The County Council for Montgomery County, Maryland approves the following Act:

Sec. 1. Sections 18A-33, 18A-34, and 18A-35 are amended as follows:

Article 5. Commercial Property Assessed Clean Energy Program

18A-33. Definitions.

(a) *Definitions.* In this Section, the following words have the meanings indicated:

Certified General Real Estate Appraiser means an individual who is certified as a certified real estate appraiser for general real estate under Title 16 of the Business Occupations Article of the Maryland Code.

Commercial property means any real property located in the County that is either not designed for or intended for human habitation, or that is used for human habitation as a multi-family dwelling of [[4 or]] more than 4 rental units.

18A-34. Commercial Property Assessed Clean Energy Program established.

* * *

(b) *Third-party lender.*

(1) The Director may enter into an agreement with a third-party lender that is either a County designated lender or a private lender that funds a loan for an improvement. The agreement must provide for the repayment of the loan for the improvement and any cost of administering the Program through a surcharge on the qualified property. The loan may include the cost of materials and labor necessary for installation, any permit fee, any inspection fee, any application or administrative fee, any bank or lender fee, and any other fee that the property owner may incur for the installation of the improvement. The third-party lender must submit a request for collection of each surcharge amount to the County designated

28 program manager or, if there is no County designated program
29 manager, to the Department no later than April 1 of each year.

30 (2) The third-party lender must record a document among the land
31 records of Montgomery County within 30 days of the time the loan
32 is funded, which provides notice of the Commercial Property
33 Assessed Clean Energy loan associated with the property and that
34 the surcharge will be collected and have lien status like all other
35 real property taxes.

36 * * *

37 **18A-35. Eligibility.**

38 (a) *Eligibility.*

39 * * *

40 (4) The loan amount under this Program must meet the following
41 criteria:

42 (A) The loan amount must be at least \$5,000 and [no] not more
43 than 20% of either the full cash value or the appraised value
44 of the qualified property. The full cash value is determined
45 by the Maryland State Department of Assessments and
46 Taxation. The appraised value must be determined by a
47 Certified General Real Estate Appraiser and must have been
48 certified no more than 12 months before the date of the loan
49 application[; and].

50 (B) The loan amount, together with the outstanding balance of
51 the mortgage or deed of trust, must be no more than 90% of
52 either the full cash value or the appraised value of the
53 qualified property.

54 (b) *Property Assessed Clean Energy Surcharge.*

* * *

55

LEGISLATIVE REQUEST REPORT

Recommended Bill, Commercial Property Assessed Clean Energy Program - Amended

DESCRIPTION: The requested legislation amends Article 5, Sections 33, 34 and 35 of Chapter 18A of the Montgomery County Code. The amended sections correct a definition for commercial property to make it consistent with State Law authorizing a Commercial Property Assessed Clean Energy (C-PACE) Program; add a loan recordation requirement for the third-party lender to ensure that subsequent lenders are given notice of the special lien status of a C-PACE loan on the property; and modify the eligibility requirement for a loan under this program by allowing the loan applicant to use either the full cash value of the property as determined by the State Department of Assessments and Taxation or the appraised value of the property as determined by a Certified General Real Estate Appraiser. County Law governing the C-PACE program in Montgomery County was adopted with Bill 6-15 following passage of Maryland SB 186.

PROBLEM: County Law defines that a commercial property means a property that is either not designed for or intended for human habitation, or that is used for human habitation as a multi-family dwelling of 4 or more rental units. State Law requires a multi-family dwelling of more than 4 rental units. This Bill makes that correction. The Attorney General of Maryland noted in an April 28, 2014 opinion on SB 186, that the lack of notification for subsequent lenders of the special lien status of a C-PACE loan on the property, may constitute a violation of both federal and Maryland Constitutions. That opinion recommended that any local ordinance or resolution implementing a C-PACE program include a notification requirement of the special lien status of the C-PACE loan on that property in the County's land record. This Bill includes that AG recommendation. There was a concern expressed by several commercial entities interested in participating in the County C-PACE program that the full cash value is lower than the appraised value and thus limits their ability to take full advantage of the C-PACE loan program. This Bill adds an option for the applicant to use either the full cash value or the appraised value of their property.

GOALS AND OBJECTIVES: To make the Montgomery County C-PACE program fully consistent with State Law, remedies possible violations of federal and State Constitutions, and enhances access to the C-PACE program for loan applicants.

MEMORANDUM

April 11, 2016

TO: Nancy Floreen, President
Montgomery County Council

FROM: Isiah Leggett, County Executive 

SUBJECT: Amended Legislation – Commercial Property Assessed Clean Energy Program

I am hereby submitting legislation for your consideration and County Council action. The legislation amends the County Code that established a Commercial Property Assessed Clean Energy (C-PACE) Program.

With the adoption of Bill 6-15 on April 8, 2015 Montgomery County established the Commercial PACE Program. This amended legislation makes three changes to the County Code by (1) correcting the definition for commercial property to make it consistent with State Law authorizing a Commercial PACE program, (2) adding a loan recordation requirement for the third-party lender to ensure that subsequent lenders are given notice of the special lien status of a Commercial PACE loan on the property, and (3) modifying the eligibility requirement for a loan under this program by allowing the loan applicant to use either the full cash value of the property as determined by the State Department of Assessments and Taxation or the appraised value of the property as determined by a Certified General Real Estate Appraiser.

I urge the Council to support this legislation. My staff are available to respond to any questions you may have on this amendment or provide clarification.
