

I am against passports. I believe COVID will end, just like any flu will end. We may be in the ending stages right now, as Omicron transmits rapidly, and is generally mild. Pretty soon, most people will have natural immunity, which I believe is better than the short term vaccine induced immunity.

I will not give my business to any restaurants/bars/gyms that require passports. I have lived in Montgomery County for 60 years, and love much of which it has to offer. However, passports are a deal breaker for me, and if need be, I will move from Montgomery County.
