

The proposal to raise Montgomery County real property taxes AGAIN is a very bad idea that I entirely oppose. All this will guarantee is an exit from MD of a large number of current residents speaking with their feet saying ENOUGH IS ENOUGH. I don't recall a single yr when this tax was not increased. Go Ask Wes Moore for money since Gov Hogan left a budget surplus of 7.5 BILLION dollars when he left in Jan. 2023. That is a HUGE amount of \$ that can be shared with Montgomery County so you don't have to continue to TAX us to death.
