Sub: Operating Budget and Capital Improvement for Cricket

Respectful Sir/Madam

We are grateful to Montgomery Parks for developing cricket fields for our youth and adults and be an integral part of the sport's growth in USA. With growing demands and number of youth and adult leagues, there is always demand for cricket fields . We almost double our number of youth playing cricket every year. We are proud to say that with all the infrastructure we provided, few of our youth are playing cricket at National level currently.

With growing number of cricket clubs and the level of the game, I request you to budget for improvement of cricket fields. Some of the immediate needs are:

- More youth specific cricket fields. This could be astro turf or natural turf
- Possible lighting on the fields to extend playing time
- Maintenance of fields for cricketing standards- keeping field grass cut all the time allowing ball to travel

I am sure the Parks will do the best for our residents and improve the cricketing felds and add more

Thanks

Shaffeel Ahmed
