# Overall Impact on Mental Health and Wellness

- Significant increase in food, housing, and/or income/employment insecurity
- Increase feelings of depression, stress, anxiety, grief, and loss as well as ongoing social isolation and loneliness
- Difficulties managing/coping day-to-day with new breaking news stories weekly, if not daily
- CDC data collected in 2020 showed 40% of US adults are struggling with mental health or substance use
- Suicide rate in the Black community increased by 30%
