Work Hours 9:00:00 PM

From: *

Work Hours To: * 7:00:00 AM

Why is a Temporary Noise Waiver being requested? * See attached email request from City of Rockville. it is necessary to perform this work at night due to water service disruptions required to facilitate the work

How does the work benefit the residents that will be impacted by the noise? * Improved water service.

Describe the steps that have been taken or will be taken to reduce the level or duration of the noise for which the waiver is requested *

o All trucks and equipment utilized for after-hours construction activities shall be outfitted with white noise back-up alarms.

o Machinery shall be equipped with well-maintained and effective mufflers, and moving parts shall be well lubricated to

avoid unnecessary noise from squeaking parts. Machinery access doors and hatches should remain closed when the units are in operation and all machinery should be operated at the minimum level necessary to get the job done. Minimize banging, clattering, buzzing and other annoying types of noises.

- o Hauling trucks and equipment shall be operated at the minimum power level necessary to complete the task in a safe manner.

- o Slamming of tailgates and concrete chutes are prohibited.

- o Noise mitigation barriers should be erected around loud pieces of stationary machinery (e.g., generators, concrete pumps, etc.).

- o All onsite staff, including delivery and dump truck drivers, should be notified of noise mitigation procedures prior to work.

- o The unnecessary backing of machinery and trucks with traditional tonal backup alarms must be avoided, and the site shall be configured to minimize backing of trucks delivering and removing materials.

- o Where possible, the local power grid should be used to reduce the use of internal combustion powered machinery.

- o Prolonged idling of machinery and vehicles must be avoided. If machinery or vehicles are not utilized for long periods, they should be shut off to reduce idling noise.

- o Regular communications must be provided to nearby residential buildings, so they are aware of the work schedule and expected noise related to construction activities.

PUBLIC NOTICE

Application for Temporary Noise Waiver

The Department of Environmental Protection is currently reviewing an application for a Temporary Noise Waiver as allowed under the Montgomery County Noise Control Ordinance, Chapter 31B, Section 11(a). The Department will receive comments on the application for a minimum of ten (10) days after distribution of this notice.

The Temporary Noise Waiver is being requested by Sagres Construction Corp., 3680 Wheeler Ave., Alexandria, Virginia, for the purpose of after-hours construction activities related to public water service upgrades. The work is being performed at night to minimize water service disruptions and may include pavement and pipe cutting, mechanized excavation, materials delivery and removal, backfilling and compaction, and road surface repairs. The work will occur within portions of Muriel St., Lorraine Dr., Lorrie Dr., Nina Pl., Wilmart St., and Mark Lane in the City of Rockville. The project is scheduled to begin in early August 2020 and last through November 2020. The work is scheduled to occur Sunday – Friday from 9:00 p.m. to 7:00 a.m.

The application and related documents are available for public inspection and may be viewed on the Department's website by visiting the Noise Waivers & Suppression Plans page at: <https://www.montgomerycountymd.gov/DEP/contact/noise-documents.html#wavers>.

Comments, questions, or requests to examine documents related to the noise waiver application may be directed to deinoisewaiver@montgomerycountymd.gov.
