PRESENTATIONS

B. Proclamation was presented by Council President Albornoz and the full Council recognizing County Attorney Marc Hansen for his years of service to Montgomery County.

A. Proclamation was presented by Mr. Jawando recognizing the Anniversary of Roe v. Wade.

GENERAL BUSINESS

A. Announcements - Ms. Singleton, Clerk of the Council, announced that public hearings on the FY23 Capital Budget and FY23-28 Capital Improvements Program (CIP) will be held on Tuesday, February 8, 2022, at 1:30 P.M. and 7:30 P.M., and on Wednesday, February 9, 2022, at 1:30 P.M.

(1) B. Acknowledgement – Receipt of Petitions

No petitions were received this week.
C. **Action – Approval of Minutes**

Approved the minutes of November 29, 30 and December 6, 2021, without objection.

(2) **COUNCIL SITTING AS BOARD OF HEALTH**

A. **Updates from County Government and Montgomery County Public Schools (MCPS) - Novel Coronavirus (COVID-19) and Health Planning**

Mr. Albornoz announced that the Education and Culture (E&C) Committee is meeting tomorrow for further discussion with MCPS representatives on details for in-person and virtual learning.

Participating in the discussion were Dr. McKnight, Interim Superintendent of Schools; Ms. Wolff, President, Board of Education; Ms. Williams MCPS; Mr. D’Andrea, Chief of Staff, Office of the Superintendent; and Dr. Bridgers, Acting County Health Officer, Department of Health and Human Services (DHHS).

Received an update from MCPS staff on actions taken to address the challenges created by the pandemic faced by students and staff and acknowledged the need to adjust strategies in response to changing conditions. Noted MCPS’ commitment to keeping schools open for in-person learning if it can be done safely, but that no specific thresholds are in place to indicate when a school would automatically shift to all virtual learning. There is a collaborative process with stakeholders and DHHS in place to make those decisions with multiple factors considered before shifting to virtual learning, including staff and student absences, unfilled substitute teacher positions, unserved bus routes, and Covid case rate among students and staff.

Dr. McKnight said later today, an announcement would be made concerning 11 schools that would transfer to virtual learning for 10 calendar days beginning January 20, 2022. She requested that responsibility for all contact tracing be shifted to other County agencies and/or DHHS, and requested 190,000 rapid test kits be provided to MCPS every other week.

Mr. Rice noted that the County has asked for waivers from the State to allow MCPS to be more flexible in terms of mitigating risk to allow students to stay in-person learning and that State and Federal governments have not provided metrics as to when a school should close due to a Covid outbreak. Mr. Hucker requested clarification as to why MCPS could not move to an opt-out rather than opt-in program for rapid testing of students and expressed the hope that this would be allowed in the future, especially if the County, rather than the State, provides the tests; and why MCPS is not
requiring a negative Covid test to attend school as is being done in some area jurisdictions.

Mr. Jawando said a letter will be sent to the Governor requesting MCPS be allowed to do in-school Covid testing and to adopt an opt-out testing policy, and suggested teachers be allowed to conduct virtual instruction from their homes.

Mr. Friedson stressed the need for better communication and that MCPS’ dashboard must be updated regularly, and requested staff provide the County Executive’s formal response to MCPS’ request to shift contact tracing and to receive rapid test kits. Noted that rapid tests would be provided to substitute teachers, and that DHHS would discuss revised guidelines with MCPS.

Mr. Glass received confirmation from Dr. McKnight that MCPS has the capability to provide a hybrid model of learning and can provide a virtual format to students if needed.

Mr. Katz said it must be confirmed that DHHS has available personnel to perform contact tracing for MCPS, and that rapid test kits will be available in the number required.

B. **Public Hearing** - Resolution to adopt a Board of Health Regulation to prevent the spread of COVID-19 in the County - Vaccination Requirements to Enter Bars, Restaurants, Recreation Centers, and Other Covered Establishments

The public hearing was conducted. An additional public hearing is scheduled for January 25, 2022.

C. **Worksession** - Resolution to adopt a Board of Health Regulation to prevent the spread of COVID-19 in the County - Vaccination Requirements to Enter Bars, Restaurants, Recreation Centers, and Other Covered Establishments

Participating in the discussion were Ms. Wellons, Legislative Attorney; Dr. Bridgers, Acting Chief Public Health Officer; Dr. Stoddard, Assistant Chief Administrative Officer; Mr. Thompson, Restaurant Association of Maryland; Ms. Vasquez, Hispanic Chamber of Commerce; Ms. Redicker, Silver Spring Chamber of Commerce; Ms. Coren, Greater Bethesda Chamber of Commerce; Ms. Jeffries, President and CEO, Strathmore; and Ms. Rohrer, Maryland Hotel and Lodging Association.
Received comments from business representatives on the impact of the proposed resolution on businesses including staffing concerns and the potential loss of business; and on implementation requirements, steps needed to confirm vaccination status of patrons, exemption requirements, training and signage requirements, and other potential negative consequences. Noted that some restaurants and private organizations already require patrons to provide proof of vaccination or a negative Covid test.

Mr. Jawando requested information be provided for next week on any businesses and hotels that require patrons to provide proof of vaccination, and what could be done to help smaller venues offset costs associated with complying with the regulation. Noted that the Filmore requires proof of vaccination or a negative Covid test.

Dr. Stoddard stated the purpose of the regulation is to reduce transmission of the virus and to encourage residents to get vaccinated, that the wearing of masks and vaccination are risk reduction tools, and that data shows a reduction in the ability to contract and transmit the virus among people vaccinated and boosted relative to unvaccinated individuals.

Mr. Friedson expressed concern about the limited outreach to businesses and requested Executive Branch staff provide information on what businesses were invited to participate in the Town Hall conducted in September, and on what outreach was conducted concerning the proposed regulation. He noted conflicting information regarding whether MCPS and the Board of Education can enforce a vaccine mandate for students and requested a definitive answer be provided from legal staff. He also requested staff provide information on the regulation’s implementation period, sunset date, associated metrics, and what level of vaccination in the County the regulation hopes to achieve with implementation of a vaccine passport.

Ms. Navarro received confirmation that Executive Branch staff considered measures other than implementation of a vaccine passport requirement, which was considered the least harmful, to help increase the vaccination rate in the County. She suggested completion of a racial equity and social equity analysis would be helpful in determining efficacy of the proposed regulation.

Mr. Albornoz said the Council would continue discussion of this proposal on January 25.
