Resolution No.:

19-136

Introduced: Adopted:

May 23, 2019

May 23, 2019

COUNTY COUNCIL FOR MONTGOMERY COUNTY, MARYLAND

By: County Council

SUBJECT: Approval of the FY 2020 Cable Communications Plan

Background

- 1. Section 8A-27(a) of the County Code provides that "All access grants, franchise fees, and other moneys received by the County from any franchisee may be spent only under a budget approved by the Council and in accordance with the County Cable Communications Plan."
- 2. Section 8A-27(b) of the County Code provides that "The Cable Communications Plan must be proposed by the County Executive to the Council annually and may be amended at any time."
- 3. Section 6.2.2 of the 2016 Cable Franchise Agreement with Comcast of Potomac, LLC. provides that Comcast must pay a grant to the County of 3% of Gross Revenues each quarter to be used for Public Education Government (PEG) and institutional network capital expenses. Paragraph 8 of Exhibit D of the Franchise Agreement provides that this grant may be used for capital and non-capital support for PEG purposes, including expenditures on PEG and FiberNet.
- 4. Section 8(b)(1) of the 2016 Franchise Agreement with Starpower Communications, L.L.C, doing business as RCN, provides that Starpower must pay a grant to the County of 3% of Gross Revenues to the County to be used for PEG and Institutional Network. Paragraph 3 of Exhibit F of the Franchise Agreement provides that this grant may be used for capital or non-capital support for PEG purposes.
- 5. Section 6.2.2 of the 2006 Franchise Agreement with Verizon provides that Verizon must pay a grant to the County of 3% of Gross Revenues each quarter to be used for PEG and institutional network purposes.
- 6. Section 8 of the Franchise Agreement with Starpower (doing business as RCN) and Section 7 of the Franchise Agreements with Verizon and Comcast provides that each franchisee must pay, for the life of the franchise, a franchise fee of 5% of annual gross revenues.

Page 2 Resolution No.: 19-136

General Provisions

- 1. <u>Purpose and Effect</u>: This Cable Communications Plan constitutes the County's formal direction for the use of resources required to be provided under Sections 7 and 8 of the Franchise Agreements with Comcast and Starpower (doing business as RCN); and Sections 3, 6, and 7 of the Franchise Agreement with Verizon.
 - In FY 2020, these resources must be deposited by the County in its Cable TV Special Revenue Fund, and this Cable Communications Plan directs the use of the revenues in this Fund.
- 2. <u>Spending Authority under the Time Period Governed by This Plan</u>: This Cable Communications Plan provides spending authority for FY 2020. Resources appropriated in FY 2020 that are not encumbered by the County on or before June 30, 2019 must remain in the Cable TV Special Revenue Fund and be available for spending in future years.
- 3. <u>Carryover</u>: Resources provided to the County as a result of the requirements of the Franchise Agreements with Comcast, Starpower (doing business as RCN), and Verizon, but not specifically allocated in the Cable Communications Plan to the General Fund, must remain in the Cable TV Special Revenue Fund and be available to be allocated in future years.
- 4. <u>Future Fiscal Years</u>: No estimate shown for any fiscal year after FY 2020 reflects any commitment or decision by the Council, and any such estimate should not be taken as prejudging any decision regarding activities or allocations, either in absolute or relative amounts, of expenditures for future years.
- 5. <u>Management of Funds</u>: All equipment, personnel, and other resources approved in the Cable Communications Plan for funding from the Cable TV Special Revenue Fund must be managed so that the resources are reasonably available to all users of the cable system and provide benefits to the subscribing public and the franchisee.
- 6. <u>Affirmative Action and MFD Procurement Procedures</u>: The Board of Directors of Montgomery Community Television, Inc. (MCT), doing business as Montgomery Community Media (MCM), must adopt and follow an Affirmative Action Plan and procedures for procurements from minority-, female-, and disabled-owned businesses (MFD) that take into account both the requirements of the Franchise Agreements with Comcast, Starpower (doing business as RCN), and Verizon and relevant provisions of the County Code.
- 7. <u>Financial Disclosure</u>: The County must not spend any FY 2020 funds allocated to MCT until all members of the Board of Directors and the Executive Director of MCT have filed a financial disclosure statement with the Ethics Commission for the 2018 calendar year.
- 8. <u>Future Cable Plan strategy</u>: The Executive must submit to the Government Operations and Fiscal Policy Committee a Public Education Government (PEG) Governance Board Strategic Plan that will frame FY 2021 budget allocations no later than January 15, 2020.

Page 3 Resolution No.: 19-136

9. Reporting Requirements: The Executive must submit a separate quarterly fiscal report to the County Council detailing revenues received by source for the Cable Plan no later than 60 days after the end of each quarter. The Executive must transmit the second and third quarter budget analysis of the Office of Broadband Programs no later than 60 days after the end of the quarters previously referenced.

FY 2020 Cable Communications Plan Description

The FY 2020 Cable Communications Plan provides funding for cable franchise administration (Department of Technology Services, County Attorney's Office, and outside professional services); for municipal equipment and support; for public, educational, and government access programming (Office of Public Information, Council, Montgomery College, Montgomery County Public Schools, and Montgomery Community Television, Inc.); for the Interagency Technology Fund (ITF); and for other miscellaneous cable-related activities.

The attached table details the approved expenditures from the Cable TV Special Revenue Fund for the following purposes in FY 2020:

Franchise Administration

- A. Funds are allocated to the Department of Technology Services to administer the Franchise Agreements with Comcast, Starpower (doing business as RCN), and Verizon, including inspecting construction, testing signal quality, responding to residents' complaints, budgeting franchise fee and grant funds received from the cable operator, managing the contract to provide public access services, supporting an advisory committee, administering Federal Communications Commission rules and regulations, preparing for and negotiating franchise agreements, and advising elected officials on related policy matters.
- B. Funds are allocated to the County Attorney's Office to support the in-house staff costs associated with advising the Department of Technology Services and elected officials on related matters.
- C. Funds are allocated to hire outside professional services to advise or represent the County in areas of specialized telecommunications needs.

Municipal Support

- D. Funds are allocated for sharing franchise fee revenue with the municipal co-franchisors in accordance with the formula in Section 8A-29 of the County Code.
- E. Funds are allocated to support the 3 PEG channels allocated to (1) the City of Rockville; (2) the City of Takoma Park; and (3) the Montgomery County Chapter of the Maryland Municipal League. Funds are allocated from the Capital Equipment Support Grants, according to the requirements of Section 8(b)(1) of the Franchise Agreement with Starpower (doing business as RCN), the requirements of Section 6.2 of the Franchise Agreement with Comcast, the requirements of 6.2 of the Franchise Agreement with

Page 4 Resolution No.: 19-136

Verizon, and from the PEG Support Fund. Funds are allocated from the PEG Support Fund to the extent that the Participating Municipalities meet all applicable matching-fund requirements in the Settlement Agreement.

County Government Access Programming

F. Funds are allocated for managing the County Government Channel, maintaining County Government Channel video equipment, closed captioning of County Government programming, and for the operation of the Technical Operations Center to monitor and adjust technical quality of PEG Programming.

Funds are allocated to the Office of Public Information for in-house staff and contractors to produce Executive Branch programming for the County Government Channel.

Funds are allocated to the Council for in-house staff and contractors to produce programming for the Council and Legislative Branch agencies.

Funds are allocated to the Montgomery County portion of the Maryland-National Capital Park and Planning Commission for contractors to provide cable-related services, including webcasting and services needed to produce programming for the Planning Board and the Parks Department.

Educational Access Programming

- G. Funds are allocated to Montgomery College to produce educational programs and operate a cable channel with in-house staff.
- H. Funds are allocated to Montgomery County Public Schools to produce educational programs for children, parents, and teachers; carry Board of Education meetings; and run other educational programming of interest to County residents.

Public Access Programming

- I. Funds are allocated for Montgomery Community Television, Inc., to perform services in FY 2020 specified in its contract with the County, including the following:
 - (1) produce and schedule two public access channels, including disseminating information on the daily program schedule;
 - (2) train community producers and technicians in program production and assist residents and community organizations in developing locally produced or locally sponsored programming;
 - (3) provide and maintain a central access studio, field production equipment, and editing facilities for use by community producers in program production;
 - (4) maintain all video equipment provided to MCT or purchased by MCT with cable company or County funds;
 - (5) produce local interest and public affairs programming;
 - (6) promote and encourage programming representing a diversity of community interests and needs; and
 - (7) perform outreach and create programming in the down-county area.

