

I am writing to express my strong support of a county ordinance to require proof of vaccination against COVID-19 when entering "Bars, Restaurants, Fitness Centers and Other Covered Establishments" in Montgomery County. I believe such a requirement would make it safer to patronize those establishments. It would make Montgomery County a leader in fighting the Corona virus.

I am 74 years old and have been a resident of Montgomery County for almost 50 years. I am vaccinated and boosted against COVID 19. I would feel much safer knowing that other people in the establishment I am patronizing were vaccinated and not a danger to me or others.
