## Contact the Montgomery County **Business Solutions Group!**

The Business Solutions Group (BSG), in the Office of the County Executive, focuses on assisting companies doing business in, or with, Montgomery County Government. The group includes the Small Business Navigator and the Business Liaison Officer who help businesses understand County processes and the legislation that affects them. The BSG manages the award-winning Montgomery County Business Portal, a gateway to information on how Montgomery County interacts with the business community. Businesses will also find an up-to-date calendar of trainings and workshops offered by local resource partners and designed to help them start, grow and thrive in Montgomery County.
