

If we cut through the big-pharma rhetoric along with the incompetence of the FDA/CDC etc, **we can see that Vaccines do not prevent one from catching this flu (CV19), nor do they prevent one from passing on the flu so what is the point?** And for what; to supposedly cut down on hospitalizations? This latest variant isn't even that serious! The Fear mongering needs to stop and logical thinking is required!

* No more people are dying from this flu than prior flu seasons. And those that are dying are old in age, obese or of poor health. That is no reason or excuse to attempt to force people to get an experimental vaccine or else be excluded from participation in society.

* The vaccines were rushed and without proper long term human trials. There have been countless adverse reactions and deaths related to these new experimental vaccines if they can even be called that. THE TRUTH CANNOT BE SUPPRESSED! The propaganda is no longer working, and the results show it. **How many boosters will follow?? Studies in Israel show 4 boosters do little of anything. Not to mention the latest variant isn't causing long lasting illness.**

* Can we look at the ramifications now? We have destroyed the economy, people's livelihoods, their health and lives in general. Small businesses will be hurt the most from these passports as if they weren't already taking the brunt of all these ridiculous lockdowns these past 2 years. But that appears to be the goals if you look closely...Destroy the little guy, the middle class etc. **MoCo will lose tax revenues from business and people will migrate elsewhere so take that into account!**

* Furthermore, this proposed passport is creating Discrimination based on health status etc which will set up a slew of lawsuits on the county's hands. It will create a two-tiered society, conflicts and perhaps lawlessness will ensue from further requirements down the road.

* WHAT OF THE PEOPLE THAT HAVE HEALTH CONDITIONS THAT WOULD MAKE TAKING THE VACCINES A RISK???

*WHY CAN'T ANYONE SUE VACCINE MAKERS IF THERE ARE ADVERSE REACTIONS OR DEATH AS A RESULT OF TAKING IT??? WHY ARE THE INGREDIENTS HIDDEN FROM THE PUBLIC?? WHY IS NATURAL IMMUNITY NOT TALKED ABOUT? YOU CAN'T IGNORE THESE ISSUES.

*** Not to mention the waste of tax payer \$\$ implementing this bureaucratic policy which accomplishes nothing positive.**

This is a slippery slope. I implore you to listen to credible independent doctors (read not owned by big-pharma) like Dr. Robert Malone especially on a recent podcast with Joe Rogan (on Spotify etc) and also suggest you think things through.

The authoritarian concept of vaccine passports is, to those with discernment and a properly educated outlook on the world, clearly one of controlling the populace for covert evil purposes and a growing minority sees right through it and will see through you as well!! All over the world the public is waking up to the tyranny and no amount of mainstream media and big tech censoring of these protests and marches will hide the truth. I suggest you officials in SERVICE OF THE PUBLIC may I remind you, get on the right side of history. It is quite clear where these suggestions on your part are heading and who is behind them. YOU ARE KEEPING NO ONE SAFE WITH THESE PROPOSALS!
