 percent in 1980, and the 90.3 percent in 2000.

Within a 40-mile radius of Montgomery County, there are 32 colleges and universities offering degrees in various disciplines. Many of those institutions also offer advanced degree programs in engineering, medicine, business, and computer sciences. The following table lists selected schools within or near the County and shows the student enrollment.

Travel and Tourism

According to the most recent statistics available by Global Insight in partnership with D.K. Shifflet & Associates, Ltd., travel and tourism in Montgomery County in 2008 from the accommodations, entertainment, food, retail and transportation hospitality industry sectors generated \$2.28 billion in expenditures. The transportation sector generated the highest increase of all industry sectors from 2007 to 2008 at 1.7% growth. During the same period, local entertainment expenditures grew by 0.8%, but the retail sector was down 1.1%.

Local room rental transient tax collections generated \$17.3 million in Fiscal Year 2009, down from \$17.7 million in Fiscal Year 2008.

The Conference and Visitors Bureau of Montgomery County, Maryland, Inc. (CVB) is a public-private non-profit membership organization dedicated to the promotion of travel and tourism to the County. The CVB serves as a subcontractor to the Montgomery County Department of Economic Development. On behalf of its membership, the Bureau participates in travel industry trade shows across the country, sponsors familiarization tours for tour operators, travel agents and travel writers, implements a \$130,000 advertising campaign annually, manages a direct sales initiative for the meetings, group tour and sports markets, implements marketing programs specifically targeting large groups that could meet in the Montgomery County Conference Center, markets all of the County's assets, including the Music Center at Strathmore and the American Film Institute, and manages a Visitor Information Center in Germantown.

Independent Auditor's Report

The Honorable County Council
of Montgomery County, Maryland

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Montgomery County, Maryland (the County) as of and for the year ended June 30, 2009, and the budgetary comparison for the general fund for the year ended June 30, 2009, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the component unit financial statements of Montgomery Community College, Montgomery County Revenue Authority and Bethesda Urban Partnership, Inc. which represent 100% of the assets, net assets and revenues of the non-major component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the above mentioned component units, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof, and the respective budgetary comparison for the general fund, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 24, 2009 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis, the schedule of funding progress, and the budgetary comparison for the Housing Initiative and Revenue Stabilization funds as listed in the table of contents are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Clifton Gunderson LLP

Baltimore, Maryland

December 24, 2009

Management's Discussion and Analysis

INTRODUCTION

This discussion and analysis (MD&A) is designed to a) assist readers in understanding Montgomery County, Maryland's (the County's) basic financial statements, the relationship of different types of statements, and the significant differences in the information they provide; b) assist the reader in focusing on significant financial issues; c) provide an overview of the County's current financial activity; d) identify changes in the County's financial position, i.e., its ability to address the next and subsequent years' financial needs, based on currently known facts; e) identify any material deviations from the approved budget for the fiscal year, and f) identify individual fund issues or concerns. The MD&A is best understood if read in conjunction with the Transmittal Letter and the County's basic financial statements.

FINANCIAL HIGHLIGHTS

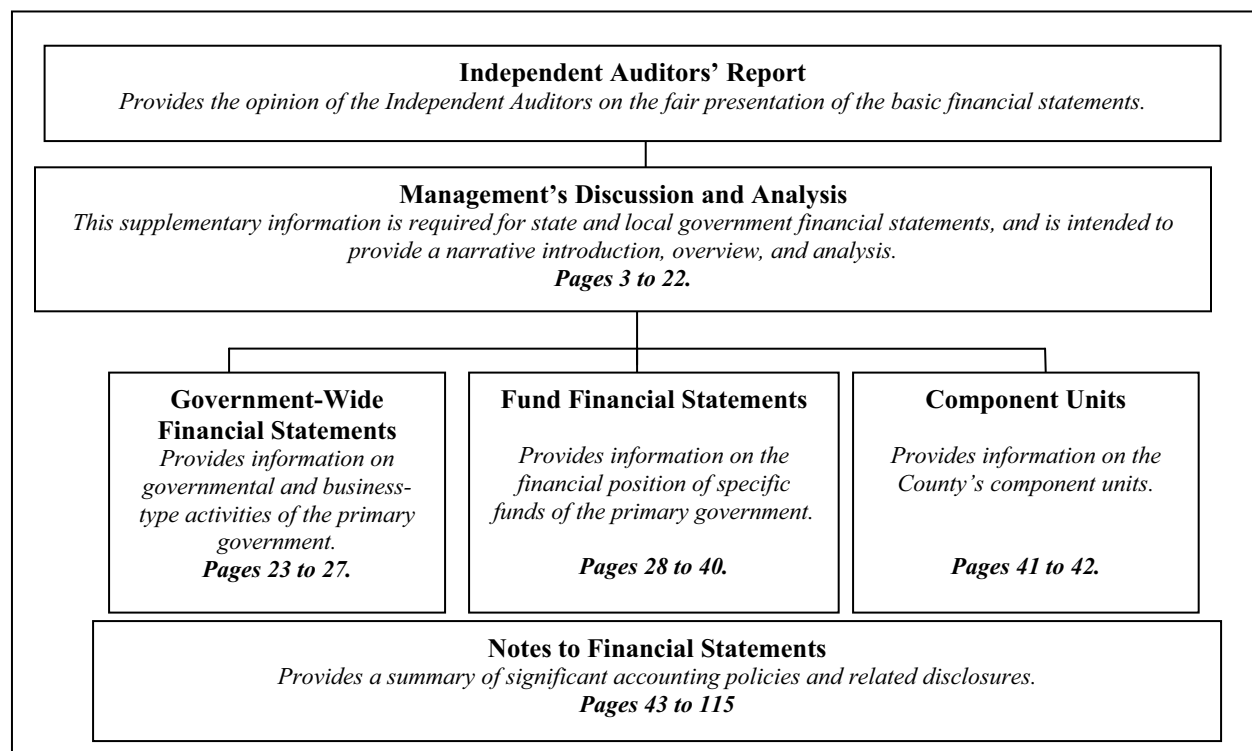

- The government-wide assets of the County exceeded its liabilities at the close of FY09 by \$1,555.7 million. That amount is net of a \$984.5 million unrestricted deficit. The deficit occurs because the County issues debt to fund construction costs for Montgomery County Public Schools (MCPS) and Montgomery College (MCC), two of its component units, and for Maryland-National Capital Park and Planning Commission (M-NCPPC), a joint venture. Debt outstanding for these entities amounted to \$1,123 million at June 30, 2009. Absent the effect of this relationship, the County would have reported government-wide positive unrestricted net assets of \$138.5 million.
- The County's total government-wide net assets decreased by \$356.5 million.
- As of the close of FY09, the County's governmental funds reported combined ending fund balances of \$423.7 million, a decrease of \$158.9 million over the prior year's ending fund balances. Of the total ending fund balances, \$189.7 million is available for spending at the County's discretion.
- At the end of FY09, unreserved fund balance for the General Fund was \$99.5 million, or 3.9 percent of total General Fund expenditures.
- The County's government-wide long-term debt increased by \$227.6 million during FY09. The key factors in this increase are:
 - The issuance of \$250 million in general obligation (GO) bonds, used to retire bond anticipation notes (BANS), and the issuance of an additional \$250 million in BANS
 - Net increase in Other Postemployment Benefits obligation of \$54.9 million; and
 - The retirement of \$120.2 million in GO bonds.
 - Revenue bonds were issued in the amount of 14.6 million for CIP projects.
 - Note in the amount of \$10 million was issued to the Washington Suburban Sanitary Commission.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's financial statements focus on both the County as a whole (government-wide), and on the major individual funds. "Funds" are resources segregated for the purposes of implementing specific activities or achieving certain objectives in accordance with special regulations, restrictions, or limitations. Both the government-wide and fund perspectives allow users to address relevant questions and understand changes in financial conditions. The structure of the financial statements is presented below. This MD&A is intended to be an introduction to Montgomery County's basic financial statements. Montgomery County's basic financial statements comprise three

components, including government-wide financial statements, fund financial statements, and notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Organization and Flow of Financial Section Information

Government-Wide Financial Statements

The government-wide financial statements are designed to be corporate-like in that all governmental and business-type activities are reported in columns which add to a total for the primary government. The focus of the statement of net assets is designed to provide bottom line results for the County's governmental and business-type activities. This statement reports governmental funds' current financial resources (i.e., short-term spendable resources) with capital assets and long-term obligations. All infrastructure assets built or purchased by the County, and infrastructure dedicated by developers since 1970, are included in the accompanying government-wide financial statements. The difference between the County's assets and liabilities is reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial health of the County is improving or deteriorating. Additionally, nonfinancial factors, such as a change in the County's property tax base or the condition of County facilities and infrastructure, should be considered to assess the overall health of the County.

The statement of activities is focused on both the gross and net cost of various functions, including governmental and business-type activities. This is intended to summarize and simplify the users' analysis of the cost of various governmental services and/or subsidy to various business-type activities. The governmental activities included reflect the County's basic services, including general government, public safety, public works and transportation, health and human services, and others. Taxes, including the property and income tax, license and permit fees, intergovernmental revenues, charges for services, fines and forfeitures, and investment income finance the majority of these services. The business-type activities reflect private sector-type operations, including: liquor control, solid waste activities, four parking lot districts, permitting services, and community use of public facilities, where fees for services or products are required or designed to recover the cost of operation, including depreciation.

The government-wide financial statements include not only the County itself (known as the Primary Government), but also legally separate entities known as Component Units. Component units, which are other governmental units over which the County Council can exercise influence and/or may be obligated to provide financial subsidy, are presented as a separate column in the government-wide statements and as individual activities in the basic and fund financial statements. The County has five component units – Montgomery County Public Schools (MCPS), Housing Opportunities Commission (HOC), Montgomery College (MCC), Montgomery County Revenue Authority (MCRA), and Bethesda Urban Partnership, Inc. (BUPI).

Fund Financial Statements

Traditional users of governmental financial statements may find the fund financial statement presentation more familiar. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. In the fund financial statements, the focus is on major funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. The County has the following three types of funds:

Governmental Funds – Most of the County’s basic services are included in governmental funds, which focus on (1) cash and other financial assets that can readily be converted to cash and how they flow in and out, and (2) the balances remaining at year-end that are available for spending. The governmental funds financial statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the County’s programs. Because this information does not encompass the additional long-term focus of the government-wide financial statements, a reconciliation of the fund financial statements to the government-wide financial statements is presented immediately after the fund financial statements. For example, the fund financial statements will reflect bond proceeds and interfund transfers as other financing sources, as well as capital expenditures and bond principal payments as expenditures. The reconciliation will reflect the elimination of these transactions and will incorporate the capital assets and long-term obligations (bonds and others) that are presented in the governmental activities column (in the government-wide statements). The County has five major governmental funds – General, Debt Service, Revenue Stabilization, Housing Initiative, and Capital Projects – and 15 nonmajor funds (15 special revenue funds).

Proprietary Funds – Proprietary funds, which consist of enterprise funds and internal service funds, are used to account for operations that are financed and operated in a manner similar to private business enterprises in which costs are recovered primarily through user charges. Proprietary fund financial statements, like the government-wide financial statements, provide both long-term and short-term financial information. The fund financial statements provide more detail and additional information, such as cash flows, for the County’s enterprise funds. The County has three major enterprise funds – liquor control, solid waste activities, and parking lot districts – and two nonmajor funds. The internal service funds, which are presented in a single, aggregated column in the proprietary fund financial statements, are used to account for the provision of liability and property insurance coverage, employee health benefits, motor pool services, and central duplicating services, to County departments on a cost reimbursement basis. Although both the fund and government-wide financial statements provide a long-term and short-term focus, reconciliations between these two sets of statements are still required. This is due to the fact that the excess income/loss for the internal service funds has been redistributed to the customers, including business-type activities; such reconciliations are reflected on the bottom of the proprietary fund financial statements.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County’s programs. The County’s fiduciary funds consist of pension and other employee benefit trusts, an investment trust, private purpose trusts, and agency funds.

FINANCIAL ANALYSIS OF MONTGOMERY COUNTY, MARYLAND: GOVERNMENT-WIDE FINANCIAL STATEMENTS

A comparative analysis of government-wide financial information is presented below.

Statement of Net Assets

The following presents a summary of the Statements of Net Assets for the County as of June 30, 2009 and 2008:

Summary of Net Assets *						
June 30, 2009 and 2008						
	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
Assets:

Total Net Assets	\$ 1,286,928,526	\$ 1,633,208,593	\$ 268,753,045	\$ 278,978,738	\$ 1,555,681,571	\$ 1,912,187,331
* Primary Government						

The County's current and other assets decreased by \$258.5 million or 16.6 percent from FY08. The County's assets exceeded its liabilities at the close of FY09 by \$1,555.7 million. By far the largest portion of the County's net assets reflects its investment in capital assets (e.g., land, buildings, improvements, furniture and equipment, infrastructure), less any related outstanding debt used to construct or acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. Governmental capital lease obligations of \$35.1 million, related to business-type activity capital assets, are classified as a component of unrestricted net assets for governmental activities purposes, but reclassified to invested in capital, net of related debt, for total primary government purposes.

It is also important to note that although counties in the state of Maryland issue debt for the construction of schools, those school buildings are owned by each county's Board of Education. The County also funds projects for MCC and M-NCPPC. Therefore, while the County's financial statements include this outstanding debt, they do not include the capital assets funded by the debt. Debt outstanding for these entities amounted to \$1,123 million at June 30, 2009. Absent the effect of this relationship, the County would have reported government-wide positive unrestricted net assets of \$138.5 million. An additional portion of the County's net assets (\$460 million or 29.6

percent) represents resources that are subject to restrictions on how they may be used. This amount includes \$119.6 million in net assets restricted for revenue stabilization for periods of economic downturn.

The County's total net assets decreased by \$356.5 million for FY09 or 18.6 percent over FY08. This decline largely reflects flat total revenues and increased total expenses.

Statement of Activities

The following table summarizes the County's change in net assets for the years ended June 30, 2009 and 2008:

Summary of Changes in Net Assets *						
For the Fiscal Years Ended June 30, 2009 and 2008

* Primary Government						

Governmental Activities

Revenues for the County's governmental activities were \$3,205.4 million for FY09. Sources of revenue are comprised of the following items:

- Taxes constitute the largest source of County revenues, amounting to \$2,759.5 million for FY09. Property and local income tax combined comprise 77 percent of all County revenues. Each County in Maryland sets its income tax rate within parameters established by the State. The local income tax rate was 3.2 percent of the State taxable income for calendar years 2009 and 2008. There is no local sales tax in the State of Maryland.
- Operating grants and contributions represent primarily grants from the Federal and State governments and State aid programs. The majority of such revenues are received to fund the following County programs: health and human services (\$109.6 million or 47.9 percent), public works and transportation (\$71.5 million or 31.2 percent) and public safety (\$30.1 million or 13.2 percent).

A more detailed discussion of the County's revenue results for FY09 as compared to what was budgeted can be found in the General Fund Budgetary Highlights section of this MD&A.

The cost of all governmental activities for FY09 was \$3.597 billion. As the chart below indicates, education constitutes the County's largest program and highest priority; education expenses totaled \$1.8 billion. Public safety expenses totaled \$626.9 million, general government services totaled \$337.6 million, and health and human services, the fourth largest expense for the County, totaled \$288.5 million.

**Expenses by Function - Governmental Activities
For the Fiscal Year Ended June 30, 2009**

The following table presents the cost and program revenues of the County as a whole and each of the County's six largest programs – education, public safety, general government, health and human services, public works and transportation, and culture and recreation – as well as each program's net cost (total cost less fees generated by the activities and program-specific intergovernmental aid).

Net Cost of County's Governmental Activities For the Fiscal Years Ended June 30, 2009 and 2008							
	Expenses		Revenues		Net Cost of Services		
	2009	2008	2009	2008	2009	2008	
Education	\$ 1,842,962,933	\$ 1,783,953,133	\$ -	\$ -	\$ 1,842,962,933	\$ 1,783,953,133	
Public safety	626,855,553	601,156,598	79,610,411	64,907,226	547,245,142	536,249,372	
General government	337,557,085	304,526,806	63,864,253	62,807,609	273,692,832	241,719,197	
Health and human services	288,519,635	286,907,329	115,177,823	109,198,818	173,341,812	177,708,511	
Public works and transportation	257,041,963	233,193,597	107,411,399	105,746,506	149,630,564	127,447,091	
Culture and recreation	116,186,268	118,017,417	42,604,734	36,008,463	73,581,534	82,008,954	
Other	127,494,909	130,033,193	21,400,576	18,926,529	106,094,333	111,106,664	
Total	<u>\$ 3,596,618,346</u>	<u>\$ 3,457,788,073</u>	<u>\$ 430,069,196</u>	<u>\$ 397,595,151</u>	<u>\$ 3,166,549,150</u>	<u>\$ 3,060,192,922</u>	

Of the total cost of governmental activities of \$3,597 million, \$430.1 million was paid by those who directly benefited from the programs (\$166.6 million) and other governments and organizations that subsidized certain programs with operating and capital grants and contributions (\$263.5 million). Of the \$3,166.5 million net cost of services, our taxpayers paid for these activities through County taxes which totaled \$2,759.5 million; also available to contribute towards such net costs were investment income and gain on sale of capital assets.

Highlights of significant changes in governmental activities revenue and expenses compared to last year are:

- General Government includes:
 - \$2 million increase in expenses for the Presidential General Election and two unplanned special County Council elections;
 - \$9.2 million increase in expenses for snow removal operations and wind and rain storm clean-up; and

- Decrease in revenue for permitting services of 20% or about \$5.4 million primarily due to the downturn in the construction industry.
- Public Safety includes:
 - \$3 million increase in grants from the U.S. Department of Homeland Security to buy equipment to better evaluate criminal histories of suspects;
 - \$1.4 million increase in interest expense for the Consolidated Fire District due to the financing of over \$30 million in new fire trucks and other emergency equipment ; and
 - \$3.8 million decrease in expenses for Police supplies and uniforms as part of an overall savings plan for the department
- Public Works and Transportation includes:
 - Additional \$3 million in federal grants for transit buses; and
 - Mass Transit revenues decreased by \$22 million due to the delay in the receipt of an annual State of Maryland payment for special bus services while expenses decreased by \$6.3 million from FY 08 as FY08 had several large one-time expense items
- Culture and Recreation includes:
 - \$1.1 million increase in revenues received by the Department of Recreation due to the addition of two new fun centers and the expansion of certain programs for school age children while the Department's expenses decreased by 4% compared to FY08

Business-type Activities

Highlights of the County's business-type activities for FY09 are as follows:

- Business-type activities experienced a decrease in net assets of \$10.2 million for FY09. However, this amount is reported after total net transfers out of \$45 million. The most significant components of this amount include:
 - \$9.8 million in transfers of parking fees from the Parking Lot Districts to the Mass Transit Fund and Urban Districts; and
 - \$30.4 million in FY09 Liquor Enterprise Fund profits transferred to the General Fund. Under State law, the Montgomery County Department of Liquor Control has a monopoly on the distribution of alcoholic beverages, and the sale of spirits, within the County.
- Charges for services to users comprise 96.3 percent of revenues, with \$220.8 million (58.1 percent of charges for services revenue) attributable to liquor control operations and \$100.1 million (26.4 percent) attributable to solid waste activities. The remaining charges for services are generated from operations relating to parking lot districts, permitting services, and community use of public facilities.
- Parking lot district property taxes of \$11.9 million is the second largest source of revenue at only 3.1 percent.
- Investment income of \$2.6 million reflects a decrease of \$4.7 million or 64.5 percent over FY08, primarily because of the decreases in interest rates and pooled cash and investments during the year.

Business-type activities are shown below comparing costs to revenues generated by related services:

Business-type revenues by source are comprised of the following:

Revenues by Source - Business-type Activities
For the Fiscal Year Ended June 30, 2009

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is valuable in assessing the County's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of FY09, the County's governmental funds reported combined ending fund balances of \$423.7 million, a decrease of \$158.9 million from the end of FY08. Of the total ending fund balances, \$189.7 million constitutes the unreserved fund balance, which is available for spending at the County's discretion. The remainder of the fund balances of \$234 million is unavailable for new spending because it has been reserved for prior period commitments and legal restrictions.

The General Fund is the primary operating fund of the County. At the end of FY09, unreserved and undesignated fund balance of the General Fund was \$28.9 million, while total fund balance was \$108.1 million. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved and undesignated fund balance and total fund balance to total fund expenditures. Unreserved and undesignated fund balance represents 1 percent of the total General Fund expenditures and transfers out, while total fund balance represents 3.8 percent of the same amount.

The fund balance of the County's General Fund decreased by \$64.7 million during FY09, primarily due to reduced income and real property transfer and recordation tax revenues.

The Capital Projects Fund has a total fund balance of \$-46.3 million, a decrease of \$82.4 million from the end of FY08. The decrease was primarily due to a timing difference between capital expenditures and the debt to be issued in FY10 to pay for those expenditures.

The Debt Service Fund accumulates resources for the payment of general long-term debt principal, interest, and related costs. This fund does not maintain an unreserved fund balance; the reserved fund balance of \$3.3 million represents a debt service reserve account.

A more detailed discussion of General Fund revenues can be found in the General Fund Budgetary Highlights section of MD&A. Other factors concerning the finances of the governmental funds are addressed in the discussion of the County's governmental activities.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide statements, but include more detail.

Unrestricted net assets of the Liquor Fund at the end of FY09 amounted to \$27.4 million, and operating income was \$25.9 million. After a subsidy transfer to the General Fund of \$30.4 million, the fund ended FY09 with a decrease in net assets of \$4.9 million.

The Solid Waste Activities Fund total net assets amounted to \$68.1 million, of which the unrestricted net assets were \$5.2 million. Restricted net assets of \$32.7 million are attributable to required debt service reserve accounts for the Solid Waste Disposal revenue bonds.

The Parking Lot Districts Fund decrease in net assets amounted to \$.1 million in FY09, resulting in total ending net assets of \$169.7 million. Of this amount, \$141.1 million (83.1 percent) is invested in capital net of related debt; \$7.8 million (4.6 percent) is restricted for debt service on revenue bonds; and \$20.9 million (12.3 percent) is unrestricted.

A discussion of enterprise fund long-term debt can be found in the Long-Term Debt section presented later in this MD&A. Other factors concerning the finances of the enterprise funds are addressed in the discussion of the County's business-type activities.

General Fund Budgetary Highlights

Revisions to the General Fund expenditure original budget (excluding transfers) to arrive at the final budget amounted to \$10.2 million, which included County Council approved supplemental and special appropriations and the year-end County Council transfer and County Executive supplemental appropriations. Major components of the appropriation increases include the following:

- \$4.1 million for Board of Elections to pay for Presidential General Election, two unplanned County Council elections and to move the Board to new facilities;
- \$1 million increase in personnel costs related to certain public safety activities;
- \$9.2 million for snow removal operations and wind and rain storm clean up; and
- \$4.4 million decrease for a County program to supplement the income of working families.

Actual revenues were less than budget amounts by \$89.7 million, while actual expenditures and net transfers out were less than final budget by \$26.9 million and \$72.1 million, respectively. Highlights of the comparison of final budget to actual figures for expenditures and net transfers for the fiscal year-ended June 30, 2009, include the following:

- Actual expenditures of \$933.8 million were \$26.9 million less than the final budget, which represents 2.8 percent of the final budget, and is attributable to savings achieved across numerous departments.
- Actual transfers to the Capital Projects Fund and component units for capital purposes were less than budgeted by \$49.9 million. This is due both to the multi-year nature of capital projects, and to time delays that can be encountered for certain projects.

A more detailed comparison of final budget to actual figures for revenues is presented below:

Overview - Actual revenues for the General Fund totaled \$2,700.9 million and were 3.2 percent below the budget estimate for the fiscal year but 4.5 percent above actual revenues for FY08. The three largest contributors to the variance in dollars between the budget estimate and actual revenues were the income tax (↓\$33.7 million below the budget estimate), followed by the recordation tax (↓\$25.6 million below the budget), and finally, the real property transfer tax (↓\$16.1 million below the estimate). Revenues from consumption/excise taxes which include fuel/energy, telephone, hotel/motel, and admissions taxes, were \$179.2 million in FY09. That amount was \$6.5 million or 3.5 percent below the budget estimate. Investment income was approximately \$3.9 million below the budget estimate. Licenses and permits (↑2.2%) and charges for services (↑3.4%) came in above budget estimates. Intergovernmental revenues were 10.4 percent below the budget estimate. Such a decrease was attributed to State reimbursements which came in 13.6 percent below the budget estimate, and other intergovernmental revenue which

were 8.8 percent below the budget estimate. Federal reimbursements, which represent only 20.4 percent of total intergovernmental revenues, came in 4.0 percent above the budget estimate.

Income Taxes - The largest revenue source for the General Fund is the County income tax. Revenues from the income tax were \$1,291.7 million and represented 50.8 percent of actual tax revenues and 47.8 percent of total actual revenues in FY09. Income tax receipts became the majority source of tax revenues in the General Fund when it surpassed the property tax in size in FY99. The dramatic shift in the reliance on the income tax as a major source of revenue can be attributed to two factors: the expansion of the employment base in the County and growth in capital gains. With a Standard & Poor's 500 index decreasing 38.5 percent in calendar year (CY) 2008 after increasing 3.5 percent in calendar year CY2007, 13.6 percent in CY2006, 3.0 percent in CY2005, and 9.0 percent in CY2004 and an average annual growth rate of 1.4 percent in the County's resident employment during the CY2003-CY2006 period, income tax revenues increased 10.4 percent in FY04, 8.2 percent in FY05, 11.0 percent in FY06, 21.1 percent in FY07, and 2.1 percent in FY08. However, with a decline in the growth in resident employment in CY2007 (↓0.1%) and in CY2008 (↓0.4%) coupled with the dramatic decline in the S&P 500 index in CY2008; there was no increase in FY09. As the chart below illustrates, total quarterly distributions for withholding and estimated payments increased 0.2 percent in FY09, +4.9 percent in FY08, +20.5 percent (FY07), +5.6 percent (FY06), +6.1 percent (FY05), and +15.1 percent (FY04).

Property Taxes - Property tax collections in the General Fund amounted to \$962.3 million in FY09, which were \$2.8 million (↓0.3%) below the budget estimate but 20.8 percent above actual revenues in FY08. Actual property taxes, excluding penalties and interest and other items, were \$960.9 million in FY09 – an increase of 20.9 percent over last year. Collections from penalties and interest were \$1.4 million – a 25.6 percent decrease compared to FY08. The reason for the variance in property tax revenues compared to the budget estimate is attributed to the decline in personal property taxable assessments. The increase in property tax collections for the General Fund was attributed to actions by the County for the FY08 levy which is collected in FY09. Such actions by the County included an income tax offset of \$579 per owner-occupied residence, compared to the \$613 for the prior fiscal year, and an increase in the General Fund tax rate from \$0.627 to \$0.661 per \$100 of assessed value.

The taxable assessments for real property increased 11.1 percent from FY08 to FY09. This was the fourth largest increase in over eighteen years. New construction, which added \$1.4 billion to the base in FY09, was 4.6 percent

lower than in FY08. The real estate market, particularly the annual double-digit price increases during fiscal years (FY02-FY06), fueled the dramatic increase in the reassessment rate from 21.8 percent to 65.0 percent for Cycle Two reassessments of the County's real property with the three-year phase in starting in Levy Year (LY) 2005, that preceded an increase in the rate from 36.3 percent to 63.3 percent for Cycle Three reassessments in LY06, but declined from 51.8 percent to 43.4 percent for Cycle One in LY07 indicating a significant deceleration in the growth of average sales prices during FY07 ($\uparrow 2.0\%$) and FY08 ($\uparrow 0.4\%$). With the average sales price for an existing home declining 15.8 percent in FY09, the reassessment rate for Group Two declined from 65.0 percent for LY05 to 16.2 percent for LY08. However, the homestead tax credit limits annual increases in homeowners' taxable assessments to 10 percent per year although other taxable assessments such as commercial and investment residential properties are not limited by this credit. While there were dramatic increases in the reassessment rates, which added over \$16.7 billion to the assessable base in FY09, such increases were potentially offset by the homestead tax credit, which excluded an additional \$2.3 billion from the real property taxable base in FY09.

