- The Purple Line is a 16-mile light rail line that will extend from Bethesda to New Carrollton. It will provide a direct connection to the Metrorail Red, Green and Orange Lines at Bethesda, Silver Spring, College Park and New Carrollton.
- Twenty-one Purple Line stations are planned. The Purple Line will also connect to MARC, Amtrak and local bus services. The staff report will be available on September 26.

FY16 Montgomery County Union Employees Deferred Compensation Plan Audit Status

On September 28 at 2 p.m. the Audit Committee will receive a status report on the audit of the FY16 Montgomery County Union Employees Deferred Compensation Plan. Traditionally this audit is issued in June or July but it has been delayed because CliftonLarsonAllen (CLA) found a significant deficiency in which “the general ledger accounts were not analyzed and reconciled with subsidiary information on a monthly or even quarterly basis.” CLA has finished the audit and it is currently being reviewed by Walter Bader, Chair of the Montgomery County Union Employees Deferred Compensation Plan (MCUEDCP). After Mr. Bader’s response, CLA will issue the audit and OLO will forward the findings to the Audit Committee with an explanatory cover memo. The staff report will be available on September 26.

Inspector General

The Committee also will receive an update from Inspector General Edward L. Blansitt III. The Inspector General’s Work Plan and published reports are found on the Office of Inspector General’s (OIG’s) website, at:

<http://www.montgomerycountymd.gov/OIG/igproduct.html> .

The OIG issued eight reports and three preliminary inquiry memorandums in FY17 and is currently working on 20 cases, including outstanding referrals. In FY18 OIG will complete reviews of the County Disability Retirement Program, reviews related to the Department of Correction and Rehabilitation, and a review of cash handling procedures. In the next four years, the OIG will focus on two broad areas: effectiveness of governance structure and resulting internal control systems, and information technology security. The staff report will be available on September 26.

Office of Internal Audit

The Committee will close out its meeting with an update on the Office of Internal Audit (OIA). Fariba Kassiri, Assistant Chief Administrative Officer, and William Broglie, Manager, Office of Internal Audit, are expected to attend the Audit Committee meeting. Published reports for the OIA can be found at:

http://www.montgomerycountymd.gov/exec/internal_audit.html .

No reports have been released since OIA was last before the Audit Committee in June 2016. In FY18 OIA will continue to work on the two ongoing reviews from FY17 (DLC Store Operations and Fleet Maintenance Inventory Management). For these two reviews, the fieldwork is complete and the report of findings and recommendations is under development. Other reviews for FY18 will be determined based on the remaining 32 high-risk areas identified in the 2016 County-wide risk assessment. The staff report will be available on September 26.

 **Expedited Bill 29-17, Domestic Partner Survivor Benefits – LOSAP – Employees’ Retirement System – Eligibility**

On September 28 at 2:30 p.m. the Government Operations and Fiscal Policy (GO) Committee will review Expedited Bill 29-17. Councilmembers Navarro and Katz and Council Vice President Riemer are the lead sponsors. The staff report will be available on Sept. 26.

Expedited Bill 29-17 would clarify the definition of a domestic partner to receive County survivor benefits; limit County survivor benefits for a domestic partner of a local fire and rescue department volunteer to a domestic partner registered with the County on or before June 27, 2016; and limit County survivor benefits for a domestic partner of a County employee under the County retirement systems to a domestic partner registered with the County on or before June 27, 2016.

- In 2016 the Council enacted Bill 16-16, which, repealed the law providing domestic partner benefits for County employees. The law included a grandfather clause that permitted a County employee receiving domestic partner benefits on June 27, 2016 to retain those benefits.
- Although Bill 16-16 generally repealed the County law authorizing domestic partner benefits, the Bill did not remove references to domestic partner survivor benefits for volunteer firefighters under the Length of Service Awards Program and County employee survivor benefits under the County retirement laws.
- Expedited Bill 29-17 would limit domestic partner survivor benefits to a person who registered a domestic partnership with the County on or before June 27, 2016, making these survivor benefits consistent with the general repeal of domestic partner benefits in Bill 16-16.

 **Resolution on Spending Affordability Guidelines for FY19 Capital Budget and FY19-23 Capital Improvements Program**

The Committee will close out its meeting by reviewing the resolution on Spending Affordability Guidelines for the FY19 Capital Budget and the FY19-23 CIP. Section 305 of the Charter requires the Council to set spending affordability guidelines for the capital budget each year and requires the Council to establish by law the process and criteria. Subsequent law requires the Council to set the guidelines for capital budgets by resolution biennially no later than the first Tuesday in October in odd-numbered years. This year the deadline is October 3, 2017. The guidelines are related to how much the Council believes the County can afford. The staff report will be available on Sept. 26.
