

My name is Mohammad Taher Kellawi Fansa. I am new to the county; I have been here for three months.

I am a father for a family of 4.

I urge the council to fund \$50 million for rental assistance.

I'm new to this country and until right now I am not working and because of that I can't pay and I received a court date.

What can I do?

So I'm asking for rental assistance so my family can stay in our house.
