What will you have to say about someone who has had Covid 19 and has natural immunity? Also, what do you have to say about a blood test that shows that a high level of antibodies? Will you accept this test instead of a vaccination card? I will take you guys seriously if you consider both of these. If not, you are merely propagandists and not interested in science. Please respond to my email. A Montgomery resident that is tired of the the BS.

Subject: Public Hearing Notice on Montgomery County Board of Health Regulation to Prevent the Spread of COVID-19 in the County-Vaccination Requirements to Enter Bars, Restaurants, Fitness Centers and Other Covered Establishments

Public Hearing Notice on Montgomery County Board of Health Regulation to Prevent the Spread of COVID-19 in the County-Vaccination Requirements to Enter Bars, Restaurants, Fitness Centers and Other Covered Establishments

Council meets on Jan. 18 to hold a public hearing and worksession on proposed Board of Health regulation

For Immediate Release: Thursday, Jan. 13, 2022

The Montgomery County Council will meet virtually via Zoom as the Board of Health on Tuesday, Jan. 18 to hold a public hearing and conduct a worksession on a resolution to adopt a Board of Health Regulation to Prevent the Spread of COVID-19 in the County-Vaccination Requirements to Enter Bars, Restaurants, Fitness Centers and Other Covered Establishments. **The public hearing will be held at 10:30 a.m.** The Council meeting will begin at 9 a.m. with the Council meeting as the Board of Health starting at 9:30 a.m.

The resolution to adopt a Board of Health Regulation to Prevent the Spread of COVID-19 in the County-Vaccination Requirements to Enter Bars, Restaurants, Fitness Centers and Other Covered Establishments was introduced on Jan. 11, 2022, as recommended by County Executive Elrich.

The resolution would approve a Board of Health regulation to:

- Require restaurants, bars, fitness centers, and other “covered establishments and facilities” to require patrons to provide proof of vaccination against COVID-19 before entering indoor areas.
- Phase-in proof of vaccination requirements on specified dates.
- Exempt certain establishments and facilities from the requirement, including establishments and facilities providing essential government services and social services.
- Exempt certain individuals from the requirement, including individuals who enter the facility for a quick and limited purpose, and those who are entitled to medical or religious accommodations.

Under the proposed regulation, the phased-in vaccination requirement would occur as follows:

- Effective January 22, 2022, proof of one dose required for patrons 12 years and older;
