

Testimony on ZTA 26-01 Data Center Commercial Uses - Data Center

February 26, 2026

Irina Stavitsky
Gaithersburg, MD

Things are far too uncertain on data centers right now.

Most residents in MoCo and across the country have turned against data centers.

The State is just beginning a study of data centers.

The affordability crisis is directly tied to data center capacity. What is the rush to jump in and allow large scale data centers here? There is every reason to wait, particularly with a project with unknown impacts speeding toward approval with no regulations. I am particularly concerned about health impacts to air and water. Please read this link below from Caltech scientists.

<https://thisis.caltech.edu/news/air-pollution-and-the-public-health-costs-of-ai#:~:text=As%20an%20example%2C%20the%20scientists,UCR's%20Bourns%20College%20of%20Engineering.>

Please include my comments in the hearing record.

Thank you,
