

Batchellors Run Stream Restoration

Stream Walk

Residents near project area are encouraged to attend

Sat, Dec 1st
10:00 am – 12:00 pm
 Wear rugged/warm clothing & footwear

See chart and map for meeting times & locations

The Montgomery County Department of Environmental Protection, in collaboration with the Maryland-National Capital Park and Planning Commission and the U.S. Army Corps of Engineers, is planning to restore the Batchellors Run tributary just north of Chapel Hill Drive, for about 1,000 feet on either side of the Layhill Road crossing.

The Batchellors Run tributary was identified as a priority for restoration in the Northwest Branch Watershed Feasibility Study (July 2000). This stream has been degraded by years of uncontrolled storm flows which has impacted habitat for fish and other aquatic life. The County plans to stabilize eroded streambanks, restore stable habitat, create wetlands, and reforest stream buffer areas. The project will provide environmental benefits, improve adjacent property values and aesthetics where reasonably possible, and provide community education opportunities.

Attend this stream walk to learn more about this project and how it will benefit your community and the environment.

Construction Planned:
 Fall 2012 to Summer 2013

In the event of inclement weather
 (heavy rain, snow/ice)

Call or email us (see contact info below)

See Reverse Side for Detailed Maps & Meeting Locations

WALK	TIME	MEETING LOCATION
A - West of Layhill Rd	10:00 – 11:00	A
B - East of Layhill Rd (Golf Course)	11:15 – 12:00	B

Project Area & General Meeting Locations:
