Jason Sheer

**MINUTES**

The Forest Conservation Advisory Committee met as scheduled on September 15, 2015.

After a discussion of potential activities to focus on, the Committee decided to compile information concerning the emerald ash borer. The goal is to provide basic information, raise awareness, and request support for efforts to treat and remove trees infested with this pest. David Myers offered to put together and distribute a list of task and Jean Cavanaugh offered to compose the letter.

The next meeting is scheduled for October 20, 2015; from 7:30 to 8:30 pm. The meeting agenda includes continuing the efforts on providing information about emerald ash borers to the County Executive and County Council.
