

Testimony on ZTA 26-01 Data Center Commercial Uses - Data Center

February 26, 2026

Laura Van Etten
Dickerson, MD

Dear Councilmembers:

I live 4 miles from the proposed data center (closer as the crow flies). I would like the Council to avoid adopting a ZTA that would in any way facilitate the authorization and/or development of that entity before key questions can be answered about its water use, electric grid demands, projected air pollution, and any environmental risks. Please enact a moratorium and develop a plan that will lead to a conditional use process with the ability for true evaluation of this proposed data center. Please include my comments as part of the hearing record. Thank you.

Thank You,

Laura Van Etten
