Re: Noise Suppression Plan for The Kenwood Garage Renovation

Dear Mr. Heisel:

This letter is to acknowledge receipt of the Noise Suppression Plan submitted to the Montgomery County Department of Environmental Protection (DEP) on March 1, 2013, and revisions submitted on March 7, 2013, for the selective demolition of the Kenwood Condominiums parking garage structure. We have completed our review of the plan and found it to be sufficient and approve this plan with the following terms and conditions:

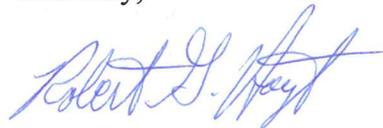

1. This approval is specific to only the noise created from the demolition of concrete related to the parking garage renovation project at The Kenwood, 5101 River Road, Bethesda.
2. The 85 A-Weighted decibel (dBA) limit only applies from 7:00 a.m. until 5:00 p.m., Monday through Friday for the activity specified in item 1 above. At all other times, including weekday Federal holidays, the maximum noise levels must comply with the noise limits as specified in Section 31B-6 of the Montgomery County Code.
3. The integrity of the noise barrier must be maintained throughout the project.
4. Noise levels will be monitored on a regular basis with the decibel levels and locations of the monitoring sites kept in a log on site, which shall be available for inspection and review upon request.
5. You must maintain a log on site containing detailed information concerning any complaints received concerning noise from this demolition project.
6. DEP may suspend, modify or revoke this approval for any violation of the terms and conditions of the Noise Suppression Plan.
7. A copy of this approval and the Noise Suppression Plan must be available at the construction site.

Division of Environmental Policy and Compliance