Page 5 Resolution No.: 19-136

PEG Network

J. For FY 2020, funds are allocated for PEG equipment replacement, for joint PEG programming/promotion, PEG network engineering and administration, closed captioning of select PEG programming, and for PEG programming to provide access to cable by community organizations.

The Council wishes to encourage the most cost-effective operations of the PEG Channels and has directed the PEG Governance Board to enhance the sharing of equipment, facilities, and personnel. All funds appropriated for PEG equipment replacement must be administered by the Office of Cable and Broadband Services. Before spending any funds for this purpose, the PEG Governance Board must report to the Council and the Executive on their plans for the purchase and allocation of replacement equipment. The Council intends that preference be given to purchases of equipment and facilities that can be shared by more than one PEG Channel.

The Council encourages the municipal co-franchisors to develop plans for purchasing equipment, using engineering expertise available from the other PEG Channels and the Office of Cable and Broadband Services, and acquiring equipment that facilitates the sharing of resources with other PEG channels.

Before the PEG Governance Board may spend funds allocated for PEG joint Programming/Promotion, the Governance Board must report its Work Plan for FY2020 to the Council and the Executive.

Institutional Telecommunications

K. The County continues to expand the FiberNet network to meet the telecommunications needs of County agency facilities. The Department of Technology Services must develop and implement a FiberNet buildout plan that identifies facilities with the greatest need for high-speed voice, data, and video transmissions and for which FiberNet offers lower cost service than private sector telecommunications providers. User agencies must notify the Council before paying any fee to or entering into any agreement with any private provider, if using FiberNet to serve specific facilities is more advantageous to the County. The Council will then consider if adjustments to the funded FiberNet buildout schedule are warranted to avoid paying excessive fees to private providers for telecommunications service to any specific facility.

Allocation of FiberNet fibers to Montgomery College from the County FiberNet is subject to a construction memorandum of understanding between the College and the County signed on December 26, 2012, as well as approval by the Interagency Technology Policy and Coordination Committee.

Page 6 Resolution No.: 19-136

Support of the Interagency Technology Fund (ITF)

L. In FY 2020, the Interagency Technology Fund will not receive any funding to support priority projects as approved by the ITPCC. However, in support of the Interagency Technology Policy and Coordination Committee (ITPCC) work program, \$100,000 is allocated to the Maryland National Capital Park and Planning Commission for the continuation of the "Connected Parks" project.

Action

The County Council for Montgomery County, Maryland approves the following resolution:

The Council approves the attached Cable Communications Plan as described in this resolution and appropriates cable communications grant resources and settlement funds as provided in the Cable Communications Plan and this resolution and any amendments to either that the Council adopts for FY 2020.

This is a correct copy of Council action.

Megan Davey Limarzi, Esq.

Clerk of the Council

Notes:

1. These revenues and expenditures reflect the FY20 Approved budget. The projected future expenditures, revenues, transfers, and fund balances may vary based on changes not assumed here to fee or tax rates, usage, inflation, future labor agreements, and other factors.

2. Transfers to the General Fund Other and the Legislative Branch NDA have been eliminated in FY20 due to declining revenues and fund balance policy guidelines.

4. Franchise feer revenue projections are absed on a forecast developed by the Department of Finance.

5. Transfers to the General Fund Other and the Legislative Branch NDA have been eliminated in FY20 due to declining revenues and fund balance policy guidelines.

6. Franchise feers and FCE revenues are subject to municipal pass—through payment.

7. Restricted revenue and expenditures: Certain Cable Fund revenues, required in excess of the federal limit on franchise fees, and corresponding expenditures (Municipal Franchise Fees/Pass-throughs, PEG Capital/Equipment Grants, and PEG Operating Revenuely are contractually required by franchise, municipal, and settlement agreements, and by the County C Ode, and may only be used for permissible federal purposes and in a manner consistent with applicable agreements.

6. Municipal payments are estimates. Actual payments will be calculated based upon actual revenue received, subscriber number s and formulas specified within the Municipal MOU's.

7. Montgemeny Community Television, Inc., d/b/3 Montgomeny Community Medicals is designated as a sole source contractor to provide community access media services.

8. Fund balance is calculated as 86 of Octal non-restricted revenues (Erranchise Fees, Nower Fees, and investment income).

9. The Cable Fund makes a fund transfer to Montgomeny College and MCPS TO Vand MC TIV.
