Find out why BRT is:

RAPID: Features like limited stops, off-board fare collection, priority signaling, and level-boarding through all doors make for a faster ride.

RELIABLE: You'll never wait long for the next BRT and will see real-time travel information at the station.

RELAXING: Avoid the stress associated with driving: use Wi-Fi to be more productive, read a book, or simply use the time to rest.

Note: The open houses are self-paced and attendees can come and go as they please. The three meetings will be identical and attendance at only one is necessary. Sign language interpreters and other assistive services will be provided upon request.
