Question/Comment for the Policing Advisory Commission *

We live on a tight residential street with public parking on both sides. This causes a tight traffic lane for vehicles to travel in both directions. We regularly have damage to our vehicles caused by excessive speeding (in excess of the posted 20mph), swerving to avoid oncoming traffic at speed, and mounting sidewalks to pass by. In addition there have been serious events including a car flipping over and motorist taken to hospital. There are many children who live in our area and we are constantly concerned about their well-being. We also have cyclists who travel to beach drive use our street. We have never had any observed police presence or enforcement on our street. Residents have repeatedly informed our local residents association, local elected officials and local police department. We need a stronger enforcement of our local residential streets to ensure motorists stay at or below the speed limits and keep themselves, other road users and the residents safe. Decatur Ave, Kensington.
