

Testimony on ZTA 26-01 Data Center Commercial Uses - Data Center

February 26, 2026

Einat Korman  
Silver Spring, MD

Now is not the time to prioritize benefits to businesses and tax revenue for the county over the health and security of our residents and the long term benefit of other types of investment in our region.

Things are far too uncertain on data centers right now. Most residents in MoCo and across the country have turned against data centers. The State is just beginning a study of data centers. The affordability crisis is directly tied to data center capacity. What is the rush to jump in and allow large scale data centers here? There is every reason to wait, particularly with a project with unknown impacts speeding toward approval with no regulations. Slow down - get this right.

Thank You,

Einat Korman
