Question/Comment for the Policing Advisory Commission \*

As a listener of the report on Montgomery County Effective Law Enforcement November Audit Results, I have remarks about policing and mental health. The County Department of Health and Human Services should be much more transparent. DHHS has Mobile Crisis Units but the County Executive has NEVER mentioned them; there have been no articles or pictures of the Units. What number should a person or an Officer call – 911 or a newer number? The County should build the Women's Prerelease Center, authorized two years ago. I heartily applaud the County's building a Restoration Center to divert mentally ill persons from the criminal justice system. The County should also have programs for substance abusers.

I have sent letters on these topics to County Executive Marc Elrich and to Montgomery County Council President Evan Glass. Thank you.
