RFQ 1073775 QUESTIONS AND ANSWERS

Will there be a bid meeting hosted by the county to visit one of the facilities that will be serviced and to answer any questions from interested companies?

This is an informal solicitation. There will not be a bid meeting.

I notice that the page number skips from page 6 to page 13. Are there pages missing?

That is a numbering error. A corrected document has been posted.

Is there a deadline to ask questions?

No, but last minute questions will not be considered justification for an extension.

How many sample resumes are required for submission with the offer if the page limit is 5 pages?

No specific number but I’d recommend one or two that are representative. The page limit excludes the required attachments which these would be.

Can the contractor submit past performance from key personnel who have performed similar services?

I’m not sure under what context this would be provided? If this is about personnel recommended for potential placement, then yes. Otherwise please clarify.

If a contractor has 1 or 2 past performance references will they be considered or deemed non-responsive? The RFQ indicates that a minimum of three should be submitted

Yes. Three references is our standard. If you only have two, we’ll accept a recent performance evaluation of personnel that would be recommended for placement.

Under Section V- Proposal Submission:
Item f. -What is the page limit for the response to this question?
Item g. -What is the page limit for the response to this question?

There is no page limit for either question

Attachment E - does the contractor have to have a subcontractor and subcontractor plan if the contractor is a MFD company or can the contractor pursue this RFQ alone?

Subcontractors and subcontractor plans are not required. A contractor may pursue the RFQ alone. Page E-4 of this form must be signed and returned.
