RE: Interim Monitoring Inspection
October 29-30, 2014
Contract No: IGA-867-13

Dear Mr. LoBuglio:

The purpose of this letter is to inform you of the results from the Interim Monitoring conducted October 29-30, 2014, at your Residential Reentry Center (RRC) in Rockville, MD. The monitoring was conducted by Carolyn Dunson, Residential Reentry Contract Oversight Specialist; Phelicia Taplin, Residential Reentry Specialist and Timothy Barnett, Residential Reentry Manager from the Baltimore RRM Office.

During the monitoring Ms. Dunson reviewed accountability procedures, the resident employment program, case management programs, counseling notes, drug testing procedures, community relations, life safety, and facility sanitation. Social climate interviews were conducted with three federal residents and five staff. Food service surveys were completed by ten residents which indicate the food taste good and there is a variety of food served.

During this monitoring, there were no deficient findings noted. There was one exceptional area noted in the area of Programs. The current employment rate is sixty- seven (67%) percent of the resident population. During a tour of the facility, the review team observed neatly organized and informative resident bulletin boards in English and Spanish in preparation for Prison Rape Elimination Act (PREA) Certification.
