

To Whom It May Concern

I am writing in support of the “Bring Your Own Bag” Bill, which was the subject of a hearing on 14 January 2025. I believe we need to do all we can to reduce the use of plastic bags, which even when recycled, require a stop off at the local supermarket. The use by shoppers of re-usable bags makes both environmental and dollars-and-cents sense.

I enthusiastically support the council’s efforts to implement this bill. Best, Lane Smith
