

Testimony on ZTA 26-01 Data Center Commercial Uses - Data Center

February 26, 2026

I am concerned that Montgomery County take its time to develop strong regulations before allowing 5 large data centers to draw up to 2 Million gallons from the Potomac per day. Please enact a moratorium as soon as possible and set about a transparent process to understand and regulate data centers here. Please include my comments in the hearing record.

Thank You,

David West
