

To Montgomery County Council,

Dear Sirs/Madams,

Please do not Pass the Vaccine Passport Requirement!!!

This Mandate would Provide a false sense of security, be difficult to Police, and promote bullying and exclusion!

I am an online after hours Triage nurse. People are getting sick with this variant even when they are fully vaccinated and BOOSTED. I receive many calls nightly and am Privy to their medical information.

The Boosters are not working!!!! The science has not caught up with the disease process. People believe they are immune, so what do we do let them into bars and restaurants with a Passport!

Natural Immunity is the best Immunity. We check titers at the college for all other diseases!!!!!!! I also work at the Montgomery College as a nursing Instructor and are encouraged to teach acceptance and Inclusion! I grew up in the 60's this is not the correct Passport! A vaccine is a medication, a person has a right to refuse a medication. Hillary Clinton's closed door meetings on Health Care did not help our health care system. Open your doors!

With which **NON** – working **Booster** do we draw the line! You cannot effectively POLICE such a Mandate!

Sincerely,

Elaine W. Hill, RN BSN
