What district in Montgomery County do you live in? If you do not know, please see the County District Map *	District 3
Question/Comment for the Policing Advisory Commission *	
<p>I will use my 3 minutes to speak publicly at the forum, however the issues that I will address as a 30 year Montgomery County resident are:</p> <ul style="list-style-type: none">- over development and over crowded housing are the primary traffic problems- the substantial change in the character of the community with new drivers not understanding American driving culture- law enforcement only focusing on speeding and not on drivers that are obstructing traffic by driving unreasonably slow, stopping in the middle of the street, not knowing how to yield or merge- failure of law enforcement to enforce county regulations regarding multi family housing/boarding housing which causes traffic congestion because there are too many people living in neighborhoods that were not designed to accommodate 5 vehicles for every home—thus causing a significant congestion and parking problem- law enforcement will not enforce the other traffic rules that provide for the smooth, safe flow of traffic- due to towing laws, residents can't even get cars towed that are illegally parked, blocking intersections etc-it appears that the only mechanism government wants to invest in are speed cameras and red light cameras which have been proven to create dangerous conditions and not change driver behavior; it simply becomes a tax on the poorest ppl for minor offenses and serves as a revenue source for the county.
