

Dear Montgomery County Council,

My name is Tyler McClenithan and I oppose Montgomery County funding, in any way, shape, or form, the MDIC!

Everyday we're flooded with more news of Gaza. The stories, images, and videos of the ongoing genocide is horrendous. I cannot in good conscious not speak up.

Many members of the MDIC are directly responsible for the genocide in Gaza and, by funding the MDIC, you're (and my tax dollars) are funding genocide. Some of the companies in the consortium that are directly benefitting from the genocide include SIEMENS, Google, and Hewlett Packard.

In an era where every dollar in the county budget matters, and we need to make cuts, I urge the council to consider defunding the MDIC.

Thanks,

Tyler