Assessments of personal property increased 3.2 percent in FY00, 5.1 percent in FY01, 3.0 percent in FY02, 0.6 percent in FY03, but declined 6.2 percent in FY04 primarily due to weaknesses in all three categories: individual, public utility, and corporate. Unfortunately, there was no rebound in the subsequent years as illustrated by a 1.5 percent decline in FY05, and another 1.8 percent decline in FY06. The declines in FY05 and FY06 were attributed to adjustments to individual personal property undertaken by the Maryland Department of Assessments and Taxation. Due to a rebound in personal property for public utilities, assessments increased 3.1 percent in FY07 and a modest 0.5 percent in FY08. However, because of declines in individual and corporate personal property and public utility tax assessments, total personal property assessments declined 1.3 percent in FY09. For the past four fiscal years (FY06-FY09), taxable assessments for personal property averaged \$3.918 billion ranging from a low of \$3.832 billion in FY06 to a high of \$3.971 billion in FY08. Despite the weaker trend in personal property since FY04, the total taxable assessment grew 9.6 percent in FY05, 11.9 percent in FY06, 13.4 percent in FY07, 12.8 percent in FY08, and 10.8 percent in FY09.

Transfer and Recordation Taxes - The third major category in the County is the combination of real property transfer and recordation taxes. The combined tax receipts from these sources in FY09 were \$107.2 million (excluding

recordation tax revenues earmarked for CIP funding of school construction and transfer tax revenues from condominium conversions), and 28.0 percent below the budget estimate and 20.6 percent below actual revenues in FY08. The FY09 decline in collections from transfer and recordation taxes was the third consecutive decrease which represented a decline of \$134.5 million over the three-year period. The drop in average sales price for existing homes (↓15.8%) during F09 was the major factor in the decline. As the accompanying chart illustrates, the total amount collected from these taxes increased from \$99.8 million in FY00 to a peak of \$241.7 million in FY06, before declining to \$107.2 in FY09, the lowest amount since the increase in the recordation tax rate beginning in FY03 (from \$4.40 to \$6.90 per \$1,000 of the value of the contract excluding the first \$50,000 exempted from taxation for residential properties).

General Fund revenues from the transfer tax experienced a decline of 19.4 percent in FY09 compared to a 22.4 percent decline from the recordation tax. Because of the decrease attributed to a dramatic reduction in average sales prices in FY09 (↓15.8%), revenues from the residential sector were \$56.1 million, a decrease of 18.6 percent over FY08 – the third decrease since FY06. The number of residential transfers declined to approximately 12,600 (↓3.8%) – the lowest level in over nineteen years and reflecting the drop in housing sales during the first eight months of FY09.

The commercial market was weaker in FY09 compared to the residential sector with revenues decreasing 24.1 percent from \$10.1 million to \$7.5 million. The number of transfers (112) in FY09 was 53.5 percent below the number in FY08 – the lowest number in over nineteen years.

Other Taxes - The remaining tax sources – consisting of fuel/energy, telephone, hotel/motel, and admissions and amusement taxes – totaled \$179.2 million and were approximately \$6.5 million, or 3.5 percent, below the budget estimate. Revenues from the telephone tax were 0.2 percent above the budget estimate. That modest increase was attributed to increases in the use of cellular telephones, which represented 66.1 percent of total revenues, and offset the decline in landlines. The remaining consumption/excise taxes were below budget estimates. Revenues from the hotel/motel industry of \$16.8 million in FY09 were 15.3 percent below the budget estimate. The fuel/energy tax was up 9.3 percent compared to FY08 reflecting the higher tax rates on fuel oil, electricity, and natural gas but 2.5 percent below the budget estimate, which was attributed to a mild winter and therefore a decline in revenues from fuel oil (↓10.5%). The decrease in the admissions tax (↓8.1%) from the budget estimate was attributed to the decline in tax receipts from two of the largest sources of revenues which represent nearly 50 percent of total revenues – arcades (↓0.9%), and golf activities (↓20.4%).

Investment Income - In the General Fund, investment income decreased from \$8.9 million in FY08 to \$0.6 million and was 87.1 percent below the budget estimate. The dramatic decrease in FY09 was the result of a significant accommodative policy of the Federal Open Market Committee (FOMC) of the Federal Reserve that reduced interest rates beginning in September 2007. From that time to December 2008, the FOMC decreased the target interest rate for federal funds from 5.25 percent to a range of between 0.00 and 0.25 percent — a decline of 500-525 basis points. The justification for such a decrease was the significant global credit crisis that began in August 2007. Because of this 500+-basis-point decrease over the fifteen-month period, short-term or money market rates decreased as well, hence the average yield on cash equity for the County decreased from 5.21 percent in FY07 to 1.71 percent in FY09. Total pooled investment income on a budgetary basis, which includes all funds and outside participants excluding unrealized gains or losses, was \$11.9 million or 72.5 percent below last fiscal year. With the decrease in investment income coupled with a lesser rate of increase in spending, the average daily portfolio balance decreased from \$971.4 million in FY08 to \$695.7 million in FY09.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The County's investment in capital assets as of June 30, 2009, amounted to \$3,082 million (net of accumulated depreciation and amortization), as summarized below:

Capital Assets, Net of Depreciation June 30, 2009				
	Governmental Activities	Business-type Activities	Total FY09	Total FY08
Land	\$ 645,547,868	\$ 59,329,889	704,877,757	\$ 658,648,955
Buildings	466,054,900	150,577,069	616,631,969	615,163,870
Improvements other than buildings	28,081,990	28,951,743	57,033,733	55,074,486
Furniture, fixtures, equipment and machinery	83,971,071	8,447,924	92,418,995	111,332,318
Leasehold improvements	9,080,164	-	9,080,164	9,890,909
Automobiles and trucks	127,426,744	1,644,457	129,071,201	112,941,444
Infrastructure	1,110,992,250	12,773	1,111,005,023	1,113,807,434
Other assets	172,207	-	172,207	380,180
Construction in progress	352,436,230	9,282,824	361,719,054	260,367,292
Total	<u>\$ 2,823,763,424</u>	<u>\$ 258,246,679</u>	<u>\$ 3,082,010,103</u>	<u>\$ 2,937,606,888</u>

*Certain amounts have been reclassified to conform with the current year presentation.

Changes in the County's capital assets for FY09 are summarized as follows:

Change in Capital Assets For the Fiscal Year Ended June 30, 2009				
	Governmental Activities	Business-type Activities	Total FY09	Total FY08
Beginning Balance	\$ 2,716,099,259	\$ 221,507,629	\$ 2,937,606,888	\$ 2,851,846,300
Additions*	203,193,490	49,486,289	252,679,779	190,035,492
Retirements, net*	276,419	9,556	285,975	438,769
Depreciation expense	95,252,906	12,737,683	107,990,589	103,836,135
Ending Balance	<u>\$ 2,823,763,424</u>	<u>\$ 258,246,679</u>	<u>\$ 3,082,010,103</u>	<u>\$ 2,937,606,888</u>

* Presented net of transfers from construction in progress;
retirements are also net of related accumulated depreciation.

Major capital asset events during the current fiscal year included the following:

- Roads, including underlying land, valued at \$2.2 million were transferred to the County by various developers.
- \$6.9 million was spent to replace an existing transit facility with a new 3-story, multi-modal transit center that serves a vital part of the Silver Spring revitalizing initiative.
- \$7.4 million to purchase preservation easements on farmland in agricultural zones and other zones approved by the County Council to preserve farmland not protected by Transferable Development Rights (TDRs) or State agricultural land preservation easements.
- The County incurred \$13.5 million in costs for the acquisition of replacement fire apparatus for various fire stations throughout the County and \$1.3 million for the acquisition of Ride-On buses.

- \$5.4 million was spent to provide for a 30 year maintenance cycle for sidewalks, curbs and gutters in business districts and residential communities throughout the County.
- \$3.5 million was spent on an advanced transportation management system (ATMS) that supports public safety and directly impacts the movement of people and goods throughout the County's transportation system.
- \$16.9 million was spent in the development of a new information technology system and business process reengineering that will streamline existing business processes and enhance residents' assistance.

Additional information pertaining to the County's capital assets can be found in Notes to Financial Statements, Notes I-D5 and III-C.

Long-Term Debt:

The following is a summary of the County's gross outstanding long-term debt as of June 30, 2009:

Long-Term Debt				
June 30, 2009				
	Governmental Activities	Business-type Activities	Total FY09	Total FY08
General obligation bonds	\$ 1,496,561,371	\$ -	\$1,496,561,371	\$1,366,758,054
Variable rate demand obligation	100,000,000	-	100,000,000	100,000,000
Bond anticipation notes	300,000,000	-	300,000,000	300,000,000
Revenue bonds	14,463,000	79,567,000	94,030,000	54,685,000
Lease revenue bonds	35,025,000	-	35,025,000	36,670,000
Notes payable *	15,764,265	467,877	16,232,142	10,645,442
Certificates of participation	30,475,000	-	30,475,000	33,580,000
Capital leases	67,929,435	-	67,929,435	74,472,783
Compensated absences	70,023,763	5,275,874	75,299,637	69,933,367
Other post employment benefits	113,534,939	-	113,534,939	58,598,791
Claims and judgements	1,550,000	-	1,550,000	-
Landfill closure costs	-	20,675,923	20,675,923	22,733,923
Total	\$2,245,326,773	\$105,986,674	\$2,351,313,447	\$2,128,077,360
* Notes payable include equipment notes, WSSC note, and HUD loan.				

At June 30, 2009, the County had outstanding general obligation (GO) bonds of \$1,496.6 million, with outstanding variable rate demand obligations (VRDOs) of \$100 million and bond anticipation notes (BANs) of \$300 million. Over the last ten years, the County issued its GO bonds once a year, with the exception of FY08, when no GO "new money" bonds were issued. The County adopted a policy in 1988 of initially financing capital construction with BANs. BANs are subsequently paid off by the issuance of the County's GO bonds. Montgomery County also issues bonds to finance the capital construction of MCPS, MCC, and M-NCPPC not otherwise financed by the State of Maryland. Since FY99, the County sold general obligation bond issues, exclusive of refundings, of up to \$250 million. Over the last ten fiscal years, the County's annual issues (including the June 2006 issue of \$100 million of VRDOs) averaged \$164.0 million.

The County continues to maintain its status as a top rated issuer of municipal securities, with the highest credit ratings possible for a local government. For its GO bonds, the County is a 'Triple AAA' rated County, and received ratings of Aaa from Moody's Investors Service, Inc., AAA from Standard and Poor's, and AAA from Fitch, Inc. County GO bonds have been consistently awarded the highest credit rating from Moody's and Standard and Poor's since 1973 and 1976, respectively, and from Fitch since 1991.

As of June 30, 2009, Montgomery County is one of only nine 'Triple AAA' rated counties in the nation with a population greater than 900,000. According to Standard and Poor's, a deep, diverse, and growing economy; strong financial management; and a low debt burden are the hallmarks of counties rated 'AAA.' The rating category, by definition, represents extremely strong capacity to pay principal and interest. Typically, 'AAA' rated counties demonstrate an ability to weather all economic cycles by maintaining tight budgetary controls, articulating and executing well-designed capital plans, maintaining sufficient reserves, and planning for future contingencies.

Continuing Disclosure - For purposes of complying with the County's continuing disclosure undertakings, this Comprehensive Annual Financial Report is provided to each nationally recognized municipal securities information repository and to the state information depository, if any, established for Maryland. Through the end of FY09, the County satisfied its disclosure requirements via electronic filings with the Municipal Advisory Council of Texas at <http://www.disclosureusa.org>. Beginning in FY10, the County will submit disclosure filings to the Electronic Municipal Market Access (EMMA) system. Individuals interested in the information to be provided pursuant to such continuing disclosure undertakings should refer to the A Exhibits and Notes to the Financial Statements, as well as Tables 4, 8, 9, 11, 17-21.

Significant bond-related debt activities during FY09 were:

- General Obligation Bonds – This latest installment of the County's annual issue, for \$250 million in July 2008, funds capital expenditures for roads, schools, and government facilities. The proceeds of this bond issue were used to pay off an equivalent amount of the County's BANs.
- Liquor Control Revenue Bonds – In May 2009, the County issued \$46.8 million of revenue bonds, secured by Department of Liquor Control revenues. The proceeds will be used to purchase a warehouse facility for the Department, as well as to fund the County's share of an interchange at the intersection of Maryland Route 355 (Rockville Pike) and Montrose Parkway West.
- Bond Anticipation Notes (BANs) – The County issued \$150 million in BANs in September 2008, and \$100 million in February 2009.

Additional information pertaining to the County's long-term debt can be found in Notes to Financial Statements, Notes I-D7, III-E3, and III-F.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following economic factors are reflected in the County's FY10 budget:

- The County's economic projections in the FY10 budget assume weak economic activity in FY10 with the County experiencing high unemployment and a decrease (↓0.4% in calendar year 2009) in total payroll employment.
- On a calendar year basis (CY), total payroll employment decreased 0.2 percent in CY08, the latest year for which data are available. That rate followed an average annual increase of slightly more than 1.4 percent between CY98 and CY07. Following a decline in payroll employment during CY08, the County anticipates a decline in payroll employment in CY09 of 0.4 percent and an increase of 0.3 percent in CY10.
- The projection in the FY10 budget assumes that personal income will increase 2.8 percent in CY09 and 3.6 percent in CY10. Those rates are well below the estimated ten-year annual average growth rate of 6.3 percent between CY98-CY07.

- On a calendar year basis, employment in Montgomery County, based on the labor force series as opposed to payroll employment, is expected to decrease 3.0 percent in CY09 and increase 0.8 percent in CY10. The rate of growth in resident employment is estimated to remain reasonably steady with an average annual rate of 0.8 percent between CY10 and CY15. That estimate is consistent with the estimated growth in County population of 1.2 percent per year through CY15.
- The estimated decline in employment in CY09 and a modest increase in personal income reflects the estimated slowdown in the County's and region's economy and the national recession. That recession is reflected in the efforts of the Federal Open Market Committee (FOMC) of the Board of Governors of the Federal Reserve System (Federal Reserve) to cut the targeted interest for federal funds from 5.25 percent during the summer of 2007 to its current range of 0.00-0.25 percent.
- Inflation, as measured by the Consumer Price Index, is expected to increase 3.2 percent in FY10. Because of the interest rates cuts by the FOMC of the Federal Reserve during FY08 and FY09, the County's economic projections include a decrease in the yield on its investments from 4.40 percent in FY08 to 1.10 percent by FY10.

OTHER SIGNIFICANT MATTERS

The Maryland General Assembly 2009 Session passed House Bill 101 "Budget Reconciliation and Financing Act of 2009". A key provision of this bill requires the State Comptroller to distribute \$366,778,631 from the local reserve account to the State's general fund by June 30, 2009. From fiscal 2013 through 2022, the State Comptroller is required to distribute \$36,677,863 annually in income tax revenues to the local reserve account; and reduce the total amount of income tax revenues distributed to local jurisdictions by a corresponding amount. The effect on the County may be a decrease in income tax revenues in the aforementioned years. The impact of this bill will not result in changes for local governments until FY13.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of Montgomery County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Montgomery County Government, Department of Finance, 101 Monroe Street, Rockville, Maryland, 20850. This report can also be found on the County's website, <http://www.montgomerycountymd.gov> (see Departments, Finance, Financial Reports).

MONTGOMERY COUNTY, MARYLAND
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS
JUNE 30, 2009
Exhibit A-4

Total fund balance - governmental funds (see Exhibit A-3)		\$ 423,727,453
---	--	----------------

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental fund activities are not financial resources and therefore not reported in the funds:

Nondepreciable capital assets:		
Land	\$ 645,525,362	
Construction in progress	352,436,230	
Depreciable capital assets:		
Buildings	750,744,300	
Improvements other than buildings	46,164,482	
Furniture, fixtures, equipment and machinery	245,182,186	
Automobiles and trucks	168,643,698	
Infrastructure	1,589,425,226	
Other capital assets	2,079,731	
Total capital assets	3,800,201,215	
Less accumulated depreciation	(1,010,386,285)	2,789,814,930

Long-term liabilities related to governmental fund activities are not due and payable in the current period and therefore not reported in the funds:

General obligation bonds payable	(1,496,561,371)	
Variable rate demand obligations	(100,000,000)	
Bond anticipation notes payable	(300,000,000)	
Lease revenue bonds payable	(35,025,000)	
Accrued interest payable	(30,008,882)	
Capital leases payable	(67,929,435)	
Certificates of participation	(30,475,000)	
Notes payable	(15,389,394)	
Revenue bonds	(14,463,000)	
Other postemployment benefits	(113,534,939)	
Claims and judgements	(1,550,000)	
Compensated absences	(68,084,486)	(2,273,021,507)

Costs incurred from the issuance of long-term debt are recognized as expenditures in the fund statements, but are deferred in the government-wide statements:

Unamortized premiums	(64,307,030)	
Deferred amount on refunding	19,365,538	
Deferred issuance costs	5,425,535	(39,515,957)

Internal service funds are used by management to provide certain goods and services to governmental funds. The assets and liabilities of internal service funds are included in the government-wide statement of net assets:

Assets:		
Current and noncurrent assets	147,050,904	
Capital assets	79,440,514	
Less accumulated depreciation	(45,492,021)	
Liabilities	(110,492,278)	
Cumulative loss for certain activities of internal service funds that is reported with business-type activities	-	70,507,119

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:

Income taxes	198,151,500	
Property taxes	24,802,939	
Intergovernmental revenue	46,625,398	
Other revenue	45,836,651	315,416,488

Net assets of governmental activities (see Exhibit A-1)		\$ 1,286,928,526
---	--	------------------

Notes to Financial Statements are an integral part of this statement.

MONTGOMERY COUNTY, MARYLAND
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2009

Exhibit A-6

Net change in fund balances - total governmental funds (see Exhibit A-5) \$ (158,913,772)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital outlay	\$ 193,133,863	
Depreciation expense	(87,715,481)	105,418,382

In the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds all proceeds are reported as financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of capital assets sold. (25,027)

Donations of capital assets increase net assets in the statement of activities but do not appear in the governmental funds because they are not financial resources. 2,239,071

Some revenues will not be collected for several months after the fiscal year ends. As such, these revenues are not considered "available" revenues and are deferred in the governmental funds.

Deferred revenues increased (decreased) this year, as follows:

Income taxes	(122,147,954)	
Property taxes	8,731,316	
Intergovernmental revenues	34,462,991	
Other revenues	(1,301,394)	(80,255,040)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Debt issued or incurred:		
General obligation bonds	(258,917,011)	
Bond anticipation notes	(250,000,000)	
Promissory note	(10,000,000)	
Capital lease financing	-	
Lease revenue bonds	(15,059,652)	
Certificates of participation	-	
Less issuance costs	2,087,523	
Principal repayments:		
General obligation bonds	120,196,683	
Bond anticipation notes	250,000,000	
Leases payable	2,843,651	
Capital leases	7,140,000	
Certificates of participation	3,105,000	
Notes payable	2,957,731	(145,646,075)

Some expenses, representing the change in long-term liabilities or assets, reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Accrued interest payable	1,469,009	
Compensated absences	(4,809,569)	
Other postemployment benefits	(54,936,148)	
Amortization	6,074,288	(52,202,420)

The current year loss for certain activities of internal service funds is reported with governmental activities. (16,895,186)

Change in net assets of governmental activities (see Exhibit A-2) \$ (346,280,067)

Notes to Financial Statements are an integral part of this statement.

- A RISK MANAGEMENT
- B SIGNIFICANT COMMITMENTS AND CONTINGENCIES
- C SUBSEQUENT EVENTS
- D JOINT VENTURES
- E EMPLOYEE BENEFITS
- F PENSION PLAN OBLIGATIONS
- G OTHER POSTEMPLOYMENT BENEFITS

NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County conform to accounting principles generally accepted in the United States of America (GAAP) applicable to local government entities. The following is a summary of significant policies:

A) **Reporting Entity**

Background

Montgomery County, Maryland (County) is a charter government under the constitution and general laws of the State of Maryland (State). The charter provides for separate legislative and executive branches with legislative responsibility vested in an elected nine-member county council and executive responsibility vested in an elected county executive. The County provides its citizens with services in areas of general government, public safety, public works and transportation, health and human services, education, culture and recreation, community development and housing, and environment.

As required by GAAP, these financial statements present the primary government and its component units, which are entities for which the primary government is considered financially accountable. The County reporting entity is determined by criteria established by the Governmental Accounting Standards Board (GASB). The judgment to include or exclude activities is dependent on evaluation of the GASB criteria. Various departments and agencies governed directly by the County Executive and the County Council of Montgomery County are included in the reporting entity as the primary government and are referred to hereafter as the Primary Government. The component units (as discussed below) are included in the reporting entity because the Primary Government approves the budget requests, provides a significant amount of funding for each of these units, and/or appoints the governing boards.

Discretely Presented Component Units

The financial data of the County's component units are discretely presented in a column separate from the financial data of the primary government, to emphasize that the component units are legally separate from the Primary Government. Financial information regarding the component units is included in the component units' combining statements. The following are the County's component units, each of which has a June 30 fiscal year-end:

Montgomery County Public Schools (MCPS) provides public education in kindergarten through twelfth grade to children residing within Montgomery County. Members of the Board of Education are elected by the voters. (One nonvoting student member is elected by secondary students.) However, MCPS is fiscally dependent upon the Primary Government because the Primary Government approves the budget, levies taxes to provide the majority of the fiscal support, and issues debt for construction of school facilities.

Montgomery Community College (Montgomery College or MCC) provides educational services to County citizens by offering two-year associate degrees and a continuing education program. MCC is responsible for post secondary education within the government's jurisdiction. The Montgomery County Board of Community College trustees is the governing authority. The State Governor appoints the trustees from a list of candidates supplied by a nominating committee. The nominating committee is controlled by the County Executive and the County Council. Therefore, essentially the Primary Government and the State Governor must agree upon the trustees to serve on the College's Governing Board. In addition, the County Council reviews and approves both the operating and capital budgets and budgetary amendments

of MCC. The Primary Government contributes substantial funding for both the operating and capital budgets, as well as issues debt for the construction of college facilities.

Montgomery County Revenue Authority (MCRA) is governed by a five-member Board of Directors. All members are appointed by the County Executive subject to the confirmation of the County Council. The County Council approves the capital budget of MCRA. MCRA approves its own operating budget. MCRA is an instrumentality of the Primary Government for the purpose of constructing, improving, and maintaining self-sustaining projects devoted to public use, good or welfare.

Housing Opportunities Commission of Montgomery County (HOC) is governed by seven commissioners who are appointed by the County Executive with the approval of the County Council. In addition, the County Council provides for a subsidy to the operating budget of HOC and guarantees a relatively small portion of its debt (up to \$50,000,000). The HOC operating budget approval occurs on a project basis, with the County Council having authority to approve project budgets that include County funding. HOC presents its proposed budget to the Council for review and comment only, as required by Article 44A, Section 2 of the Annotated Code of Maryland. Even though there is a large dependence on the U.S. Department of Housing and Urban Development (HUD), HOC has sufficient financial accountability to the Primary Government to be included as a component unit.

Bethesda Urban Partnership, Inc (BUPI) has its entire eleven-member Board of Directors appointed by the County Executive with the approval of the County Council. The primary purpose of BUPI, a not-for-profit corporation, is to execute service contracts for the benefit of one of the Primary Government's special taxing districts (Bethesda Urban District). Substantially all of BUPI's funding is granted through the Primary Government's operating budget. The County Council annually approves the BUPI operating budget and is able to modify it in a manner similar to the way Primary Government agency budgets are modified.

Complete financial statements can be obtained at the component units' administrative offices listed below:

Montgomery County Public Schools 850 Hungerford Drive Rockville, MD 20850	Montgomery College 900 Hungerford Drive Rockville, MD 20850	Montgomery County Revenue Authority 101 Monroe Street, 4 th Floor Rockville, MD 20850
Housing Opportunities Commission of Montgomery County, Maryland 10400 Detrick Avenue Kensington, MD 20895-2484	Bethesda Urban Partnership, Inc. 7700 Old Georgetown Road Bethesda, MD 20814	

Joint Ventures

The following organizations are considered joint ventures of the County: Maryland-National Capital Park and Planning Commission (M-NCPPC), Washington Suburban Sanitary Commission (WSSC), Washington Suburban Transit Commission (WSTC), Washington Metropolitan Area Transit Authority (WMATA), Metropolitan Washington Council of Governments (COG), and Northeast Maryland Waste Disposal Authority (NEMWDA). Disclosure of the County's participation in these joint ventures is presented in Note IV-D. Complete financial statements can be obtained at the joint ventures' offices listed below:

Maryland-National Capital Park and Planning Commission 6611 Kenilworth Avenue Riverdale, MD 20737	Washington Suburban Sanitary Commission 14501 Sweitzer Lane Laurel, MD 20707	Washington Suburban Transit Commission 4351 Garden City Drive, Suite 305 Hyattsville, MD 20785

B) Government-Wide and Fund Financial Statements

Government-Wide Financial Statements – The government-wide financial statements report information on all of the nonfiduciary activities of the Primary Government and its component units. Since by definition, assets of fiduciary funds are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the County, these funds are not incorporated into the government-wide statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities of the Primary Government, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Statement of Net Assets – This statement is designed to display the financial position of the reporting entity as of year-end. Governments report all capital assets, including infrastructure, in the government-wide Statement of Net Assets and report depreciation expense – the cost of “using up” capital assets – in the Statement of Activities. Net assets are divided into three categories – 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

Statement of Activities – This statement demonstrates the degree to which the direct expenses of a given function or segment for the fiscal year are offset by program revenues. Therefore, this statement reflects both the gross and net costs per functional category (general government, public safety, public works and transportation, health and human services, culture and recreation, community development and housing, environment, and education) that are otherwise being supported by general revenues. Direct expenses (including depreciation) are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues. The County does not allocate indirect expenses. The operating grants column includes operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise assets, liabilities, fund balance/net assets, revenues, and expenditures/expenses.

General Fund Budget-to-Actual Comparison Statement - Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the financial progress of their governments over the course of the year. For this reason, the County has chosen to make its General Fund budget-to-actual comparison statement part of the basic financial statements. The County and many other governments revise their original budgets over the course of the year for a variety of reasons; such revisions are reflected in a separate column in this statement.

C) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement Focus and Basis of Accounting

Full Accrual Basis Financial Statements - The government-wide, proprietary fund, and certain fiduciary fund (pension and other employee benefit trusts, investment trust, and private-purpose trusts) financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year in which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Capital assets and related depreciation are also recorded in these statements. The agency funds also use the accrual basis of accounting to recognize assets and liabilities.

Modified Accrual Basis Financial Statements - Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. In the governmental funds, revenues are recorded as soon as they are susceptible to accrual (both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment has matured and is due. Similarly, expenditures related to claims and judgments and compensated absences are recorded only to the extent that they are expected to be liquidated with expendable available financial resources. Also, capital assets and related depreciation and long-term liabilities are not recorded in these statements.

In applying the susceptible to accrual concept to income taxes (distributed by the State), property taxes, and intergovernmental revenues other than grants, the County defines "available" to mean received within 30 days after year-end.

In the State of Maryland, the State has assumed the responsibility for the collection of all income taxes and for distributing those collections to the respective counties. The counties set their individual tax rates within limits provided by State law. However, collections and pursuit of delinquent taxes are the responsibility of the State. The County records estimated receivables relating to income taxes when the underlying income is earned. Amounts not received within 30 days are reported as deferred revenue. At year-end, deferred revenue relating to income taxes primarily includes amounts related to late filers, delinquent returns and audits, and unallocated withholding, not received within the County's availability period. Amounts relating to late filers are expected to be received from the State within the next fiscal year; however, collections related to delinquent returns and audits and unallocated withholding may not occur and be remitted to the County for several years. Deferred revenue relating to income taxes primarily includes amounts related to late filers, delinquent returns and audits, and remaining unallocated withholding.

In applying the susceptible to accrual concept to operating and capital grants, classified with intergovernmental revenues in the fund financial statements, the County records receivables when the applicable eligibility requirements including time requirements are met. Related revenues are recognized to the extent that cash is expected to be received within one year of year-end. Resources received before the eligibility requirements are met are reported as deferred revenue.

Charges for services, licenses and permits, fines and penalties, and miscellaneous revenues (except earnings on investments) are generally recorded as revenues when received in cash during the year. At year-end, receivables are recorded for significant amounts due. If such amounts are received in cash after year-end within the County's 30 day availability period, they are recognized as revenue; if not, such amounts are reported as deferred revenue.

Financial Statement Presentation

The County reports the following major governmental funds:

General Fund - This fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund.

Revenue Stabilization Fund - This fund is used to account for the accumulation of resources during periods of economic growth and prosperity, when revenue collections exceed estimates. Funds may then be drawn upon during periods of economic slowdown, when collections fall short of revenue estimates.

Housing Initiative Fund - This fund is used to account for the fiscal activity for financing, supplementing, and constructing affordable residential facilities for eligible participants.

Debt Service Fund - This fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. Special assessment activities are accounted for in the Debt Service Fund for practical purposes because they differ significantly from traditional special assessment practices. The principal and interest collected annually on such assessments are used as a partial source of funding for debt service on all outstanding general obligation road and storm drainage bonds. The remaining debt service requirement is financed from current governmental revenues and transfers, generally from the General Fund.

