Dear Esteemed Councilmember:

As a member of the Critical Issues Forum (CIF)—a coalition of neighboring synagogues including my place of worship-- Adat Shalom, I am writing to ask you to support Council Bill 4-21, which would restrict access to ghost guns. Ghost guns avoid the laws restricting who may purchase firearms and the requirement of a serial number, by having the buyer complete the last stage of assembly. They are an increasing source of violent crime.

These are challenging days for so many wherein mental health issues become prominent. We must take actions to make our communities safer. Thank you for voting in favor of Bill 4-21.

Sincerely,

Marsha Teichman
