Re: Support for Resolution Special Appropriation DHHS - \$450,000 for Pediatric Mobile Medical Vehicle; and Amendment to Designation of Entities for Non-Competitive Contract Award Status: Casa Ruben, Inc

As a lifelong resident of Montgomery County, it is a shock and disgrace to me that there are so many people – especially children – who still have no access to medical care. Highlighted by the Covid 19 pandemic, it is an embarrassment and we need to act now. I strongly encourage the Council to support Casa Ruben in its efforts to launch a pediatric mobile medical vehicle in our County. No child should be left without proper medical care.

Thank you!