Capital Projects Fund - This fund accounts for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

The County reports the following major enterprise funds:

Liquor Enterprise Fund - This fund accounts for the operations of twenty-four liquor stores and the Montgomery County Liquor Warehouse. Under State law, the Montgomery County Department of Liquor Control has a monopoly on the distribution of alcoholic beverages, and the sale of spirits, within the County.

Solid Waste Activities Enterprise Fund - This fund accounts for the fiscal activity of all solid waste disposal operations, including recycling and leaf vacuuming, for the County. The fund utilizes the Dickerson, Maryland Resource Recovery Facility for refuse incineration, in combination with the out-of-County landfill haul and local recycling operations, to meet its disposal and recycling requirements.

The fund also accounts for the fiscal activity related to County contracted refuse collection within the Solid Waste Collection District. This district is essentially comprised of the higher density, non-municipal, residential areas of the County. The Vacuum Leaf Collection program provides leaf collection services to downcounty residents during the late fall/winter months.

Parking Lot Districts Enterprise Fund - This fund accounts for the fiscal activity related to serving the parking needs of the people who work and shop in the four central business districts zoned for commercial or industrial use identified as Silver Spring, Bethesda, Wheaton, and Montgomery Hills.

Additionally, the County reports the following fund types:

Other Governmental Funds - The other governmental fund types used by the County are special revenue and permanent. Special revenue funds are used to account for specific revenues that are legally restricted for particular purposes. Permanent funds account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the County's programs.

Internal Service Funds - These funds are used to account for the financing of goods or services provided by one department or agency to other departments or to other governmental units, on a cost-reimbursement basis. There are four internal service funds reported by the County: Motor Pool, Liability and Property Coverage Self-Insurance, Employee Health Benefits Self-Insurance, and Central Duplicating.

The County reports the following fiduciary fund types:

Pension and Other Employee Benefit Trust Fund - This fund is used to account for all activities of the Employees' Retirement System of Montgomery County (defined benefit plan), Employees' Retirement Savings Plan (defined contribution plan), Deferred Compensation Plan, and Retiree Health Benefits Trust, including accumulation of resources for, and payment of, retirement annuities and/or other benefits and administrative costs.

Investment Trust Fund - This fund accounts for the portion of the external investment pool, sponsored by the County, that belongs to participating governments that are not part of the County reporting entity.

Private-Purpose Trust Funds - These funds account for arrangements under which principal and interest are legally held in trust for parties outside of the County, such as court appointed guardians, and others, and must be expended in accordance with their designated purposes.

Agency Funds - These funds are used to account for assets, such as property taxes, held in a purely custodial capacity, where the County receives, temporarily invests, and remits such resources to individuals, private organizations, or other governments.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of GASB. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

In the process of aggregating data for the Statement of Net Assets and the Statement of Activities, some amounts reported as interfund activity and balances in the funds should be eliminated or reclassified. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Assets and liabilities of internal service funds are included in governmental activities in the Statement of Net Assets. The effect of interfund services provided and used between functions has not been eliminated in the Statement of Activities, since to do so would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The County generally first uses restricted assets for expenses incurred for which both restricted and unrestricted assets are available. The County may defer the use of restricted assets based on a review of the specific transaction.

D) Assets, Liabilities, and Net Assets or Equity

1) Cash and Investments

Pooled Cash and Investments – The County sponsors an external investment pool. Participants in the pool include the County, certain component unit agencies, and other legally separate entities. The portion of pooled cash and investments applicable to other legally separate entities (not included in the County reporting entity) is accounted for in a separate Investment Trust Fund. During the year, investments are stated at cost plus accrued interest and are adjusted for amortization of premiums and accretion of discounts. At year-end, investments in the pool are adjusted to fair value plus accrued interest. See Note III-A for additional information.

Non-pooled Investments:

Governmental Fund Types – Investments of the Housing Opportunities Commission (HOC) Treasury Bonds Permanent Fund (a primary government fund) matured during the year. In accordance with agreements between HOC and the County, proceeds from the matured investments, which represented the net assets of the Fund, were transferred to the Housing Initiative Special Revenue Fund.

Proprietary Fund Types – The Solid Waste Activities and the Parking Lot District enterprise funds investment in U.S. Government securities are stated at fair value plus accrued interest.

Pension and Other Employee Benefit Trust Fiduciary Fund Type – Investments are stated at fair value. The fair value is generally based on quoted market prices at June 30, 2009. Fair value for real estate investments is determined using unit values supplied by the issuers, which are based upon the issuers' appraisals of underlying real estate values. Such values involve subjective judgment and may differ from amounts which would be realized if such real estate was actually sold. The fair value of limited partnership investments are based on valuations of the underlying assets of the limited partnerships as reported by the general partner. Cash received as collateral on

securities lending transactions and investments made with such cash are reported as assets along with a related liability for collateral received.

Cash and Cash Equivalents – For Statement of Cash Flows reporting purposes, “cash equivalents” are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition. The balance sheet classification for “cash and cash equivalents” in the Statement of Cash Flows includes the following: “Equity in pooled cash and investments,” “Cash,” “Cash with fiscal agents,” and “Restricted Equity in pooled cash and investments.”

2) Receivables and Payables

Due From/To Other Funds and Internal Balances – Activity between funds that are representative of lending/borrowing arrangements that are outstanding at the end of the year and where repayment is expected within a reasonable time are referred to as “due from/to other funds.” Such outstanding balances not expected to be repaid within a reasonable time are included in interfund “transfers in/out.” Any residual balances of “due from/to other funds” outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Trade Accounts Receivable – Trade and other receivables are shown net of an allowance for uncollectibles. The allowance for uncollectibles is calculated based on historical collection data and, in some cases, specific account analysis.

3) Inventories and Prepaids

Inventories – Inventories are valued at lower of cost (principally first-in, first-out) or market in the Liquor Enterprise Fund and consist of goods held for sale. Inventories valued at cost (principally moving-average) are carried in the Motor Pool Internal Service Fund and the governmental fund types. All inventories are maintained by perpetual records and adjusted by annual physical counts. Inventories in the governmental funds and Motor Pool Internal Service Fund consist of items held for consumption. The cost is recorded as an expenditure at the time individual items are withdrawn for use. In governmental funds, the reserve for inventory is equal to the amount of inventory to indicate that portion of fund balance which is not available for funding other expenditures.

Prepaids – Payments made to vendors for services that will benefit periods beyond the end of the fiscal year are recorded as prepaids.

4) Restricted Assets

Certain proceeds of the County’s bonds, as well as certain resources set aside for revenue bond repayment, are classified as restricted assets because their use is limited by applicable bond covenants.

5) Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of

\$5,000 or more, and an estimated useful life in excess of one year. Such assets are valued at cost where historical records are available and at estimated historical cost where no historical records exist. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and structures	20 – 40
Improvements other than buildings	3 – 40
Infrastructure	20 – 60
Furniture, fixtures, equipment and machinery	3 – 20
Automobiles and trucks	2 – 15

For Statement of Cash Flows reporting purposes, proceeds from insurance on capital assets that are stolen or destroyed are classified as proceeds from sale of capital assets.

6) Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources has been determined by the County to be immaterial and is therefore not reported as an expenditure and a liability of the governmental fund that will pay the leave. Vested or accumulated vacation leave is reported as a liability and expense in the government-wide financial statements and proprietary fund types in the fund financial statements, along with the corresponding employer's share of social security and medicare taxes. Based on a historical analysis of leave usage, 75 percent and 25 percent of such accrued leave is classified as current and long-term, respectively. In the proprietary fund financial statements, the current portion of compensated absences is classified as accrued liabilities. Such amounts have been reclassified to non-current liabilities (due within one year and due in more than one year) in the government-wide financial statements. No liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

7) Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds outstanding method. Bonds payable in the proprietary fund financial statements and noncurrent liabilities in the government-wide financial statements are reported net of the applicable bond premium or discount. Bond issuance costs are generally reported as a deferred asset and amortized over the term of the related debt using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

8) Fund Equity/Net Assets

In the government-wide financial statements, the County has reported negative unrestricted net assets. This is due to the fact that the County issues general obligation bonded debt for purposes of capital construction on behalf of MCPS, MCC, and M-NCPPC. The capital assets related to component units are reported on the financial statements of MCPS and MCC, and this amount is also classified as net assets invested in capital, net of related debt (of which there is none) in the Component Units column of the government-wide Statement of Net Assets (Exhibit A-1). For Primary Government purposes, since the issuance of such debt has not resulted in a capital asset, the effect of this debt is reflected in unrestricted net assets (deficit) in the Governmental Activities column of the government-wide Statement of Net Assets. At June 30, 2009, the County has reported outstanding general obligation bond and variable rate demand obligation debt related to MCPS, MCC, and M-NCPPC amounting to \$1,122,854,267. Absent the effect of this relationship, the County would have reported positive unrestricted net assets of governmental activities in the amount of \$78,885,197.

In the government-wide Statement of Net Assets (Exhibit A-1), the amount reported in the Business-type Activities column for net assets invested in capital, net of related debt, includes \$50,560,997 in capital assets acquired by the Silver Spring Parking Lot District. Since the related capital lease liability of \$35,064,571 at June 30, 2009, is an obligation of the Governmental Activities (see Note III-E3), and the debt does not relate to a governmental capital asset, the impact of such debt is reported in the unrestricted portion of net assets in the Governmental Activities column. However, in the Total Primary Government column, the impact of such debt has been reclassified and reflected with the associated capital asset, in net assets invested in capital, net of related debt.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. However, long-term receivables in the Grants Special Revenue Fund, a nonmajor governmental fund, have not met the “available” criteria for revenue recognition, and are, therefore, offset by deferred revenue rather than reserved fund balance. In the Capital Projects Fund, fund balance reserved for other purposes represents recordation and impact tax collections on hand that are legally restricted for use on projects of other component unit and municipality governments. In the General Fund, the net revenue streams from the Landlord-Tenant Mediation program and Commission on Common Ownership Communities represent reserved for other purposes. These amounts are legally restricted by Montgomery County Code.

Designations of fund balances represent tentative management plans that are subject to change, which are described more fully in Note III-H.

9) Property Taxes

Real and personal property taxes are levied at rates enacted by the County Council in the tax levy resolution on the assessed value as determined by the Maryland State Department of Assessments and Taxation. State law stipulates that the constant yield tax rate furnished by the Maryland State Department of Assessments and Taxation cannot be exceeded without public notice of the intent to

exceed, and only after public hearings. The general property tax rate was levied above the constant yield rate for FY09. Following the Fairness in Taxation (FIT) legislation, the County Charter requires an affirmative vote of seven members of the Council to increase the real property tax rate to a level that will produce total revenues exceeding the total revenue produced by the tax on real property in the preceding year, plus 100 percent of any increase in the Consumer Price Index with exemptions for revenue from newly constructed, rezoned property and development district tax to fund capital improvement projects. The tax rate adopted for levy year 2008 (i.e., FY09), in conjunction with an enhanced homeowner's tax credit program and a one-time income tax offset credit, met the Charter limit for that year.

Generally, property taxes are levied as of July 1 and become delinquent on October 1. Interest and penalty amounts are assessed annually at 20 percent on delinquent tax bills. Owner-occupied residential property owners pay their tax on a semi-annual schedule, with the first and second installments due on September 30 and December 31, respectively. Taxpayers may opt to make both semi-annual payments on or before September 30.

The County collects delinquent real property taxes through a public tax lien sale. Tax liens, representing delinquent taxes on real property are sold in random groups, utilizing a sealed bid process, on the second Monday in June, when taxes have remained overdue since the preceding October 1 or in the case of a semi-annual schedule, January 1.

E) Accounting Changes

The County has adopted GASB Statements No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations* and No. 52, *Land and Other Real Estate Held as Investments by Endowments*. Neither statement has an impact on the County's financial statements for the current fiscal year.

NOTE II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A) Budgetary Information

Overview

Annual appropriated operating budgets are adopted for the General Fund, Debt Service Fund, substantially all Special Revenue Funds (except for the Agricultural Transfer Tax Fund), Enterprise Funds, the Liability and Property Coverage Self-Insurance Internal Service Fund, and the Employee Health Benefits Self-Insurance Internal Service Fund. The Capital Projects Fund budget is appropriated at the project level on a biennial basis. All unencumbered appropriations except for those related to Federal and State grants and those related to the Capital Projects Fund lapse at year-end.

Encumbrance accounting is employed for budgetary purposes in the governmental and proprietary funds. Encumbrances (purchase orders and contracts awarded for which goods and services have not been received at year-end), and other commitments for the expenditure of funds are recorded in order to preserve that portion of the appropriation. In the governmental funds for GAAP purposes, outstanding encumbrances are reported as a designation of fund balance because they do not constitute expenditures or liabilities. In the proprietary funds, encumbrances are eliminated for GAAP financial statement presentation since neither goods nor services have been provided. For GAAP purposes, all encumbrances are charged to expenditures/expenses in the period in which goods or services are received.

For FY07 through FY09, as a pilot program, the Department of Public Libraries is appropriated by program; the three programs within the Department of Public Libraries' budget to actual expenditures are as follows:

	Budget	Actual	Variance Positive (Negative)
Administration, Outreach and Support Services:			
Personnel	\$ 2,237,788	\$ 2,235,119	\$ 2,669
Operating	1,729,713	1,556,008	173,705
Totals	<u>3,967,501</u>	<u>3,791,127</u>	<u>176,374</u>
Library Services to the Public:			
Personnel	25,627,815	25,489,713	138,102
Operating	321,040	271,114	49,926
Capital Outlay	75,960	75,960	-
Totals	<u>26,024,815</u>	<u>25,836,787</u>	<u>188,028</u>
Collection Management:			
Personnel	2,829,361	2,829,357	4
Operating	7,480,798	6,788,154	692,644
Totals	<u>10,310,159</u>	<u>9,617,511</u>	<u>692,648</u>
Total Personnel	30,694,964	30,554,189	140,775
Total Operating	9,531,551	8,615,276	916,275
Total Capital Outlay	75,960	75,960	-
Grand Total	<u>\$ 40,302,475</u>	<u>\$ 39,245,425</u>	<u>\$ 1,057,050</u>

For FY10, the appropriation of the Department of Public Libraries is by the same major categories referenced in the next section.

Approval

Pursuant to the Montgomery County Charter, the Capital Improvements Program (CIP), is presented to the County Council by January 15 in even numbered years. An Amended CIP is presented to the County Council by January 15 in odd numbered years. The annual capital budget, with the CIP or Amended CIP, is presented to the County Council by January 15 of every year and the operating budget is presented to the County Council by March 15 of every year. The County Council holds public hearings and, pursuant to the County Charter, an annual appropriation resolution must be passed by the County Council by June 1. This resolution becomes effective for the one-year period beginning the following July 1. For the operating budget, the annual resolution provides the spending authority at the department level in three major categories (personnel costs, operating, and capital outlay) with the unencumbered appropriation authority expiring the following June 30. Encumbered appropriations are reappropriated and carried forward to the subsequent fiscal year. With the exception of the Grants Special Revenue Fund (see Note III-H1), such encumbrances are designated as part of the current fiscal year's fund balance. The annual budget must be consistent with the six-year program for public services and fiscal policy. Multi-year planning provides a framework to make informed decisions about the levels of public services and project the impact of what may happen as a result of current decisions and policies. For the capital projects budget, the annual resolution provides spending authority at the project level. The unencumbered appropriation of the CIP budget is reappropriated in the following year's budget unless specifically closed out by County Council action.

The County Executive has authority to transfer appropriations within departments up to 10 percent of the original appropriation. Transfers between departments are also limited to 10 percent of original appropriation and require County Council action. During the operating year the County Council may adopt a supplemental appropriation if recommended by the County Executive and after holding a public hearing. Supplemental appropriations enacted during the first half of the fiscal year require: five Councilmember votes if they are to avail the County of, or put into effect the provision of Federal, State, or local legislation or regulation; or six Councilmember votes for any other purpose. During the operating year the County Council may also adopt, with six Councilmember votes, special appropriations to meet an unforeseen disaster or other emergency or to act without delay in the public interest. Special appropriations require only public notice by news release. During FY09, the County Council increased the operating budget through supplemental and special appropriations by \$50.4 million. In addition, supplemental appropriations increased the CIP budget by \$80.2 million.

Presentation

The basis used to prepare the legally adopted budget is different from GAAP in a number of ways, including the following:

- Encumbrances outstanding are charged to budgetary appropriations and considered expenditures of the current period; any cancellations of such encumbrances in a subsequent year are classified with miscellaneous revenue for budgetary purposes.
- Certain activity, such as unrealized gains (losses), is not budgeted due to its nature.
- Certain interfund revenues/expenditures are classified as transfers for budget purposes.
- Proprietary fund budgets do not include depreciation and bad debts, however they do include debt service payments and capital outlay.
- Year-end incurred but not reported (IBNR) adjustments in the self-insurance internal service funds are not budgeted for, as they are incorporated into the budget preparation process of the following fiscal year.
- Mortgages and loans made and related repayments are generally accounted for as expenditures/other financial uses and revenues/other financing sources, respectively.
- Retirement of commercial paper bond anticipation notes through the issuance of general obligation bonds is not budgeted.
- Proceeds under certain capital lease financing are not budgeted.
- Certain activity is not budgeted by the County, since it is included in the budget of a component unit that is legally adopted by the County Council, such as certain pass-through expenditures, and bond proceeds and related transfers to MCPS and MCC.

Adjustments necessary to reconcile the General Fund budgetary and GAAP statements are as follows:

	Revenues	Expenditures and Encumbrances	Other Financing Sources (Uses)	Effect on Fund Balance
<u>General Fund:</u>				
As reported - budgetary basis	\$ 2,700,925,649	\$ 933,830,182	\$ (1,845,076,500)	\$ (77,981,033)
Reconciling items:				
Cancellation of prior year encumbrances	(6,204,232)	-	-	(6,204,232)
Elimination of encumbrances outstanding	-	(18,630,308)	-	18,630,308
Unrealized gains (losses)	303,341	-	-	303,341
Financing under capital lease	-	596,652	596,652	-
Other postemployment contributions	-	(3,656,910)	(3,656,910)	-
Conference Center activity	15,488,674	14,943,804	-	544,870
Interfund activities budgeted as transfers:				
Recreation facility maintenance costs	2,075,480	-	(2,075,480)	-
Public agency permits	-	1,153,770	1,153,770	-
Solid waste tipping fees	-	1,675,670	1,675,670	-
Community use of public facilities for elections	-	126,860	126,860	-
Component Unit activities budgeted as transfers:				
Component Units - Transfer in	591,084	-	(591,084)	-
Component Units - Transfer out	-	1,650,994,360	1,650,994,360	-
As reported - GAAP basis	<u>\$ 2,713,179,996</u>	<u>\$ 2,581,034,079</u>	<u>\$ (196,852,661)</u>	<u>\$ (64,706,744)</u>

B) Deficit Fund Equity

Capital Projects – The \$46,312,324 deficit in the Capital Projects Fund represents a timing difference between the construction of capital assets and the planned FY10 issuance of debt to fund that construction.

Mass Transit Facilities – The \$8,019,271 unreserved deficit in the Mass Transit Facilities Special Revenue Fund is caused by a delay in receiving FY09 state aid amounting to \$22.1 million for the County's Ride-on program. This amount, which is reflected as a receivable and deferred revenue in the accompanying financial statements, was received in October 2009.

Permitting Services – The \$4,778,897 unrestricted deficit in the Permitting Services Fund is caused by a sharp reduction in permit revenue primarily in the second half of FY09 due to the severe economic downturn in the construction industry. The deficit will be recovered by reducing personnel and operating costs in FY10 and FY11. Costs will be kept at a minimum until revenue improves to cover this deficit.

NOTE III. DETAILED NOTES ON ALL FUNDS

A) Cash and Investments

1) Overview

The Montgomery County reporting entity total cash and investments as of June 30, 2009, totaled \$3,808,816,947 of which \$3,272,930,797 is related to the Primary Government, as presented below and in the government-wide financial statements. These funds are held in several pools, various non-pooled investments, and cash funds. The following is a schedule of total cash and investments:

	Primary Government	Component Units	Total Reporting Entity
<u>Statement of Net Asset Amounts:</u>			
Equity in pooled cash and investments	\$ 553,084,713	\$ 96,427,073	\$ 649,511,786
Cash with fiscal agents	29,307,905	23,465,331	52,773,236
Cash	818,333	18,251,895	19,070,228
Investments - cash equivalents	-	106,554,595	106,554,595
Investments	2,649,025,540	33,150,132	2,682,175,672
Restricted equity in pooled cash and investments	34,896,446	15,423,589	50,320,035
Restricted cash with fiscal agents	-	5,876,474	5,876,474
Restricted cash	200,949	624,213	825,162
Restricted investments - cash equivalents	-	121,024,022	121,024,022
Restricted investments	5,596,911	115,088,826	120,685,737
Total	<u>\$ 3,272,930,797</u>	<u>\$ 535,886,150</u>	<u>\$ 3,808,816,947</u>
<u>Deposit and Investment Summary:</u>			
Deposits	\$ 179,371,374	\$ 43,027,420	\$ 222,398,794
Investments	3,063,433,185	338,561,531	3,401,994,716
Cash on hand, fiscal agents, safe deposit escrow	30,126,238	154,297,199	184,423,437
Total	<u>\$ 3,272,930,797</u>	<u>\$ 535,886,150</u>	<u>\$ 3,808,816,947</u>

Primary Government cash and investments reconciles to the basic financial statements as follows:

Government-wide	\$ 534,566,546
Fiduciary funds	<u>2,738,364,251</u>
Total	<u>\$ 3,272,930,797</u>

PRIMARY GOVERNMENT

2) External Investment Pool

Overview:

The County maintains an external investment pool that is subject to oversight by the County's Internal Investment Committee, but is not subject to regulatory oversight by the Securities and Exchange Commission (SEC). Participants in the pool include the County, certain component unit agencies, and other legally separate entities. The equity position of each fund and component unit is reported as an asset by the funds and component units. The external portion of the pool (i.e., participation by legally separate entities) is reported as the Investment Trust Fund in the accompanying financial statements. Participants' shares redeemed during the year are based on actual cost; participants' shares are then

adjusted to fair value at year-end. The County has not provided or obtained any legally binding guarantees during the year to support the value of shares.

During the year, investments are stated at cost plus accrued interest and are adjusted for amortization of premiums and accretion of discounts. Investments are marked-to-market at year-end, since the pool does not meet the strict definition of “2a-7 like.” The fair value of U. S. Government securities, repurchase agreements, commercial paper and bankers’ acceptances are provided by the County’s custodian, which are based on various industry standard pricing sources. For interest-bearing investments, market value quotations did not include accrued interest. However, for reporting purposes, immaterial amounts of accrued interest have been classified with the fair value of investments in the accompanying financial statements.

Investment income during the year, and the adjustment to fair value at year-end, is allocated to pool participants based upon their average equity in the pool. The adjustment to fair value for the current year related to all County funds (exclusive of legally separate entities’ accounts reflected in the Investment Trust Fund) is recorded in the General Fund, since this amount is not material.

External investment pool amounts, included in the schedule above, are as follows:

	Primary Government	Component Units	Total Reporting Entity
<u>Balance Sheet Amounts:</u>			
Equity in pooled cash and investments	\$ 553,084,713	\$ 14,195,365	\$ 567,280,078
Restricted equity in pooled cash and investments	34,896,446	-	34,896,446
Total	<u>\$ 587,981,159</u>	<u>\$ 14,195,365</u>	<u>\$ 602,176,524</u>
<u>Deposit and Investment Summary:</u>			
Deposits	\$ 179,170,425	\$ -	\$ 179,170,425
Investments, including accrued interest	408,810,734	14,195,365	423,006,099
Total	<u>\$ 587,981,159</u>	<u>\$ 14,195,365</u>	<u>\$ 602,176,524</u>

Deposits:

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statute requires that securities underlying certificates of deposit have a market value that equals or exceeds the cost of the deposit while County investment policy requires a market value of at least 102 percent of the cost of the deposit. Appropriate sections of these cited statutes also require that funds on deposit in financial institutions be fully secured. The form of such security shall be in compliance with State statute and the County Code. Collateral pledged for protection of these banking deposits is held in the County’s name at a third party depository, in the trust department of pledging banks, or insured by a surety bond by a State approved insurance company.

Deposits include bank accounts and non-negotiable certificates of deposit. Deposits at financial institutions were fully insured or collateralized at year-end.

Investments:

The County, through its external investment pool, maintains an active and sophisticated cash and investment management program. The primary objectives of the program are the preservation of capital, providing liquidity to meet financial obligations, and maximization of the investment yield on short-term working capital. Working capital is managed pursuant to the Annotated Code of Maryland, the County Code, and the County's investment policies as approved by the County Council. There were no unusual variations in the mix or volume of the investment portfolio throughout the year. The County was in compliance with all applicable investment statutes throughout the fiscal year.

<u>Investment Type:</u>	<u>Fair Value</u>	<u>Principal</u>	<u>Maturity Range</u>	<u>Interest Range</u>
U. S. Government securities	\$ 202,677,694	\$ 202,670,212	July 09 - August 09	0.01 - 0.44 %
Bankers' acceptances	24,138,843	24,099,479	August 09	1.48
Money market mutual funds	98,977,485	98,977,485	n/a	0.15 - 0.26
State pool	97,047,956	97,047,956	n/a	0.38
Total	<u>\$ 422,841,978</u>	<u>\$ 422,795,132</u>		

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy limits investments to maturities of one year or less. However, a portion of the portfolio may be invested in investments with longer maturities (up to two years); any investment with a maturity of over 12 months must be approved by the Director of Finance prior to execution. As of June 30, 2009, the County's investment maturities are as follows:

<u>Investment Type:</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>	
		<u>Less than 1</u>	<u>1-2</u>
U. S. Government securities	\$ 202,677,694	\$ 202,677,694	-
Bankers' acceptances	24,138,843	24,138,843	-
Money market mutual funds	98,977,485	98,977,485	-
State pool	97,047,956	97,047,956	-
Total	<u>\$ 422,841,978</u>	<u>\$ 422,841,978</u>	<u>\$ -</u>

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County is authorized to invest in: a) obligations for which the United States has pledged its full faith and credit for the payment of principal and interest, b) obligations that a federal agency or instrumentality issues in accordance with an act of Congress, or c) repurchase agreements that any of the foregoing listed obligations secures. Cited statutes also authorize investments in bankers' acceptances, secured certificates of deposit issued by Maryland banks, commercial paper of the highest investment grade, the Maryland Local Government Investment Pool (MLGIP), and money market mutual funds that are registered and operate in accordance with Rule 2a-7 and in accordance with Maryland State Code. State statutes and County policies require that these money market mutual funds invest only in obligations of U.S. Treasuries, U.S. agencies and repurchase agreements collateralized by an obligation of the United States, its agencies or instrumentalities.

