To Montgomery County Council Public Hearing March 29, 2022:

Re: Casa Ruben Inc. Pediatric Mobile Vehicle

Dear Council Members,

I am writing in support of the approval of Montgomery County Council funds for a Pediatric Mobile Medical Vehicle for Casa Ruben, Inc. The Foundation and Montgomery County would create a public-private initiative to use a mobile medical clinic to connect uninsured, under-insured, and under-resourced children and youth (ages 0-21 years) to healthcare and vaccinations.

My baby receives great care at Casa Ruben Inc. and we hope CRI can expand services to other children and youth in need. I am hoping the Council will assist the clinic with the necessary funds to allow CRI to expand access to care in our community.

Thank you!

Sincerely,

Carolina de Campos  
Mother
