

Testimony on ZTA 26-01 Data Center Commercial Uses - Data Center

February 26, 2026

Linda Nishioka
Silver Spring Md, MD

Stop and get all the facts straight before allowing data centers here!

What is this construction at Dickerson and traffic going to do to our precious Agricultural zone?

The traffic it will generate?

And other unforeseen degradation of our green jewel?

We did not set aside this area for big companies and big industry to build in!

STOP And STUDY before any thing is allowed in our county any where that is a data center.

What laws and regulations do we have in place regarding data centers?

These are absolutely necessary before any big project is dropped on us.

Like many residents last month I was complying with WSSC guidelines to reduce water use during the storm. It made me wonder - in times of drought or extreme heat or cold when residents are asked to reduce water or power use - would the much higher use of data centers in the county also be restricted? These are the kinds of questions that we don't have answers to

yet. Until we do, a moratorium needs to be in place - and quickly. We can't go back and add regulations to the project in Dickerson speeding toward approval.

Thank You,

Linda Nishioka