As of June 30, 2009, the County's investments were rated as follows:

<u>Investment Type</u>	<u>Ratings</u>		
	<u>Standard & Poor's</u>	<u>Fitch</u>	<u>Moody's</u>
Repurchase agreements ¹	N/R	N/R	N/R
U.S. Government securities ² :			
Agency discounts	A-1+	F1+	P-1
Other U.S. Government securities	AAA	AAA	Aaa
Bankers' acceptances ³	N/R	N/R	N/R
Certificates of deposit ⁴	N/R	N/R	N/R
Money market mutual funds	AAA	AAA	Aaa

N/R-Not Rated

- 1** Disclosure of the credit risk for the County's repurchase agreements is required since the underlying securities are not issued or explicitly guaranteed by the U.S. Government.
- 2** Only includes securities implicitly guaranteed by the U.S. Government.
- 3** While the bankers' acceptances are not rated, County policy requires that the underlying issuer is of the highest short-term investment grade.
- 4** While the certificates of deposit are not rated, County policy requires that the underlying issuer is of the highest short-term investment grade.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of failure of the counterparty to a transaction, the County will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, or not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent, but not in the government's name. County and State statutes require that securities underlying repurchase agreements have a market value of at least 102 percent of the cost of the investment. County policies require that a third party custodian hold investment securities and the collateral underlying all repurchase agreements. At June 30, 2009, the County's investments were not exposed to custodial credit risk.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer. It is the County's policy to diversify by investment type and institution in order to avoid unreasonable risks, with maximum limits as follows:

<u>Diversification by Investment Type</u>	<u>Maximum percent of Portfolio*</u>
U. S. Treasury obligations	100 %
U. S. Government agencies	50
Repurchase agreements	50
Bankers' acceptances	50
Money market mutual fund	25
Local government investment pool	25
Collateralized certificates of deposit**	25
Commercial paper	5

<u>Diversification by Institution</u>	<u>Maximum percent of Portfolio*</u>
Approved broker/dealers	50 %
Money market mutual funds by fund	25
Bankers' acceptances by country	25
Bankers' acceptances by institution	10
Commercial banks (certificates of deposit)**	10
U.S. Government agencies by agency	20

* At time of purchase

** Certificates of deposit are classified as deposits for financial reporting purposes.

As of June 30, 2009, five percent or more of the County's investments, excluding amounts issued or explicitly guaranteed by the U.S. Government, mutual funds, and pooled investments, are invested in:

<u>Issuer</u>	<u>Fair Value</u>
Bank of America	\$ 24,138,843
BB&T	50,000,000
Federal Agricultural Mortgage Corp.	69,989,253
Federal Home Loan Bank	56,465,700
Federal Home Loan Mortgage Corp.	76,222,741
JPMorgan Funds	97,676,091
MD Locat Govt. Investment Pool	97,047,956

External Investment Pool Condensed Financial Statements:

The condensed financial statements of the County's external investment pool at June 30, 2009, are as follows:

Statement of Net Assets
June 30, 2009

Assets:	
Investment in securities, at fair value	\$ 422,841,978
Cash	179,170,425
Accrued interest receivable	164,121
Total assets and net assets	<u>\$ 602,176,524</u>
Net assets consist of:	
Internal participants' units outstanding (\$1.00 par)	\$ 556,367,495
External participants' units outstanding (\$1.00 par)	45,809,029
Net assets	<u>\$ 602,176,524</u>
Participants net asset value, offering price and redemption price per share (\$602,176,524 / 602,507,889 units)	<u>\$ 1.00</u>

Statement of Changes in Net Assets
For the Fiscal Year Ended June 30, 2009

Investment Income *	\$ 12,161,107
Distributions to participants:	
Distributions paid and payable	(12,161,107)
Share transactions at net asset value of \$1.00 per share:	
Purchase of units	\$ 3,617,458,243
Redemption of units	<u>(3,809,153,512)</u>
Net decrease in net assets and shares resulting from share transactions	<u>(191,695,269)</u>
Total decrease in net assets	(191,695,269)
Net assets, July 1, 2008	793,871,793
Net assets, June 30, 2009	<u>\$ 602,176,524</u>
* The pool has no expenses.	

3) Major and Nonmajor Fund Deposit and Investment Risks

Primary government (non fiduciary) cash and investments are primarily invested in the County's external investment pool. Major funds with significant cash and investments comprised of other than the external investment pool include the following:

Debt Service Fund - Cash with fiscal agents of \$15,397,468 includes \$12,035,000 which is held for approximately one day in bank accounts that are not in the County's name and are not collateralized. Per the Montgomery County Code, banks receiving County funds in trust, for the purpose of paying principal and interest on bonds or other County obligations, need not furnish security for those funds. The remaining balance of \$3,347,854 represents lease revenue bond debt service reserve funds which are held in money market mutual funds and U.S Government securities. These funds, originally held in the Capital Projects Fund, were transferred to the Debt Service Fund during FY09.

Capital Projects Fund - Cash with fiscal agents of \$10,440,411 is held in money market mutual funds and U.S. Government securities.

Liquor – Cash with fiscal agents of \$1,529,914 at the end of FY09 was held in money market funds for the purpose of disbursement of design and planning costs for a warehouse.

There are no cash and investments in nonmajor funds with significantly greater risk exposures than those described above or those relating to the external investment pool.

4) Fiduciary Funds

Employees' Retirement System:

Investment Overview

Section 33-61C of the County Code (Code), authorizes the Board of Investment Trustees (Board) (see Note IV-F) to act with the care, skill, prudence and diligence under the circumstances that a prudent person acting in a similar capacity and familiar with the same matters would use to conduct a similar enterprise with similar purposes. The Code also requires that such investments be diversified so as to minimize the risk of large losses unless it is clearly not prudent to diversify under the circumstances. The Board has adopted an investment policy that works to control the extent of downside risk to which the Employees' Retirement System (System) is exposed while maximizing the potential for long term increases in the value of assets. The overall investment policies do not address specific levels of credit risk, interest rate risk or foreign currency risk. The Board believes that risks can be managed, but not eliminated, by establishing constraints on the investment portfolios and by monitoring the financial markets, the System's asset allocation and the investment managers hired by the System. Each investment manager has a specific benchmark and investment guidelines appropriate for the type of investments they are managing. Section 33-60 of the Code prohibits the Board from investing in any bonds, notes, or debt instruments issued by the County, any political subdivision within the County, any agency supported or financed wholly or partly by taxes levied by the Montgomery County Council, or any agency supported by bond issues underwritten by the County.

Credit Risk/Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Board's investment policies and guidelines limit the percentage of the total fund and individual manager's account which can be invested in fixed income securities rated below investment grade. In addition, the Board's investment policies and guidelines limit the percentage of each investment manager's account that may be allocated to any one security, position, issuer or affiliated issuer, to less than 5 percent of the fair value of the investment manager's account. The System does not have investments (other than those issued or explicitly guaranteed by the U.S. Government or pooled investments) in any one company that represents 5 percent or more of net assets held in trust for pension benefits.

The quality ratings of investments in fixed income securities as described by nationally recognized rating organizations as of June 30, 2009, are as follows:

Type of Investment	Quality Rating	Fair Value	Percentage of Portfolio
U.S. Government Obligations*	AAA	\$ 181,736,282	22.08 %
	A	4,480,518	0.54
Foreign Government Obligations	AAA	106,081,252	12.89

Total Fixed Income Securities		<u>\$ 823,221,812</u>	<u>100.00 %</u>

*Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not have purchase limitations.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the investment. The Board's investment policies and guidelines manage interest rate risk by establishing duration constraints on each fixed income manager's portfolio based on the duration of each manager's respective benchmark. Duration is a measure of interest rate risk based on a bond price's sensitivity to a

100-basis point change in interest rates. The greater the duration of a bond, or a portfolio of bonds, the greater its price volatility will be in response to a change in interest rates and vice-versa. Duration of eight would mean that, given a 100-basis point change up/down in rates, a bond's price would move down/up by 8 percent.

As of June 30, 2009, the System's fixed income portfolio had the following sensitivity to changes in interest rates:

Type of Investment	Effective Duration in Years	Fair Value	Percentage of Portfolio
U.S. Government Obligations	4.95	\$ 186,216,800	22.62 %
Foreign Government Obligations	7.14	130,522,628	15.85
Asset-Backed Securities	2.10	12,163,832	1.48
Commercial Mortgage-Backed Securities	3.09	15,131,578	1.84
Collateralized Mortgage Obligations	0.51	9,104,627	1.11
Corporate Bonds	4.99	263,671,256	32.03
Fixed Income Pooled Funds	N/A	59,215,507	7.19
Short-term Investments and Other	N/A	147,195,584	17.88
Total Fixed Income Securities		<u>\$ 823,221,812</u>	<u>100.00 %</u>

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The Board's International Investing Policy's objective is to achieve long-term capital appreciation and current income by investing in diversified portfolios of non-U.S. equities and bonds. The System has indirect exposure to foreign currency risk as follows:

International Securities	Equity	Fixed Income	Short-term and Other	Total Non-U.S. Dollar
Japanese Yen	\$ 94,751,685	\$ -	\$ 5,513,828	\$ 100,265,513
European Currency Unit	91,772,005	65,680,067	(78,224,119)	79,227,953
Australian Dollar	3,391,425	-	20,863,608	24,255,033
New Zealand Dollar	304,966	294,016	20,436,997	21,035,979
British Pound Sterling	41,303,329	33,196,684	(54,258,615)	20,241,398
Hong Kong Dollar	15,556,860	-	6,510	15,563,370
Swedish Krona	8,071,891	11,170,334	(11,628,062)	7,614,163
Danish Krone	6,761,798	-	-	6,761,798
Swiss Franc	19,540,446	-	(15,160,313)	4,380,133
Indonesian Rupiah	1,398,608	1,277,425	-	2,676,033
Other Currencies	14,678,071	22,338,424	(25,794,546)	11,221,949
Total International Securities	<u>\$297,531,084</u>	<u>\$133,956,950</u>	<u>\$(138,244,712)</u>	<u>\$ 293,243,322</u>

Derivatives

The System invests in derivative instruments on a limited basis in accordance with the Board's Derivatives Policy. During FY09, the System invested directly in various derivatives including asset-backed securities, collateralized mortgage obligations, exchange-traded future contracts, forward currency contracts, swaps, and floating rate securities. Investment managers are prohibited from purchasing securities on margin or using leverage unless specifically permitted within the investment manager's guidelines. The System

entered into these investments either to increase earnings or to hedge against potential losses. These investments generally contain market risk resulting from fluctuations in interest and currency rates. The credit risk of these investments is associated with the creditworthiness of the related parties to the contracts. The System could be exposed to risk if the counterparties to the contracts are unable to meet the terms of the contracts. The Board's Derivatives Policy seeks to control this risk through counterparty credit evaluations and approvals, counterparty credit limits and exposure monitoring procedures. In addition, the System has indirect exposure to market and credit risk through its ownership interests in certain mutual and commingled funds which may hold derivative financial instruments.

As permitted by the Board's policies, the System holds off-financial statement derivatives in the form of exchange-traded financial futures and options. The futures and options with fair values of approximately \$10,683,141 are held for investment purposes and included within the financial statements at June 30, 2009. Gains and losses on futures and options are determined based upon fair values and recorded in the Statement of Changes in Plan Net Assets.

Interest rate swaps, foreign currency exchange swaps, and forward foreign currency exchange contracts are held for investment purposes. At June 30, 2009, the System had approximately \$107,860,000 net exposure in foreign currency exchange and interest rate swaps and \$111,823,210 negative net exposure in forward foreign currency exchange contracts.

Securities Lending

Board policy permits the System to lend its securities to broker-dealers and other entities (borrowers) for collateral that will be returned for the same securities in the future. The System's custodian is the agent in lending the System's securities for collateral of 102 percent for domestic and 105 percent for international securities. The custodian receives cash, securities or irrevocable bank letters of credit as collateral. All securities loans can be terminated on demand by either the System or the borrower. Cash collateral received from the borrower is invested by the lending agent, as an agent for the System, in a short-term investment pool in the name of the System, with guidelines approved by the Board. Such investments are considered a collateralized investment pool. The relationship between the maturities of the investment pool and the System's loans is affected by the maturities of securities loans made by other plan entities that invest cash collateral in the investment pool, which the System cannot determine. The System records a liability for the return of the cash collateral shown as collateral held for securities lending in the statement of net assets. On November 21, 2008, the Board began restricting the amount of loans the lending agent could make on its behalf. This restriction remained in place as of June 30, 2009. The agent indemnifies the System by agreeing to purchase replacement securities, or return the cash collateral thereof, in the event a borrower fails to return loaned securities or pay distributions thereon. On September 15, 2008, Lehman Brothers International Europe (LBIE) and on September 18, 2008, Lehman Brothers Inc (LBI) were called into default on obligations under the terms of one or more of the Securities Borrowing Agreements. The System was compensated for any security that was not returned from loan in accordance with the contractual obligations. There were no other such failures by any borrower during the fiscal year, nor were there any losses during the period resulting from a default of the borrower or lending agent.

As of June 30, 2009, the fair value of securities on loan was \$136,504,992. Cash received as collateral and the related liability of \$138,201,569 as of June 30, 2009, is shown on the Statement of Plan Net Assets. Securities received as collateral are not reported as assets since the System does not have the ability to pledge or sell the collateral securities absent borrower default. Securities lending revenues and expenses amounting to \$4,295,939 and \$2,490,951, respectively, have been classified with investment income and investment expenses, respectively, in the accompanying financial statements.

The following represents the balances relating to the securities lending transactions at June 30, 2009:

<u>Securities Lent</u>	<u>Underlying Securities</u>	<u>Non-Cash Collateral Value</u>	<u>Cash Collateral Investment Value</u>
Lent for Cash Collateral:			
U.S. Government Obligations	\$ 46,081,308	\$ -	\$ 47,123,316
Corporate Bonds	22,149,159	-	22,724,237
Equities	65,813,462	-	68,354,016
Lent for Non-Cash Collateral:			
U.S. Government Obligations	2,158,598	2,218,642	-
Corporate Bonds	1	1	-
Equities	302,464	317,230	-
Total	<u>\$136,504,992</u>	<u>\$ 2,535,873</u>	<u>\$ 138,201,569</u>

At year-end, the System has no credit risk exposure to borrowers because the amounts the System owes the borrowers exceeded the amounts the borrowers owe the System. The System is fully indemnified by its custodial bank against any losses incurred as a result of borrower default.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the System will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At June 30, 2009, there were no funds held by a counterparty that was acting as the System's agent in securities lending transactions.

Employees' Retirement Savings Plan:

Section 33-125 of the Code authorizes the Board to establish a diversified slate of mutual and commingled investment funds from which participants may select an option. The Board exercises the Standard of Care as delineated in Section 33-61 of the Code. As of June 30, 2009, the fair value of the mutual and commingled investment funds was \$127,577,002. The fair value of the investments in international mutual funds was \$15,002,729.

Employees' Deferred Compensation Plan:

The Board is required to establish a diversified slate of mutual and commingled funds from which participants may select investment options. The Board exercises the Standard of Care as delineated in Section 33-61 of the Code. As of June 30, 2009, the fair value of the mutual and commingled investment funds was \$201,253,401. The fair value of the investments in international mutual funds included in the County Plan was \$25,168,150.

Retiree Health Benefits Trust:

Section 33-163 of the Code authorizes the Board to act with the care, skill, prudence and diligence under the circumstances that a prudent person acting in a similar capacity and familiar with the same matters would use to conduct a similar enterprise with similar purposes. The Code also requires that such investments be diversified so as to minimize the risk of large losses unless it is clearly not prudent to diversify under the circumstances. The Board has adopted an investment policy that works to control the extent of downside risk to which the System is exposed while maximizing the potential for long term increases in the value of assets. The overall investment policies do not address specific levels of credit

risk, interest rate risk or foreign currency risk. The Board believes that risks can be managed, but not eliminated, by establishing constraints on the investment portfolios and by monitoring the financial markets, the System's asset allocation and the investment managers hired by the System. Section 33-162 of the Code prohibits the Board from investing in any bonds, notes, or debt instruments issued by Montgomery County, any political subdivision within Montgomery County, any agency supported or financed wholly or partly by taxes levied by the Montgomery County Council, or any agency supported by bond issues underwritten by Montgomery County.

As of June 30, 2009, the fair value of the mutual and commingled investment funds was \$30,965,128. The fair value of the investments in international mutual funds was \$9,545,587.

COMPONENT UNITS

HOC:

At year-end, HOC's cash and investments are significant in relation to the total component unit cash and investments. HOC's cash balances as of June 30, 2009, were entirely insured or collateralized with securities held by HOC's agent in HOC's name. HOC and its discretely presented component units investments are subject to interest rate, credit, and custodial risk as described below:

Interest Rate Risk

HOC's investment policy which applies to the General Fund, Public Fund and the Opportunity Housing Fund, requires that the majority of HOC's investments must be on a short-term basis (less than one year); however a portion of the portfolio may be invested in investments with longer maturities (up to two years).

The investment requirements for the Multi-Family Fund and Single Family Fund are specified within each of the bond trust indentures. The bond trustee is required to invest money in obligations with the objective that sufficient money will be available to pay the interest due on the bonds and will mature or be subject to redemption with the objective that sufficient money will be available for the purposes intended in accordance with the Indenture.

Credit Risk

HOC's investment policy for the General Fund, Public Fund and the Opportunity Housing Fund permits the following investment types: U.S. government and federal agencies; repurchase agreements; banker's acceptances; money market mutual funds; Maryland local government investment pool; Montgomery County investment pool; certificate of deposits and time deposits; and commercial paper. Bankers Acceptances of domestic banks and commercial paper must maintain the highest rating from one of the Nationally Recognized Statistical Rating Organizations (NRSRO) as designated by the SEC or State Treasurer. Repurchase agreements require collateralization at 102% of the principal amount by an obligation of the United States, its agencies or instrumentalities provided the collateral is held by a custodian, other than the seller. Certificates of deposit or time deposits must be collateralized at 102% of the fair value and held by a custodian other than the seller. HOC invests in the Montgomery County Local Government Investment Pool (County external investment pool) and the Maryland State Local Government Investment Pool (MLGIP). The MLGIP is not subject to regulatory oversight by the SEC, however the MGLIP is operated pursuant to the annotated code of Maryland.

The Single Family and Multi-Family Bond Funds require that the trustee invest moneys on deposit under the indenture in investment obligations as defined by the respective bond indenture agreements. Investment obligations are defined as the following: (i) Government obligations; (ii) bond debentures or other obligation issued by government agencies or corporations; (iii) time deposits or certificate of deposits insured by the Federal Deposit Insurance Corporation; (iv) repurchase agreements backed by obligations described in (i) and (ii) above; (v) investment agreements; (vi) tax exempt obligations; and (vii) money market funds.

Custodial Risk

Amounts held in trust accounts and other demand accounts are covered by federal depository insurance, or collateralized at a level of at least 102% of fair value of principal and accrued interest. Repurchase agreement collateral for the MLGIP is segregated and held in the name of Mercantile-Safe Deposit and Trust's account at the Federal Reserve Bank. The cash and cash equivalents held by PNC Bank for the

General Fund, Housing Opportunity Fund and Public Fund are in bank money market accounts and interest bearing accounts. These amounts are unrated by an independent rating agency. The Moody's rating for PNC Bank short-term deposits as of June 30, 2009 was P-1.

At June 30, 2009, HOC had the following cash, cash equivalents, investments and maturities:

Cash Equivalents	Fair Value	Rating
<u>Cash Equivalents:</u>

In the major governmental funds, \$41,459,181 due from HOC to the Housing Initiative Special Revenue Fund represents mortgage loans, which are generally repayable based on project cash flows, specified future dates, or sales of the respective properties. Included in this amount is a loan of \$2,213,324, for which payments are based on cash flows. Terms of the note stipulate that the balance of the note will be forgiven at the termination of the ground lease in December 2035. To date the project has not generated cash flows. This loan is offset by deferred revenue. Also included in the amount above is a ground lease, upon which is located affordable housing owned by HOC. The ground lease provides for lease payments from HOC for \$1 per year for 83 years. Fund balance has been reserved for the remaining loans.

3) **Due From Other Governments**

The total amount due from other governments at June 30, 2009, was comprised of the following:

	General	Capital Projects	Solid Waste Activities	Nonmajor Governmental	Internal Service	Fiduciary	Total
Federal government	\$ -	\$ 2,151,476	\$ -	\$ 10,929,253	\$ -	\$ 2,516,851	\$ 15,597,580

Commitments for ongoing construction in progress at June 30, 2009, were \$87,563,310.

D) Interfund Receivables, Payables, and Transfers

The composition of interfund receivables and payables as of June 30, 2009, is as follows:

Due To Fund	Due From Fund					Total
	General	Solid Waste Activities	Nonmajor Governmental	Internal Service	Fiduciary	
General	\$ -	\$ 1,609	\$ -	\$ 4,331,576	\$ 6,711,832	\$ 11,045,017
Montgomery Housing Initiative	-	-	-	7,065	8,869	15,934
Debt Service	11,553,103	-	481,897	-	-	12,035,000
Capital Projects	25,368,987	-	4,940,311	128,050	155,154	30,592,502
Liquor	-	1,869	-	210,629	182,717	395,215
Solid Waste Activities	-	-	-	75,871	97,239	173,110
Parking Lot Districts	-	2,766	-	23,701	28,229	54,696
Nonmajor Governmental	6,561,587	95	-	2,146,858	3,325,554	12,034,094
Nonmajor Enterprise	1,200,000	-	-	179,666	258,908	1,638,574
Internal Service	-	-	-	201,153	1,645,726	1,846,879
Fiduciary	-	-	-	1,214	1,087	2,301
Total	<u>\$ 44,683,677</u>	<u>\$ 6,339</u>	<u>\$ 5,422,208</u>	<u>\$ 7,305,783</u>	<u>\$ 12,415,315</u>	<u>\$ 69,833,322</u>

Included in the amounts presented above are the following short-term loans from the General Fund that were or will be repaid during FY10:

- \$25.4 million to the Capital Projects Fund to cover construction payments, due primarily to the timing of reimbursements from Federal, State and other agencies, and to lag time between programming and collection of certain impact taxes; and
- \$12.0 million to the Debt Service Fund relating to a debt service payment due on the first day of the next fiscal year, that must be remitted to the County's fiscal agent one working day prior to the debt service due date.

Remaining balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund transfers for the year ended June 30, 2009, consisted of the following:

Transfers In Fund									
	General	Revenue Stabilization	Housing Initiative	Debt Service	Capital Projects	Liquor	Solid Waste	Parking Lot Districts	Subtotal Major

Total	<u>\$ 14,098,369</u>	<u>\$ 1,048,855</u>	<u>\$ 2,109,458</u>	<u>\$ 355,462,887</u>

Primary activities include:

- Transfers from major and non-major governmental funds to the Debt Service Fund to provide funding for debt service principal and interest payments;
- Transfers of current receipts and pay-go from the General Fund to the Capital Projects Fund; and
- Transfer of Liquor Enterprise Fund profits to the General Fund.

Transfers at the government-wide financial statement level include \$596,652 associated with the General Fund and Silver Spring Parking Lot District (SSPLD) relating to general governmental capital lease obligations for capital assets accounted for in the SSPLD. At the fund level, such transfers are classified as capital contributions in the SSPLD, and expenditures and an other financing source in the General Fund, in accordance with generally accepted accounting principles (see Note III-E3).

E) Leases

1) Operating Leases

The County leases buildings and office facilities and other equipment under non-cancelable operating leases. Lease agreements typically provide for automatic termination on July 1 of any year in which funds to meet subsequent rental payments are not appropriated. Total costs for operating leases were approximately \$16,004,000 for FY09. Future minimum lease payments under significant non-cancelable operating leases are as follows:

Fiscal Year Ending June 30	
2010	\$ 21,678,000
2011	17,757,000
2012	16,155,000
2013	12,235,000
2014	10,355,000
2015 - 2019	36,046,000
2020 - 2024	17,717,000
2025 - 2027	62,000
Total	<u><u>\$ 132,005,000</u></u>

2) Capital Lease Receivable

Pursuant to the issue of the 2002 Lease Revenue Bonds and 2004 Lease Revenue Bonds (See Note III-F7), the County is obligated to lease the Shady Grove and Grosvenor Metrorail Garage Projects to WMATA at amounts calculated to be sufficient in both time and amount to pay, when due, the principal of and interest on the bonds. Separate lease agreements were executed in conjunction with each bond issue. The leases associated with the 2002 and 2004 bond issues have original terms of 22 years and 20 years, respectively, both ending on June 1, 2024.

The composition of the capital lease receivable is as follows:

	Shady Grove	Grosvenor	Total
Minimum lease payments receivable	\$ 24,965,828	\$24,546,810	\$ 49,512,638
Unearned lease income	(7,300,605)	(7,187,033)	(14,487,638)
Net investment in direct financing leases	<u><u>\$ 17,665,223</u></u>	<u><u>\$17,359,777</u></u>	<u><u>\$ 35,025,000</u></u>

At June 30, 2009, the minimum future lease payments due under the direct financing capital lease agreements are as follows:

Fiscal Year Ending June 30	
2010	\$ 3,294,214
2011	3,292,009
2012	3,296,303
2013	3,300,252
2014	3,300,640
2015-2019	16,580,305
2020-2024	16,448,915
Total minimum lease payments	<u>\$ 49,512,638</u>

3) Capital Lease Obligations

The County has entered into various lease agreements as lessee with the Montgomery County Revenue Authority (MCRA) for financing the construction or acquisition of certain County facilities. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception dates of the leases.

The assets acquired and placed in service through MCRA capital leases are as follows:

Land	\$ 13,449,033
Land improvements	1,673,621
Buildings	53,783,181
Furniture, fixtures, equipment and machinery	159,291
Subtotal	69,065,126
Less accumulated depreciation	(21,666,486)
Total asset value under capital leases	<u>\$ 47,398,640</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2009, are as follows:

Fiscal Year Ending June 30	
2010	\$ 5,203,801
2011	4,859,933
2012	4,862,605
2013	3,955,329
2014	3,465,929
2015-2019	16,073,222
2020-2023	3,982,500
Total minimum lease payments	42,403,319
Less: amount representing interest	(9,983,319)
Present value of minimum lease payments	<u>\$ 32,420,000</u>

Included in the schedules above are amounts relating to the Montgomery County Conference Center, which was opened during FY05. The Maryland Stadium Authority (MSA) also participated in financing the construction through the issuance of long-term debt. The County recognized the MSA contribution of \$19,719,328 as revenue when the Conference Center opened. The ownership of the Conference Center will transfer to the County at the end of the MCRA lease term.

The County has entered into a lease agreement as lessee with the Maryland Economic Development Corporation (MEDCO) to lease from MEDCO the Town Square Garage 61 and Wayne Avenue Garages, located in the Silver Spring Parking Lot District (SSPLD). The construction of these garages is being funded through the issuance of lease revenue bonds by MEDCO. The ownership of the garages will transfer to the County at the end of the lease term. Although this capital lease is a general governmental obligation, the asset is reflected in the SSPLD, as required by law, and is offset by a capital contribution. For government-wide financial statement purposes, the capital lease obligation in the governmental activities and capital asset in the business-type activities are offset by transfers out and transfers in, respectively, since any amounts that ultimately may be repaid by the SSPLD are not expected to be repaid within a reasonable time.

The assets acquired through this capital lease are as follows:

	<u>Town Square</u>	<u>Wayne Avenue</u>	<u>Total</u>
Buildings	\$30,485,144	\$ 29,685,533	\$60,170,677
Less accumulated depreciation	<u>(4,733,517)</u>	<u>(4,876,163)</u>	<u>(9,609,680)</u>
Total asset value under capital leases	<u>\$25,751,627</u>	<u>\$ 24,809,370</u>	<u>\$50,560,997</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2009, are as follows:

<u>Fiscal Year</u> <u>Ending June 30</u>	<u>Town Square</u>	<u>Wayne Ave</u>	<u>Total</u>
2010	\$ 2,476,851	\$ 3,113,475	\$ 5,590,326
2011	2,470,554	3,073,775	5,544,329
2012	2,469,739	3,084,425	5,554,164
2013	2,461,668	3,113,219	5,574,887
2014	2,451,011	3,110,394	5,561,405
2015-2017	<u>7,337,867</u>	<u>9,300,362</u>	<u>16,638,229</u>
Total minimum lease payments	19,667,690	24,795,650	44,463,340
Less: amount representing interest	<u>(3,142,690)</u>	<u>(4,430,650)</u>	<u>(7,573,340)</u>
Present value of minimum lease payments	<u>\$ 16,525,000</u>	<u>\$ 20,365,000</u>	<u>\$ 36,890,000</u>

F) Long-Term Debt

PRIMARY GOVERNMENT

1) General Obligation Bonds Payable

General obligation bonds are authorized, issued, and outstanding for the following purposes: (1) General County Facilities, (2) Roads and Storm Drainage, (3) Parks, (4) Public Schools, (5) Community College, (6) Consolidated Fire Tax District, (7) Mass Transit Facilities, (8) Public Housing Facilities, and (9) Parking Facilities. All bonds are valid and legally binding general obligations of the County, and constitute an irrevocable pledge of its full faith and credit and unlimited taxing power. Such bonds are payable from ad valorem taxes, unlimited as to rate or amount, on all real, tangible personal, and certain intangible property that is subject to taxation at full rates for local purposes in the County.

Proceeds from general obligation bonds for public schools and the community college are appropriated by the County Council to MCPS and MCC (component units), respectively, and remitted to such component units by the County. For GAAP purposes, proceeds from debt issuance for these purposes and any related expenditures incurred and reimbursed to the component units are reflected as other financing sources and expenditures, respectively, in the accompanying fund financial statements. These amounts are not budgeted by the County since this activity is appropriated for budget purposes to the component units. Any general obligation bond proceeds, not yet expended by the component units at year end, is reflected as Reserved Fund Balance of the Capital Projects Fund.

In November 2001, \$143,000,000 in general obligation bonds, which mature in FY09 and beyond, were defeased. In November 2002, \$95,750,000 in general obligation bonds, which mature in FY07 and beyond, were defeased. These defeasances were effected by placing the proceeds of general obligation refunding bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in these financial statements. As of June 30, 2009, \$45,500,000, and \$6,500,000 respectively, in general obligation bonds referred to above are considered to be defeased.

