

Testimony on ZTA 26-01 Data Center Commercial Uses - Data Center

March 3, 2026

Carol DeRamon
Barnesville, Maryland

I cannot understand the need to push through a data center in upper Montgomery County. What is the rush to jump in and allow large scale data centers here? The electricity and water requirements are not feasible for this area. There is every reason to wait, particularly with a project with unknown impacts speeding toward approval with no regulations. Slow down - get this right. We rely on our leaders to not accept NDAs and "proprietary information" and get the facts before allowing a new land use here. I so hope you take my comments and those of my concerned neighbors very seriously. Please include my comments in the hearing record. Thank you.

Thank You,

Carol DeRamon