General obligation bond issues outstanding as of June 30, 2009, are as follows:

Dated Date	Maturity	Interest Rate	Originally Issued	Balance June 30, 2009	Unamortized Premium **	Unamortized Deferred Difference	Carrying Value June 30, 2009
07/01/92 *	1993-10	2.75 - 5.8	\$ 273,038,054	\$ 5,541,371	\$ -	\$ -	\$ 5,541,371

Total	<u>\$ 1,496,561,371</u>	<u>\$ 520,174,823</u>	<u>\$2,016,736,194</u>

Article 25A, Section 5(P), of the Annotated Code of Maryland, authorizes borrowing of funds and issuance of bonds to a maximum of 6 percent of the assessable base of real property and 15 percent of the assessable base of personal property and operating real property. The legal debt margin as of June 30, 2009 is \$8,179,473,770.

General obligation bonds authorized and unissued as of June 30, 2009, are as follows:

Purpose	Authority			Amount

Total General Obligation Bonds			<u>\$1,082,245,000</u>	<u>\$ 905,203,000</u>

Bond authority and related amounts unissued, presented above, include amounts related to variable rate demand obligations (see Note III-F2). In addition to this bond authority, the County has authority under the provisions of Section 56-13 of the 1994 Montgomery County Code, as amended, to issue County bonds within statutory debt limits to finance approved urban renewal projects.

2) Variable Rate Demand Obligations

On June 7, 2006, the County for the first time issued variable rate demand obligations (VRDOs), in the amount of \$100 million. These obligations will not mature in total until 2026; however, the County is required by the Note Order to make annual sinking fund payments to retire one-tenth of the notes each year beginning in 2017.

The interest rate on the obligations, which re-sets daily, is established by the remarketing agents, and is payable on the first business day of each month. Other potential modes for the obligations include a Weekly Mode, a Commercial Paper Mode, a Term Rate Mode or a Fixed Rate Mode. Subject to certain terms and conditions in the Note Order, the County may effect a change in Mode with respect to the obligations. The obligations are subject to optional tender and purchase on the demand of the owners thereof, upon certain terms. All such obligations are general obligations of the County to the payment of which the full faith and credit and unlimited taxing power of the County is irrevocably pledged.

In connection with these obligations, the County entered into a standby note purchase agreement on June 7, 2006 with Dexia Credit Local, acting through its New York Branch. Under the agreement, Dexia is obligated to purchase, through the registrar and paying agent, obligations that are tendered by their owners and have not been remarketed by the remarketing agent. The standby note purchase agreement will expire on June 7, 2011. Any principal advances under the line of credit must be repaid in semi-annual installments over five years after the advance occurs. No amounts were advanced against this agreement. Because the County entered into a financing agreement that ensures the VRDOs can be refinanced on a long-term basis, these obligations are classified as noncurrent liabilities at year-end.

VRDOs outstanding as of June 30, 2009, are as follows:

<u>Dated Date</u>	<u>Maturity</u>	<u>Interest Rate</u>	<u>Originally Issued</u>	<u>Balance June 30, 2009</u>
06/07/06	2017-26	Variable	\$ 50,000,000	\$ 50,000,000
06/07/06	2017-26	Variable	50,000,000	50,000,000
Total			<u>\$ 100,000,000</u>	<u>\$ 100,000,000</u>

For budget and bond authority purposes, VRDO activity is reported with general obligation bonds.

Changes in VRDOs during FY09 are as follows:

	Balance July 1, 2008	VRDOs Issued	VRDOs Retired	Balance June 30, 2009
Governmental Activities:				
General County	\$ 2,500,000	\$ -	\$ -	\$ 2,500,000
Roads and Storm Drainage	26,000,000	-	-	26,000,000
Parks	1,000,000	-	-	1,000,000
Public Schools	64,000,000	-	-	64,000,000
Community College	4,000,000	-	-	4,000,000
Consolidated Fire Tax District	2,100,000	-	-	2,100,000
Mass Transit	400,000	-	-	400,000
Total	<u>\$ 100,000,000</u>	<u>-</u>	<u>\$ -</u>	<u>\$ 100,000,000</u>

VRDO requirements to maturity are as follows:

Fiscal Year Ending June 30	Variable Rate Demand Obligation Requirements		
	Principal	Interest*	Total
2010	\$ -	\$ 315,000	\$ 315,000
2011	-	315,000	315,000
2012	-	315,000	315,000
2013	-	315,000	315,000
2014	-	315,000	315,000
2015-2019	30,000,000	1,386,000	31,386,000
2020-2024	50,000,000	630,000	50,630,000
2025-2026	20,000,000	31,500	20,031,500
Total	<u>\$ 100,000,000</u>	<u>\$ 3,622,500</u>	<u>\$ 103,622,500</u>

* Includes interest on VRDOs at estimated rates of .450 percent for Series A and .180 percent for series B respectively, for the June 7, 2006 issue; the interest rate on the notes is calculated daily and due monthly. The estimated rates used for this calculation were based on the rates at year-end.

3) **Revenue Bonds Payable**

Revenue bonds are authorized, issued, and outstanding to finance specific projects such as parking garages for the Bethesda and Silver Spring Parking Lot Districts and Solid Waste facilities. Net revenues of Bethesda and Silver Spring Parking Lot Districts including parking fees, fines and dedicated property taxes and net revenues of the Solid Waste Disposal fund are pledged against the timely repayment of principal and interest of the outstanding revenue bonds of the respective funds.

In May 2009, the County issued \$46.8 million of revenue bonds, secured by Department of Liquor Control revenues. The proceeds will be used to purchase a warehouse facility for the Department, as well as to fund the County's share of an interchange at the intersection of Maryland Route 355 (Rockville Pike) and Montrose Parkway West.

The term of the commitments and approximate amounts of the pledged revenues are as follows:

	<u>Terms of Commitment</u>	<u>Approximate amount of Pledge</u>
Bethesda Parking Lot District	17	\$ 45,763,214
Solid Waste Disposal Fund	4	14,847,750
Liquor Control	20	73,155,232
Total		<u>\$ 133,766,196</u>

The pledged net revenues recognized during FY09 for the payment of the outstanding principal and interest of the revenue bonds are as follows:

	<u>Net Available Revenue for Debt Service</u>	<u>Debt Service</u>		
		<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Parking Lot District:				
Bethesda Parking Lot District	\$ 14,128,734	\$ 3,340,000	\$ 1,566,585	\$ 4,906,585
Silver Spring Parking Lot District	6,945,175	825,000	30,938	855,938
Solid Waste Disposal Fund:	7,794,551	3,255,000	751,750	4,006,750

Revenue bond issues outstanding as of June 30, 2009, are as follows:

	<u>Dated Date</u>	<u>Maturity</u>	<u>Interest Rate</u>	<u>Originally Issued</u>	<u>Balance June 30, 2009</u>	<u>Unamortized Premium/ (Discount)</u>	<u>Unamortized Deferred Difference</u>	<u>Carrying Value June 30, 2009</u>
Parking Revenue 2002A:								
Bethesda Parking Lot District	06/01/02	2003-21	3.00 - 4.75	\$ 26,000,000	\$ 18,615,000	\$ (12,233)	\$ -	\$ 18,602,767

2015-2019	-	-	22,510,000	12,293,062	34,803,062
2020-2024	-	-	21,625,000	7,050,321	28,675,321
2025-2029	-	-	18,230,000	2,545,491	20,775,491
Total	<u>\$13,345,000</u>	<u>\$ 1,502,750</u>	<u>\$ 94,030,000</u>	<u>\$ 39,736,196</u>	<u>\$ 133,766,196</u>

Revenue bonds authorized and unissued as of June 30, 2009, are as follows:

Purpose	Resolution Number	Year	Amount Authorized	Amount Unissued
Parking Lot Districts	11-1383	1989	\$ 51,163,000	\$ 25,593,000
Parking Lot Districts	14-921	2001	35,000,000	9,000,000
Solid Waste Disposal	12-1010	1993	56,935,000	6,255,000
Public Housing	16-675	2008	50,000,000	50,000,000
Liquor & Transportation	16-676	2008	78,000,000	31,235,000
Liquor & Transportation	16-863	2009	60,000,000	60,000,000
Total			<u>\$331,098,000</u>	<u>\$ 182,083,000</u>

Restricted assets related to these revenue bonds, classified as “Investments” or “Equity in Pooled Cash and Investments” for statement of net asset purposes, include the following:

Purpose	Bethesda Parking Lot District	Silver Spring Parking Lot District	Solid Waste Disposal
Operation and Maintenance Account - Available to pay current expenses	\$ 1,267,081	\$ 1,691,402	\$ -
Debt Service Account - Used to pay debt service on bonds	273,511	-	-
Debt Service Reserve Account - (including accrued interest) - Available to pay debt service on bonds if there is insufficient money available	1,532,854	-	4,064,057
Renewal and Renovation Account - Available for payment of renewals, replacements, renovations, and unusual and extraordinary repairs	1,500,000	1,500,000	4,441,989
Rate Covenant Cash Reserve - Available to fund operating activities for a minimum of three months	-	-	22,928,263
Rate Stabilization Account - In case of short-term extraordinary expenses	-	-	1,294,200
Total	<u>\$ 4,573,446</u>	<u>\$ 3,191,402</u>	<u>\$ 32,728,509</u>

In lieu of Debt Service Reserve Accounts, the 2002 Series Parking Refunding Bonds and the 2002 Series A Parking Revenue Bonds are being secured with a municipal bond insurance policy. The County is in compliance with all significant financial bond covenants.

4) **Bond Anticipation Notes Payable**

Commercial paper bond anticipation notes (BANs) are authorized, issued, and outstanding as financing sources for capital construction and improvements. Changes in BANs during FY09 are as follows:

	Balance July 1, 2008	BANs Issued	BANs Retired	Balance June 30, 2009
BAN Series 2002-K	\$ 150,000,000	\$ -	\$ 150,000,000	\$ -
BAN Series 2002-L	150,000,000	-	100,000,000	50,000,000
BAN Series 2002-M	-	150,000,000	-	150,000,000
BAN Series 2002-N	-	100,000,000	-	100,000,000
Total	<u>\$ 300,000,000</u>	<u>\$ 250,000,000</u>	<u>\$ 250,000,000</u>	<u>\$ 300,000,000</u>

The interest rate changes based on market conditions; during FY09, the rate of interest varied from .35 to 6.0 percent. Interest earned on BAN proceeds totaled \$1,416,608 during FY09, which was accounted for in the Debt Service Fund.

BANs totaling \$250 million were issued during FY09 at varying maturities to a maximum of 270 days, under a program whose authority was adopted on June 11, 2002, and was amended on July 16, 2002, July 29, 2003, July 27, 2004, July 26, 2005, November 30, 2006, September 18, 2007, and October 28, 2008 to consolidate additional authority to borrow money and incur indebtedness. The County reissued the notes upon maturity and will continue to do so, until they are replaced with long-term bonds. The County will issue long-term bonds in FY10, and intends to use the proceeds for capital construction and improvements. In connection with these BANs, the County entered into a line of credit agreement on June 15, 2005, with Fortis Bank S.A./N.V., acting through its Connecticut branch, under which the County may borrow, on a revolving basis, up to \$300 million to pay the principal on the notes, and up to \$22,191,781 to pay the interest. Any principal advances under the line of credit must be repaid in semi-annual installments over five

years after the advance occurs. No amounts were advanced against this line of credit. Because the County entered into a financing agreement that ensures the BANs can be refinanced on a long-term basis, these BANs are classified as noncurrent liabilities at year-end.

During FY09, the County passed Resolution No. 16-763 dated October 28, 2008 to increase the County's authority to issue BANS by \$327.5 million. Cumulative BANs authorized and unissued as of June 30, 2009, including amounts authorized and unissued from prior years, is \$594,803,000.

5) **Certificates of Participation**

In October 2007, the County issued Certificates of Participation (certificates) for its Equipment Acquisition Program dated October 24, 2007, in the amount of \$33.58 million. The certificates represent proportionate interest in a Conditional Purchase Agreement (CPA) between the County, as purchaser and U.S. Bank National Association, as the seller, for acquisition of certain equipment to be used in the fire and rescue program of the County. The CPA requires the County, as purchaser; to make periodic purchase installments in amounts sufficient to pay the scheduled debt service on the certificates until the County pays the entire price necessary to acquire the equipment, which shall be equal to the amount necessary to pay the principal and interest on all outstanding certificates. The ability of the County, as purchaser, to pay the purchase installments due under the CPA depends upon sufficient funds being appropriated each year by the County Council for such purpose. The County Council is under no obligation to make any appropriation with respect to the CPA. The CPA is not a general obligation of the County and does not constitute an indebtedness of the County within the meaning of any constitutional or statutory limitation or charge against the general credit or taxing powers of the County.

The certificates were issued at interest rates ranging from 4.0 to 5.0 percent and have maturity schedules as follows:

Fiscal Year Ending June 30	Certificates of Participation		
	Principal	Interest	Total
2010	\$ 3,220,000	\$ 1,322,000	\$ 4,542,000
2011	3,335,000	1,174,225	4,509,225
2012	3,455,000	1,004,475	4,459,475
2013	3,590,000	828,350	4,418,350
2014	3,120,000	660,600	3,780,600
2015 - 2018	13,755,000	1,143,500	14,898,500
Total	<u>\$ 30,475,000</u>	<u>\$ 6,133,150</u>	<u>\$ 36,608,150</u>

6) Master Lease/Equipment Notes

The County has entered into purchase agreements to provide financing for the acquisition of capital asset equipment. The agreements have terms of two to five years with interest rates identified in the agreements. Arrangements provide that proceeds are to be held by a trustee and disbursed to vendors. If assets are acquired prior to the note agreement, the trustee reimburses the County. The following is a schedule by fiscal year for the agreements as of June 30, 2009:

Fiscal Year Ending June 30	Equipment Notes Requirements		
	Principal	Interest	Total
2010	2,939,165	\$ 162,321	\$ 3,101,486
2011	1,905,237	62,943	1,968,180
2012	264,863	5,041	269,904
Total	<u>\$ 5,109,265</u>	<u>\$ 230,305</u>	<u>\$ 5,339,570</u>

7) WSSC Promissory Note

In April 2007, the County entered into a Purchase and Sale Contract with Washington Suburban Sanitary Commission (WSSC) to acquire property for \$10,000,000. On January 15, 2009, the County signed a promissory note evidencing its obligation to fulfill the terms of the Contract. The note has a term of 15 years; interest accrues at a rate of 4.43%, commencing six months after the execution of the promissory note. Under the provisions of the promissory note, the minimum annual payment by the County is \$400,000 and is due on July 15, 2009 and annually thereafter. The County must make additional payments equal to the net of proceeds of parcels sold in a given year; payments should be allocated first to interest and then to principal. If in a given year, net proceeds for the sale of parcels equal or exceed the debt service payment, the County will not be required to make a separate debt service payment. The minimum annual loan payment is less than the interest accrued during the fiscal period; the difference between the interest and the debt service paid is added to the total principal amount owed. Consequently, a negative balance is shown on the principal column of the amortization schedule.

The note will mature upon its 15th anniversary when all unpaid principal and accrued interest shall be due and payable by the County or upon the date of the "Payment Event" for the last parcel for which an additional annual payment is due to WSSC.

The following is a schedule by fiscal year for the debt service requirement at 06/30/2009:

Fiscal Year Ending June 30	Promissory Note Requirements		
	Principal	Interest	Total
2010	400,000	\$ -	\$ 400,000
2011	(25,280)	425,280	400,000
2012	(26,400)	426,400	400,000
2013	(27,569)	427,569	400,000
2014	(28,791)	428,791	400,000
2015 - 2019	(164,254)	2,164,254	2,000,000
2020 - 2024	(204,006)	2,204,006	2,000,000
2025	10,076,300	223,189	10,299,489
Total	<u>\$10,000,000</u>	<u>\$ 6,299,489</u>	<u>\$16,299,489</u>

8) Lease Revenue Bonds

In June 2002, the County issued Lease Revenue Bonds dated June 1, 2002, in the amount of \$37.88 million for its Metrorail garage projects. These bonds were issued to finance the costs of the planning, design, construction, and placing into commercial operation, of garages at the Shady Grove and Grosvenor Metrorail Stations. The County has leased these metrorail garage projects to the Washington Metropolitan Area Transit Authority (WMATA). The bonds are payable from and secured by a pledge of revenues from WMATA's lease payments and certain reserve funds. The approximate amount of the pledge is \$49,512,638. WMATA's obligation to make payments under the leases is payable solely from amounts held in a Surcharge Reserve Account which is funded by revenues from a surcharge on the parking facilities. WMATA is not obligated to pay the principal or interest on the bonds. In the event that the County's Reserve Subfund of \$3,345,040, included in Capital Projects Fund cash with fiscal agents in the accompanying financial statements, is less than the required amount, the County Executive is obligated to include, in the next subsequent appropriation request to the County Council, a request for sufficient resources to reimburse the Reserve Subfund. The Lease Revenue Bonds are not a debt of the County within the meaning of any constitutional, compact, charter or statutory debt limit or restriction. Neither the faith and credit nor the taxing power of the County is pledged to the payment of the bonds.

The County issued \$4,745,000 in lease revenue bonds (Metrorail Garage Projects) on September 1, 2004. The bonds were issued due to certain cost increases incurred since the issuance of the Series 2002 Bonds. The County needed an additional \$2,100,000 to complete construction of the Shady Grove Metro Garage and an additional \$2,110,000 to complete construction of the Grosvenor Metro Garage. The Series 2004 bonds were delivered on September 28, 2004. The lease has a term of 20 years ending in June 1, 2024. In FY09, pledged revenue of \$3,295,276 equals the principal and interest on the lease revenue bonds.

Lease revenue bonds outstanding as of June 30, 2009, are as follows:

	Dated Date	Maturity	Interest Rate	Originally Issued	Balance June 30, 2009	Unamortized Premium	Carrying Value June 30, 2009
Lease Revenue Bonds	06/01/02	2005-24	4.6064%	\$ 37,880,000	\$ 31,180,000	\$ 81,885	\$ 31,261,885
Lease Revenue Bonds	09/01/04	2005-24	3.7908%	4,745,000	3,845,000	15,806	3,860,806
Total				<u>\$ 42,625,000</u>	<u>\$ 35,025,000</u>	<u>\$ 97,691</u>	<u>\$ 35,122,691</u>

Lease revenue bond debt service requirements to maturity are as follows:

Fiscal Year Ending June 30	Lease Revenue Bond Requirements		
	Principal	Interest	Total
2010	\$ 1,705,000	\$ 1,589,214	\$ 3,294,214
2011	1,770,000	1,522,009	3,292,009
2012	1,845,000	1,451,303	3,296,303
2013	1,925,000	1,375,252	3,300,252
2014	2,005,000	1,295,640	3,300,640
2015-2019	11,475,000	5,105,305	16,580,305
2020-2024	14,300,000	2,148,915	16,448,915
Total	<u>\$ 35,025,000</u>	<u>\$14,487,638</u>	<u>\$49,512,638</u>

9) **Taxable Term Loans**

During FY04, the County entered into two taxable term loan agreements with U.S. Bank. The first term loan of \$4,000,000, which commenced on February 2, 2004, was used to finance the purchase of the Kay property in Germantown, which will be used for development of a biotechnology and information technology business park. The repayment period is 5 years, requiring semi-annual payments of principal and interest at 3.24 percent. The second term loan of \$1,332,000, which commenced on March 30, 2004, was used to purchase kitchen and audio-visual equipment to be used in the County's conference center project which opened in November 2004. The repayment period is 5 years, requiring semi-annual payments of principal and interest at 2.91 percent. On November 15, 2005, the County borrowed an additional \$95,432 for conference center furniture which was combined with the first term loan above. All other terms of the first term loan remain unchanged. In January 2009 the loans were paid in full.

10) **HUD Loan**

During 2002, the County Council authorized the Department of Housing and Community Affairs (DHCA) to participate in the HUD Section 108 program for the purpose of acquiring twenty-one units at the Chelsea Tower which provides affordable housing for income qualified persons. On July 16, 2003, the County signed a loan agreement with HUD in the amount of \$870,000. The County subsequently received approval from the County Council to disburse and re-loan these funds to HOC. HOC will repay the County, through the Housing Initiative Special Revenue Fund, the principal of \$870,000 with interest thereon on a semi-annual basis at 4.59 percent over a twenty-year period, which is consistent with the HUD repayment terms. The principal amount payable at June 30, 2009, for this loan is \$655,000.

11) Changes in Long-Term Liabilities

Long-term liability activity for the year ended June 30, 2009, was as follows:

	Balance July 1, 2008	Additions	Reductions	Balance June 30, 2009	Due within one year
Governmental Activities					
Bonds and Notes Payable:					
General obligation bonds	\$ 1,366,758,054	\$ 250,000,000	\$ (120,196,683)	\$ 1,496,561,371	\$ 133,287,086
Variable rate demand obligations	100,000,000	-	-	100,000,000	-
Bond anticipation notes	300,000,000	250,000,000	(250,000,000)	300,000,000	300,000,000
Lease revenue bonds	36,670,000	-	(1,645,000)	35,025,000	1,705,000
Equipment notes	8,066,996	-	(2,957,731)	5,109,265	2,939,165
Taxable term loans	1,155,651	-	(1,155,651)	-	-
HUD loan	698,000	-	(43,000)	655,000	43,000
WSSC Promissory Note	-	10,000,000	-	10,000,000	400,000
Revenue Bonds	-	14,463,000	-	14,463,000	539,676
Subtotal	1,813,348,701	524,463,000	(375,998,065)	1,961,813,636	438,913,927
Add remaining original issue premium	65,845,455	8,917,011	(10,455,436)	64,307,030	-
Less deferred amount on refundings	(23,314,730)	-	3,949,192	(19,365,538)	-
Total Bonds and Notes Payable	1,855,879,426	533,380,011	(382,504,309)	2,006,755,128	438,913,927
Other Liabilities:					
Certificates of participation	33,580,000	-	(3,105,000)	30,475,000	3,220,000
Compensated absences	65,022,294	53,424,377	(48,422,908)	70,023,763	52,517,822
Other postemployment benefits	58,598,791	54,936,148	-	113,534,939	-
Capital leases	74,472,783	596,652	(7,140,000)	67,929,435	7,510,000
Claims and judgments	-	1,550,000	-	1,550,000	1,550,000
Total Other Liabilities	231,673,868	110,507,177	(58,667,908)	283,513,137	64,797,822
Governmental Activities Long-Term Liabilities	\$ 2,087,553,294	\$ 643,887,188	\$ (441,172,217)	\$ 2,290,268,265	\$ 503,711,749
Business-Type Activities					
Revenue Bonds:					
Liquor Control	-	32,302,000	-	32,302,000	1,205,324
Parking revenue bonds	38,085,000	-	(4,165,000)	33,920,000	1,840,000
Solid waste disposal revenue refunding bonds	16,600,000	-	(3,255,000)	13,345,000	3,420,000
Subtotal	54,685,000	32,302,000	(7,420,000)	79,567,000	6,465,324
Add remaining original issue premium	512,742	2,002,009	(184,790)	2,329,961	-
Less remaining original issue discount	(14,090)	-	1,857	(12,233)	-
Less deferred amount on refundings	(460,470)	-	179,349	(281,121)	-
Total General Obligation and Revenue Bonds	54,723,182	34,304,009	(7,423,584)	81,603,607	6,465,324
Other Liabilities:					
Compensated absences	4,911,073	371,875	(7,074)	5,275,874	3,956,906
Equipment notes	724,795	-	(256,918)	467,877	215,267
Landfill closure costs	22,733,923	2,077,000	(4,135,000)	20,675,923	2,150,000
Total Other Liabilities	28,369,791	2,448,875	(4,398,992)	26,419,674	6,322,173
Business-Type Activities Long-Term Liabilities	\$ 83,092,973	\$ 36,752,884	\$ (11,822,576)	\$ 108,023,281	\$ 12,787,497

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year-end, \$1,939,277 (\$1,454,458 due within one year and \$484,819 due in more than one year) of internal service fund compensated absences are included in the above amounts. Also, for the governmental activities, compensated absences and claims and judgments are generally liquidated by the governmental fund to which the liability relates.

12) Conduit Debt Obligations

Conduit debt obligations refer to certain limited-obligation revenue bonds or similar debt instruments issued by the County for the purpose of providing capital financing for a third party that is not part of the County's reporting entity (see Note I-A). From time to time, the County has issued Industrial Revenue Bonds and Economic Development Revenue Bonds for the purposes of financing or refinancing costs of acquiring facilities for third party facility users or of refunding outstanding bonds. Facility users may be individuals, public or private corporations, or other entities. The bonds are secured by the facilities financed and are payable from the revenues or monies to be received by the County under loan agreements with the facility users and from other monies made available to the County for such purpose. The bonds do not constitute a debt or charge against the general credit or taxing powers of the County, the State, or any political subdivision thereof. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2009, there were 34 issues of Industrial Revenue Bonds and Economic Development Revenue Bonds outstanding. Of these, 16 were issued prior to July 1, 1996. The aggregate principal amount payable at June 30, 2009, for bonds issued prior to July 1, 1996, could not be determined; however, their original issue amounts totaled \$175,875,000. The principal amount payable at June 30, 2009, for bonds issued after July 1, 1996, totaled \$318,785,202.

13) Special Taxing Districts

The County created three development districts: Kingsview Village Center, West Germantown, and Clarksburg Town Center. These development districts were created in accordance with Chapter 14 of the Montgomery County Code, the Montgomery County Development District Act enacted in 1994. The creation of these districts allows the County to provide financing, refinancing, or reimbursement for the cost of infrastructure improvements necessary for the development of land in areas of the County with high priority for new development or redevelopment.

Pursuant to Chapter 14, special taxes and/or special assessments may be levied to fund the costs of bonds or other obligations issued on behalf of the respective district. Any bond issued under Chapter 14 is not an indebtedness of the County within the meaning of Section 312 of the Charter. Additionally, any bond issued must not pledge the full faith and credit of the County, and must state that the full faith and credit is not pledged to pay its principal, interest, or premium, if any. Any bonds issued are not considered liabilities of the County and are not reported in the County's financial statements.

In December 1999, the County issued \$2.4 million in special obligation bonds for the Kingsview Village Center Development District. Special taxes and assessments were levied beginning in FY01 to repay this debt. In April 2002, the County issued two series of special obligation bonds for the West Germantown Development District. The County issued \$11.6 million of Senior Series 2002A bonds and \$4.3 million of Junior Series 2002B bonds to finance the construction of infrastructure in the development district. Special taxes and assessments were levied beginning in FY03 to repay this debt. Bonds have not yet been issued for the Clarksburg Town Center development district.

COMPONENT UNITS

At June 30, 2009, HOC's noncurrent liabilities are comprised of the following:

	Due within one year	Long-Term	Total
Revenue bonds payable	\$ 51,440,530	\$617,826,562	\$ 669,267,092
Capital leases payable	240,812	20,253,242	20,494,054
Notes payable	20,128,610	165,358,736	185,487,346
Total	<u>\$ 71,809,952</u>	<u>\$803,438,540</u>	<u>\$ 875,248,492</u>

HOC revenue bonds, which are significant in relation to the total component unit long-term debt, are outstanding as follows:

<u>Purpose</u>	
Multi-Family Mortgage Purchase Program Fund	\$ 399,106,060
Single Family Mortgage Purchase Program Fund	270,161,032
Total	<u>\$ 669,267,092</u>

Interest rates on the HOC Multi-Family and Single Family Mortgage Purchase Program Fund bonds ranged from 4.45 to 9.15 percent and 0.875 to 8.5 percent, respectively, as of June 30, 2009.

Pursuant to Section 2-103 of Article 44A of the Annotated Code of Maryland, the County may, by local law, provide its full faith and credit as guarantee of bonds issued by HOC in principal amount not exceeding \$50,000,000. Section 20-32 of the Montgomery County Code provides the method by which the County has implemented the guarantee. The debt service requirements by fiscal year for the HOC debt guaranteed by the Primary Government are as follows:

Fiscal Year Ending June 30	Guaranteed Revenue Bond Requirements		
	Principal	Interest	Total
2010	\$33,375,000	\$ 1,208,219	\$ 34,583,219
2011	340,000	496,022	836,022
2012	355,000	480,555	835,555
2013	370,000	464,057	834,057
2014	385,000	446,500	831,500
2015-2019	405,000	2,100,694	2,505,694
2020-2024	2,880,000	1,587,075	4,467,075
2025-2029	5,430,000	1,233,968	6,663,968
Total	<u>\$43,540,000</u>	<u>\$ 8,017,090</u>	<u>\$ 51,557,090</u>

The total debt service requirements for HOC revenue bonds, which include the portion guaranteed by the Primary Government (presented above), are as follows:

Fiscal Year Ending June 30	Total Revenue Bond Requirements		
	Principal	Interest	Total
2010	\$ 51,440,530	\$ 26,511,138	\$ 77,951,668
2011	16,556,741	25,320,879	41,877,620
2012	17,678,104	24,764,218	42,442,322
2013	17,634,619	24,188,794	41,823,413
2014	18,111,304	23,602,089	41,713,393
2015-2019	81,314,601	109,691,711	191,006,312
2020-2024	74,923,081	97,067,207	171,990,288
2025-2029	103,691,018	81,392,816	185,083,834
2030-2034	141,213,157	39,347,631	180,560,788
2035-2039	87,245,000	17,984,897	105,229,897
2040-2044	49,650,000	6,417,885	56,067,885
2044-2049	10,165,000	557,707	10,722,707
Unamortized Bond Discount	(600,717)	-	(600,717)
Total	<u>\$ 669,022,438</u>	<u>\$ 476,846,972</u>	<u>\$ 1,145,869,410</u>

Changes in the HOC revenue bonds during FY09 are as follows:

Purpose	Balance July 1, 2008	Bonds Issued*	Bonds Retired	Balance June 30, 2009
Multi-Family Mortgage Purchase Program Fund	\$ 410,272,322	\$ 33,178,737	\$ 44,345,000	\$ 399,106,059
Single Family Mortgage Purchase Program Fund	331,896,799	36,552,986	98,288,752	270,161,033
Total	<u>\$ 742,169,121</u>	<u>\$ 69,731,723</u>	<u>\$ 142,633,752</u>	<u>\$ 669,267,092</u>

* Includes accretions and bond discounts.

HOC has issued a number of individual bonds for financing multi-family developments for which HOC has no legal liability for repayment or administration (conduit debt), and accordingly, the bonds are not included in the accompanying financial statements. HOC participates in such issuances in order to increase the availability of affordable housing in the County. The bonds outstanding are summarized below:

Bonds outstanding, July 1, 2008	\$ 337,798,905
Issuances during the year	6,600,000
Redemptions during the year	(74,320,239)
Bonds outstanding, June 30, 2009	<u>\$ 270,078,666</u>

The County is not liable in any manner for the remaining debt of HOC or any debt of MCPS, MCC, or MCRA. BUPI has no long-term debt.

G) Segment Information

The County has issued revenue bonds to finance activities relating to Solid Waste Disposal operations, including recycling, and the Silver Spring and Bethesda Parking Lot districts (PLDs). The Solid Waste Disposal operations and the Silver Spring and Bethesda PLDs are accounted for within the Solid Waste Activities Fund and the Parking Lot Districts Fund, respectively. However, investors in the revenue bonds rely solely on the revenue generated by the individual activities for repayment. Summary financial information for each activity as of and for the year ended June 30, 2009, is presented below:

Condensed Statements of Net Assets

* Includes Solid Waste Leafing

H) Fund Equity

1) Designated Fund Balances

Designated fund balances include amounts encumbered at year-end, which are reported separately in the accompanying financial statements. Designated fund balances also include committed amounts which have been appropriated as part of the next year's original budget where the source of funds is the fund balance as of the end of the current year, and amounts appropriated but unexpended in the Capital Projects Fund where the source of funds is current receipts in the governmental funds. Such amounts are as follows at June 30, 2009:

	<u>General</u>	<u>Special Revenue</u>	<u>Total</u>
Designated for next year's budget	\$ 2,183,370	\$ 23,811,039	\$ 25,994,409
Designated for transfers to Capital Projects Fund	49,816,460	11,296,518	61,112,978
Total	<u>\$ 51,999,830</u>	<u>\$ 35,107,557</u>	<u>\$ 87,107,387</u>

Designated fund balance does not include the following commitments, which otherwise meet the criteria for designation, but for which unrestricted fund balance is not available to designate:

	<u>Debt Service</u>	<u>Capital Projects</u>	<u>Special Revenue</u>	<u>Total</u>
Encumbrances *	\$ 490,913	\$ 230,779,361	\$ 7,824,873	\$239,095,147
Next year's budget	-	-	4,788,705	4,788,705
Transfers to Capital Projects Fund	-	-	3,682,426	3,682,426
Total	<u>\$ 490,913</u>	<u>\$ 230,779,361</u>	<u>\$16,296,004</u>	<u>\$247,566,278</u>

* Encumbrances relating to special revenue funds include \$6,490,079 relating to the Grants Fund, where appropriation and spending on Federal and State grants is contingent on receipt of the grant funds. When the expenditure occurs in the subsequent year, revenue will be earned based on the grant agreements, and resources will then be made available.

2) Net Assets Restricted by Enabling Legislation

Net assets restricted by enabling legislation represent legislative restrictions that a party external to the government can compel the government to honor. For the County, such amounts represent primarily accumulated net assets attributed to revenue streams, such as taxes or fees, which are restricted for specified purposes in the County Code. This generally includes Capital Project Fund recordation and impact tax collections on hand for other component unit and municipal governments, ending fund balances of substantially all special revenue funds, and ending unrestricted net assets of the Solid Waste Activities and Parking Lot Districts enterprise funds. Such amounts, which are included with restricted net assets in the government-wide Statement of Net Assets, are as follows at year-end:

Governmental activities	\$ 378,115,377
Business-type activities	<u>26,112,848</u>
Total	<u>\$ 404,228,225</u>

I) Significant Transactions with Discretely Presented Component Units

1) Operating and Capital Funding

Expenditures incurred for operating and capital funding of discretely presented component units amounted to the following for the year ended June 30, 2009:

	General Fund			Capital	
	Operating	Capital *	Total	Projects	Total
MCPS	\$1,515,137,973	\$ 12,365,746	\$1,527,503,719	\$ 170,338,983	\$1,697,842,702
MCC	106,776,153	9,363,681	116,139,834	28,980,398	145,120,232
HOC	5,987,120	1,284,392	7,271,512	-	7,271,512
Total	<u>\$1,627,901,246</u>	<u>\$ 23,013,819</u>	<u>\$1,650,915,065</u>	<u>\$ 199,319,381</u>	<u>\$1,850,234,446</u>

* Represents current receipt and pay-go funding transferred from the General Fund for component units' use towards their capital projects.

For GAAP financial statement reporting purposes, General Fund expenditures incurred for funding of MCPS and MCC are classified as education expenditures; HOC funding is classified under community development and housing.

2) Other Transactions

BUPI charges for services revenue includes \$4,132,936 earned under contracts with the County. For capital leases with MCRA, see Note III-E3. For mortgages receivable due from HOC, see Note III-B2.

NOTE IV. OTHER INFORMATION

A) Risk Management

The County, for itself and certain component units and other governments, maintains two self-insurance internal service funds. County management believes it is more economical to manage its risks internally and set aside assets for claim settlements in these internal service funds.

One fund is maintained for Liability and Property Coverage under which participants share the costs of workers' compensation; comprehensive general; automobile and professional liability (errors and omissions); property coverage including fire and theft; and other selected areas which require coverage. Commercial insurance is purchased for claims in excess of coverage provided by the self-insurance fund and for other risks not covered by the fund. In addition to all funds of the County, participants in this program include MCPS, HOC, MCC, MCRA, BUPI, M-NCPPC, the City of Rockville, the independent fire/rescue corporations, the Bethesda-Chevy Chase Rescue Squad, the Rockville Housing Enterprises, the Town of Somerset, the Village of Martin's Additions, the City of Gaithersburg, the Village of Drummond, the City of Takoma Park, and the Village of Friendship Heights. The liability for claims with respect to all participants transfers to the self-insurance fund, except for M-NCPPC which retains ultimate liability for its own claims.

The second fund is maintained for Employee Health Benefits under which participants share medical, prescription, dental, vision, and life insurance. While the majority of coverage is self-insured, certain fully

insured plan options, including health maintenance organizations (HMO's), are offered to participants. WSTC, BUPI, Montgomery Community Television, the Strathmore Hall Foundation, Inc., Arts and Humanities Council of Montgomery County, Montgomery County Volunteer Fire & Rescue Association, and certain employees of the State of Maryland in addition to some of the participants in the Liability and Property Coverage Program, participate in this program.

Both internal service funds use the accrual basis of accounting. Payments to the Liability and Property Coverage Self-Insurance Fund by participants and recognition of the fund's liability for unpaid claims including those incurred but not reported are based on actuarial estimates. For the Employee Health Benefits Fund, charges to participants are based on actuarial estimates. Liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported which incorporate incremental claims adjustment expenses incurred only because of the claim, but do not include nonincremental claims adjustment expenses such as internal salary costs. Because actual claims liabilities depend on complex factors such as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. During the year, there were no significant reductions in commercial insurance coverage in the Liability and Property Coverage Self-Insurance Fund from the prior year. For the past three years, no insurance settlements exceeded commercial insurance coverage in either fund.

Changes in the balances of Claims Payable for the self-insurance funds for FY09 and FY08 are as follows:

	Liability and Property Coverage	Employee Health Benefits
Balance July 1, 2007	\$75,499,000	\$ 10,573,292
Claims and changes in estimates	31,229,416	74,483,466
Claim payments ¹	<u>(25,897,416)</u>	<u>(78,869,861)</u>
Balance June 30, 2008	80,831,000	6,186,897
Claims and changes in estimates	36,547,713	86,223,421
Claim payments ¹	<u>(29,242,713)</u>	<u>(85,610,110)</u>
Balance June 30, 2009 ^{2,3}	<u><u>\$88,136,000</u></u>	<u><u>\$ 6,800,208</u></u>

¹ Includes non-monetary settlements.

² Includes incurred but not reported (IBNR) claims of \$46,446,000 and \$6,897,747 for the Liability and Property Coverage and the Employee Health Benefits Self-Insurance Funds, respectively.

³ Life Insurance is covered by a third-party provider, but the County is required to hold a reserve with the provider proportionate to claims incurred. The Life Insurance IBNR of \$97,539 is not included in the schedule. Claims payable including Life IBNR is \$6,897,747.

B) Significant Commitments and Contingencies

1) Landfill

The County, in its effort to provide for estimated landfill capping and postclosure maintenance costs, accrues such costs and recognizes those costs as expenses as the landfill is utilized. The October 9, 1991 U.S. Environmental Protection Agency (EPA) rule, "Solid Waste Disposal Criteria," established closure requirements for all municipal solid waste landfills (MSWLFs) that receive waste after October 9, 1991. The County has been accruing closure expenses since FY91 in an attempt to match the costs of closure against the revenues associated with the use of the landfill. GASB Statement No. 18, issued in August 1993, expanded the items considered in the original EPA calculation of closure costs. The expanded requirements include postclosure care for thirty years for landfills accepting refuse materials after October 1991. The Oaks Landfill closed on October 22, 1997, and the County began using out-of-County waste hauling during FY98. At the time the landfill was closed, total cumulative capacity used was 6,990,437 tons. The total closure and postclosure costs are estimated at \$61,997,000, which has been fully accrued through June 30, 2009. Of the total amount accrued, \$37,186,077 in actual costs has been paid out in prior years, and \$4,135,000 was paid in FY09, resulting in a net liability of \$20,675,923 at June 30, 2009. The current and non-current portions of the adjusted liability at year-end are estimated at \$2,150,000 and \$18,525,923 respectively. These costs are subject to change based on cost differences, changes in technology, or applications of laws and regulations. The County plans to use primarily operating cash to pay for these closure and postclosure costs as they are incurred in the future.

2) Pollution Remediation

As discussed in Note 1E "Accounting Changes", the County has adopted GASB Statement 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. This statement requires that the County disclose in the notes of the financial statements any contingent liability related to a pollution remediation event. The County has a contingent liability with respect to the Gude Landfill. This landfill was used for the disposal of County municipal solid waste from 1965 to 1982. The landfill received approximately 4.8 million tons of municipal waste from 1965 until the site was closed in 1982. A contingent liability currently exists because the Gude Landfill has been identified as a site which will require pollution remediation or additional post-closure costs due to ground water and surface water contamination. The County is still investigating the extent to which this site needs remediation, therefore no reasonable estimable costs can be reported for FY09 and may not be until the latter part of FY10. In light of this determination, GASB 49 dictates that the potential financial liability be disclosed only in the footnote section and not the financial statements.

3) Litigation

In addition to those suits in which claims for liability are adequately covered by insurance, the County is a defendant in various suits involving tort claims, violations of civil rights, breach of contract, inverse condemnation, and other suits arising in the normal course of business. In the opinion of the County Attorney, the estimated liability of the County in the resolution of these cases will not exceed \$1,550,000. In accordance with general accepted accounting principles, none of this amount has been reflected as a liability in the accompanying financial statements, as the County's liability on none of the claims are determined to be probable.

4) Grants, Entitlements, and Shared Revenues

The County participates in a number of Federal and State assisted grant, entitlement, and/or reimbursement programs, principal of which are the Community Development Block Grant, the Head Start Grant, Community Mental Health Grant, and the Medical Assistance Grant. These programs are subject to financial and compliance audits by the grantors or their representatives. The audits of most of these programs for, or including, the year-ended June 30, 2009, have not yet been completed. In accordance with the provisions of the Single Audit Act of 1984 and Circular A-133, issued by the U.S. Office of Management and Budget, the County participates in single audits of federally assisted programs. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although management does not believe amounts ultimately disallowed, if any, would be material.

5) Other Commitments

County proprietary funds have entered into contract commitments that remain uncompleted as of year-end. The amounts of outstanding commitments at June 30, 2009, are as follows:

<u>Enterprise Funds:</u>	<u>Operating</u>	<u>Capital</u>	<u>Inventory</u>	<u>Total</u>
Major Funds:				
Liquor	\$ 789,491	\$ -	\$ 3,227,285	\$ 4,016,776

Employee Health Benefits Self-Insurance	596,630	-	-	596,630
Total Internal Service Funds	<u>1,551,501</u>	<u>-</u>	<u>21,774,229</u>	<u>23,325,730</u>
Total Proprietary Funds	<u>\$ 10,607,496</u>	<u>\$ 8,812,891</u>	<u>\$ 25,001,514</u>	<u>\$ 44,421,901</u>

As of June 30, 2009, the County has \$600,000 in outstanding offers of loans and/or grants that have been extended to various companies under its Economic Development Fund programs. To help fund such offers, the designated fund balance of the Economic Development Special Revenue Fund at the end of the year is typically reappropriated in the following year.

Subsequent Events

On July 31, 2009, the County issued two master lease agreements totaling \$1,350,446 to purchase fire and rescue equipment. On August 25, 2009, the County issued commercial paper bond anticipation notes (BANS) totaling \$200,000,000. On September 15, 2009, the County Council approved legislation to increase the level of authorized general obligation bond principal by \$453,900,000. On November 17, 2009, the County issued General Obligation Bonds in the amount of \$78,000,000; Build America Bonds totaling \$232,000,000; and General Obligation Refunding Bonds amounting to \$161,755,000. On December 2, 2009, the County retired BANS totaling \$315,000,000; \$50,000,000 for 2002 series L, \$33,000,000 for 2002 series M, \$32,000,000 for 2002 series N, and \$200,000,000 for 2009 series A.

C) Joint Ventures

The Primary Government participates in six joint ventures which are not included as part of the reporting entity. The Primary Government does not have a separable financial interest in any of the joint ventures. Therefore, no "Investment in Joint Ventures" is included in the accompanying financial statements. Audited financial statements are available from each of the six organizations. A general description of each joint venture follows:

Maryland-National Capital Park and Planning Commission (M-NCPPC)

M-NCPPC is a body corporate of the State of Maryland established by the Maryland General Assembly in 1927. M-NCPPC is a bi-county agency. The Board of Commissioners consists of ten members, five each from Montgomery and Prince George's Counties. The Montgomery County members are appointed by the County Council with the approval of the County Executive. The counties' oversight of M-NCPPC also includes budget approval over their respective shares of the operating and capital budgets. Each county is also required by law to guarantee the general obligation bonds of M-NCPPC issued for its jurisdiction.

At June 30, 2009, M-NCPPC had outstanding notes payable and bonds payable in the amount of \$129,463,651, of which \$4,522,821 was self-supporting. Of the total amount payable, \$16,504,721 represented debt due within one year. Generally, debt of M-NCPPC is payable from its resources; however, the participating counties must guarantee payment of interest and principal on the debt that is not self-supporting. Montgomery County's contingent liability for non self-supporting M-NCPPC debt at June 30, 2009, is \$37,630,367, which represents general obligation bonds outstanding for the Montgomery County jurisdiction at year-end.

Washington Suburban Sanitary Commission (WSSC)

WSSC is a bi-county instrumentality of the State of Maryland created to provide water supply and sewage disposal services for Montgomery and Prince George's Counties. The two participating counties share equal control over WSSC in the selection of the six-member governing body, budgeting authority, and financing responsibility.

At June 30, 2009, WSSC had outstanding notes payable and bonds payable in the amount of \$1,351,717,000, of which \$1,350,972,000 was self-supporting. Of the total amount payable, \$340,581,000 represented debt due within one year. Pursuant to Section 4-101 of Article 29 of the Annotated Code of Maryland, the County must guarantee payment of principal and interest on WSSC bonds, unless WSSC waives such guarantee requirement in accordance with Section 4-103 of Article 29. WSSC has waived such guarantee requirement with respect to all outstanding WSSC bonds. At June 30, 2009, all WSSC debt relating to the County is self-supporting.

Washington Suburban Transit Commission (WSTC)

The Washington Suburban Transit District (WSTD), encompassing Prince George's and Montgomery Counties, Maryland, was chartered by the State of Maryland in 1965 to, among other things, coordinate and participate in the formulation of the transit plan of the Washington Metropolitan Area Transit Authority for WSTD. The WSTD is governed by the WSTC, which is composed of three representatives each from Prince George's and Montgomery Counties and one representative from the Maryland Department of Transportation. One commissioner from each county is appointed by the Governor of the State of Maryland, and the other two commissioners are appointed by the chief executive officer of the organizations they represent. The two participating counties have equal budgetary authority and financial responsibility for WSTC; however, both are required to act in consultation with the State Department of Transportation. WSTC's liabilities are limited to funds payable from the participating counties and the State under outstanding grant agreements and State legislation. Montgomery County made an operating contribution totaling \$90,408 to WSTC during FY09. The FY09 WSTC Annual Financial Report was not available when this report was published.

Washington Metropolitan Area Transit Authority (WMATA)

WMATA was created in 1967 by interstate compact among the states of Maryland and Virginia and the District of Columbia. WMATA's primary function is to plan, construct, finance, and operate transit facilities serving the Washington metropolitan area. The governing authority of WMATA is a twelve-member Board of Directors. Maryland, Virginia, and the District of Columbia each appoint four directors. Of Maryland's four directors, two are appointed by the Governor of the State of Maryland, and one each is appointed by the respective county from among its appointees to WSTC. Since WSTC is a joint venture of Montgomery and Prince George's Counties, Montgomery County participates in WMATA through WSTC.

Montgomery County is committed to participation in WMATA and its regional Metro Rail and Metro Bus programs. Pursuant to Section 87-13 of the County Code, the County guarantees its obligations imposed on WSTD by contracts or agreements with WMATA. As a result of State legislation, the State of Maryland is required to fund 100 percent of the County's share of rail and bus operating expenses. In addition, the State is required to fund 100 percent of the annual debt service on revenue bonds issued by WMATA in connection with the construction of the Metro Rail System. The County's share of the cost of construction of the Metro Rail System has been totally assumed by the State. In addition, State legislation mandates, effective in FY00, that the State provides 100 percent of the County's share of WMATA capital equipment replacement costs.

Under State statutes, the State of Maryland is required to cover its related 100 percent of the combined operating deficit of WMATA and County Ride-On operations (that began on or after June 30, 1989) assuming that 35 percent (effective in FY09) of gross operating costs are recovered by revenues.

A summary reflecting WMATA's expenditures incurred for the County's share of WMATA's activities for FY09, which are fully funded by the State and not reflected in the accompanying financial statements, is as follows:

Bus operating subsidy	\$ 49,405,915
Rail operating subsidy	25,161,943
Americans with Disabilities Act service	15,863,582
Other operating subsidy	2,142,744
MetroMatters program	30,445,000
Project Development	506,000
Debt service on WMATA revenue bonds	4,867,500
Local bus program	22,089,042
Total	<u>\$150,481,726</u>

At June 30, 2009, WMATA had outstanding bonds payable of \$418,760,000, of which \$41,689,755 represented bonds payable due within one year. All of this debt is payable from resources of WMATA.

Metropolitan Washington Council of Governments (COG)

COG is a multi-governmental regional planning organization in which local governments work together, in partnership with state and federal government agencies, to create and implement solutions to regional issues. The County is a COG member along with other Washington metropolitan area governments. The governing body of COG is a Board of Directors. Each participating governmental unit is allotted a member or members on the Board in accordance with a specified population formula. Budgetary authority rests with the Board. Member dues finance approximately 12 percent of the total funding for COG, with state and Federal grants and private contributions providing the remainder. COG does not utilize debt financing. As a participating government in COG, the County paid FY09 membership dues and fees for services amounting to \$743,366.

Northeast Maryland Waste Disposal Authority (NEMWDA)

NEMWDA is a body politic and corporate and a public instrumentality of the State of Maryland. NEMWDA was established to assist the political subdivisions in the Northeast Maryland Region and the private sector in waste management and the development of waste disposal facilities adequate to accommodate the region's requirements for disposal of solid waste. NEMWDA has the following eight member jurisdictions from the State of Maryland: Montgomery County, Baltimore County, Anne Arundel County, Frederick County, Harford County, Howard County, Carroll County, and City of Baltimore. The Maryland Environmental Service is an ex-officio member.

NEMWDA issued bonds in 1993 to fund the construction of the Montgomery County Resource Recovery Project (Project). In April 2003, NEMWDA refinanced \$205,078,908 of the 1993 bonds. At June 30, 2009, NEMWDA had outstanding bonds payable in the amount of \$180,685,000 of which \$19,955,000 represented debt due within one year. Of these amounts, \$171,080,000 related to the Project, \$18,055,000 of which represented debt due within one year. These bonds are limited obligations of NEMWDA, payable solely from the Project revenues and other sources. Since the Project is owned and operated by NEMWDA, the bonds and related activities are included in the financial statements of NEMWDA.

This Project became operational in August 1995. NEMWDA has entered into a service contract with the County under which the County pays a waste disposal fee calculated in accordance with the agreement. The waste disposal fee is comprised of an amount equal to debt service, facility fees, alternative disposal

costs, NEMWDA administrative costs, operating costs, and NEMWDA component revenue. Waste disposal fee expense incurred by the Solid Waste Activities Enterprise Fund during FY09 amounted to \$31,109,395.

D) Employee Benefits

1) Deferred Compensation

During FY05, the Montgomery County Council passed legislation enabling the County to establish and maintain one or more additional deferred compensation plans for employees covered by a collective bargaining agreement. County non-represented employees, those County represented employees who elected to participate, and employees who were retired at the time of transfer, continue to participate in the Montgomery County Deferred Compensation Plan administered by the County (the County Plan). County represented employees who did not elect to continue to participate in the County Plan may participate in the newly created Montgomery County Union Employees Deferred Compensation Plan (the Union Plan) administered by the bargaining units. The purpose of these Plans is to extend to employees deferred compensation plans pursuant to Section 457 of the Internal Revenue Code of 1986, as amended.

During FY99, in accordance with Federal legislation, the assets of the County Plan were placed in trust for the sole benefit of participants and their beneficiaries. Trust responsibilities were assigned to the Board of Investment Trustees (Board). The County Plan therefore is accounted for and included in the accompanying financial statements as a pension and other employee benefit trust fund. The assets of the Union Plan are not included in the accompanying financial statements since the County has no fiduciary or other responsibility for the Union Plan except as required by federal law, including any regulation, ruling, or other guidance issued under law.

Under both Plans, contributions are sent to contracted third party administrator investment vendors for different types of investments as selected by participants. A separate account, which reflects the monies deferred, the investment of the monies, and related investment earnings, is maintained for each participant. Withdrawals are made upon retirement, termination of employment, death, and/or in unforeseeable emergencies. Administrative expenses relating to the County Plan, which are not significant to the County Plan, have been paid by the General Fund.

2) Annual, Sick Leave, and Other Compensated Absences

Employees of the County earn annual, compensatory, and sick leave in varying amounts. Employees who are part of the County Management Leadership Service and participate in the Retirement Savings Plan earn only Paid Time Off (PTO) leave. In the event of termination, employees are reimbursed for accumulated annual, PTO (where applicable), and compensatory leave (up to a limit if applicable). Under the Employees' Retirement System of Montgomery County, covered employees are given credited service toward retirement benefits for accumulated sick leave at retirement. Earned but unused annual, PTO, and compensatory leave is accounted for in the proprietary funds as a liability. The liability for unused annual, PTO, and compensatory leave payable from governmental fund types is reflected only at the government-wide level because it will be paid from future periods' resources. Liabilities for compensated absences have not been recorded in governmental funds since the portion expected to be liquidated with expendable available financial resources has been determined to be immaterial. Earned but unused sick leave is not recorded as a liability because upon termination, sick leave is not paid. Sick leave is paid only in the event of employee illness, at which time the payments will be made from current resources.

3) Group Insurance Benefits

The County provides comprehensive group insurance programs to its employees. These benefits include, but are not limited to, medical, dental, and vision benefits, long-term disability, term life, and accidental death and dismemberment insurance. The cost of each insurance program is shared between the employer and the employees. During FY09, the County and its employees contributed \$73,142,895 and \$25,388,682, respectively. Employees of MCRA, HOC, and BUPI participate in the comprehensive insurance program of the County. Employer contributions totaled \$671,459, \$3,417,533, and \$58,905 for these component units, respectively, for FY09.

E) Pension Plan Obligations

1) Defined Benefit Pension Plan

Plan Description - The Employees' Retirement System of Montgomery County (System) is a cost-sharing multiple-employer defined benefit pension plan sponsored by the County. Other agencies and political subdivisions have the right to elect participation. The Board of Investment Trustees (Board) has the exclusive authority to manage the assets of the System. The Board consists of thirteen trustees and functions as part of the County. A publicly available annual report that includes financial statements and required supplementary information for the System, the Defined Contribution Plan (see Note IV-F2), and the Deferred Compensation Plan (see Note IV-E1), can be accessed on the County's website at <http://www.montgomerycountymd.gov/bit>, or can be obtained by writing the Board of Investment Trustees, Montgomery County Government, 101 Monroe Street, Rockville, Maryland 20850.

This Plan is closed to employees hired on or after October 1, 1994, except public safety bargaining unit employees. Substantially all employees hired prior to October 1, 1994, of the County, MCRA, HOC, the independent fire/rescue corporations, the Town of Chevy Chase, the Strathmore Hall Foundation, Inc., WSTC, Montgomery County Employees Federal Credit Union, certain employees of the State Department of Assessments and Taxation, and the District Court of Maryland are provided retirement benefits under the System. The System, established under Section 33 of Montgomery County Code, 2001, as amended, is a contributory plan with employees contributing a percentage of their base annual salary, depending on their group classification which determines retirement eligibility.

Benefit provisions are established under the Montgomery County Code beginning with Section 33-35. All benefits vest at five years of service. There are different retirement groups and retirement membership classes within the System. Members enrolled before July 1, 1978, belong to either the optional non-integrated group or the optional integrated group. Members enrolled on or after July 1, 1978, belong to the mandatory integrated group. Within the groups are different retirement membership classes. The retirement class assigned depends upon the job classification of the member (i.e., non public safety, police, fire, sheriffs and correctional staff). Normal and early retirement eligibility, the formula for determining the amount of benefit, and the cost of living adjustment varies depending upon the retirement group and retirement membership class. Normal retirement is a percentage of earnings multiplied by years of credited service. Earnings for optional non-integrated group members and optional integrated group members is defined as the high 12 months and for mandatory integrated group members, the high 36 months. The percentage of earnings, the maximum years of credited service and the cost of living adjustment varies depending upon the retirement membership class and group.

Members who retire early receive normal retirement benefits reduced by a minimum of 2 percent to a maximum of 60 percent depending on the number of years early retirement precedes normal retirement. Disability benefits are contingent upon service-connected or nonservice-connected occurrences and total or partial permanent disablement. Death benefits are contingent upon service-connected or nonservice-connected occurrences. Effective July 1, 1989, when members terminate employment before their retirement date and after completion of five years of credited service, they may elect to leave their member contributions in the System and receive a pension upon reaching their normal retirement date, based on the amount of their normal retirement pension that has accrued to the date of termination. Vested benefits and eligibility requirements are described under Section 33-45 of the Montgomery County Code of 2001, as amended. A member who terminates employment prior to five years of credited service is refunded their accumulated contributions with interest.

Deferred Retirement Option (DROP) Plans, established in FY00, allow any employee who is a member of a specified membership class or bargaining unit, and who meets certain eligibility requirements, to elect to “retire” but continue to work for a specified time period, during which pension payments are deferred. When the member’s participation in the DROP Plan ends, the member must stop working for the County, draw a pension benefit based on the member’s credited service and earnings as of the date that the member began to participate in the DROP Plan, and receive the value of the DROP Plan payoff.

Funding Policy - Required employee contribution rates varying from 4 to 9.25 percent of regular earnings are fixed and specified under Section 33-39 (a) of the Montgomery County Code of 2001, as amended. The County and each participating agency are required to contribute the remaining amounts necessary to fund the System, using the actuarial basis as specified in Section 33-40 of the Montgomery County Code of 2001, as amended. Under the current procedures, an actuarial valuation is performed to determine the employer contribution rate for the System. The contribution rate developed is a percentage of active member payroll. The dollar amount of each year’s employer contribution is determined by applying the contribution rate to the actual payroll for each year. Funding of the System during the period is the sum of the normal costs and amortization of the unfunded accrued liability over a forty-year period.

Annual Pension Cost and Net Pension Obligation - The annual required contributions (ARC) for FY09 were based on an actuarial valuation as of June 30, 2007, the latest valuation available on the date the County Council was required to approve the appropriation resolution. The ARC, or annual pension cost (APC), were the same as contributions actually made.

The APC and the net pension obligation (NPO) of the County and the participating agencies and political subdivisions for FY09 were as follows:

Fiscal Year	APC	Percentage of APC		NPO
		Contributed		
2007	\$109,436,001	100	% \$	-
2008	117,686,375	100		-
2009	109,567,014	100		-

Allocated Insurance Contract - On August 1, 1986, the County entered into an agreement with Aetna Life Insurance Company (Aetna) wherein Aetna accepted future responsibility for monthly payments to all members retired prior to January 1, 1986, in exchange for a lump sum payment. The County is liable for cost of living increases effective January 1, 1986, and later. The transactions related to this agreement have not been recognized in the System's financial statements.

2) Defined Contribution Plan

Plan Description - Employees' Retirement Savings Plan (Plan) is a cost-sharing multiple-employer defined contribution plan established by the County under Section 33-114 of the County Code. Other agencies or political subdivisions have the right to elect participation. All non-public safety and certain public safety employees not represented by a collective bargaining agreement and hired on or after October 1, 1994, are covered under this Plan. In addition to the County, other participant agencies include MCRA, HOC, the independent fire/rescue corporations, the Town of Chevy Chase, the Strathmore Hall Foundation, Inc., WSTC, and Montgomery County Employees Federal Credit Union. Employees covered under the defined benefit plan may make an irrevocable decision to move into this Plan, provided they are unrepresented employees, or represented by a collective bargaining agreement that allows for participation in this Plan.

Under Section 33-116 of the Code, the Plan requires employees to contribute 4 percent of regular earnings up to the Social Security wage base and 8 percent above the Social Security wage base. Section 33-117 of the Code requires the County to contribute 8 percent and 10 percent of regular earnings for non-public safety and public safety employees, respectively. Employee contributions are always vested under this Plan and employer contributions are vested after 3 years of service or upon death, disability, or retirement age of the employee. Members are fully vested upon reaching normal retirement age (62) regardless of years of service. At separation, a participant's benefit is determined based upon the account balance which includes contributions and investment gains or losses. The Board of Investment Trustees monitors the Plan and offers investment options to the participating employees. Required employer and employee contributions to this Plan for FY09 were \$20,625,065 and \$11,262,814, respectively.

3) Other

The County contributed \$934,919 during FY09 for pension costs for a limited number of employees/retirees who elected to remain in the State plan. This amount includes the current service costs plus an amount sufficient to amortize the prior service cost over a forty-year period ending June 30, 2020.

4) Length of Service Award Program (LOSAP)

Under Section 21-21 of the Montgomery County Code, the County has established a Length of Service Award Program (LOSAP) for the County's Department of Fire and Rescue Service volunteers who meet certain age and service criteria. Benefit expenditures amounting to \$1,137,186 in FY09 also include disability and survivor annuities and lump-sum death benefits, and are reported in the Fire Tax District Special Revenue Fund on a "pay-as-you-go" basis. There were 470 recipients comprising former volunteers and their beneficiaries at the end of FY09. Based on the latest available valuation, the unfunded actuarial accrued liability for the LOSAP plan is \$20,740,159.

F) Other Postemployment Benefits (OPEB)

Plan Description – During FY08, the Montgomery County Council enacted legislation (Bill No. 28-07) to establish a new trust effective July 1, 2007 to fund certain County retiree benefit plans. The Retiree Health Benefits Trust (Retiree Trust) is a cost-sharing multiple-employer defined benefit healthcare plan sponsored by the County. Other agencies and political subdivisions have the right to elect participation. The Board of Investment Trustees (Board) has the exclusive authority to manage the assets of the Retiree Trust. The Board consists of thirteen trustees and functions as part of the County. Separate financial statements are not issued for the Retiree Trust.

Substantially all retirees of the County, MCRA, HOC, the independent fire/rescue corporations, and WSTC, and certain retirees of the State Department of Assessments and Taxation, are provided postemployment benefits such as medical, life, dental, vision, and prescription coverage under the Montgomery County Group Insurance Plan (Plan). Retirees may also elect coverage for their eligible dependents. A member of the Employees' Retirement System of Montgomery County, who retires under a normal, early, disability or discontinued service retirement, is eligible for group insurance benefits under the Plan. However, the member is not eligible for group insurance benefits if the member leaves County service prior to retirement eligibility with a deferred vested benefit payable upon member's retirement date. A member of the Employees' Retirement Savings Plan is eligible for group insurance upon separation from service based upon the member's age and credited service at the time of separation. Postemployment benefit provisions and eligibility requirements for retirees are described under the Montgomery County Group Insurance Summary Plan Description.

Plan membership at June 30, 2008 consisted of the following:

Retirees and beneficiaries receiving benefits	7,490
Active plan members	<u>9,949</u>
Total	<u><u>17,439</u></u>

Condensed FY09 financial statements for the Retiree Health Benefits Trust are as follows:

Condensed Statement of Fiduciary Net Assets		Condensed Statement of Changes in Fiduciary Net Assets	
ASSETS		ADDITIONS	
Cash and investments	\$ 31,017,862	Contributions	\$ 71,510,737
Other assets	<u>3,978,472</u>	Net investment income (loss)	<u>(1,980,135)</u>
Total Assets	<u>34,996,334</u>	Total Additions, net	<u>69,530,602</u>
LIABILITIES		DEDUCTIONS	
Claims payable	3,978,471	Benefits	48,389,690
Other liabilities	<u>9,411</u>	Administrative	<u>3,842,017</u>
Total Liabilities	<u>3,987,882</u>	Total Deductions	<u>52,231,707</u>
NET ASSETS:		Change in Net Assets	17,298,895
Held in trust for other		Beginning Net Assets	<u>13,709,557</u>
postemployment benefits	<u>\$ 31,008,452</u>	Ending Net Assets	<u>\$ 31,008,452</u>

Contributions – The County Council has the authority to establish and amend contribution requirements of the plan members and the County. The Plan is a contributory plan in which the County and the retired members and beneficiaries contribute, based on an actuarial valuation, certain amounts toward the current cost of healthcare benefits. During FY09, plan members and beneficiaries receiving benefits contributed \$13,307,885 (approximately 26 percent of current contributions). The County and other contributing entities contributed \$58,202,852, including \$38,622,982 (approximately 74 percent of current contributions) for current premiums, claims and administrative expenses, and \$19,579,870 toward prefunding future benefits.

Funding Status and Funding Progress – As of June 30, 2008, the most recent actuarial valuation, the actuarial accrued liability (AAL) was \$1,161,222,000 and there were \$35,279,000 actuarial plan assets, therefore the unfunded AAL (UAAL) was \$1,125,943,000. The annual covered payroll of active employees covered by the Plan was \$667,400,000 and the ratio of the UAAL to covered payroll was 168.7 percent.

The actuarial valuation of the Plan involves estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarially determined amounts regarding the funded status of the Plan and the annual required contributions (ARC) of the County and other participating agencies are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

During FY08, the County Council adopted Resolution No. 16-555, expressing its intent to phase in to full funding of the difference between pay-as-you-go contributions and the ARC over eight years. The prefunding contributions reflected in the accompanying financial statements represent the second year of that eight year phase in.

Annual OPEB Cost and Net OPEB Obligation - The ARC, or annual OPEB cost (AOC), for FY09 was based on an actuarial valuation as of June 30, 2007, the latest valuation available on the date the County Council was required to approve the FY09 budget.

The AOC and the net OPEB obligation of the County as of June 30, 2009 were as follows:

Annual required contribution (ARC)	\$ 111,677,000
Interest on net OPEB obligation	4,687,903
Adjustment to ARC	(3,225,903)
Annual OPEB cost	<u>113,139,000</u>
Contributions made	<u>58,202,852</u>
Increase in net OPEB obligation	54,936,148
Net OPEB obligation - beginning of year	<u>58,598,791</u>
Net OPEB obligation - end of year	<u><u>\$ 113,534,939</u></u>

The percentage of AOC contributed in FY09 was 51.4 percent.

Actuarial Methods and Assumptions – The calculations of projected benefits are based on the terms of the Plan in effect at the time of valuation and on the pattern of sharing costs between the employer and plan members to that point. The actuarial calculations reflect a long-term perspective and actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in the actuarial accrued liability and the actuarial value of assets.

Actuarial assumptions used in the actuarial valuation were:

Valuation date	June 30, 2008
Actuarial method	Projected unit credit
Amortization method	Level percentage of projected payroll
Amortization period	30 years
Investment rate of return	8.0%
Salary scale	4.25%
Mortality	RP 2000 projected 10 years, separate tables for males and females
Health care cost trend rates:	(initial, ultimate)
Medical (excluding Indemnity plan) pre-65	10.0%, 5.0%
Medical (excluding Indemnity plan) post-65	8.5%, 5.0%
Medical (Indemnity plan)	11.0%, 5.0%
Prescription drugs	10.0%, 5.0%
Dental	6.5%, 4.5%

APPENDIX B

**DEFINITIONS OF CERTAIN TERMS AND
SUMMARY OF LEGAL DOCUMENTS**

[THIS PAGE INTENTIONALLY LEFT BLANK]

DEFINITIONS OF CERTAIN TERMS

In addition to the terms defined elsewhere in this Official Statement, the following are definitions of certain terms used in this Official Statement. Terms used but not defined in this Official Statement shall have the meanings set forth in the Conditional Purchase Agreement and the Trust Agreement.

“Acceptance Certificate” means a certificate provided to the Seller as evidence of the date on which the Equipment has been finally accepted by County.

“Acceptance Date” means the date the Acceptance Certificate is delivered by the County and accepted by the Seller and Trustee.

“Acquisition Costs” means all costs paid or to be paid to acquire the Equipment in accordance with the Conditional Purchase Agreement.

“Interest Payment Date” means May 1 and November 1 of each year, commencing November 1, 2010.

“Net Proceeds” means the amount remaining from the gross proceeds of any insurance claim after deducting all expenses (including reasonable attorney’s fees) incurred in the collection of such claim.

“Revenues” means (i) all payments to be made by the County to the Trustee pursuant to the Conditional Purchase Agreement, (ii) the proceeds of the Certificates and all amounts from time to time on deposit in the funds and accounts established by the Trust Agreement (except for the amounts on deposit in the Rebate Fund) and (iii) all other revenues derived from the Conditional Purchase Agreement or the exercise of the remedies thereunder, including (without limitation) moneys attributable to the sale, leasing or other disposition of the Equipment by or on behalf of the Trustee.

“Term” means the term beginning on the date of the Conditional Purchase Agreement and continuing until the Purchaser has paid the Purchase Price to the Seller and the Seller has delivered or caused to be delivered a release of all its rights, title and interest in the Equipment to the Purchaser, subject to earlier termination as set forth under “SUMMARY OF CERTAIN PROVISIONS OF THE CONDITIONAL PURCHASE AGREEMENT -- Term of Agreement” below.

SUMMARY OF CERTAIN PROVISIONS OF THE CONDITIONAL PURCHASE AGREEMENT

The following is a summary of certain provisions of the Conditional Purchase Agreement. This summary is not a complete recital of the terms of the Conditional Purchase Agreement, and reference is made to the Conditional Purchase Agreement for a complete statement of its terms.

Term of Agreement (Sections 4.01 and 4.02)

The Conditional Purchase Agreement shall be in effect from the date of issuance of the Certificates and shall remain in effect until the Purchaser has paid the Purchase Price to the Seller and the Seller has delivered or caused to be delivered a release of all rights, title and interest in the Equipment to the Purchaser. The Conditional Purchase Agreement is subject to earlier termination as set forth below, and if such termination occurs prior to the full payment of the Purchase Price of the Equipment, the Purchaser shall have no right to receive any refund of any Purchase Installments made by the Purchaser.

The Conditional Purchase Agreement will terminate upon the earliest of any of the following events: (a) the nonappropriation of funds; (b) the obtaining by the Purchaser of full ownership rights to the Equipment by payment or prepayment of the Purchase Price or all Purchase Installments in accordance with the provisions of the Conditional Purchase Agreement; (c) a default by the Purchaser and the Seller’s election to terminate the Conditional Purchase Agreement; or (d) the payment by the Purchaser of all Purchase Installments required to be

paid by the Purchaser under the Conditional Purchase Agreement and any other sums required to be paid thereunder and the delivery of a release of lien on the Equipment from Seller to Purchaser.

Nonappropriation (Section 6.06)

In the event sufficient funds shall not be appropriated for the payment of the Purchase Installments required to be paid under the Conditional Purchase Agreement, the Purchaser may terminate the Conditional Purchase Agreement at the end of the last fiscal year or earlier date for which an appropriation is available and the Purchaser shall not be obligated to make payment of the Purchase Installments provided for in the Conditional Purchase Agreement beyond the last date for which an appropriation is available. The Purchaser shall deliver written notice to the Seller of such termination no later than seven (7) days after the Purchaser has knowledge that an appropriation will not be available. The failure to give such notice shall not extend the Term beyond such fiscal year. Upon termination of the Conditional Purchase Agreement for nonappropriation, the obligations of the Purchaser requiring the expenditure of money will cease so long as all payments previously appropriated have been made, and all title and interest of the Purchaser in the Equipment will terminate and be conveyed to the Seller, who may thereupon take possession of the Equipment and may take such other actions as are permitted to be taken upon an Event of Default, as provided in the Conditional Purchase Agreement.

Purchase Installments to be Unconditional (Section 6.03)

The obligation of the Purchaser to make payment of the Purchase Installments and to perform and observe the other covenants and agreements contained in the Conditional Purchase Agreement shall be absolute and unconditional in all events except as expressly provided under the Conditional Purchase Agreement. Notwithstanding any dispute between the Purchaser and the Seller, or any other person, or any defects, breakdowns or malfunctions in any portion of the Equipment, the Purchaser shall make all payments of Purchase Installments when due and shall not withhold any part of any Purchase Installments pending final resolution of such dispute or repair of the Equipment nor shall the Purchaser assert any right of set-off, cross-claim, recoupment, or counterclaim against its obligation to make such payments required under the Conditional Purchase Agreement. The Purchaser's obligation to make Purchase Installments during the Term shall not be abated through accident or unforeseen circumstances.

Continuation of Term by Purchaser (Section 6.04)

The Purchaser agrees, subject to the nonappropriation provisions of the Conditional Purchase Agreement, to pay the Purchase Installments due under the Conditional Purchase Agreement. The Purchaser reasonably believes that funds of an amount sufficient to make all Purchase Installments during the Term will be available. The County Executive of the Purchaser agrees to the County Executive's best efforts annually to request the appropriation of funds from which the Purchase Installments and payments for all necessary insurance and maintenance on the Equipment may be made.

Nonsubstitution (Section 6.05)

The Purchaser agrees, to the extent permitted by law and subject to applicable public policy, (i) not to terminate the Conditional Purchase Agreement for nonappropriation of funds in any fiscal year for which sufficient funds are appropriated for the payment of Purchase Installments due in that fiscal year and the acquisition, retention and/or operation of the Equipment or equivalent funds have been appropriated for the acquisition (by either purchase or lease or otherwise), retention and/or operation of a functionally similar Equipment for the use of the Purchaser, and (ii) the County Executive will use the County Executive's best efforts to obtain the authorization and appropriation of such funds, including, without limitation, the inclusion of such funds in the budget of the County to be submitted to the County Council and a request for adequate funds to meet its obligations under the Conditional Purchase Agreement in full in its next fiscal year budget. The Purchaser agrees to apply funds that are appropriated for the Equipment to the payment of its obligations under the Conditional Purchase Agreement. This provision shall not be construed so as to permit the County Executive to, and the County Executive shall not, by failing to comply with the provisions of Section 6.04 of the Conditional Purchase Agreement described above, terminate the Conditional Purchase Agreement in order to acquire (through construction, purchase, lease or otherwise) a similar,

functionally similar or competitive Equipment from any other party or to allocate funds to perform indirectly essentially the same functions to the same extent for which the Equipment is intended.

Essential Use (Section 6.07)

The Purchaser represents that the Equipment will be essential for the operations of the Purchaser and in order to meet the needs of the residents of the County, and that the Purchaser is in immediate need of the Equipment in order to meet such needs.

Ownership of the Equipment (Section 7.01)

Ownership of the Equipment, and any and all additions, accretions, repairs, replacements or modification, has vested in the Purchaser subject to the terms of the Conditional Purchase Agreement. In an event of default or nonappropriation, the Purchaser shall surrender possession of the Equipment to the Seller in accordance with the Conditional Purchase Agreement.

The vesting of title in the Purchaser shall not limit, waive or prejudice any right or remedy available to Seller pursuant to the Conditional Purchase Agreement.

Security Interest; Financing Statements (Section 7.02)

To secure the payment of all of Purchaser's obligations under the Conditional Purchase Agreement, Purchaser has granted the Seller a first-priority lien in and to the Equipment and on any proceeds therefrom. Purchaser grants to Seller and agrees to provide further assurances with respect to a right of entry, access, ingress and egress to the Equipment to permit Seller to exercise its rights and obligations under the Conditional Purchase Agreement. Nothing in the Conditional Purchase Agreement shall permit Seller to sell the Equipment in violation of the Conditional Purchase Agreement. Purchaser agrees to execute any documents, including title endorsements financing statements, affidavits, notices and similar instruments, in form satisfactory to Seller, which Seller deems necessary or appropriate to give notice of Seller's interest in the Equipment and, upon assignment, the interest of any assignee of Seller in the Equipment.

Operation and Maintenance of Equipment by Purchaser (Section 8.01)

The Purchaser agrees that during the Term, the Purchaser, at the Purchaser's own cost and expense, will maintain, preserve and keep the Equipment and every part and parcel thereof, in good repair, working order and condition and that the Purchaser, from time to time, will make or cause to be made all necessary and proper repairs, replacements and renewals necessary for the same.

Taxes, Other Governmental Charges and Utility Charges (Section 8.03)

The Purchaser will pay during the Term, subject to reasonable rights to defer and contest the applicability of such charges, all taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Equipment and any substitute or replacement equipment together with any interest or penalty thereon, as well as all utility and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Equipment.

Insurance (Section 8.04)

The Purchaser shall during the Term, cause property insurance or self-insurance (by means of an adequate self-insurance fund set aside and maintained for that purpose) to be carried and maintained with respect to the Equipment in the amounts customarily maintained by Purchaser for real and personal property of the nature of those comprising the Equipment (plus an amount equal to the full insurable value of any improvements, additions or alterations made by Purchaser) including protection of the interests of the Seller and the Trustee, and sufficient to protect the Seller and the Trustee. Notwithstanding anything herein to the contrary, Purchaser shall at all times maintain property damage insurance or self-insurance in an amount equal to the greater of (i) the full replacement

value of the Equipment and (ii) the principal amount of the Certificates at the time outstanding and interest thereon for the next succeeding 6-month period.

Any insurance coverage issued pursuant to the Conditional Purchase Agreement shall be so written or endorsed as to make losses, if any, payable to the Purchaser, the Seller and the Trustee as their respective interests may appear under the Conditional Purchase Agreement. The Net Proceeds of the insurance required by the Conditional Purchase Agreement, shall be paid to the Trustee and applied as described in the Conditional Purchase Agreement. Each insurance policy shall contain a provision to the effect that the insurance company shall not cancel the policy or modify it materially or adversely to the interest of the Seller and the Trustee without first giving written notice thereof to the Seller and the Trustee at least 20 days in advance of such cancellation.

If the Purchaser provides the insurance required by the Conditional Purchase Agreement through self-insurance, the Purchaser shall deliver to the Seller and the Trustee a letter certifying that such insurance is being provided by the Purchaser and setting forth the coverage provided by such self-insurance, the mechanisms for making claims under such self-insurance and such other information as the Seller may reasonably require.

Damage, Destruction and Condemnation (Section 9.01)

If prior to the termination of the Term (a) the Equipment or any portion thereof is destroyed (in whole or in part) or is damaged by fire or other casualty or (b) title to, or the temporary use of, the Equipment or any part thereof or the estate of the Purchaser or the Seller in the Equipment or any part thereof shall be taken under the exercise of the power of eminent domain by any governmental body or by any person, firm or corporation acting under governmental authority, the Purchaser and the Seller will cause the Net Proceeds of any insurance claim or condemnation, to be deposited in the Insurance and Condemnation Fund under the Trust Agreement. The Net Proceeds of any insurance, including the proceeds of any self-insurance fund, but not including the proceeds of any public liability insurance, and of any condemnation award, received on account of any damage, destruction or taking of the Equipment shall be made available to the Purchaser upon its request to replace, repair, rebuild, restore or modify the Equipment pursuant to the requisition procedures set forth in the Trust Agreement. Pending such application, such proceeds may be invested by the Trustee in Qualified Investments (as defined below under "SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT -- Investments") that mature not later than such times as shall be necessary to provide monies when needed to pay such costs of repair or replacement.

Notwithstanding the foregoing, the Purchaser shall notify the Trustee, within 60 days of the receipt by the Purchaser of written notice from the Trustee that the Trustee has received insurance or condemnation proceeds, whether the Purchaser intends to replace or repair the property in respect of which such proceeds were received, in which event the Purchaser shall deposit with the Trustee the full amount of any insurance deductible. The Net Proceeds of any insurance, including the proceeds of any self-insurance fund or of any condemnation award but not including the proceeds of any public liability insurance, not applied to repairing or replacing damaged, destroyed or taken property, or in respect of which notice in writing by the Purchaser of its intention to apply the same to the work of repairing or replacing the property damaged, destroyed or taken shall not have been given to the Trustee within six months of receipt of such proceeds by the Trustee, or which the Purchaser shall at any time during such period have notified the Trustee are not to be so applied, shall forthwith be applied to the redemption of Certificates in the manner specified in the Trust Agreement.

Insufficiency of Net Proceeds (Section 9.02)

If the Net Proceeds are insufficient to pay in full the cost of any replacement, repair, rebuilding, restoration or modification referred to above under "Damage, Destruction and Condemnation," the Purchaser shall either (a) complete the work and pay any cost in excess of the amount of the Net Proceeds (the Purchaser agrees that, if by reason of such insufficiency of the Net Proceeds, the Purchaser shall make any payments pursuant to these provisions, the Purchaser shall not be entitled to any reimbursement therefore from the Seller nor shall the Purchaser be entitled to any diminution of the amounts payable under the Conditional Purchase Agreement), or (b) if the Purchaser is not in default under the Conditional Purchase Agreement and the Trustee has received all compensation due and owing pursuant to the Conditional Purchase Agreement, pay to the Seller the amount of the then applicable Purchase Price plus a pro rata allocation of interest, at the rate or rates utilized to establish the then-unpaid Purchase

Installments, from the prior due date of a Purchase Installment until the date of the payment, and, upon such payment, the Term shall terminate and title to the Equipment shall be conveyed by Seller to Purchaser as provided in the Conditional Purchase Agreement. The amount of the Net Proceeds in excess of the then applicable Purchase Price, if any, may be retained by the Purchaser.

Assignment and Subleasing by Purchaser (Section 12.02)

The Conditional Purchase Agreement and the interest of the Purchaser in the Equipment may not be sold, leased, pledged, assigned or otherwise encumbered by the Purchaser for any reason without the prior written approval of the Seller, which approval shall be granted if the Seller reasonably determines that the Seller's security in the Equipment will not be adversely affected.

Consummation of Purchase (Section 11.01)

At the request of the Purchaser, the Seller's remaining interest in the Equipment will be transferred, conveyed and assigned to the Purchaser and Seller's interest in the Equipment shall terminate: (a) at the end of the Term, upon payment in full of all Purchase Installments due under the Conditional Purchase Agreement and all other sums required to be paid thereunder; or (b) prior to the end of the Term, upon payment by the Purchaser of the then applicable Purchase Price in conjunction with the Purchase Installment then due and owing, including any applicable premium; or (c) upon payment of the applicable Purchase Price and interest to the Seller as described above under "Insufficiency of Net Proceeds."

Certificates to be Tax Exempt (Section 14.12)

The Purchaser has covenanted that, unless and until the Purchaser has been advised by nationally recognized bond counsel that failure to comply will not cause interest on the Certificates to become subject to federal income taxation, the Purchaser shall comply with the provisions of the Internal Revenue Code of 1986, as amended, applicable to the Certificates, including, without limitation, any provision regulating or restricting the times within which, or the purposes for which, proceeds of the Certificates may be expended, any provisions restricting the yields that may be earned on the investment of proceeds of the Certificates or other funds relating to the Certificates, any provisions requiring the rebate to the United States of earnings received from the investment of proceeds of the Certificates or other funds relating to the Certificates, and any provisions requiring the filing of information or reports regarding the Certificates with the Internal Revenue Service.

The Purchaser has further covenanted that it shall make such use of the Equipment and of the proceeds of the Certificates, regulate the investment of the proceeds thereof, and take such other and further actions as may be required under the Internal Revenue Code of 1986, as amended, to maintain the exclusion from gross income for federal income tax purposes of interest on the Certificates (unless and until the Purchaser has been advised by nationally recognized bond counsel that failure to comply will not cause the interest on the Certificates to become subject to federal income taxation).

The Purchaser shall be permitted to enter into an agreement with the Trustee or other persons under which such persons assume responsibility for such actions as are necessary to comply with such covenants.

Events of Default and Remedies (Article XIII)

The following constitute "events of default" under the Conditional Purchase Agreement, subject to the provisions of the Conditional Purchase Agreement regarding non-appropriation: (a) failure by the Purchaser (i) to pay any Purchase Installment at the time specified in the Conditional Purchase Agreement, (ii) or to pay any payment other than Purchase Installments required to be paid under the Conditional Purchase Agreement at the time specified therein and the expiration of a grace period of 15 days and subject to the Purchaser's rights to defer and contest certain charges, or (iii) to observe and perform its obligations regarding maintenance of the Equipment insurance coverage and the use of insurance or condemnation proceeds and regarding insurance or self-insurance for casualty and property damage; or (b) failure by the Purchaser to observe and perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in the preceding clause (a), for a period

of 30 days after written notice to the Purchaser by the Seller, specifying such failure and requesting that it be remedied, unless the Seller shall agree in writing to an extension of such time prior to its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, the Seller will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by the Purchaser within the applicable period and diligently pursued until the default is corrected; or (c) any representation or warranty contained in the Conditional Purchase Agreement or any document, certificate or information furnished by the Purchaser in connection therewith shall prove to be untrue or incorrect in any material respect when made; or (d) the Purchaser files any proceeding under the Federal Bankruptcy Code or makes a general assignment for the benefit of creditors or institutes or consents to the filing of any proceeding for any receivership under any other bankruptcy or insolvency laws.

Whenever any event of default shall have happened and be continuing, the Seller shall have all the rights and remedies of a secured party under the Uniform Commercial Code in effect in Maryland. Without limiting the generality of the foregoing, Seller shall have the right, at its sole option, without any further demand or notice, to terminate the Conditional Purchase Agreement and take any one or any combination of the following remedial steps:

(a) Terminate the Conditional Purchase Agreement and retake possession of the Equipment, without any court order or other process of law and without liability for entering the premises, and lease, sublease or make other disposition of the Equipment for use over a term in a commercially reasonable manner, holding the Purchaser liable for the deficiency, if any, between (i) the amount actually appropriated for the purchase of the Equipment and unpaid by the Purchaser during the current fiscal year and which is therefore payable by the Purchaser under the Conditional Purchase Agreement to the end of the current fiscal year of Purchaser and (ii) the rent or other amounts paid by a lessee or sublessee of the Equipment pursuant to such lease or sublease, after deducting all costs and expenses, including reasonable attorneys' fees and expenses, incurred with respect to the recovery and repair of the Equipment.

(b) Terminate the Conditional Purchase Agreement and retake possession of the Equipment, without any court order or other process of law and without liability for entering the premises, and sell the Equipment in a commercially reasonable manner. The Purchaser shall be liable for the deficiency, if any, between (i) the amount actually appropriated for the purchase of the Equipment and unpaid by the Purchaser during the current fiscal year and which is therefore payable by the Purchaser under the Purchase Contract to the end of the current fiscal year of the Purchaser, and (ii) the sale proceeds or purchase moneys or other amounts paid to the Seller by a buyer of the Equipment pursuant to such sale of the Equipment in a commercially reasonable manner, after deducting all costs and expenses, including reasonable attorneys' fees and expenses, incurred with respect to the recovery, repair and storage of any portion of the Equipment. In the event there is no deficiency, the Seller shall apply the sale proceeds or purchase moneys or other amounts paid by a buyer for the Equipment in the following manner:

FIRST, to pay all proper and reasonable costs and expenses associated with the recovery, repair, and sale of any portion of the Equipment;

SECOND, to pay the Seller (i) the amount of all unpaid Purchase Installments, if any, which are then due and owing, together with interest at a rate utilized to establish the interest component for any such Purchase Installment from its due date, and (ii) the then applicable Purchase Price as set forth in the Conditional Purchase Agreement (taking into account the payment of past due Purchase Installments as aforesaid), plus a pro rata allocation of interest, at the rate utilized to establish the interest component for the Purchase Installment next due, from the next preceding due date of a Purchase Installment until the date of payment by the buyer;

THIRD, to pay any compensation due and owing the Trustee; and

FOURTH, to pay the remainder of the sale proceeds, purchase moneys or other amounts paid by a buyer of the Equipment, to the Purchaser.

Whenever an event of default referred to clause (a)(iii), (b), (c) or (d) of the first paragraph of this subsection shall have happened and be continuing, the Seller shall have the right, at its sole option, without further

demand or notice, to institute appropriate legal proceedings to require the Purchaser to cure any event of default referred to in such clause by observing, complying with or performing its obligations thereunder.

No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitled the Seller to exercise any remedy reserved to it under the Conditional Purchase Agreement, it shall not be required to give any notice, other than such notice as may be required in the Conditional Purchase Agreement.

SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT

The following is a summary of certain provisions of the Trust Agreement. This summary is not a complete recital of the terms of the Trust Agreement, and reference is made to the Trust Agreement for a complete statement of its terms.

Security (Granting Clause)

In order to secure the payments due or to become due under or pursuant to the Certificates, the County and the Seller have unconditionally and absolutely assigned to the Trustee for the benefit of the Certificate Holders all of their respective rights under the Conditional Purchase Agreement and all of their respective right, title and interest in and to the following: the right to receive Revenues; the proceeds of the Certificates and all amounts on deposit from time to time in the funds and accounts established by the Trust Agreement (except for amounts on deposit in the Rebate Fund); and all moneys and securities from time to time held by the Trustee under the terms of the Trust Agreement and any additional property that may from time to time, by delivery or by writing of any kind, be subjected to the lien thereof by the Seller or by anyone on its behalf, subject only to the provisions of the Trust Agreement and the Conditional Purchase Agreement.

Creation of Funds and Accounts (Article IV)

The following funds and accounts are created by the Trust Agreement: Equipment Fund; Certificate Fund (Principal Account and Interest Account); Insurance Fund and Rebate Fund. Except for the Rebate Fund, all funds and accounts are to be held in trust for the benefit of the Certificate Holders; the Rebate Fund is to be held by the Trustee for provision of any rebate to be made to the United States pursuant to the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder.

Application of Equipment Fund (Section 4.02)

Moneys on deposit in the Equipment Fund shall be paid by the Trustee for the costs of issuance of the Certificates upon receipt from the County of a duly executed requisition.

Moneys on deposit in the Equipment Fund shall be paid by the Trustee to pay the cost of acquisition of the Equipment upon receipt from the County of a duly executed requisition.

Upon the earlier of (i) three years from the date of initial authentication and delivery of the Certificates and (ii) the payment of all of the Acquisition Costs and the filing with the Trustee of the Acceptance Certificate by the County, the Trustee, at the written direction of the County, shall transfer any moneys remaining in the Equipment Fund to the Principal Account of the Certificate Fund.

Application of Certificate Fund (Section 4.03)

The Trustee shall deposit Revenues immediately upon their receipt by the Trustee, including (without limitation) amounts received by the Trustee pursuant to the Conditional Purchase Agreement, as follows:

FIRST: to the Interest Account the amount, if any, necessary to make the amount on deposit in the Interest Account equal to the interest to accrue on the Certificates until the earlier of (i) the immediately succeeding Interest Payment Date and (ii) any redemption date;

SECOND: to the Principal Account, the amount, if any, necessary to make the amount on deposit therein equal to the principal amount or redemption price of the Certificates due on the earlier of (i) the immediately succeeding Interest Payment Date and (ii) any redemption date; and

THIRD: to the Trustee, the accrued and unpaid fees and expenses of the Trustee in accordance with the Trust Agreement.

After making the payments required by items FIRST through THIRD above, the Trustee shall deposit any balance of Revenues held by the Trustee in the Interest Account.

Notwithstanding the foregoing, upon receipt of any late payment of a Purchase Installment, the Trustee shall deposit such Purchase Installment as follows:

FIRST: to the Interest Account, an amount equal to the amount of interest, if any, theretofore due to Certificate Holders and unpaid;

SECOND: to the Principal Account, an amount equal to the amount of principal, if any, theretofore due to the Certificate Holders and unpaid;

THIRD: to the Interest Account, the amount, if any, necessary to make the amount on deposit in the Interest Account equal to the interest to accrue on the Certificates until the earlier of (i) the immediately succeeding Interest Payment Date and (ii) any redemption date fixed in accordance with the Trust Agreement;

FOURTH: to the Principal Account, the amount, if any, necessary to make the amount on deposit therein equal to the principal amount or redemption price of the Certificates due on the earlier of (i) the immediately succeeding Interest Payment Date and (ii) any redemption date of which the Trustee shall then have knowledge; and

FIFTH: to the Trustee, the accrued and unpaid fees and expenses of the Trustee in accordance with the Trust Agreement.

After making the payments required by items FIRST through FIFTH above, the Trustee shall deposit any balance of such Purchase Installment in the Interest Account.

On each Interest Payment Date and redemption date the Trustee shall pay or cause to be paid out of the Interest Account the interest due on the Certificates on such date. On each Interest Payment Date and redemption date the Trustee shall pay or cause to be paid out of the Principal Account the principal or redemption price due on the Certificates on such date.

If on any Interest Payment Date or redemption date fixed in accordance with the Trust Agreement the amount of all payments due and payable on such date with respect to all of the Certificates exceeds the amount on deposit in the Certificate Fund, the Trustee shall apply the moneys on deposit in the Certificate Fund first to the payment of all interest, including interest past due, if any, with respect to all Certificates, and second to the payment of that portion of the unpaid principal balance of each Certificate that is then due or past due on a pro rata basis.

Application of Insurance Fund (Section 4.04)

Anything in the Trust Agreement to the contrary notwithstanding, Net Proceeds of any insurance claim or condemnation received in accordance with the Conditional Purchase Agreement shall be deposited immediately upon their receipt by the Trustee in the Insurance Fund.

Moneys in the Insurance Fund shall be applied by the Trustee in accordance with the Conditional Purchase Agreement for the following purposes:

(a) disbursement to or at the direction of the County in accordance with duly executed requisitions to pay the costs of repair or replacement of lost, damaged, destroyed or taken property upon receipt from the County of a duly executed requisition;

(b) if the County shall not elect, in the manner provided by the Conditional Purchase Agreement, to repair or replace any lost, damaged, destroyed or taken property for which such moneys were received within six (6) months of such loss, damage, destruction or taking, the Trustee shall transfer such moneys to the Principal Account of the Certificate Fund to be applied to the mandatory redemption of Certificates on the earliest practicable redemption date; provided, however, that in the event of the issuance of any Additional Certificates, such moneys shall be allocated by the Trustee between the payment of Certificates and Additional Certificates, proportionately on the basis of the respective aggregate principal amount of Certificates and Additional Certificates then Outstanding; or

(c) if the County shall elect to prepay the Purchase Price because the insurance proceeds were insufficient to repair or replace the lost, damaged, destroyed or taken property as provided by the Conditional Purchase Agreement, the Trustee shall transfer such moneys, first, to the Principal Account of the Certificate Fund to be applied to the mandatory redemption of Certificates on the earliest practicable redemption date; provided, however, that in the event of the issuance of any Additional Certificates, such moneys shall be allocated by the Trustee between the payment of Certificates and Additional Certificates, proportionately on the basis of the respective aggregate principal amount of Certificates and Additional Certificates then Outstanding; and, then, to the County.

Application of Rebate Fund (Section 4.06)

Upon receipt of a written direction delivered to the Trustee by the County directing the transfer of amounts on deposit in any fund or account created by the Trust Agreement to the Rebate Fund in order to provide for the rebate of such amounts to the United States of America pursuant to the Internal Revenue Code of 1986, as amended, the Trustee shall make the transfer referred to therein, any other provision of the Trust Agreement to the contrary notwithstanding. The Trustee assumes no responsibility for determining the amount of such rebate and will only transfer to the Rebate Fund or remit to the United States of America such amounts as the County so directs.

Amounts on deposit in the Rebate Fund from time to time required to be rebated to the United States of America pursuant to the Internal Revenue Code of 1986, as amended, shall be applied by the Trustee to the payment of such rebates and shall not be pledged to the payment of the principal or redemption price of or interest on the Certificates.

Investments (Section 4.05)

Moneys held by the Trustee under the Trust Agreement shall be invested upon written order of a County Representative by the Trustee in Qualified Investments; provided, however, that amounts on deposit in the Certificate Fund shall be invested only in Qualified Investments maturing or redeemable at the option of the holder not later than one year from the date of purchase. Such investments shall be registered in the name of the Trustee or any authorized nominee of the Trustee and held by the Trustee. The Trustee may purchase or sell to itself or any affiliate, as principal or agent, investments authorized by the Trust Agreement. Such investments and reinvestments shall be made giving full consideration for the time at which funds are required to be available. The Trustee may act as purchaser or agent in the making or disposing of any investment.

“Qualified Investments” means (a) direct obligations of the United States of America and securities the timely payment of the principal of and interest on which are unconditionally guaranteed by the United States of America (“Government Obligations”); (b) receipts, certificates or other similar documents evidencing ownership of future principal or interest payments due on Government Obligations which are held in a custody or trust account in safe-keeping on behalf of the holders of said receipts or certificates by a bank which is a member of the Federal

Deposit Insurance Corporation ("FDIC") and which has combined capital, surplus and undivided profits of not less than \$25 million; (c) obligations of the Export-Import Bank of the United States, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the Federal National Mortgage Association, the Government National Mortgage Corporation, the Federal Financing Bank, the Small Business Administration, the Washington Metropolitan Area Transit Authority or the General Services Administration; (d) direct obligations of any state of the United States, or any subdivision or agency thereof, to the payment of which the full faith and credit of the state is pledged, rated Aa or better by Moody's Investors Service, Inc. ("Moody's") and AA or better by Standard & Poor's Corporation ("S&P"), or any obligation unconditionally guaranteed by any of the foregoing; (e) interest-bearing time deposits, bankers acceptances, certificates of deposit or similar arrangements satisfactory to the Trustee of any bank or trust company which has, or the parent, holding company or other controlling entity of which has, and whose obligations have, or the obligations of the parent, holding company or other controlling entity of which have, a rating in either of the two highest rating categories of either Moody's or S&P; (f) deposits of any commercial bank or savings and loan association which is a member of FDIC and has combined capital, surplus and undivided profits of not less than \$3 million, provided that (i) such deposits are fully insured by FDIC; or (ii) to the extent not so insured, are secured by Government Obligations and (A) the securities are held by (1) the Trustee, (2) a Federal Reserve Bank, or (3) a bank which is a member of FDIC and which has combined capital, surplus and undivided profits of not less than \$25 million; and (B) the securities have a fair market value at least equal to 116% of the amount of the deposit, with the additional requirement that the Trustee liquidate the securities if any deficiency in the required percentage is not restored within two (2) business days of a monthly valuation; (g) investments in a money-market or other fund rated AAAM or AAAM-G by S&P, the investments of which fund are exclusively in obligations or securities described in clause (a), (b) or (c) above; and (h) repurchase agreements collateralized by Government Obligations or securities described in clause (a) above with (i) a registered broker/dealer subject to the jurisdiction of the Securities Investors Protection Corporation, or (ii) any bank which is a member of FDIC and which has combined capital, surplus and undivided profits of not less than \$50 million, provided that (A) the securities are held by the Trustee or a third party which is (1) a Federal Reserve Bank, or (2) a bank which is a member of FDIC and which has capital, surplus and undivided profits of not less than \$25 million and the Trustee shall have received written confirmation from said third party that it holds said securities; (B) a perfected first security interest under the Uniform Commercial Code or the book entry procedures described in 31 C.F.R. 306.1 or 31 C.F.R. 350.0 *et seq.* in such securities is created for the benefit of the Trustee; (C) the percentage of the fair market value of the securities in relation to the amount of the repurchase obligation, including principal and interest, is equal to at least (1) 100%, if the financial institution has an uninsured, unsecured and unguaranteed obligation rated Prime-1 or A3 or better by Moody's and A-1 or A or better by S&P, or (2) 116%, if the financial institution does not carry the ratings specified in (1) above, with the additional requirement that the repurchase agreement will have a term to maturity of thirty (30) days or less, or that the Trustee will value the collateral securities no less frequently than monthly and will liquidate the collateral securities if any deficiency in the required collateral percentage is not restored within two business days of such valuation.

For the purpose of determining the amount on deposit in any fund or account created by the Trust Agreement, all Qualified Investments credited to such fund or account shall be valued at the greater of market value and amortized cost (exclusive of accrued interest after the first interest payments following purchase). The Trustee may sell at the best price obtainable, or present for redemption, any Qualified Investment so purchased by the Trustee, whenever it shall be necessary in order to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the fund or account to which such Qualified Investment is credited, and the Trustee shall not be liable or responsible for any loss resulting from such investment.

Interest earned, profits realized or losses suffered by reason of the investment of any fund or account created by the Trust Agreement shall be deposited in the fund or account for which such investment shall have been made.

Additional Certificates (Section 7.10)

So long as the Conditional Purchase Agreement is in effect and no Event of Default shall have occurred and be continuing thereunder or under the Trust Agreement, one or more series of Additional Certificates on a parity with the Certificates may be issued for the purpose of providing additional funds necessary for the completion of the acquisition and renovation of the Equipment. Each series of Additional Certificates shall be issued in such

principal amount, mature on such dates, bear interest at such rates and have such provisions for redemption and other terms and conditions not inconsistent with the Trust Agreement as shall be specified in a supplemental trust agreement authorizing such Additional Certificates. Additional Certificates shall not bear interest at a variable rate.

Prior to the issuance of each series of Additional Certificates and the execution and delivery of a supplemental trust agreement in connection therewith, the County and the Seller, or its assignee, shall enter into an amendment to the Conditional Purchase Agreement, which shall provide, among other things, that, with the consent of the County, the Purchase Price and the Purchase Installments shall be increased and computed so as to amortize in full the principal of and interest on such Additional Certificates and any other costs in connection therewith. Certain additional conditions specified in the Trust Agreement must also be met prior to issuance of Additional Certificates.

APPENDIX C

FORM APPROVING OPINION OF SPECIAL COUNSEL

[THIS PAGE INTENTIONALLY LEFT BLANK]

FORM OF APPROVING OPINION OF SPECIAL COUNSEL

[Closing Date]

County Executive and County Council of
Montgomery County, Maryland

County Executive and Council Members:

In connection with the issuance of the \$23,000,000 Certificates of Participation (Public Transportation Equipment Acquisition) Series 2010 (the “Certificates”) we have examined:

(i) Resolution No. 16-1277 passed by the County Council of Montgomery County, Maryland (the “County Council”) on March 9, 2010;

(ii) the Conditional Purchase Agreement by and between Montgomery County, Maryland (the “County”) and U.S. Bank National Association, acting as seller (the “Seller”), dated as of April 1, 2010 (the “Purchase Agreement”);

(iii) the Certificate of Participation Trust Agreement by and among the County, the Seller and U.S. Bank National Association, as Trustee (the “Trustee”), dated as of April 1, 2010 (the “Trust Agreement”);

(iv) the form of the Certificates;

(v) relevant provisions of the Internal Revenue Code of 1986, as amended (the “Code”); and

(vi) other proofs submitted to us relative to the issuance of the Certificates.

The Purchase Agreement provides for the payment by the County of purchase installments (the “Purchase Installments”). Each Purchase Installment has a principal portion and an interest portion, in the amounts and on the dates set forth in the Purchase Agreement.

The Certificates are in registered form in denominations of \$5,000 or any integral multiple thereof. The Certificates bear interest, mature and are subject to redemption prior to maturity in the manner and upon the terms and conditions set forth therein and in the Trust Agreement.

In rendering this opinion, we have relied without investigation on the County’s Tax and Section 148 Certificate dated this date.

We have made no investigation of, and are rendering no opinion regarding the title to real or personal property or the priority or perfection of any lien or security interest in real or personal property.

Based upon the foregoing, it is our opinion that:

(a) The County is a validly created and existing public body corporate and politic and a political subdivision of the State of Maryland.

(b) The Certificates have been duly authorized and issued pursuant to, and are permitted by the terms of, the Trust Agreement, constitute valid and binding obligations evidencing direct and proportionate interests of the owners thereof in principal and interest components of Purchase Installments, and are equally and ratably secured under the Trust Agreement. Additional Certificates secured equally and ratably with the Certificates may be issued from time to time under the conditions, limitations and restrictions set forth in the Trust Agreement.

(c) The County's obligation to make Purchase Installments is subject to and dependent upon the County Council making annual appropriations for such purpose. Such obligation does not constitute a debt of the County within the meaning of any constitutional or statutory limitation nor a liability of or a lien or charge upon funds or property of the County beyond any fiscal year for which the County Council has appropriated moneys to make such payments.

(d) The Purchase Agreement and the Trust Agreement have been duly authorized, executed and delivered by the County and, assuming the due authorization, execution and delivery thereof by the other parties thereto, constitute the valid and binding obligation of the County enforceable against the County in accordance with their terms.

(e) The Purchase Agreement, the Trust Agreement and the Certificates are subject to bankruptcy, insolvency, moratorium, reorganization and other state and federal laws affecting the enforcement of creditors' rights and to general principles of equity.

(f) Under existing law, the interest portion of Purchase Installments on the Certificates is exempt from income taxation by the State of Maryland; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed on the interest on the Certificates.

(g) Assuming compliance with certain covenants described herein, the interest portion of the Purchase Installments is excludable from gross income for federal income tax purposes under existing statutes, regulations and decisions. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Certificates in order for interest on the Certificates to remain excludable from gross income for federal income tax purpose, including restrictions that must be complied with throughout the term of the Certificates. These include the following: (i) a requirement that certain earnings received from the investment of the proceeds of the Certificates be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made); (ii) other requirements applicable to the investment of the proceeds of the Certificates; and (iii) other requirements applicable to the use of the proceeds of the Certificates and the facilities financed or refinanced with proceeds of the Certificates. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Certificates in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the Certificates and to take such other actions as may be required to maintain the excludability from gross income for federal income tax purposes of the interest on the Certificates. It is our opinion that, assuming compliance with such covenants, the interest on the Certificates will remain excludable from gross income for federal income tax purposes under the provisions of the Code.

(h) The interest portion of the Purchase Installments is not included in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment and is not taken into account in calculating the corporate alternative minimum tax, however, a corporation subject to such "adjusted current earnings" for the purposes of computing alternative minimum tax on corporations. In addition, the interest portion of the Purchase Installments on the Certificates will be subject to the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States.

No opinion is expressed as to the treatment for federal or State of Maryland income tax purposes of any payment made to the Seller or its assigns from sources other than the Purchase Installments paid by the County that may result upon the failure of the County to make an appropriation to provide for the payment of the Purchase Installments.

We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof. The opinions expressed herein are limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated.

Very truly yours,

[THIS PAGE INTENTIONALLY LEFT BLANK]

APPENDIX D

**FORM OF CONTINUING
DISCLOSURE AGREEMENT**

[THIS PAGE INTENTIONALLY LEFT BLANK]

CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement dated as of April ___, 2010 (this "Disclosure Agreement") is executed and delivered by MONTGOMERY COUNTY, MARYLAND (the "County") in connection with the issuance of its Certificates of Participation (Public Transportation Equipment Acquisition), Series 2010 (the "Certificates"). The County, intending to be legally bound hereby and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby covenant and agree as follows:

SECTION 1. *Purpose of the Disclosure Agreement.* This Disclosure Agreement is being executed and delivered by the County for the benefit of the owners of the Certificates, including beneficial owners, and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b)(5). The County's obligations hereunder shall be limited to those required by written undertaking pursuant to the Rule.

SECTION 2. *Definitions.* In addition to the definitions set forth above, which apply to any capitalized term used in this Disclosure Agreement, the following capitalized terms shall have the following meanings:

"EMMA" shall mean Electronic Municipal Market Access System maintained by the MSRB. For more information on EMMA, see www.emma.msrb.org.

"MSRB" shall mean the Municipal Securities Rulemaking Board, established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, as amended.

"Participating Underwriter" shall mean any of the original underwriters of the Certificates required to comply with the Rule in connection with offering of the Certificates.

"Reportable Event" shall mean any of the events listed in Section 4(a) of this Disclosure Agreement.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended or replaced from time to time.

"State" shall mean the State of Maryland.

SECTION 3. *Provision of Annual Financial Information, Operating Data and Audited Information.*

(a) The County shall provide to the MSRB, the following annual financial information and operating data, such information and data to be updated as of the end of the preceding fiscal year and made available within 275 days after the end of the fiscal year, commencing with the fiscal year ended June 30, 2010:

- (i) Statement of Direct and Overlapping Debt;
- (ii) General Bonded Debt Ratios;
- (iii) Assessed Value of All Taxable Property By Class;
- (iv) Property Tax Levies and Collections;
- (v) Property Tax Rates and Tax Levies, By Purpose; and
- (vi) Schedule of General Fund Revenues, Expenditures and Transfers In (Out).

(b) The County shall provide to the MSRB annual audited financial statements for the County, such information to be made available within 275 days after the end of the County's fiscal year, commencing with the fiscal year ended June 30, 2010, unless the audited financial statements are not available on or before such date, in which event said financial statements will be provided promptly when and if available. In the event that audited financial

statements are not available within 275 days after the end of the County's fiscal year (commencing with the fiscal year ended June 30, 2010), the County will provide unaudited financial statements within such time period.

(c) The presentation of the financial information referred to in paragraph (a) and in paragraph (b) of this Section shall be made in accordance with the same accounting principles as utilized in connection with the presentation of applicable comparable financial information included in the final official statement for the Certificates.

(d) If the County is unable to provide the annual financial information and operating data within the applicable time periods specified in (a) and (b) above, the County shall send in a timely manner a notice of such failure to the MSRB.

(e) The County hereby represents and warrants that it has not failed to comply with any prior disclosure undertaking made pursuant to the Rule.

SECTION 4. *Reporting of Significant Events.*

(a) This Section 4 shall govern the giving of notices of the occurrence of any of the following Reportable Events with respect to the Certificates, each of which shall constitute a Reportable Event for purposes hereof:

- (1) Principal and interest payment delinquencies;
- (2) Non-payment related defaults;
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) Substitution of credit or liquidity providers, or their failure to perform;
- (6) Adverse tax opinions or events affecting the tax-exempt status of the Certificates;
- (7) Modifications to rights of owners of the Certificates;
- (8) Certificate calls;
- (9) Defeasances;
- (10) Release, substitution, or sale of property securing repayment of the Certificates; or
- (11) Rating changes.

(b) Whenever the County obtains knowledge of the occurrence of a Reportable Event, the County shall as soon as possible determine if such event would constitute material information for owners of the Certificates, in accordance with the applicable "materiality" standard under then-current securities laws.

(c) If the County has determined that a Reportable Event is material, the County shall file in a timely manner a notice of such occurrence with the MSRB.

SECTION 5. *Filing with EMMA.* Unless otherwise required by the MSRB, all filings with the MSRB shall be made with EMMA and shall be accompanied by indentifying information as prescribed by the MSRB.

SECTION 6. *Termination of Reporting Obligations.* The County's obligations under this Disclosure Agreement shall terminate upon the payment in full of all of the Certificates either at their maturity or by early redemption. In addition, the County may terminate its obligations under this Disclosure Agreement if and when the County no longer remains an obligated person with respect to the Certificates within the meaning of the Rule.

SECTION 7. *Amendments.*

(a) The County may provide further or additional assurances that will become part of the County's obligations under this Disclosure Agreement. In addition, this Disclosure Agreement may be amended by the County in its discretion, provided that:

(1) the amendment is being made in connection with a change of circumstances that arises from a change in legal requirements, change in law, change in the identity, nature or status of the County as the obligated person with respect to the Certificates, or type of business conducted by the County;

(2) this Disclosure Agreement, as amended, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the issuance of the Certificates, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(3) the amendment does not materially impair the interests of owners of the Certificates, including beneficial owners, as determined by special counsel selected by the County or by an approving vote of at least 25% of the outstanding principal amount of the Certificates.

(b) The reasons for the County agreeing to provide any further or additional assurances or for any amendment and the impact of the change in the type of financial information or operating data being provided will be explained in narrative form in information provided with the annual financial information containing the additional or amended financial information or operating data.

SECTION 8. *Additional Information.* Nothing in this Disclosure Agreement shall be deemed to prevent the County from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including disclaimers or any other information in any disclosure made pursuant to Section 3(a) or 3(b) hereof or notice of occurrence of a Reportable Event, in addition to that which is required by this Disclosure Agreement. If the County chooses to include any information in any disclosure made pursuant to Section 3(a) or 3(b) hereof or notice of occurrence of a Reportable Event in addition to that which is specifically required by this Disclosure Agreement, the County shall have no obligation under this Disclosure Agreement to update such information or include it in any future disclosure made pursuant to Section 3(a) or 3(b) hereof or notice of occurrence of a Reportable Event.

SECTION 9. *Limitation on Remedies and Forum.*

(a) The County shall be given written notice at the address set forth below of any claimed failure by the County to perform its obligations under this Disclosure Agreement, and the County shall be given 15 days to remedy any such claimed failure. Any suit or other proceeding seeking further redress with regard to any such claimed failure by the County shall be limited to specific performance as the adequate and exclusive remedy available in connection with such action. Written notice to the County shall be given to Director of Finance, 15th Floor, Executive Office Building, 101 Monroe Street, Rockville, Maryland 20850, or at such alternate address as shall be specified by the County in disclosures made pursuant to Section 3(a) or 3(b) hereof or a notice of occurrence of a Reportable Event.

(b) Any suit or proceeding seeking redress with regard to any claimed failure by the County to perform its obligations under this Disclosure Agreement must be filed in the Circuit Court for Montgomery County, Maryland.

SECTION 10. *Beneficiaries.* This Disclosure Agreement shall inure solely to the benefit of the owners from time to time of the Certificates, including beneficial owners, and shall create no rights in any other person or entity.

SECTION 11. *Relationship to Certificates.* This Disclosure Agreement constitutes an undertaking by the County that is independent of the County's obligations with respect to the Certificates. Any breach or default by the County under this Disclosure Agreement shall not constitute or give rise to a breach or default under the Certificates.

SECTION 12. *Severability.* In case any section or provision of this Disclosure Agreement or any covenant, stipulation, obligation, agreement, or action, or any part thereof, made, assumed, entered into or taken under this Disclosure Agreement, or any application thereof, is for any reason held to be illegal or invalid or is at any time inoperable, such illegality, invalidity or inoperability shall not affect the remainder thereof or any other section or provision of this Disclosure Agreement, or any other covenant, stipulation, obligation, agreement, act or action, or part thereof, made, assumed, entered into or taken under this Disclosure Agreement, which shall at the time be construed and enforced as if such illegal or invalid or inoperable portion were not contained therein.

SECTION 13. *Entire Agreement.* This Disclosure Agreement contains the entire agreement of the County with respect to the subject matter hereof and supersedes all prior arrangements and understandings with respect thereto; provided, however, that this Disclosure Agreement shall be interpreted and construed with reference to and in pari materia with the Rule.

SECTION 14. *Captions.* The captions or headings herein shall be solely for convenience of reference and shall in no way define, limit or describe the scope or intent of any provisions or sections hereof.

SECTION 15. *Governing Law.* This Disclosure Agreement and any claim made with respect to the performance by the County of its obligations hereunder shall be governed by, subject to and construed in accordance with the federal securities laws, where applicable, and the laws of the State, without reference to the choice of law principles thereof.

IN WITNESS WHEREOF, the County has caused this Disclosure Agreement to be duly executed as of the day and year first above written.

MONTGOMERY COUNTY, MARYLAND
